

## Heroin & Opioid Crisis Interagency Survey

### Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5<sup>th</sup>, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at [brad.wellons@la.gov](mailto:brad.wellons@la.gov)

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

## Agency/Organization Mission

---

### 1. What is your agency's (or organization's) mission?

The Louisiana Board of Pharmacy was created by the Louisiana Legislature in 1888; its mission is to regulate the practice of pharmacy in Louisiana for the benefit of the public's health, safety, and welfare. [La. R.S. 37:1162] The legislature transferred responsibility for the controlled substance licensure of practitioners and facilities from the Dept. of Health and Hospitals (now Dept. of Health) to the Board of Pharmacy, and directed the Board to promulgate rules relating to the registration and control of the manufacture, distribution and dispensing of controlled substances within the state. [Act 834 of 2006 Legislature] When the legislature enacted the Prescription Monitoring Program (PMP) Law in 2006, the Board of Pharmacy was tasked with the development, implementation and operation of the program. [Act 676 of 2006 Legislature]
