The Department of Health and Hospitals, Bureau of Health Services Financing adopts LAC 50:XXIX.Chapter 11 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides Medicaid coverage of prescription drugs through its Pharmacy Benefits Management Program. The department now proposes to amend the provisions governing the Pharmacy Benefits Management Program in order to establish provisions for the Medicaid Program’s participation in The Optimal PDL Solution (TOP$) State Supplemental Rebate Agreement Program which is a multi-state Medicaid state supplemental drug rebate pooling initiative. This program allows states to leverage their pharmaceutical purchasing power as a group to achieve more supplemental rebates than could be achieved
independently. It is anticipated that this program will lower the net cost of brand drugs and the overall dollars spent on pharmacy benefits. This action is being taken to avoid a budget deficit in the medical assistance programs. It is estimated that implementation of this Emergency Rule will reduce expenditures in the Medicaid Program by approximately $37,484,235 for state fiscal year 2013-2014.

Effective October 1, 2013, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing the Medicaid coverage of prescription drugs to establish provisions for participation in TOP$ State Supplemental Rebate Agreement Program.
