

**Louisiana Department of Health
Health Plan Advisory 17-6**

Revised June 2, 2017

Common Preferred Drug List (PDL)

The "Common PDL" is a list of drugs common to all MCOs without prior authorization or step therapy. The common PDL shall be maintained and updated upon Louisiana Department of Health (LDH) request.

The Common PDL shall include hypoglycemic drugs in the Metformin and GLP-1 therapeutic classes effective July 1, 2017 as directed and approved by LDH.

Victoza® will be added to the Common PDL effective July 1, 2017 as the GLP-1 representative.
