Title: Louisiana Title Six State Plan

Transmittal #: 15-0022

Inpatient Hospital Services - Reimbursement Parameters for Hemophilia Blood Product

Increase Fiscal Impact
10. Additional Payments for Non-Rural, Non-State Hospitals

**Hemophilia Blood Products**

Effective for dates of service on or after July 1, 2015, the Department of Health and Hospitals shall provide additional reimbursements to certain non-rural, non-state acute care hospitals for the extraordinary costs incurred in purchasing blood products for certain Medicaid recipients diagnosed with, and receiving inpatient treatment for hemophilia.

A. Hospital Qualifications

To qualify for the additional reimbursement, the hospital must:

1. be classified as a major teaching hospital and contractually affiliated with a university located in Louisiana that is recognized by the Centers for Disease Control and Prevention and the Health Resource and Services Administration, Maternal and Child Health Bureau as maintaining a comprehensive hemophilia care center;
2. have provided clotting factors to a Medicaid recipient who:
   a. has been diagnosed with hemophilia or other rare bleeding disorders for which the use of one or more clotting factors is Food and Drug Administration (FDA) approved; and
   b. has been hospitalized at the qualifying hospital for a period exceeding six days; and
3. have actual cost exceeding $50,000 for acquiring the blood products used in the provision of clotting factors during the hospitalization.
   a. Actual cost is the hospital's cost of acquiring blood products for the approved inpatient hospital dates of service as contained on the hospital's original invoices, less all discount and rebate programs applicable to the invoiced products.

B. Reimbursement

Hospitals who meet the above qualifications may receive reimbursement for their actual costs that exceed $50,000 if the hospital submits a request for reimbursement to the Medicaid Program within 180 days of the patient's discharge from the hospital.

The request for reimbursement shall be submitted in a format specified by the Department.
PUBLIC PROCESS NOTICE

Department of Health and Hospitals
Bureau of Health Services Financing

Inpatient Hospital Services – Non-Rural, Non-State Hospitals
Reinstatement of Additional Payments for Hemophilia Blood Products

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopted provisions governing the reimbursement methodology for inpatient hospital services rendered by non-rural, non-state acute care hospitals to provide additional reimbursements to certain hospitals for the extraordinary costs incurred in the purchase of blood products for Medicaid recipients who have been diagnosed with hemophilia (Louisiana Register, Volume 34, Number 10) and other rare bleeding disorders (Louisiana Register, Volume 35, Number 4).

As a result of a budget shortfall in state fiscal year 2015, the Department of Health and Hospitals, Bureau of Health Services Financing promulgated an Emergency Rule which amended the provisions governing the reimbursement methodology for inpatient hospital services rendered by non-rural, non-state hospitals to eliminate the additional reimbursements for hemophilia blood products purchased by hospitals (Louisiana Register, Volume 41, Number 3).

House Bill 1 of the 2015 Regular Session of the Louisiana Legislature allocated funding to the department to reinstate the additional reimbursements for hemophilia related blood products. The department hereby amends the provisions governing the reimbursement methodology for inpatient hospital services rendered by non-rural, non-state hospitals to reinstate reimbursements for costs incurred in the purchase of blood products for certain Medicaid recipients diagnosed with, and receiving inpatient treatment for, hemophilia. This Emergency Rule is being promulgated to avoid imminent peril to the public health, safety and welfare of Medicaid recipients by ensuring that they have access to medically necessary hospital services and medications for the treatment of hemophilia.
Effective July 1, 2015, the Department of Health and Hospitals, Bureau of Health Services Financing proposes to promulgate an Emergency Rule to amend the reimbursement methodology for inpatient hospital services rendered by non-rural, non-state hospitals in order to reinstate additional reimbursements for hemophilia blood products.

Implementation of the provisions of this Rule may be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), if it is determined that submission to CMS for review and approval is required.

Interested persons may submit written comments to J. Ruth Kennedy, Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, Louisiana 70821—9030 or by email to MedicaidPolicy@la.gov. Ms. Kennedy is responsible for responding to inquiries regarding this public notice. The deadline for receipt of all written comments is July 31, 2015 by 4:30 p.m. A copy of this public notice is available for review by interested parties at parish Medicaid offices.
