

Heroin & Opioid Crisis Interagency Survey

Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5th, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at brad.wellons@la.gov

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

Agency/Organization Mission

1. What is your agency's (or organization's) mission?

The Louisiana Workforce Commission's vision is to make Louisiana the best place in the country to get a job or grow a business, and our goal is to be the country's best workforce agency.

LWC mission is simple and straightforward – we put people to work. OWCA takes it a step forward. We put people to work by ensuring that injured workers receive timely and high quality medical care, temporary salary replacement, and job placement services when needed.

2. How does addressing the opioid crisis impact your mission?

It aligns with our mission since we want to encourage the employment, re-employment and retention of injured workers. We also want to ensure that injured workers receive the medical care they need in an expedited manner to quickly return them to work. Several surveys show that when injured workers use opioids then return to work is delayed. Therefore, it is in the interest of pursuing the agency's mission to reduce the use of opioid amongst injured workers.

Current Initiatives:

3. Identify your agency's (or organization's) initiatives that address the opioid crisis since **July 1, 2016** **(State Fiscal Year 2017)**

Initiative #1

A. Describe initiative:

As a state labor regulatory body, we look to help educate various stakeholders. We also issue Medical Treatment Guidelines. One of the biggest ways to combat opioid abuse is through the prescription and treatment routes. The first step is the update the Medical Guidelines like Chronic pain to stay up to date with current medical evidence.

Future Opportunities

4. Identify any potential opportunities to partner with other agencies or organizations to expand the scope of your initiatives:

*Work with more medical providers (i.e. compound pharmacies and physical therapists).

*Work with Office of Workforce Development to participate in National Health Emergency Dislocated Worker Demonstration Grants. These are launched by the Department of Labor Employment and Training Administration. The funds will enable eligible applicants to serve or retrain workers in communities impacted by the health and economic effects of widespread opioid use, addiction, and overdose.

5. What new initiatives would you undertake if funding were available?

Employee education of how to limit opioid dependency; A database of services based upon need.

6. Please provide any additional information that you feel necessary to explain or help us understand any of your responses to this survey:

Jurisdiction and legislative authority limit us

Thank you for taking the time to fill out this survey. Your input is greatly appreciated. Please remember to save the survey document and send to brad.wellons@la.gov
