

Heroin & Opioid Crisis Interagency Survey

Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5th, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at brad.wellons@la.gov

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

Agency/Organization Mission

1. What is your agency's (or organization's) mission?

The purposes of our association are:

- (1) to promote and educate the public regarding the role of independent Pharmacies in the administration of health care in the State of Louisiana;
- (2) to promote the importance and need of an independent pharmacy network to provide health care delivery in the State of Louisiana;
- (3) addressing legislative and regulatory matters and issues regarding independent Pharmacies and the health care industry; and
- (4) facilitating networking and cooperative efforts among its Members, as well as other interested groups to further the above purposes.

2. How does addressing the opioid crisis impact your mission?

LIPA promotes independent pharmacy at all levels. As such, the relationship between pharmacist and patient is one that is heavily relied upon by those parties involved. Our members have that connection with their patients and recognize when a patient may become dependent upon or addicted to their medication and as such can have the conversation with the prescriber provider. Additionally, community independent pharmacists have that relationship with their patient and can identify when the patient may have an addiction issue and provide information and introduce his patient to addiction services.

Current Initiatives:

3. Identify your agency's (or organization's) initiatives that address the opioid crisis since **July 1, 2016** **(State Fiscal Year 2017)**

Initiative #1

A. Describe initiative:

For a long time we have been involved in the Louisiana Prescription Monitoring Program (PMP). The Louisiana PMP is a data warehouse that is maintained by the Louisiana Board of Pharmacy for the monitoring of controlled substances and other drugs of concern that are dispensed in the state or dispensed to an address within the state. The goal of the program is to improve the state's ability to identify and inhibit the diversion of controlled substances and drugs in an efficient and cost-effective manner and in a manner that shall not impede the appropriate utilization of these drugs for legitimate medical purposes.

Both pharmacists and prescribers are required to check the PMP upon issuing an opioid prescription and dispensing an opioid prescription.

The goal of the program is to improve the state's ability to identify and inhibit the diversion of controlled substances and drugs in an efficient and cost-effective manner and in a manner that shall not impede the appropriate utilization of these drugs for legitimate medical purposes.

B. Initiative can be categorized as: (check all that apply)

- Prevention – type of Prevention initiative: Education Awareness Outreach
 Treatment
 Other

C. Current status of this initiative:

1. Start Date: ~1996
2. In Progress: Yes No
3. End Date: On going

D. Identify the program indicators used to measure the contributions necessary to enable the initiative to be implemented. Indicators may include process and impact. To better understand an indicator, please refer to this link: <https://www.cdc.gov/eval/indicators/index.htm>

- Program Indicator 1: Prescriber accessing system
- Program Indicator 2: Pharmacists accessing system
- Program Indicator 3: Identification of patients doctor shopping
- Program Indicator 4: Indentification of patients pharmacy shopping

E. Target Population of this initiative: (check all that apply)

1. Age: 0-17 18-21 22-45 46 and older
2. Gender: Male Female Other Data not available
3. Geographic Location(s) – Identify the geographic location(s) impacted by your initiative (please check the appropriate type and list the specific region(s) in the text box provided below) :
- Statewide Parish Regional Health Unit Judicial District
- Local Governing Entity (LGE) Region/Human Services District Other geographic region

The PMP program is implemented and accessible statewide, as well as being integrated with several other surrounding states' PMP programs to identify the potential of individuals doctor shopping or pharmacy shopping across state lines.

F. Identify funding source for this initiative: (check all that apply)

- State general funds Federal grant funds Local/parish funds
- Private/foundation funds Other funds

G. Partnerships: List any other agencies or organizations that you partner with on this prevention or treatment initiative.

- Partnership 1: Louisiana Pharmacists Association
- Partnership 2: Click or tap here to enter text.
- Partnership 3: Click or tap here to enter text.
- Partnership 4: Click or tap here to enter text.

H. Can you identify any gaps or opportunities for partnerships?

Regarding the PMP, those involved in the writing of opioid scripts and dispensing opioid scripts need to recognize the importance of the PMP and further utilize it to protect Louisianins.

If your agency has no other initiatives, go to question 4, page 18

Initiative #2

A. Describe initiative:

The Standing Distribution Order for Naloxone. We've worked for a number of years now with the state, the Attorney General, and drug wholesalers on the availability of Naloxone for those who may have someone suffering from an opioate addiction.

B. Initiative can be categorized as: (check all that apply)

- Prevention – type of Prevention initiative: Education Awareness Outreach
- Treatment
- Other

C. Current status of this initiative:

1. Start Date: 2017
2. In Progress: Yes No
3. End Date: Standing order

D. Identify the program indicators used to measure the contributions necessary to enable the initiative to be implemented. Indicators may include process and impact. To better understand an indicator, please refer to this link: <https://www.cdc.gov/eval/indicators/index.htm>

- Program Indicator 1: Click or tap here to enter text.
- Program Indicator 2: Click or tap here to enter text.
- Program Indicator 3: Click or tap here to enter text.
- Program Indicator 4: Click or tap here to enter text.

E. Target Population of this initiative: (check all that apply)

1. Age: 0-17 18-21 22-45 46 and older
2. Gender: Male Female Other Data not available
3. Geographic Location(s) – Identify the geographic location(s) impacted by your initiative (please check the appropriate type and list the specific region(s) in the text box provided below) :
- Statewide Parish Regional Health Unit Judicial District
- Local Governing Entity (LGE) Region/Human Services District Other geographic region

Click or tap here to enter text.

F. Identify funding source for this initiative: (check all that apply)

- State general funds Federal grant funds Local/parish funds
- Private/foundation funds Other funds

G. Partnerships: List any other agencies or organizations that you partner with on this prevention or treatment initiative.

- Partnership 1: Louisiana Department of Health
- Partnership 2: Louisiana Attorney General's Office
- Partnership 3: Morris & Dixon Wholesale
- Partnership 4: Click or tap here to enter text.

H. Can you identify any gaps or opportunities for partnerships?

Click or tap here to enter text.

If your agency has no other initiatives, go to question 4, page 18

Initiative #3

A. Describe initiative:

Click or tap here to enter text.

B. Initiative can be categorized as: (check all that apply)

- Prevention – type of Prevention initiative: Education Awareness Outreach
- Treatment
- Other

C. Current status of this initiative:

1. **Start Date:** Click or tap here to enter text.

- Program Indicator 4: Click or tap here to enter text.

E. Target Population of this initiative: (check all that apply)

1. Age: 0-17 18-21 22-45 46 and older
2. Gender: Male Female Other Data not available
3. Geographic Location(s) – Identify the geographic location(s) impacted by your initiative (please check the appropriate type and list the specific region(s) in the text box provided below) :
- Statewide Parish Regional Health Unit Judicial District
- Local Governing Entity (LGE) Region/Human Services District Other geographic region

Click or tap here to enter text.

F. Identify funding source for this initiative: (check all that apply)

- State general funds Federal grant funds Local/parish funds
- Private/foundation funds Other funds

G. Partnerships: List any other agencies or organizations that you partner with on this prevention or treatment initiative.

- Partnership 1: Click or tap here to enter text.
- Partnership 2: Click or tap here to enter text.
- Partnership 3: Click or tap here to enter text.
- Partnership 4: Click or tap here to enter text.

H. Can you identify any gaps or opportunities for partnerships?

Click or tap here to enter text.

I. If your agency or organization has additional initiatives, please list them here:

Click or tap here to enter text.

Future Opportunities

4. Identify any potential opportunities to partner with other agencies or organizations to expand the scope of your initiatives:

Furhter refining the state's Prescription Monitoring Program and to engage prescirbers and pharmacists in recognizing patients with potential addiction issues and the opportunities available to that patient for treatment options.

5. What new initiatives would you undertake if funding were available?

Click or tap here to enter text.

-
6. Please provide any additional information that you feel necessary to explain or help us understand any of your responses to this survey:

Click or tap here to enter text.

Thank you for taking the time to fill out this survey. Your input is greatly appreciated. Please remember to save the survey document and send to brad.wellons@la.gov
