Dear Allison:

RE: Notice of Action Regarding Quarterly Specialized Behavioral Health Network Reports

It has come to my attention that United Healthcare Community (UHC) has failed to submit accurate quarterly Specialized Behavioral Health (SBH) Network Reports as required by contract.

Section 18.10 of the contract requires the submission of these deliverables in the report format prescribed by LDH. Quarterly SBH Network Report submissions must include data accurately reported according to SBH designated levels of care, SBH provider types, provider identification numbers, LDH administrative regions, service location addresses inclusive of parishes, and populations served. Medicaid Behavioral Health, in collaboration with the Office of Behavioral Health, incorporated this topic into the bi-weekly "MCO Touch Base Calls," in which UHC has attended, beginning July 29, 2016. LDH has provided additional aids and guidance relative to unacceptable network report submissions via a Specialized Behavioral Health Provider Types, Specialties and Taxonomies Grid (attached), which is included in the *MCO System Companion Guide,* as well as detailed feedback associated with UHC's Q2 SBH Network Reports (attached).

UHC failed to incorporate this feedback and guidance into their report submissions resulting in incorrect submissions of Q3 SBH Network Reports (attached). Per Section 20.3 of the contract, failure to submit accurate standing and ad hoc reports carries a monetary penalty of $2,000 per calendar day each report is late or deemed incorrect. UHC must submit accurate Q3 SBH Network Reports as set forth below to LDH in the format prescribed by LDH by **February 28, 2017.**

- Report 328 – Behavioral Health Provider Network Detail Report

- Report 336 – Behavioral Health Providers by Level of Care
- Report 338 – Behavioral Health Network Adequacy and GEO Access Review (Provider Type)
- Report 339 – Behavioral Health Prescriber Sufficiency Summary
- Report 348 – GeoAccess Mapping

If UHC cannot demonstrate compliance by **February 28, 2017,** penalties will be assessed in accordance with the contract terms outlined in the Table of Monetary Penalties as set forth below.

Standing and *Ad Hoc* Reports	Two thousand dollars ($2,000.00) per calendar day that a report is late or incorrect.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Steven Lazarus
Medicaid Deputy Director

UHC SBHS NETWORK MONITORING REPORT - Q3						
#	ISSUE	TYPE	REPORT	RESUBMISSION DUE	REVIEW SENT	NOTES
1	Clinical Psychologist	PRESCRIBERS	328	2/28/2017	1/18/2017	Mark Zielinkski is listed as a clinical psychologist (not medical psychologist) and associated with prescriber status. Is this accurate?
2	Questionable numbers of providers	LOC	328	2/28/2017	1/18/2017	Based on address/service location, there are relatively similar addresses denoted as providing same levels of care for same provider names. Please confirm these are not duplicates. As an example, please confirm that VOA BR is providing ACT services as both 112 Exchange Pl, Lafayette as well as 114 Exchange Pl, Lafayette. Another example, please confirm that Sabine Valley Regional MHMR Center is providing ACT services at both 101 E Madison St, Gilmer, TX, as well as 103 E Madison St, Gilmer, TX. Please also explain how this provider is rendering ACT services to LA members from Texas. Another example: VOA rendering ACT services from 1933 Carolyn Sue Dr., Ste 712, Baton Rouge and also rendering ACT services (separately) from 1933 Carolyn Sue Dr., Ste 714, Baton Rouge. Please confirm MST services are being provided from both CAHSD 4615 Government St, Bldg 1 as well as CAHSD 4615 Government Bldg 2, Baton Rouge. Please confirm that Primary Care Providers for a Healthy Feliciana is providing MST services from the eight (8) service locations listed in the 328 report. Sabine Valley Regional is listed again as providing MST services from Texas to LA members at 25 separate service locations, correct? How are MST services from TX being rendered to LA members?
3	Inconsistencies across reports		328	2/28/2017	1/18/2017	As an example, ACT. Report 328 indicates there are 98 total ACT providers rendering services to LA members (though 37 of those providers are listed as having service locations in PA, TX, MS and VA - please explain). Whereas report 336 on Levels of Care reports 20 total providers rendering ACT services. Please account for discrepancies. Report 328 reports there are 98 unique providers rendering MST, whereas report 336 denotes 34 unique MST providers. Please review and revise impacted reports.
4	Crisis Stabilization	LOC	328	2/28/2017	1/18/2017	This report indicates there are 48 providers rendering CS in LA. Please review and provide proof of licensure as a CS facility for these 48 providers. Please submit licensure verification for not only the provider agency/name, but also for the distinct service locations reported in 328. Note: There should be no MHR Agencies associated with Crisis Stabilization as this is not an approved SBHS provider type for this service. Should UHC's reporting of CS in the 328 report in erroneous, please revise and resubmit ensuring accurate data is reported in all impacted reports.

#	ISSUE	TYPE	REPORT	RESUBMISSION DUE	REVIEW SENT	NOTES
5	Multiple licensed practitioner types associated with single provider	PROVIDER TYPE	328	2/28/2017	1/18/2017	There are multiple provider types associated with some individuals. Please confirm these individuals are actually licensed for all associated types. As an example, Kim Cunningham is reported as being a LAC, LMFT and LPC. Please present verification of licensure for this individual for all three licenses. Clarke McLaughlin is denoted as being a LAC, LMFT and LPC. Please submit to LDH verification that this individual is actively licensed in LA for all three specialties. Mary Lucia is denoted as practicing as a LCSW, LMFT and a LPC. Please submit to LDH verification of active licensure for all three practices. Should the reporting be inaccurate, please review, revise, ensure appropriate enrollment in your provider registry, and revise and resubmit all impacted reports accurately.
6	Duplicative reporting	PROVIDER TYPE	328	2/28/2017	1/18/2017	Please review and confirm all providers listed numerous times as providing SBHS at similar locations are in fact doing so. As an example, please confirm LGEs (CAHSD for instance) perform all associated LOCs at all multiple locations shown in report 328.
7	PRTF	PROVIDER TYPE	328	2/28/2017	1/18/2017	There are no providers associated with PRTF as a provider type or as a LOC. However, report 336 denotes five (5) PRTF providers in the state. Please review and revise to ensure accuracy of reporting for all network reports.
8	ASAM Residential LOCs	PROVIDER TYPE	328	2/28/2017	1/18/2017	There should be no MHR agencies or Mental Health Clinics (LGEs) associated with residential SU levels of care. Please review, ensure provider registry is accurate, and revise impacted reports to reflect appropriate provider types with levels of care. Should a LGE provide SU residential LOCs, the LGE should be enrolled as a SU residential provider and MHC for non-residential LOCs they provide.
9	Inconsistencies across reports	LOC	328	2/28/2017	1/18/2017	UHC reports a total of 37 unique provider rendering ASAM Level 3.1 in the 328 detail report, yet report 336 on Levels of Care indicates a total of eight (8) total unique providers of this LOC in the state. The same may be said for ASAM Level 3.3. Report 328 says 99 providers; report 336 indicates 51 providers. Please review, account for discrepancies, and revise all impacted network reports.
###	Not Accepted	DISPOSITION	328	2/28/2017	1/18/2017	This report is not accepted and requires review and correction.
###	OBH Recommendation	REMEDIATION	328	2/28/2017	1/18/2017	1) Resubmission of report **due February 28, 2017;** 2) Notice to Cure Letter; 3) Imposition of monetary penalties with failure to submit an accurate resubmission by deadline: $2,000 per calendar day that the resubmitted report is late or incorrect. (Contract Reference: 20.3.2 - Table of Monetary Penalties)
###	Inconsistencies across reports	COUNTS	336	2/28/2017	1/18/2017	See notes from other reports as counts in this report do not align with counts in other UHC network reports. As an example, UHC reports 48 providers of Crisis Stabilization in the 328 detail report, however 2 providers of CS in report 336. Please review and correct across all impacted reports.
###	Inconsistencies across reports	COUNTS	336	2/28/2017	1/18/2017	Please review feedback for the 328 report and others associated with inconsistencies in numbers reports for levels of care across reports. Please review, revise, and resubmit accurately.

###	Discrepancies b/w Q2 and Q3, and out-of-state providers	COUNTS	338	2/28/2017	1/18/2017	Please provide a brief explanation for the discrepancy in having reported 1 Behavioral Health Agency in Q2 and 270 in Q3. Please also explain the necessity in contracting with 34 out-of-state Behavioral Health Agencies to serve members in LA. How is service rendered? Where is service rendered? Is this performed via telemedicine? What specialized behavioral health services are rendered out-of-state to LA members? Please additionally explain the need to contract with out-of-state LCSWs (45), APRNs, ACT agencies, Distinct Part Psych, DOs, LMFTs, LPCs (99), MHR agencies, MST agencies, psychiatrists (29), clinical psychologists (22), psychologists - non declared (27), SU Outpatient Centers (27), and SU residential facilities (2); for a total of 314 out-of-state providers. Please provide a brief explanation for each provider type, rather than a general explanation for use of out-of-state providers. Please also provide a network plan for recruiting providers of these types within LA, so as not to have to look outside the state to render SBHS in LA. Please include efforts to date, action plans, and status.
