3. The department shall issue written notice to the provider of the results of the follow-up survey.

D. If an existing licensed HCBS provider has been issued a notice of license revocation or termination, and the provider's license is due for annual renewal, the department shall deny the license renewal application and shall not issue a renewal license.

1. If a timely administrative appeal has been filed by the provider regarding the license revocation, suspension, or termination, the administrative appeal shall be suspensive, and the provider shall be allowed to continue to operate and provide services until such time as the administrative tribunal or department issues a decision on the license revocation, suspension, or termination.

If the secretary of the department makes such a determination, the HCBS provider will be notified in writing.

2. If the CHOW results in a change of geographic address, an on-site survey may be required prior to issuance of the new license.

F. If the HCBS provider changes the physical address of its geographic location without a change in ownership, the HCBS provider shall report such change to LDH in writing at least five days prior to the change. 2. The change in the HCBS provider's physical address results in a new license renewal anniversary date and an additional full licensing fee shall be paid.

The HCBS provider shall request the administrative reconsideration within 15 calendar days of the receipt of the notice of the initial license denial, license revocation or denial of license renewal. The request for administrative reconsideration shall be in writing and shall be forwarded to the department's Health Standards Section. The request for administrative reconsideration shall be considered timely if received by the Health Standards Section within 15 days from the provider's receipt of the notice.

2. The request for administrative reconsideration shall include any documentation that demonstrates that the determination was made in error.

If the secretary of the department makes such a determination, the provider will be notified in writing.

The denial of the license renewal application does not affect, in any manner, the license revocation.

E. If a timely administrative appeal has been filed by the provider on an initial license denial, denial of license renewal or license revocation, the Division of Administrative Law, or its successor, shall conduct the hearing in accordance with the Administrative Procedure Act.

1. If the final agency decision is to reverse the initial license denial, denial of license renewal or license revocation, the provider's license will be re-instated or
