

Heroin & Opioid Crisis Interagency Survey

Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5th, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at brad.wellons@la.gov

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

Agency/Organization Mission

1. What is your agency's (or organization's) mission?

The Baton Rouge Police Department shall be responsible within the city limits for the preservation of public peace and order, the prevention of crime, and the apprehension of criminals, the protection of the rights of persons and property, and the enforcement of the laws of the state and the ordinances of the council. All members of the department shall have the same powers and duties with respect to the enforcement of criminal laws as are now or may hereafter be conferred by the laws of the state on police officers.

2. How does addressing the opioid crisis impact your mission?

Reduction in opioid abuse and overdose could aid in the department's mission towards preservation of public peace and order, by reducing associated crimes usually connected or related to drug abuse, and deaths resulting from overdose.

Future Opportunities

4. Identify any potential opportunities to partner with other agencies or organizations to expand the scope of your initiatives:

The Baton Rouge Police Department is currently partnered with East Baton Rouge Parish Emergency Medical Services (EMS) in serving and protecting the Baton Rouge Community, and would support a partnership initiative with EMS towards the reduction of opioid abuse and overdose.

5. What new initiatives would you undertake if funding were available?

See above comments.

-
6. Please provide any additional information that you feel necessary to explain or help us understand any of your responses to this survey:

Baton Rouge Police personnel are not currently trained in administering opioid suppressant medications to the public, and rely on the services of EMS for this purpose.

Thank you for taking the time to fill out this survey. Your input is greatly appreciated. Please remember to save the survey document and send to brad.wellons@la.gov
