

## Heroin & Opioid Crisis Interagency Survey

### Heroin and Opioid Crisis Interagency Coordination Survey

During the 2017 Regular Legislative Session, Act 88 established the Advisory Council on Heroin and Opioid Prevention and Education (HOPE). The Council's purpose is to create an Interagency Heroin and Opioid Coordination Plan, coordinate parish-level data on opioid overdoses and usage of overdose-reversal medication (Naloxone), and coordinate a central online location to disseminate information and resources, including the Interagency Heroin and Opioid Coordination Plan. Two sub-committees were formed to address this body of work: a Data Workgroup, and an Interagency Coordination Plan Workgroup.

The objective of the Interagency Coordination Plan Workgroup is to coordinate and organize existing initiatives and resources to assist in developing a statewide coordination plan. We are asking for your participation in this survey so we may gather information on heroin and opioid initiatives taking place within your organization **since July 1, 2016 (State Fiscal Year 2017)** and the impacts of these initiatives. We request a response to this survey by **close-of-business on April 5<sup>th</sup>, 2018**. Please send completed survey responses to Brad Wellons with the Office of Behavioral Health at [brad.wellons@la.gov](mailto:brad.wellons@la.gov)

Feel free to share this survey with other agencies, organizations or departments, as well. Thank you for your time, and we look forward to your response.

## Current Initiatives:

3. Identify your agency's (or organization's) initiatives that address the opioid crisis since **July 1, 2016** **(State Fiscal Year 2017)**

### Initiative #1

#### A. Describe initiative:

Supported and helped pass Act 86, which expands the mandate to access the Prescription Monitoring Program prior to initially prescribing any opioid or if the patient's course of treatment continues for more than 90 days. Additionally, all prescribers are required to obtain three continuing education credit hours as a prerequisite of license renewal in the first annual cycle after Jan 1, 2018.

Supported and helped pass Act 82, which prohibits a medical practitioner from prescribing more than a seven-day supply when issuing a first time opioid prescription for outpatient use to an adult patient with an acute condition.

The LSMS partnered with LAMMICO, the state's largest provider of medical malpractice insurance, to create a three hour CME (continuing medical education) program that meets the requirements of ACT 86 from 2017. This CME course is free to all LSMS members and/or LAMMICO insureds.
