Note:	** A lower rate is desirable								
	*Flat Average								
	BR=the plan received an audit determination of a biased rate and, therefore, the rate is not reportable.								
	***MY 2016 Initiation of Injectable Progesterone for Preterm Birth Prevention rates reported were calculated by ULM. MCO plans submitted rates on 11/6/2017 which are currently in the validation and review process. Once that is complete, these rates will be superceded by the plan-reported rates.
