

Heroin & Opioid Crisis Interagency Survey

Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5th, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at brad.wellons@la.gov

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

Agency/Organization Mission

1. What is your agency's (or organization's) mission?

The 15th JDC is a state trial court and our mission is to resolve legal disputes.

2. How does addressing the opioid crisis impact your mission?

The use of illegal drugs and alcohol is a significant factor in many instances of poor judgment and those judgements produce many adverse consequences for individuals and communities. Illegal opioid use often produces addiction which is a chronic condition that results in death, far to often.

Current Initiatives:

3. Identify your agency's (or organization's) initiatives that address the opioid crisis since **July 1, 2016** **(State Fiscal Year 2017)**

Initiative #1

A. Describe initiative:

The Therapeutic Adult Drug Court Program includes the delivery of Medically Assisted Treatment (MAT) and compliance is enforced by the court. Probationers who are not participating in that program are also allowed to include MAT in their treatment regime, however compliance is not closely supervised by the court. The court lacks the resources required to supervise compliance in the same manner provided to the Adult Drug Court Participants.
