

## Heroin & Opioid Crisis Interagency Survey

### Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5<sup>th</sup>, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at [brad.wellons@la.gov](mailto:brad.wellons@la.gov)

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

## Agency/Organization Mission

---

### 1. What is your agency's (or organization's) mission?

The Louisiana Physical Therapy Association (LPTA) is the state chapter of the American Physical Therapy Association (APTA). The APTA mission statement is: Building a community that advances the profession of physical therapy to improve the health of society.

---

### 2. How does addressing the opioid crisis impact your mission?

For the improved health of society, the opioid crisis must be addressed at all levels of the medical delivery team. The LPTA recognized that Physical Therapy is an alternative to pain medicine and access to and education about the benefits of physical therapy are a viable alternative to controlling pain in society.
