

2021 Nursing Home Emergency Preparedness Plan Survey

For Year: 2021

ALL Information in the Plan should match information in the ESF-8 Portal.

Facility Name (Print):

Legacy Nursing and Rehabilitation of Franklin

Name of Administrator (Print):

Jeremy Ryman

Administrator's Emergency Contact Information (should be reflected in MSTAT/ESF8):

Phone #: 985-384-1726

Cell Phone #: 318-243-1841

Administrator E-Mail: jeremy.ryman@legacynursingrehab.com

Alternative (not administrator) Emergency Contact Information (should be reflected in MSTAT/ESF8):

Name: Kelly Crochet

Position: DON

Phone #: 985-518-0701

Cell Phone #: 985-518-0701

E-Mail: kelly.crochet@legacynursingrehab.com

Physical or Geographic address of Facility (Print):

1907 Chinaberry St.

Franklin, LA 70538

Longitude: 9131.288

Latitude: 2947.388

2021 Nursing Home Emergency Preparedness Plan Survey

VERIFICATION of OHSEP SUBMITTAL for Year: 2021

Nursing Facility's Name: Legacy Nursing and Rehabilitation of Franklin

The **EMERGENCY PREPAREDNESS PLAN** or a **SUMMARY of UDATES** to a previously submitted plan was submitted to the local parish **OFFICE OF HOMELAND SECURITY AND EMERGENCY PREPAREDNESS**.

St. Mary Parish/David Naquin

(Name of the Local/Parish Office of Homeland Security and Emergency Preparedness)

Date submitted: 02/26/2021

MARK the appropriate answer:

☐ YES ☒ NO -Did the local parish Office of Homeland Security and Emergency Preparedness give any recommendations?

☐ - I have included recommendations, or correspondence from OHSEP and facility's response with this review.

☐ - There was **NO** response from the local/parish Office of Homeland Security and Emergency Preparedness; include verification of delivery such as a mail receipt, a signed delivery receipt, or other proof that it was sent or delivered to their office for the current year. Be sure to include the date plan was sent or delivered.

2021 Nursing Home Emergency Preparedness Plan Survey

- I. **PURPOSE** – Complete the survey using information from the facility's current emergency plan.
- A. Are the facility's goals, in regards to emergency planning, documented in plan?
☒ YES
➤ NO, if goals are NOT in plan add the facility's goals and indicate completion by marking YES.
- B. Does the facility's plan enable the achievement of those goals?
☒ YES
➤ NO, if plan does NOT provide for the achievement of goals, correct the plan and indicate completion by marking YES.
- C. Determinations, **by the facility**, for sheltering in place or evacuation due to Hurricanes.
1. Utilizing all current, available, and relevant information answer the following:
- a) MARK the **strongest** category of hurricane the facility can safely shelter in place for?
- i. ☐ Category 1- winds 74 to 95 mph
 - ii. ☐ Category 2- winds 96 to 110 mph
 - iii. ☒ Category 3- winds 111 to 130 mph
 - iv. ☐ Category 4- winds 131 to 155 mph
 - v. ☐ Category 5- winds 156 mph and greater
- b) At what time, **in hours** before the hurricane's arrival, will the decision to shelter in place have to be made by facility?
- i. 60 Hours before the arrival of the hurricane.
- c) What is the **latest time, in hours** before the hurricanes arrival, which preparations will need to start in order to safely shelter in place?
- i. 48 Hours before the arrival of the hurricane.
- d) Who is responsible for making the decision to shelter in place?
TITLE/POSITION: Administrator, Corporate President, or St. Mary Parish OHSEP
NAME: Jeremy Ryman, Devin Gum, David Naquin
2. Utilizing all current, available, and relevant information answer the following:
- a) MARK the **weakest** category of hurricane the facility will have to evacuate for?
- i. ☐ Category 1- winds 74 to 95 mph
 - ii. ☐ Category 2- winds 96 to 110 mph
 - iii. ☒ Category 3- winds 111 to 130 mph
 - iv. ☐ Category 4- winds 131 to 155 mph
 - v. ☐ Category 5- winds 156 mph and greater
- b) At what time, **in hours** before the hurricanes arrival, will the decision to evacuate have to be made by facility?
- i. 60 Hours before the arrival of the hurricane.
- c) What is the **latest time, in hours** before the hurricane's arrival, which preparations will need to start in order to safely evacuate?
- i. 48 Hours before the arrival of the hurricane.

2021 Nursing Home Emergency Preparedness Plan Survey

d) Who is responsible for making the decision to evacuate?

TITLE/POSITION: Administrator, Corporate President, or St. Mary Parish OHSEP

NAME: Jeremy Ryman, Devin Gum, David Naquin

II. SITUATION - Complete the survey using information from the facility's current emergency plan.

A. Facility Description:

1. What year was the facility built? Late 1960's

2. How many floors does facility have? 1

3. Is building constructed to withstand hurricanes or high winds?

☒ Yes, answer 3.a, b, c, d

☐ No/Unknown, answer 3.e

a) MARK the highest category of hurricane or wind speed that building can withstand?

i. ☐ Category 1- winds 74 to 95 mph

ii. ☐ Category 2- winds 96 to 110 mph

iii. ☐ Category 3- winds 111 to 130 mph

iv. ☐ Category 4- winds 131 to 155 mph

v. ☐ Category 5- winds 156 mph and greater

vi. ☒ Unable to determine : see A.3.e

b) MARK the highest category of hurricane or wind speed that facility roof can withstand?

i. ☐ Category 1- winds 74 to 95 mph

ii. ☐ Category 2- winds 96 to 110 mph

iii. ☒ Category 3- winds 111 to 130 mph

iv. ☐ Category 4- winds 131 to 155 mph

v. ☐ Category 5- winds 156 mph and greater

vi. ☐ Unable to determine : see A.3.e

c) MARK the source of information provided in a) and b) above? (DO NOT give names or wind speeds of historical storms/hurricanes that facility withstood.)

i. ☐ Based on professional/expert report,

ii. ☐ Based on building plans or records,

iii. ☐ Based on building codes from the year building was constructed

iv. ☒ Other non-subjective based source. Name and describe source.

d) MARK if the windows are resistant to or are protected from wind and windblown debris?

i. ☒ Yes

ii. ☐ No

e) If plan does not have information on the facility's wind speed ratings (wind loads) explain why. Not on building blue prints. Parish engineers unable to verify any codes to make determination. No engineers will verify.

4. What are the elevations (in feet above sea level, use NAVD 88 if available) of the following:

a) Building's lowest living space is 2 feet above sea level.

2021 Nursing Home Emergency Preparedness Plan Survey

- b) Air conditioner (HVAC) is 1 feet above sea level.
- c) Generator(s) is 5 feet above sea level.
- d) Lowest electrical service box(s) is 4 feet above sea level.
- e) Fuel storage tank(s), if applicable, is N/A feet above sea level.
- f) Private water well, if applicable, is N/A feet above sea level.
- g) Private sewer system and motor, if applicable, is N/A feet above sea level.

5. Does plan contain a copy of the facility's Sea Lake Overland Surge from Hurricanes (SLOSH) model?

☒ Yes. Use SLOSH to answer A.5.a. and b.

➤ If No. Obtain SLOSH, incorporate into planning, and then indicate that this has been done by marking yes.

a) Is the building or any of its essential systems susceptible to flooding from storm surge as predicted by the SLOSH model?

i. ☒ Yes- answer A.5.b

ii. ☐ No, go to A. 6.

b) If yes, what is the weakest SLOSH predicted category of hurricane that will cause flooding?

i. ☐ Category 1- winds 74 to 95 mph

ii. ☐ Category 2- winds 96 to 110 mph

iii. ☐ Category 3- winds 111 to 130 mph

iv. ☒ Category 4- winds 131 to 155 mph

v. ☐ Category 5- winds 156 mph and greater

6. Mark the FEMA Flood Zone the building is located in?

a) ☐ **B and X** – Area of moderate flood hazard, usually the area between the limits of the 100-year and 500-year floods. B Zones are also used to designate base floodplains of lesser hazards, such as areas protected by levees from 100-year flood, or shallow flooding areas with average depths of less than one foot or drainage areas less than 1 square mile. **Moderate to Low Risk Area**

b) ☐ **C and X** – Area of minimal flood hazard, usually depicted on FIRMs as above the 500-year flood level. Zone C may have ponding and local drainage problems that don't warrant a detailed study or designation as base floodplain. Zone X is the area determined to be outside the 500-year flood and protected by levee from 100-year flood. **Moderate to Low Risk Area**

c) ☐ **A** – Areas with a 1% annual chance of flooding and a 26% chance of flooding over the life of a 30-year mortgage. Because detailed analyses are not performed for such areas; no depths or base flood elevations are shown within these zones. **High Risk Area**

d) ☒ **AE** – The base floodplain where base flood elevations are provided. AE Zones are now used on new format FIRMs instead of A1-A30 Zones. **High Risk Area**

e) ☐ **A1-30** – These are known as numbered A Zones (e.g., A7 or A14). This is the base floodplain where the FIRM shows a BFE (old format). **High Risk Area**

2021 Nursing Home Emergency Preparedness Plan Survey

- f) ☐ **AH** – Areas with a 1% annual chance of shallow flooding, usually in the form of a pond, with an average depth ranging from 1 to 3 feet. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Base flood elevations derived from detailed analyses are shown at selected intervals within these zones. **High Risk Area**
- g) ☐ **AO** – River or stream flood hazard areas, and areas with a 1% or greater chance of shallow flooding each year, usually in the form of sheet flow, with an average depth ranging from 1 to 3 feet. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Average flood depths derived from detailed analyses are shown within these zones. **High Risk Area**
- h) ☐ **AR** – Areas with a temporarily increased flood risk due to the building or restoration of a flood control system (such as a levee or a dam). Mandatory flood insurance purchase requirements will apply, but rates will not exceed the rates for unnumbered A zones if the structure is built or restored in compliance with Zone AR floodplain management regulations. **High Risk Area**
- i) ☐ **A99** – Areas with a 1% annual chance of flooding that will be protected by a Federal flood control system where construction has reached specified legal requirements. No depths or base flood elevations are shown within these zones. **High Risk Area**
- j) ☐ **V** – Coastal areas with a 1% or greater chance of flooding and an additional hazard associated with storm waves. These areas have a 26% chance of flooding over the life of a 30-year mortgage. No base flood elevations are shown within these zones. **High Risk – Coastal Areas**
- k) ☐ **VE, V1 – 30** – Coastal areas with a 1% or greater chance of flooding and an additional hazard associated with storm waves. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Base flood elevations derived from detailed analyses are shown at selected intervals within these zones. **High Risk – Coastal Areas**
- l) ☐ **D** – Areas with possible but undetermined flood hazards. No flood hazard analysis has been conducted. Flood insurance rates are commensurate with the uncertainty of the flood risk. **Undetermined Risk Area**
7. What is the area's Base Flood Elevation (BFE) if given in flood mapping?
- ❖ See the A zones. Note: AE zones are now used on new format FIRMs instead of A1-A30 Zones. The BFE is a computed elevation to which floodwater is anticipated to rise. Base Flood Elevations (BFEs) are shown on Flood Insurance Rate Maps (FIRMs) and flood profiles.
 - ❖ The facility's Base Flood Elevation(BFE) is: AE:E19
8. Does the facility flood during or after heavy rains?
- a) ☐ Yes
- b) ☒ No
9. Does the facility flood when the water levels rise in nearby lakes, ponds, rivers, streams, bayous, canals, drains, or similar?
- a) ☐ Yes
- b) ☒ No
10. Is facility protected from flooding by a levee or flood control or mitigation system (levee, canal, pump, etc)?
- a) ☒ Yes

2021 Nursing Home Emergency Preparedness Plan Survey

b) ☐ No

2021 Nursing Home Emergency Preparedness Plan Survey

11. Have the areas of the building that are to be used for safe zones/sheltering been identified?
 - a) ☒ Yes
 - b) No. Identify these areas then indicate that this has been completed by marking Yes.
12. Have the facility's internal and external environments been evaluated to identify potential chemical or biological hazards?
 - a) ☒ Yes
 - b) No. Evaluate and identify areas then indicate that this has been done by marking Yes.
13. Has the facility's external environment been evaluated to identify potential hazards that may fall or be blown onto or into the facility?
 - a) ☒ Yes
 - b) No. Evaluate and identify areas then indicate that this has been done by answering Yes.
14. Emergency Generator - **generator information should match MSTAT!**
 - a) Is the generator(s) intended to be used to shelter in place during hurricanes (extended duration)?
 - i. ☒ Yes. The generator(s) will be used for Sheltering in place for Hurricanes.
 - ii. ☐ No. The generator(s) will **NOT** be used for Sheltering In Place for Hurricanes.
 - b) What is the **wattage(s)** of the generator(s)? Give answer in kilowatts (kW).
 1st: 300KW 2nd generator: _____ 3rd generator: _____
 - c) Mark which primary **fuel** each generator(s) uses?

i. <input checked="" type="checkbox"/> natural gas;	2nd generator: <input type="checkbox"/> natural gas;	3rd generator: <input type="checkbox"/> natural gas
ii. <input type="checkbox"/> propane;	2nd generator: <input type="checkbox"/> propane;	3rd generator: <input type="checkbox"/> propane
iii. <input type="checkbox"/> gasoline;	2nd generator: <input type="checkbox"/> gasoline;	3rd generator: <input type="checkbox"/> gasoline
iv. <input type="checkbox"/> diesel;	2nd generator: <input type="checkbox"/> diesel;	3rd generator: <input type="checkbox"/> diesel
 - d) How many **total hours** would generator(s) run on the fuel supply **always on hand**? (enter NG if Natural Gas)
 1st Infinite Hours 2nd _____ Hours 3rd _____ Hours
 - e) If generator will be used for sheltering in place for a hurricane (extended duration), are there provisions for a seven day supply of fuel?
 - i. ☐ Not applicable. The facility will not use the generator for sheltering in place during hurricanes.
 - ii. ☒ Yes. Facility has a seven day supply on hand at all times or natural gas.
 - iii. ☐ Yes. Facility has signed current contract/agreement for getting a seven day fuel supply before hurricane.
 - iv. No supply or contract. Obtain either a contract or an onsite supply of fuel, OR make decision to not use generator for sheltering in place, then mark answer.
 - f) Will life sustaining devices, that are dependent on electricity, be supplied by these generator(s) during outages?
 - i. ☒ Yes
 - ii. ☐ No

2021 Nursing Home Emergency Preparedness Plan Survey

g) Does generator provide for air conditioning?

i. ☒ Yes. Mark closest percentage of the building that is cooled?

☐ 100 % of the building cooled

☐ 76% or more of the building is cooled

☐ 51 to 75% of the building is cooled

☐ 26 to 50% of the building is cooled

☒ Less than 25% of the building is cooled

☐ No. The generator does not provide for any air conditioning.

ii. If air conditioning fails, for any reason, does the facility have procedures (specific actions) in place to prevent heat related medical conditions?

☒ Yes

☐ No

h) Does facility have in the plan, a current list of what equipment is supplied by each generator?

☒ Yes

If No - Evaluate, identify then indicate that this has been done by answering Yes.

15. Utility information – answer all that apply (should match what is in MSTAT!)

a) Who supplies electricity to the facility?

i. Suppliers name: Cleco

ii. Account #: 300025244002

b) Who supplies water to the facility? (supplier's name)

i. Suppliers name: City of Franklin/Charenton

ii. Account #: 3560-087003700/100355100

c) Who supplies fuels (natural gas, propane, gasoline, diesel, etc) to the facility? If applicable.

i. Suppliers name: Centerpoint Energy

ii. Account #: 2913304-4

d) Does plan contain the emergency contact information for the utility providers? (Contact names, 24 hour emergency phone numbers)?

i. ☒ Yes

ii. No. Please obtain contact information for your utility providers.

16. Floor Plans

a) Does plan have current legible floor plans of the facility?

i. ☒ Yes

ii. No. Please obtain, then indicate that this has been done by answering Yes

b) Indicate if the following locations are marked, indicated or described on floor plan:

i. Safe areas for sheltering: ☒ Yes. If No- Please identify on floor plan and mark Yes.

ii. Storage areas for supplies: ☒ Yes. If No- indicate on floor plan and mark Yes.

2021 Nursing Home Emergency Preparedness Plan Survey

- iii. Emergency power outlets: ☒ Yes. If No- identify on floor plan and mark Yes.
 - iv. Emergency communication area: ☒ Yes. If No- identify on floor plan and mark Yes.
 - v. The location of emergency plan: ☒ Yes. If No- identify on floor plan and mark Yes.
 - vi. Emergency command post: ☒ Yes. If No - identify on floor plan and mark Yes.
8. Operational Considerations - Complete using information from facility's current emergency plan.
1. Residents information
- a) What is the facility's total number of state licensed beds?
Total Licensed Beds: 152
 - b) If the facility had to be evacuated today to the host facility(s) - answer the following using current resident census and their transportation requirements:
 - i. How many high risk patients (RED) will need to be transported by **advanced life support ambulance** due to dependency on mechanical or electrical life sustaining devices or very critical medical condition? Give the total number of residents that meet these criteria the facility would need its named ambulance provider to transport.
RED: 0
 - ii. How many residents (YELLOW) will need to be transported by a **basic ambulance** who are not dependent on mechanical or electrical life sustaining devices, but who cannot be transported using normal means (buses, vans, cars). For example, this category might include patients that cannot sit up, are medically unstable, or that may not fit into regular transportation? Give the total number of residents that meet these criteria the facility would need its named ambulance provider to transport.
YELLOW: 21
 - iii. How many residents (GREEN) can only travel using **wheelchair accessible transportation**? Give the total number of residents that meet these criteria the facility would need its named transportation provider to transport.
GREEN WHEEL CHAIR: 25
 - iv. How many residents (GREEN) need no specialized transportation could go **by car, van, or bus**? Give the total number of residents that meet these criteria the facility would need its named transportation provider to transport.
GREEN: 49
 - c) Is the following provided in the list(s) or roster(s) of current residents that is kept in or used for the facility emergency preparedness plan: **do not send in this list or roster.**
 - i. Each resident's current and active diagnosis?
☒ Yes. If No - Obtain and mark Yes.
 - ii. Each resident's current list of medications including dosages and times?
☒ Yes. If No - Obtain and mark Yes.
 - iii. Each resident's allergies, if any?
☒ Yes. If No - Obtain and mark Yes.

2021 Nursing Home Emergency Preparedness Plan Survey

- iv. Each resident's current dietary needs or restrictions?
☒ Yes. If No - Obtain and mark Yes.
- v. Each resident's next of kin or responsible party and their contact information?
☒ Yes. If No - Obtain and mark Yes.
- vi. Each resident's current transportation requirements? (advanced life support ambulance, basic ambulance, wheel chair accessible vehicle, car-van-bus)
☒ Yes. If No - Obtain and mark Yes.

2. Staff

- a) Is each of the following provided in the list(s) or roster(s) of all current staff that is kept in or used with the facility emergency preparedness plan: **do not send in this list or roster.**
 - i. Emergency contact information for all current staff?
☐ Yes. If No - Obtain and mark Yes.
 - ii. Acknowledgement of if they will work during emergency events like hurricanes or not?
☒ Yes. If No - Obtain and mark Yes.
- b) What is **total number** of planned staff and other **non residents** that will require facility transportation for an evacuation or need to be sheltered?

125

3. Transportation - should match what is in MSTAT!

- a) Does facility have transportation, or have current or currently verified contracts or agreements for emergency evacuation transportation?
☒ Yes. If No - Obtain transportation and mark Yes.
 - i. Is the capacity of planned emergency transportation adequate for the transport of all residents, planned staff and supplies to the evacuation host site(s)?
☒ Yes. If No - Obtain adequate transport and mark Yes.
 - ii. Is all transportation air conditioned?
☒ Yes. go to B. 3. a) iv.
☐ No, go to B. 3. a) iii.
 - iii. If not air conditioned are there provisions (specific actions and supplies) in plan to prevent and treat heat related medical conditions?
☒ Yes. If No - make plans (specific actions and supplies) and mark Yes.
- iv. Is there a specified time or timeline (H-Hour) that transportation supplier will need to be notified by?
☒ Yes. What is that time 60 hours?
☐ No. There is no need for a specified time or timeline for contacting transportation.

2021 Nursing Home Emergency Preparedness Plan Survey

- b) Does each contract or agreement for NON-AMBULANCE- transportation contain the following information? **NOTE: Vehicles that are not owned by but at the disposal of the facility shall have written usage agreements (with all required information) that are signed and dated. Vehicles that are owned by the facility will need to verify ownership.**
- The complete name of the transportation provider?
☒ Yes. If No - obtain and mark Yes.
 - The number of vehicles and type (van, bus, car) of vehicles contracted for?
☒ Yes. If No - obtain and mark Yes.
 - The capacity (number of people) of each vehicle?
☒ Yes. If No - obtain and mark yes.
 - Statement of if each vehicle is air conditioned?
☒ Yes. If No - obtain and mark Yes.
 - Verification of facility ownership, if applicable; copy of vehicle's title or registration?
☒ Yes. If No - obtain and mark Yes.
- c) Have copies of each **signed and dated contract/agreement** been included for submitting?
☒ Yes. If no, obtain and mark Yes.
- d) Has a cover page been completed and attached for each contract/agreement. *(blank form provided)*
☒ Yes. If No - complete and mark Yes.
4. Host Site(s)-*extra pages for multiple sites have been included with forms near end of survey. (should match what is in MSTAT!)*
- Does the facility have current contracts or verified agreements for a primary evacuation host site(s) outside of the primary area of risk?
☒ Yes. If No - obtain and mark Yes.
 - Provide the following information:(list all sites, if multiple sites list each - see extra pages)
 - What is the name of each primary site(s)?
Legacy Nursing and Rehabilitation of Winnsboro
 - What is the physical address of each host site(s)?
804 Polk St.
Winnsboro, LA 71295

 - What is the distance to each host site(s)?
227
 - Is the host site(s) located outside of the parishes identified as hurricane risk areas?
Yes

2021 Nursing Home Emergency Preparedness Plan Survey

- v. Does plan include map of route to be taken and written directions to host site?
☒ Yes. If No - obtain and mark Yes.
- vi. Who is the contact person at each primary host site(s)?
Name: Chris Thornton
Phone: 318-435-6116
Email: chris.thornton@legacynursingrehab.com
Fax: _____
- vii. What is the capacity (number of residents allowed) of each primary host site(s)?
➤ Capacity that will be allowed at each site:
110
➤ Total Capacity of all primary sites:
110
➤ Is this adequate for all evacuating residents?
☒ Yes. If No - obtain and mark Yes.
- viii. Is the primary site a currently licensed nursing home(s)?
☒ Yes, go to- B.4.b) x.
☐ No, go to- B.4.b) ix.
- ix. If primary host site is not a licensed nursing home provide a description of host site(s) including;
➤ What type of facility it is?

➤ What is host site currently being used for?

➤ Is the square footage of the space to be used adequate for the residents?
☐ Yes
☐ No
➤ What is the age of the host facility(s)?

➤ Is host facility(s) air conditioned?
☐ Yes
☐ No
➤ What is the current physical condition of facility?
☐ Good
☐ Fair
☐ Poor
➤ Are there adequate provisions for food preparation and service?
☐ Yes
☐ No
➤ Are there adequate provisions for bathing and toilet accommodations?
☐ Yes
☐ No
➤ Are any other facilities contracted to use this site?
☐ Yes
☐ No

2021 Nursing Home Emergency Preparedness Plan Survey

- x. Is the capacity of primary host site(s) adequate for staff?
☒ Yes
☐ No. If No - where will staff be housed?

- xi. Is there a specified time or timeline (H-Hour) that primary host site will need to be notified by?
☒ Yes. If Yes - what is that time? 48
☐ No.
- c) Does the facility have current contracts or verified agreements for an alternate or secondary host site(s)?
☐ Yes. If No - obtain and mark Yes.
- d) Provide the following information:(list all sites, if multiple sites list each - see extra pages)
- i. What is the name of each alternate/secondary site(s)?

- ii. What is the physical address of each alternate/secondary host site(s)?

- iii. What is the distance, in miles, to each alternate/secondary host site(s)?

- iv. Is the host site(s) located outside of the parishes identified as hurricane risk areas?
☐ Yes
☐ No
- v. Does plan include map of route to be taken and written directions to host site?
☐ Yes. If No - obtain and mark Yes.
- vi. Who is the contact person at each alternate/secondary host site(s)?
Name: _____
Phone: _____
Email: _____
Fax: _____
- vii. What is the capacity (number of residents allowed) of each alternate/secondary host site(s)?
➤ Capacity that will be allowed at each alternate/secondary site:

➤ Total Capacity of all alternate/secondary sites:

➤ Is this adequate for all evacuating residents?
☐ Yes. If No - obtain and mark Yes.

2021 Nursing Home Emergency Preparedness Plan Survey

- viii. Is the **alternate/secondary** site a currently licensed nursing home(s)?
☐ Yes, go to - B.4.d) x.
☐ No, go to - B.4.d) ix.
- ix. If **alternate/secondary** host site is **not** a licensed nursing home provide a description of host site(s) including;
➤ What type of facility it is?

➤ What is host site currently being used for?

➤ Is the square footage of the space to be used adequate for the residents?
☐ Yes
☐ No
➤ What is the age of the host facility(s)?

➤ Is host facility(s) air conditioned?
☐ Yes
☐ No
➤ What is the current physical condition of facility?
☐ Good
☐ Fair
☐ Poor
➤ Are there provisions for food preparation and service?
☐ Yes
☐ No
➤ What are the provisions for bathing and toilet accommodations?
☐ Yes
☐ No
➤ Are any other facilities contracted to use this site?
☐ Yes
☐ No
- x. Is the capacity of **alternate/secondary** host site(s) adequate for staff?
☐ Yes
☐ No. If No - where will staff be housed?

- xi. Is there a specified time or timeline (H-Hour) that **alternate/secondary** host site will need to be notified by?
☐ Yes. If yes what is that time? _____
☐ No.
- e) Have copies of each signed and dated contract/agreement been included for submitting?
☐ Yes. If No - obtain and mark Yes.
- f) Has a cover page been completed and attached for each contract/agreement. (*blank form provided*)
☐ Yes. If No - complete and mark Yes.

2021 Nursing Home Emergency Preparedness Plan Survey

5. **Non-perishable food or nourishment – for sheltering in place or for host site(s)**
- a) For Sheltering In Place, does facility have – on site - a seven day supply of non-perishable food/nourishment that meets all resident's needs?
- ☒ Yes. If yes go to - B. 5. c)
☐ No. If no go to - B. 5. b)
- b) Provide the following if no onsite supply:
- i. Does facility have a current or currently verified contract to have a seven day supply of non-perishable food that meets all resident's needs delivered prior to a foreseeable emergency event?
- ☒ Yes, go to - B. 5.b). ii, iii, iv
If No - obtain supply or contract then mark appropriate answer.
- ii. Does each contract contain all of the following?
- name of supplier?
 - specified time or timeline (H-Hour) that supplier will need to be notified
 - contact information of supplier
- ☒ Yes. If No - obtain information then mark Yes.
- iii. Have copies of each signed and dated contract/agreement been included for submitting?
- ☒ Yes. If No - obtain and mark Yes.
- iv. Has a cover page been completed and attached for each contract/agreement. *(blank form provided)*
- ☒ Yes. If No - complete and mark Yes.
- c) For evacuations, does facility have provisions for food/nourishment supplies at host site(s)?
- ☒ Yes. If No - make necessary arrangements then mark Yes.
- d) Is there a means to prepare and serve food/nourishment at host site(s)?
- ☒ Yes. If No - make necessary arrangements then mark Yes.
6. **Drinking Water or fluids – for sheltering in place – one gallon per day per resident.**
- a) Does facility have – on site - a seven day supply of drinking water or fluids for all resident's needs?
- ☒ Yes. Go to B. 6. c)
☐ No. If No See B. 6.b)
- b) If no, provide the following:
- i. Does facility have a current contract for a seven day supply of drinking water or fluids to be delivered prior to a foreseeable emergency event?
- ☒ Yes, see B. 6.b). ii, iii, iv,
If No - please obtain supply or contract.

2021 Nursing Home Emergency Preparedness Plan Survey

- ii. Does each contract for **Drinking Water or fluids** contain all of the following?
- name of supplier?
 - specified time or timeline (H-Hour) that supplier will need to be notified
 - contact information of supplier
- ☒ Yes. If No - obtain information then mark Yes.
- iii. Have copies of each signed and dated contract/agreement been included for submitting?
- ☒ Yes. If no - obtain and mark Yes
- iv. Has a cover page been completed and attached for each contract/agreement. *(blank form provided)*
- ☒ Yes. If no - complete and mark Yes
- c) Does facility have a supply of water for needs other than drinking?
- ☒ Yes
- If No - make necessary provisions for water for non drinking needs then mark Yes.
- d) For evacuations, does host site(s) have an adequate supply of water for all needs?
- ☒ Yes
- If No - make necessary provisions for water for non drinking needs then mark Yes
7. Medications- for sheltering in place or for host site(s)
- a) Does facility have -- on site - a seven day supply of medications for all resident's needs?
- ☒ Yes. go to - B. 7. c)
- ☐ No. go to - B. 7.b) i,ii,iii,iv
- b) If no, provide the following:
- i. Does facility have a current or currently verified contract to have a seven day supply of medications delivered prior to a foreseeable emergency event?
- ☐ Yes, see B. 7.b). ii, iii, iv
- If No - please obtain supply or contract then mark Yes.
- ii. Does contract for medications contain the following?
- Name of supplier?
 - Specified time or timeline (H-Hour) that supplier will need to be notified
 - Contact information of supplier
- ☐ Yes. If No - obtain information then mark Yes.
- iii. Have copies of each signed and dated contract/agreement been included for submitting?
- ☐ Yes. If no - obtain and mark Yes.
- iv. Has a cover page been completed and attached for each contract/agreement. *(blank form provided)*
- ☐ Yes. If no - complete and mark Yes.

2021 Nursing Home Emergency Preparedness Plan Survey

- c) For **evacuation**, does facility have provisions for **medications at host site(s)**?

☒ Yes

If No - make necessary provisions for medications then mark Yes.

8. **Medical, Personal Hygiene, and Sanitary Supplies – for sheltering in place or for host site(s)**

- a) Does facility have **—on site—** medical, personal hygiene, and sanitary supplies to last seven days for all resident's needs?

☒ Yes. go to - B. 8. c)

☐ No. go to - B. 8. b) i,ii,iii,iv

- b) If no, provide the following:

- i. Does facility have a current or currently verified contract to have a seven day supply of medical, personal hygiene, and sanitary goods delivered prior to a foreseeable emergency event?

☐ Yes, see B. 7.b). ii, iii, iv

If No - please obtain supply or contract then mark Yes.

- ii. Does contract for medical, hygiene, and sanitary goods contain the following?

– Name of supplier?

– Specified time or timeline (H-Hour) that supplier will need to be notified

– Contact information of supplier

☐ Yes. If No, obtain information then mark Yes.

- iii. Have copies of each **signed and dated contract/agreement** been included for submitting?

☐ Yes. If no, obtain and mark Yes.

- iv. Has a cover page been completed and attached for each contract/agreement.
(blank form provided)

☐ Yes. If no, complete and mark Yes

- c) For **evacuation**, does facility have provisions for medical, personal hygiene, and sanitary supplies at host site(s)?

☒ Yes

If No - make necessary provisions for medications then mark Yes

9. **Communications/Monitoring - all hazards**

- a) **Monitoring Alerts.** Provide the following:

- i. What equipment/system does facility use to **monitor** emergency broadcasts or alerts? Weather radio, televisions and cell phones

- ii. Is there back up or alternate equipment and what is it?

☐ Yes. Name equipment: _____

☒ No

- iii. Is the equipment tested?

☐ Yes

☒ No

2021 Nursing Home Emergency Preparedness Plan Survey

- iv. Is the **monitoring** equipment powered and operable during utility outages?
☒ Yes.
☐ No.
 - v. Are there provisions/plans for facility to **monitor** emergency broadcasts and alerts at **evacuation site**?
☒ Yes
☐ No
- b) **Communicating- send and receive- with emergency services and authorities. Provide the following:**
- i. What equipment does facility have to communicate during emergencies?
Cell phones, telephone and Walkie Talkies
 - ii. Is there back up or alternate equipment used to send/receive and what is it?
☐ Yes. Name equipment: _____
☒ No
 - iii. Is the equipment tested?
☐ Yes
☒ No
 - iv. Is the **communication** equipment powered and operable during utility outages?
☐ Yes.
☒ No
 - v. Are there provisions/plans for facility to send and receive **communications** at evacuation site?
☒ Yes
☐ No

C. All Hazard Analysis

1. Has the facility identified potential emergencies and disasters that facility may be affected by, such as fire, severe weather, missing residents, utility (water/electrical) outages, flooding, and chemical or biological releases?

☒ Yes

If No - identify, and then mark Yes to signify that this has been completed.

2021 Nursing Home Emergency Preparedness Plan Survey

III. **CONCEPT OF OPERATIONS** – Answer the following or Provide the requested information. Any areas of planning that have not been provided for in the facility's emergency preparedness plan will need to be addressed.

A. **Plans for sheltering in place**

1. Does facility have written viable plans for sheltering in place during emergencies?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes.

a) Does the plan for sheltering in place take into account all known limitations of the facility to withstand flooding and wind? (This includes if limits were undetermined as well)

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

b) Does the plan for sheltering in place take into account all requirements (if any) by the local Office of Homeland Security and Emergency Preparedness?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

2. Does facility have written viable plans for adequate staffing when sheltering in place?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes.

3. Does facility have written viable plans for sufficient supplies to be on site prior to an emergency event which will enable it to be totally self-sufficient for seven days? (potable and non-potable water, food, fuel, medications, medical, personal hygiene, sanitary, repair, etc)

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

4. Does facility have communication plans for sheltering in place?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

a) Does facility have written viable plans for contacting staff pre event?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

b) Does facility have written viable plans for notifying resident's responsible party before emergency event?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

c) Does facility have written viable plans for monitoring emergency alerts and broadcasts before, during, and after event?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

2021 Nursing Home Emergency Preparedness Plan Survey

- d) Does facility have written viable plans for receiving information from emergency services and authorities before, during, and after event?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

- e) Does facility have written viable plans for contacting emergency services and authorities before, during, and after event?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

5. Does facility have written viable plans for providing emergency medical care if needed while sheltering in place?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

6. Does facility have written viable plans for the preparation and service of meals while sheltering?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

7. Does facility have written viable plans for repairing damages to the facility incurred during the emergency?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

B. Plans for Evacuation

1. Does facility have written viable plans for adequate transportation for transporting all residents to the evacuation host site(s)?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

- a) Does facility have written viable plans for adequate staffing for the loading of residents and supplies for travel to evacuation host site(s)?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

- b) Does facility have written viable plans for adequate staffing to ensure that all residents have access to licensed nursing staff and appropriate nursing services during all phases of the evacuation?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

- c) Does facility have written viable plans for adequate staffing for the unloading of residents and supplies at evacuation host site(s)?

☒ Yes

If No - Planning is needed for compliance. Complete then mark Yes

2021 Nursing Home Emergency Preparedness Plan Survey

2. Does facility have written viable plans for adequate transportation for the return of all residents to the facility?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- a) Does facility have written viable plans for staffing to load residents and supplies at the shelter site for the return to facility?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- b) Does facility have written viable plans for staffing to ensure that all residents have access to licensed nursing staff and appropriate nursing services provided during the return to facility?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- c) Does facility have written viable plans for staffing for the unloading of residents and supplies after return to facility?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
3. Does facility have written viable plans for the management of staff, including provisions for adequate qualified staffing and the distribution and assignment of responsibilities and functions at the evacuation host site(s)?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
4. Does facility have written viable plans to have sufficient supplies – to be totally self sufficient - at or delivered to the evacuation host site(s) prior to or to coincide with arrival of residents? (potable and non-potable water, food, fuel, medications, medical goods, personal hygiene, sanitary, clothes, bedding, linens, etc)
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
5. Does facility have written viable plans for communication during evacuation?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- a) Does facility have written viable plans for contacting host site prior to evacuation?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- b) Does facility have written viable plans for contacting staff before an emergency event?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes

2021 Nursing Home Emergency Preparedness Plan Survey

- c) Does facility have written viable plans for notifying resident's responsible party - pre event- of intentions to evacuate?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- d) Does facility have written viable plans for monitoring emergency alerts and broadcasts - while at host site- before, during, and after event?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- e) Does facility have written viable plans for receiving information from and contacting emergency services and authorities -while at host site- before, during and after event?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- f) Does facility have written viable plans for the need to remain at an unlicensed evacuation shelter site for more than five days, if evacuating to an unlicensed site?
☐ Yes ☒ Evacuating to a licensed site
If No - Planning is needed for compliance. Complete then mark Yes
6. Does facility have written viable plans to provide emergency medical care if needed while at evacuation site(s)?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- C. Does facility have written viable plans for all identified potential hazards?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- D. Does facility have written viable plans for communicating during all emergencies?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
1. Does facility have written viable plans for immediately providing written notification by hand delivery, facsimile, email or other acceptable method of the nursing home's decision to either shelter in place or evacuate due to any emergency to the Health Standards Section of the Department of Health and Hospitals?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
2. Does plan include providing the following information to Health Standards Section of the Department of Health and Hospitals?
- Is it a full facility evacuation, partial facility evacuation or shelter in place?
 - The date(s) and approximate time(s) of full or partial evacuation?
 - The names and locations of all host site(s)?
 - The emergency contact information for the person in charge of evacuated residents at each host site(s)?
 - The names of all residents being evacuated and the location each resident is going to?

2021 Nursing Home Emergency Preparedness Plan Survey

- f) A plan to notify Health Standards Section within 48 hours of any deviations or changes from original notification?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
3. Does facility have written viable plans for receiving and sending emergency information during emergencies?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
4. Does facility have written viable plans for monitoring emergency alerts and broadcasts at all times?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
5. Does facility have written viable plans for notifying authorities of decision to shelter in place or evacuate?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
6. Does facility have written viable plans for notifying authorities and responsible parties of the locations of all residents and any changes of those locations?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- E. Does facility have written viable plans for entering all required information into the Health Standards Section's (HSS) emergency preparedness webpage?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- F. Does facility have written viable plans for triaging residents according to their transportation needs?
☒ Yes
If No - Planning is needed for compliance. Complete then mark Yes
- IV. ORGANIZATION AND RESPONSIBILITIES - The following should be determined and kept current in the facility's plan:
- A. Who is responsible for the decision to shelter in place or evacuate?
Provide Name: Jeremy Ryman
Position: Administrator
Emergency contact information:
Phone: 318-243-1841
Email: jeremy.ryman@legacynursingrehab.com
Fax: 337-828-1922
- B. Who is the backup/second in line responsible for decision to sheltering in place/evacuating?
Provide Name: Kelly Crochet
Position: Director of Nursing

2021 Nursing Home Emergency Preparedness Plan Survey

Emergency contact information:

Phone: 985-518-0701

Email: kelly.crochet@legacynursingrehab.com

Fax: 337-828-7829

- C. Who will be in charge when sheltering in place?

Provide Name: Jeremy Ryman

Position: Administrator

Emergency contact information:

Phone: 318-243-1841

Email: jeremy.ryman@legacynursingrehab.com

Fax: 337-828-1922

- D. Who will be the backup/second in line when sheltering in place?

Provide Name: Kelly Crochet

Position: Director of Nursing

Emergency contact information:

Phone: 985-518-0701

Email: kelly.crochet@legacynursingrehab.com

Fax: 337-828-7829

- E. Who will be in charge at each evacuation host site(s)?

Provide Name: Jeremy Ryman

Position: Administrator

Emergency contact information:

Phone: 318-243-1841

Email: jeremy.ryman@legacynursingrehab.com

Fax: 337-828-1922

- F. Who has been (by position or title) designated or assigned in the facility's plan to the following required duties?

1. Title or position of person(s) assigned to notify the responsible party of each resident of the following information within 24 hours of the decision:

Administration, Social Services, Nursing, Activities, Business Office

- a) If facility is going to shelter in place or evacuate.
- b) The date and approximate time that the facility is evacuating.
- c) The name, address, and all contact information of the evacuation site.
- d) An emergency telephone number for responsible party to call for information.

2. Title or position of person(s) assigned to notify the Department of Health and Hospitals- Health Standards Section and the local Office of Homeland Security and Emergency Preparedness of the facility's decision to shelter in place or evacuate:

Administrator

3. Title or position of person(s) assigned to securely attach the following information to each resident during an emergency so that it remains with the resident at all times?

Social Services, Activities, Nursing Services

- a) Resident's identification.

2021 Nursing Home Emergency Preparedness Plan Survey

- b) Resident's current or active diagnoses.
 - c) Resident's medications, including dosage and times administered.
 - d) Resident's allergies.
 - e) Resident's special dietary needs or restrictions.
 - f) Resident's next of kin, including contact information.
4. Title or position of person(s) assigned to ensure that an adequate supply of the following items accompany residents on buses or other transportation during all phases of evacuation?
Dietary, DON, Nursing, Administration
- a) Water
 - b) Food
 - c) Nutritional supplies and supplements
 - d) All other necessary supplies for the resident.
5. Title(s) or position(s) of person(s) assigned for contacting emergency services and monitoring emergency broadcasts and alerts?
Administrator, Assistant Administrator or DON

V. Administration & Logistics

Annexes or tabbed sections that contain only current information pertinent to planning and the plan but are too cumbersome for the body of the plan; maps, forms, agreements or contracts, rosters, lists, floor plans, contact information, etc. These items can be placed here.

These blank forms are provided for your use and are to be completed:

- Page 1 - the Cover page of this document complete prior to submitting
- Page 2 - OHSEP Verification complete prior to submitting
- Transportation contract or agreement cover page, to be attached to each
- Evacuation host site contract or agreement cover page, to be attached to each
- Supply Cover sheets are to be used for each:
 - Non-perishable food/nourishment contract or agreement cover page, to be attached to each
 - Drinking water contract or agreement cover page, to be attached to each
 - Medication contract or agreement cover page, to be attached to each
 - Miscellaneous contract or agreement for supplies or resources that do not have a specific cover page, to be attached to each
- Multiple Host Site pages
- Authentication page, last page of document to be complete prior to submitting

VI. Plan Development and Maintenance

- A. Has the plan been developed in cooperation with the local Office of Homeland Security and Emergency Preparedness?
- ☒ Yes
☐ No
- B. If not, was there an attempt by facility to work with the local Office of Homeland Security and Emergency Preparedness?
- ☒ Yes
☐ No

2021 Nursing Home Emergency Preparedness Plan Survey

C. During the review of the facility's emergency preparedness plan were the following steps taken?

1. Were all out dated or non essential information and material removed?

☒ Yes

No - Complete this step then mark Yes

2. Were all contracts or agreements updated, renewed or verified?

☒ Yes

No - Complete this step then mark Yes

3. Was all emergency contact information for suppliers, services, and resources updated?

☒ Yes

No - Complete this step then mark Yes

4. Was all missing information obtained added to plan and the planning revised to reflect new information?

☒ Yes

No - Complete this step then mark Yes

5. Were all updates, amendments, modifications or changes to the nursing facility's emergency preparedness plan submitted to the Health Standards Section along with this survey?

☒ Yes

No - Complete this step then mark Yes

VII. Authentication

The plan should be signed and dated by the responsible party(s) each year or as changes, modifications, or updates are made. A copy of that **Authentication page** shall be signed, dated and included with this survey.
(Blank form provided near end of document)

If there is a change of responsible party(s) (administrator, etc) plan needs to be updated to reflect this change page resigned/dated and copy submitted to Health Standards Section.

TRANSPORTATION COVER SHEET

TYPE or CLEARLY PRINT and attach a cover page to each transportation resource agreement, transportation contract, or verification of facility's ownership of transportation.

Example: If there are 5 transportation providers there should be 5 coversheets, one attached to the front of each signed and dated agreement, verification or contract.

If transportation is facility-owned, state that it is facility owned and provide verification of ownership and all applicable information. A photocopy of a vehicle's title or registration will be sufficient for verification of ownership. Ongoing contracts will need to be verified annually and signed by all parties.

Name of transportation resource provider (print):

Acadian Ambulance

Contact Person: Carlo Gagliano

Phone # of Contact Person: 985-637-0693

Physical Address of transportation provider:

130 East Kaliste Saloom Rd.

Lafayette, LA 70508

Time Lines or Restrictions: H-Hour or the number of hours needed.

What is the latest time that transportation resource can be contacted according to agreement?

48 Hours prior to wind gusts reaching 40 mph

How long will it take the transportation to reach the facility after being contacted?

Not specified

How long will the facility need to load residents and supplies onto the transportation?

10 minutes

Type (bus, van, car, ambulance, wheelchair) transport vehicle to be provided:

Ambulance

Total number of transport vehicles to be provided: TBD

Total number and type (wheelchair, stretcher, seated) of passengers each vehicle will accommodate:

1/stretcher

Is the transportation air conditioned? ☒ YES ☐ NO

IF transportation is facility owned attach verification of ownership.

Date of agreement/contract/verification: 02/02/2021

Date agreement/ contract ends: Yearly

To whom it may concern:

In response to a request for verification from Legacy Nursing and Rehabilitation of Franklin (hereinafter "Facility"), please allow this to serve as confirmation that Facility currently has in place an agreement for the evacuation of resident/patients in the case of a disaster, as required by the Louisiana Department of Health and Hospitals and in accordance with the terms and conditions of such Agreement. The Agreement auto-renews annually unless otherwise terminated by either party. As of this Date, no notice of termination has been received and therefore such Agreement remains in full force and effect for the 2021 calendar year.

Sincerely,

Carlo N. Gagliano Jr.
Community Relations Supervisor
Acadian Ambulance Service, Inc.

About Legacy in Winnsboro

The facility at Winnsboro has a long tradition of religious activity which still survives today as we grow into a much broader range of activities both spiritual (we have a lovely chapel) and secular in nature - but we'll always have bingo! We try to do as much as possible with our residents and offer a variety of outings across the local region. And for those who like to stay at home we have begun a small community garden intended not for work but for quiet time and contemplation.

Dining is all the rave at Winnsboro. We try to put together three or four cookouts every year and over the course of regular meals we offer baked alternatives during lunch including beef patties, chicken, pork chops and fish. And we prepare dishes for individuals upon request like smothered-buttered potatoes, lean salads and more. We offer a salad bar with every Meal-Of-The-Month and once more quarterly. And the residents love the services provided by Mrs. Shelia, DON, who is providing wonderful monthly pancake breakfasts (plain and blueberry) on the griddle in the dining room.

Mrs. Betty does a special breakfast buffet about once a quarter with waffles, biscuits and gravy, French

Resident Meal Service

- In accordance with all state and national guidelines for emergency preparedness, Sysco Food Service recommends that all healthcare customers keep on hand a minimum of seven (7) day supply of the suggested food items in order to prepare meals during a natural disaster, especially during hurricane season (June 1-November 1). In the event of a disaster or emergency, this information should assist you in providing proper and nutritious meal service.
- Keep the Disaster Plan in a designated place where employees can locate it quickly.
 - Keep a list of phone numbers, emergency phone numbers and addresses for your employees and other essential people in the community e.g.; The Red Cross, National Guard, Security Companies that you deal with and keep this list when the disaster plan.
 - Keep additional copies at other locations in the facility and at home.
- Meal preparation needs to be simple.
 - First – Use all edible foods in your refrigerator.
 - Second – Use as many freezer foods as possible before spoilage sets in.
 - Third – Start on your supply of non-perishable foods.
 - Use less salt in cooking- to decrease thirst sensations.
 - Print several copies of your resident tray cards to include food allergies.
 - Use disposable service as needed.
 - Evacuating preparation steps include:
 - Serve a hot meal prior to leaving the facility.
 - Prepare a bag lunch for travel.
 - Bring extra bottles of water for travel.
 - Pack extra snack items for travel.
 - Prepare a bag lunch for on-arrival at destination.
 - Place resident's diet info in Ziploc bags.
- Remember that you may not have power.
 - Make sure you have manual can openers.
 - Have flashlights and batteries available throughout the facility.
 - An outside grill with charcoal and lighter fluid may be necessary.
 - Have at least two or three chaffers available and a supply of Sterno fuel cans.
- Keep a supply of paper & disposables.
 - Foam divided containers, plates, bowls, cups, lids, gloves, straws.
 - Forks, spoons, knives or silverware kits.
 - Napkins, Sterno, aluminum pans & covers.
- Keep a supply of janitorial & disinfectant products.
 - Trash liners & bleach.
 - Disinfectants & hand sanitizer.

Agreement/Affidavit & Ordering Procedures

SYSCO New Orleans Food Service, as this customer's food service distributor agrees to supply food, water and non-foods in the case of an emergency. This agreement is from the period of February 1st, 2021 to February 1st, 2022.

This customer is expected to notify SYSCO New Orleans Food Service of their food, water and non-food needs in enough time to process the order and to make a timely delivery. SYSCO New Orleans Food Service in the event of an emergency will provide the following:

- ❖ SYSCO New Orleans Food Service will contact this facility within seventy-two (72) hours to determine whether an emergency order of food, water and non-food supplies is needed. (See page 5 for list.) Orders will be delivered to the facility at a mutually agreeable time and place.
- ❖ Prior to an emergency, a list of this facility's emergency needs will be provided to SYSCO New Orleans Food Service.
- ❖ The custom emergency supply list will be kept on file along with the facility's contact information.
- ❖ This facility's emergency stock will be warehoused at SYSCO New Orleans Food Service. Since the emergency stock is customized for this facility, the food, water and non-food supplies may reflect as many days as this customer needs.
- ❖ Additionally, should this facility need to evacuate, SYSCO New Orleans Food Service will deliver emergency stock to the point of evacuation.
- ❖ Should the disaster area include damage to your OpSite, you may expect the same emergency services provided by our surrounding Sysco Companies.
- ❖ Customers must be available to receive orders on a 24-hour bases. This will be determined by the traffic conditions and expected landfill.
- ❖ Estimating water needs information is found on page 6.
- ❖ Annually in **JANUARY** a Disaster Procedure, which has been revised and updated at SYSCO New Orleans Food Service will be provided to this customer and may be posted on each customer's **esysco.net** or other ordering platform.
- ❖ www.esysco.net website and the healthcare link are available as additional ways to contact SYSCO New Orleans Food Service during a declared disaster.
- ❖ Disaster orders are subject to being nonrefundable or non-returnable.
- ❖ Healthcare Customers with Primary Vendor relationships will receive Priority service.
- ❖ **Healthcare Emergency Contact Phone Number is** _____

**DS SERVICES OF AMERICA, INC.
EMERGENCY WATER AGREEMENT**

This Emergency Water Agreement (the "Agreement") is entered into as of February 15, 2019 (the "Effective Date") by and between DS Services of America, Inc., ("DSS") and the undersigned customer ("Customer"). Under this Agreement, DSS will supply Customer's bottled water needs in the event of a local or national declared emergency or natural disaster, subject to the following terms and conditions:

- (1) In the event of a declared emergency or natural disaster, all water distribution is governed by the local emergency management agency and/ or the Federal Emergency Management Association ("FEMA"). Accordingly, DSS's obligations hereunder are subject to FEMA requirements.
- (2) All deliveries under this Agreement will be based on availability after DSS services regularly scheduled customers.
- (3) A 50-gallon minimum on all emergency water shipments may be required. Product sales are subject to availability of package size and water type.
- (4) Customer shall be charged DSS's list prices in the local market at the time of delivery, payable by either cash or credit card and all sales are final. Refundable bottle deposits are required on all five and three gallon bottles (where applicable), subject to return of the bottles in good condition, normal wear and tear, excepted.
- (5) This Agreement shall remain in effect for one (1) year from the Effective Date. A new Emergency Water Agreement, if needed, must be entered into by Customer each calendar year. Requests should be sent to: corppo@dsservices.com
- (6) DSS DISCLAIMS ANY AND ALL WARRANTIES UNDER THIS AGREEMENT, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The total liability of DSS

under this Agreement shall be limited to repairing or replacing defective water bottles delivered by DSS to Customer. DSS specifically disclaims any responsibility or liability for any consequential, incidental, special, exemplary, punitive, or other similar damages, however denominated. If, despite the limitations contained herein, monetary liability is imposed upon DSS, Customer agrees that under no circumstances shall any liability exceed the lesser of actual damages or an amount equal to the total payment(s) made by Customer to DSS pursuant to this Agreement. Customer agrees to waive and hold DSS and its subsidiaries, directors, officers, agents and employees harmless against any claims, damage, injury, or liability suffered or incurred by Customer or Customer's agents, guests or family members arising from Customer's or Customer's agents, guests and family members negligence or misconduct or operation or use of water bottles or other products provided to Customer under this Agreement. Customer acknowledges that water can cause damage to surfaces with which it comes in contact, and that water leaks may occur from water bottles. Customer is responsible for selecting the location for placement of water bottles in Customer's location in order to minimize potential loss or damage.

(7) This Agreement shall be governed and interpreted in accordance with the laws of the State of Georgia. Customer may not assign its rights or obligations under this Agreement, in whole or in part, nor delegate its duties under this Agreement, without the prior written consent of DSS. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes any prior negotiations, promises, understandings, agreements, course of dealing or performance, representations, warranties, or communications, whether oral or written, between the parties hereto.

Medline Industries, Inc.

Disaster preparedness and response plan for
the continued availability of essential medical
and surgical supplies.

Gulf Coast Disaster Plan
Updated January 2021

PURPOSE AND SCOPE

Medline Industries, Inc. is committed to our customers' needs in time of crisis. Our substantial investment in specialized equipment, systems and other resources has allowed us to actively and immediately respond to a wide range of disasters over the past years, playing a key or leading role for our customers in many of them. This Disaster Preparedness and Response Plan contains general, but key, information pertaining to Medline's readiness, capabilities, and service parameters in the event and/or anticipation of a disaster including a pandemic epidemic. Medline maintains a proprietary, internal, detailed plan that is used during activation of the Disaster Response Team.

This Disaster Preparedness and Response Plan provides guidance for customers who are developing their own response plan. This information should be used in conjunction with your own Internal Supply Chain Team and your Director of Emergency Preparedness, along with any of your other internal (Infection Control, Legal, Occupational Health, etc.) and external (Governmental, Homeland Security, State Police, Other 3rd Parties, etc.). Medline is available to coordinate with these internal and external teams and resources for discussion and planning purposes, in addition to working with them in times of disaster.

A Disaster Preparedness checklist can be found on Page 6 of this document. The checklist was developed to help customers prepare for a catastrophic event and includes pre- and post-event recommendations.

There is a Medline Customer Service and Operations Key Contact List on page 7. This list identifies individuals within our organization who are dedicated to meeting your needs. Branch information on page 8 is included to reassure you that Medline is well positioned to protect continuity of service. Combined, this information should help your customer partner with Medline before, during, and after catastrophic events.

Medline Operations and Inventory Management encourage you to escalate calls whenever you experience a breakdown in communication. Our expert team is dedicated to serving your needs.

Medline Capabilities

Medline's experience includes leading air and ground efforts to move both supplies and patients during Hurricane Katrina, middle of the night inventory replenishment for customers who have experienced floods and fires, as well as massive efforts to support customers in specific geographic regions who were hit by fire; floods, ice storms, tornados and hurricanes. We've assisted customers in bringing their own facilities back online after catastrophic damage.

Our greatest strengths include our network of 40+ distribution centers with 20+ million SF, thousands of dedicated Team Members, 1,150+ power units in our owned fleet, \$2.0+ billion in domestic inventory, critical disaster response equipment, and our detailed internal disaster response plan. This is in addition to strategic contractual agreements with third party transportation providers and world class emergency preparedness and response partners that we train and work with.

MedTrans is our private truck fleet, which can provide Medline with complete control over delivery capabilities, particularly in an emergency period when there is severe competition for transportation resources. In addition to our private fleet, Medline has contractual agreements with over 100 transportation providers throughout the country, including the highest-rated, same-day/emergency delivery carriers, both ground and air.

Medline's inventory management system helps us achieve the highest service levels in the Healthcare industry. In the event of a disaster the same system can be used to redirect any portion of more than

\$2,000,000,000 of inventory into a targeted geographic area. For the Gulf Coast, our distribution centers in Auburndale, FL; Medley, FL; Oklahoma City, OK; Prattville, AL; Maumelle, AR; Katy, TX; Memphis, TN; Hammond, LA; and Covington, LA; combined with the Wilmer, TX and McDonough, GA distribution centers (two of our largest central stocking locations or "Hubs"), offer a logistical advantage in times of crisis. As situations occur, inventory is immediately re-directed to the areas with the most critical need.

We have also developed programs which allow our customers the option of stockpiling inventory on items of their choosing without incurring the additional expense of self-storage. Please let us know if you would like to review this option for your facility.

We have expanded our production facilities which are now strategically located across three continents. We also have exclusive partnerships with leading suppliers of domestic branded raw materials.

Medline is a major contractor with the Department of Defense, FEMA and the CDC National Stockpile programs.

From our Disaster Response Centers in Mundelein, IL and Dubuque, IA, we have repeatedly demonstrated our ability to successfully marshal action across our entire network of resources: products, facilities, trucks, and team members. In the event of a pandemic or other major disaster, Medline Industries, Inc. will work closely with your facility, as well as other medical facilities in the area, to ensure all customer needs are responded to as promptly as possible.

MEDLINE EMERGENCY ACTION PLAN

In the event of a disaster or other crisis, Medline will activate its Emergency Action Plan or EAP. The Corporate Disaster Response Team (DRT) is preapproved by the Medline Board of Directors to take whatever actions and commit whatever resources (financial and operational) are required to respond in a manner consistent with Medline's Mission, Vision, and Core Values.

Medline's Disaster Response Team (DRT)

The DRT will meet in our Disaster Response Center to determine the nature and scope of the event and initiate an appropriate response.

The DRT consists of the following: President of Global Operations, CIO, Sales EVP, VPs' Operations, VP Inventory Management, VPs' Transportation, Director of Customer Service, and the Director Operations and Warehouse Manager of affected, distribution centers and their back-up centers.

The President Global Operations or Region VP Operations will lead the DRT and utilize the detailed internal disaster plan for the specific disaster and assign action items to each member of the DRT, who will then engage all internal and external resources that are part of their response plan.

The DRT or members of the team will be dispatched to the affected site by air, if it is determined that would be more effective.

The DRT will continue to meet twice daily to reassess the situation and redirect resources when and where appropriate. This will include communications discussed below.

Customer Communications

1. Once the nature and scope of the event is determined, the VP of Operations and the local Distribution Center Director will contact Senior Sales person(s) for the geographical area. Please note that Medline Operations sends notifications to Customer Service and Field Sales in advance and tracks any disasters that can be anticipated.
2. The Senior Sales person and VP Operations will contact customers (contacts and methods of communication vary by Customer and Request) to determine short and long term critical needs.
3. Based on Customer requirements and intensity of event, plans will be developed to ensure the requested inventory is delivered as early as possible to ensure continuity of business. All members of the DRT will be utilized (Transportation, Inventory Management, IS, Customer Service.) Please note that before we even get customer orders (except for Standing Emergency Orders which we strongly encourage customers to consider), we have already begun redirecting additional inventory to the affected area.
4. If any portion of the plan changes for any reason, the Medline VP Operations is accountable to notify Medline Senior Sales and the customer to discuss cause of change and develop alternative actions. Most of these communications occur during the twice daily Internal Medline DRT Calls and pre or post calls can also be made to any Customers who so request.

Disaster Preparedness and Response Plan

In the event that a natural or other disaster destroys or renders a Medline facility inoperable, the following procedures are in place to maintain continuity of service:

1. One of three assigned back-up distribution centers will act as a temporary distribution center for a designated service area. Within 2 (two) hours all orders will be moved to the back-up branch until such time as the primary branch can resume operations.
2. MedTrans fleet assets, distribution personnel, and additional third party transportation assets may be repositioned to provide additional transportation and support services in areas with the most critical need.
3. As the situation dictates, inventory will be reallocated to the appropriate back-up distribution center to accommodate the increased demand.

Medline will extend its hours of operation in all appropriate locations to ensure all customers' needs are met. Medline has contractual agreements with both LTL (common) carriers and same-day express – ground and air delivery services – that will also flex their hours of operation as required.

Medline will continue to process orders and make deliveries as long as the safety of our employees is not jeopardized and local authorities do not impede service. Please note that there are varying levels of notification from local and state authorities and we monitor a number of web sources to help us make these decisions, in addition to contacting the respective agencies from our specific call list. We do move our trucks during times that agencies request all traffic to be off the roads, if there is an urgent need and after we discuss with the agencies. This need will be determined via customer discussions (Customer calls are initiated to Prime Vendor and other customers whose deliveries could be more critical) after discerning the anticipated timing of the road delay or closure and the customers determination of the criticality of their supply needs. This criticality could allow for a delay in delivery, could require a smaller part of an order to be expedited using available premium delivery methods or re-routing to other Medline DC's if delivery options are available. Our Customer Communication is preferred via our Customer Service Team or Sales Reps, but can also be delivered via email.

The DRT will provide updates to our Sales and Customer Service Teams twice daily, or any time there is a significant change in our service capabilities. These teams will then handle customer communications. As noted above, there are customers who may specifically request Medline and their DRT to provide direct updates or direct participation in their internal planning, and these will be handled as they arise.

In times of crisis, customer pickups will be available as long as the distribution facility is secure and operational. In the event of a pandemic, some other restrictions may apply in an effort to protect our employees, our customers, and their needs.

Disaster Preparedness Checklist

- ☐ Identify your needs now. What are the special needs of your patient population? Will that population change in the event of a disaster (i.e. more long-term care needs vs. outpatient surgery)? What happens when the nursing home around the corner gets shut down or can no longer accommodate patients?
- ☐ Establish product formularies for multiple contingencies. Try to have alternates or pre-approved or "qualified" substitutes for the most critical items.
- ☐ Work with your Medline rep to prepare a pre-approved substitution list for any critical custom sterile or non-sterile kit.
- ☐ Prepare your emergency order(s) in advance. Your Medline rep can help you develop a par level of commonly ordered items or those most likely needed in responding to a particular disaster. Medline has systems in place to block, for review, orders that exceed historical usage for a customer, distribution center or geographic region. This mechanism is in place to prevent hoarding during the response phase of any disaster. Stockpiling in preparation of a disaster is encouraged and your Medline rep can help you with programs designed to mitigate the expense of carrying additional inventory. Many customers prefer the security of having additional inventory on-hand but lack the storage space to "stock-up". Medline can help arrange a trailer with supplies of your choosing and stage it at your facility. (Account will be responsible for trailer detention and appropriate return/restocking fees should the inventory not be utilized.)
- ☐ Place standing purchase orders. Medline will retain standing orders to release under a set of prior agreed to circumstances unless otherwise notified.
- ☐ Make copies! Keep hardcopies of all product formularies and their corresponding par levels, emergency orders ready to be placed and standing PO's you may have already placed. Make sure others that need to know will know where to find them and what needs to be done.
- ☐ If a disaster is imminent place your orders early - 96 hours in advance if possible, 72 hours at the latest. The closer we get to an impending disaster or a known danger the more difficult it becomes for us to do everything for everyone.
- ☐ Consolidate your orders. Multiple orders can potentially slow operations.
- ☐ Think about how supplies will get to you. Identify a back-up receiving area. Make sure other plans don't get in the way of your own. Are you prepared to handle alternate or flexible delivery times (after hours, weekends, etc.)?
- ☐ Designate a point person. Who in your facility is responsible for your disaster preparedness plan? Who is the person that will lead your facility's response? Who in your facility is responsible for coordinating with your suppliers for supply chain continuity? Your Medline rep will continue to be your primary contact for the coordination of all orders, deliveries, backorder relief as well as special needs just as they are today. Make sure your rep knows who to contact and how, and if that person isn't available, and that person, ...
- ☐ Provide a list of all facility emergency contact numbers to your Medline representative. This will ensure communication channels remain open.
- ☐ Know who to call at Medline. In addition to your Medline sales rep the only number you need is 1-800-MEDLINE.

Medline Customer Service

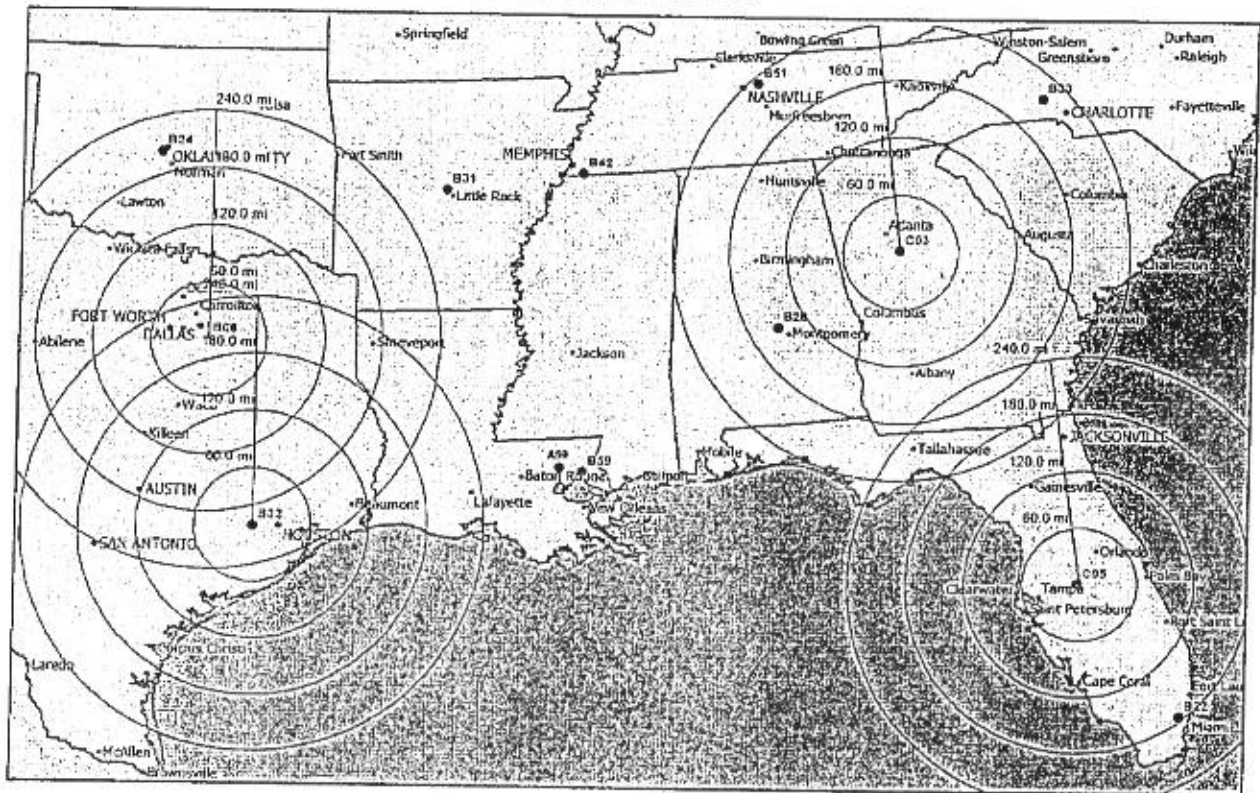

Medline's customer service department is available 24 hours a day, 365 days a year for assistance with emergency orders.

Customer service representatives have access to all DRT members as well as the most senior management of the company. Rest assured these representatives will get you to the right person within Medline to handle your special needs during a crisis.

Often the ability to dial toll-free exchanges is disrupted following a service outage. If you are unable to connect with a service representative using the toll-free number please use the secondary (direct exchange number).

2021 Nursing Home Emergency Preparedness Plan Survey

Multiple Primary Host Site(s) - print then complete the following two pages for each additional site.

I. Provide the following information:(list primary sites in this area, if multiple sites list each)

- i. What is the name of each primary site(s)?

- ii. What is the physical address of each host site(s)?

- iii. What is the distance to each host site(s)?

- iv. Is the host site(s) located outside of the parishes identified as hurricane risk areas?

- v. Does plan include map of route to be taken and written directions to host site?
☐ Yes. If No - obtain and mark Yes.
- vi. Who is the contact person at each primary host site(s)?
Name: _____
Phone: _____
Email: _____
Fax: _____
- vii. What is the capacity (number of residents allowed) of each primary host site(s)?
 - Capacity that will be allowed at each site:

 - Is this adequate for all evacuating residents?
☐ Yes. If No - obtain and mark Yes.
- viii. Is the primary site a currently licensed nursing home(s)?
 - ☐ Yes, go to- B.4.b) x.
 - ☐ No, go to- B.4.b) ix.
- ix. If primary host site is **not** a licensed nursing home provide a description of host site(s) including;
 - What type of facility it is?

 - What is host site currently being used for?

 - Is the square footage/area of the space to be used adequate for the residents?
☐ Yes
☐ No
 - What is the age of the host facility(s)?

 - Is host facility(s) air conditioned?
☐ Yes

2021 Nursing Home Emergency Preparedness Plan Survey

- ☐ No
- What is the current physical condition of facility?
 - ☐ Good
 - ☐ Fair
 - ☐ Poor
- Are there adequate provisions for food preparation and service?
 - ☐ Yes
 - ☐ No
- Are there adequate provisions for bathing and toilet accommodations?
 - ☐ Yes
 - ☐ No
- Are any other facilities contracted to use this site?
 - ☐ Yes
 - ☐ No
- x. Is the capacity of primary host site(s) adequate for staff?
 - ☐ Yes
 - ☐ No. If No - where will staff be housed?

- xi. Is there a specified time or timeline (H-Hour) that primary host site will need to be notified by?
 - ☐ Yes. If Yes - what is that time? _____
 - ☐ No.

2021 Nursing Home Emergency Preparedness Plan Survey

Multiple Alternate/Secondary Host Site(s) – print then complete the following two pages for each additional site.

A. Provide the following information:(list each alternate or secondary site)

- i. What is the name of each alternate/secondary site(s)?

- ii. What is the physical address of each alternate/secondary host site(s)?

- iii. What is the distance, in miles, to each alternate/secondary host site(s)?

- iv. Is the host site(s) located outside of the parishes identified as hurricane risk areas?
☐ Yes
☐ No
- v. Does plan include map of route to be taken and written directions to host site?
☐ Yes. If No - obtain and mark Yes.
- vi. Who is the contact person at each alternate/secondary host site(s)?
Name: _____
Phone: _____
Email: _____
Fax: _____
- vii. What is the capacity (number of residents allowed) of each alternate/secondary host site(s)?
➤ Capacity that will be allowed at each alternate/secondary site:

➤ Is this adequate for all evacuating residents?
☐ Yes. If No - obtain and mark Yes.
- viii. Is the alternate/secondary site a currently licensed nursing home(s)?
☐ Yes go to - B.4.d) x.
☐ No, go to - B.4.d) ix.
- ix. If alternate/secondary host site is not a licensed nursing home provide a description of host site(s) including;
➤ What type of facility it is?

➤ What is host site currently being used for?

2021 Nursing Home Emergency Preparedness Plan Survey

- Is the square footage/area of the space to be used adequate for the residents?
☐ Yes
☐ No
- What is the age of the host facility(s)?

About Legacy in Port Allen

Our quiet Port Allen facility is home to a bird aviary where the birds were hand chosen to provide comfort and joy to our residents who suffer with mental health issues. Legacy of Port Allen specializes in providing activities and services to our predominately psychiatric population. The staff of Legacy in Port Allen take pride in loving our residents as our own family learning their specific histories, behaviors, and current preferences.

Mental health matters - our mental health professionals visit monthly to assure our residents enjoy the best possible health, and the entire parameters of the facility are secured for the protection of our residents. We also encourage our residents who benefit from it to participate in outpatient day programs where they see extra mental and behavioral health professionals, visit with others in the community, and participate in therapeutic activities. The happy times don't stop there though - we also hold regular mass, rosary, bingo, pretty nails, several socials for holidays or special occasions, ice cream truck, and even monthly birthday parties!

Meals are special too! While we are required to offer alternative meal choices for every meal, we don't stop there and typically have extra alternatives such as fresh salads or soup and sandwich choices. We also provide residents specialized diets to complement our intensive physical therapy programs. Legacy of Port Allen also has Speech and Occupational Therapy programs as well.

DEIDRA S. JONES, NFA

Administrator -

[MORE](#)

Join our Legacy of Port Allen family where you will feel welcome and right at home!

Our residents enjoy an annual crawfish boil during Nursing Home Week, a fish fry for Easter, and we really enjoy celebrating the holidays! We throw an annual Halloween Party with a Costume Contest, a delectable Thanksgiving Dinner, an enormous Christmas Party with Santa and gifts, and a Fall Festival with games, prizes, and jamibalaya. Between those wonderful occasions we schedule outings such as the Zoo and Casino as well.

About Legacy in Plaquemine!

Our residents tell us their favorite thing about Legacy in Plaquemine is the people. "They're just so incredibly warm and friendly" they say! But that's only the beginning of a wonderful life at Legacy. Every day is an adventure in cuisine at our cafeteria where you can select from a extensive menu or order a simple staple diet every day. Evenings you can hear the laughter in the commons where residents regularly get together to play cards or watch a movie - we provide the popcorn - and during the day many of our residents can be found just outside their rooms tending to their rosebushes.

Legacy Nursing has it all. We have advanced physical therapy programs and a complete gym to exercise in, the facilities are modern and constantly being updated, and the grounds are wide so that our family can roam and explore as far as they might like to. We offer dental assistance, all kinds of entertainment, and we're on call 24-7 to make sure you or your loved ones are comfortable and safe.

More than that, the facility is convenient to the beautiful town of Plaquemine where you'll find a fabulous collection of historic homes along the Mississippi River, the lavish Cathedral and nearby is the elegant and very large park on the waterfront. Plaquemine is best known for 'sweet sugar cane' and is surrounded by golden fields of it. It offers a host of entertainment possibilities including movie theatres, a play troupe, and a number of festivals year round along with special city celebrations of the major holidays.

About Legacy in Tallulah

We strive to bring your loved one's interests to life through programs and outings that reflect their talents and personalities, while also offering new experiences that will challenge them and keep them mentally healthy. From wellness programs to cultural and social events — there are opportunities for everyone to be involved.

Our goal at Legacy Nursing and Rehabilitation in Tallulah is to assist each family during their search for senior living — no matter what stage of the process they are in. Whether you're just starting the search or you've already visited what feels like a million communities, you'll find what you need in this section to make a thoughtful, well-informed decision about senior living.

Making an important decision, such as this, takes time. But it is possible to make the right one for your family. You don't have to do it alone though. At Legacy of Tallulah, we are here to serve you. Our associates help families in the same situation every day. They can answer any questions, talk through any concerns, and provide a listening ear. Often, the hardest part of the process is just getting started, and you've already accomplished that. Now we're just here to help you through the next few steps.

PAIGE GRADY

Administrator -

[MORE](#)

When you consider senior living, you want to be certain that a senior living community will treat your loved one with the love and respect they deserve. You want a place that feels like home, where caring staff members listen to your loved one's needs and provide an environment that's fulfilling and engaging. We understand how difficult it can be to entrust the care of your loved one to someone else. We understand the trust that it requires — and we don't take that lightly.

At Tallulah Legacy Home, our residents and their families are our #1 priority. And one way we show that is by creating a place that our residents love living in. Our senior living facilities feature well-furnished buildings with spacious lodging, active social communities, and expert and welcoming staff.

About Legacy in Bryan

Legacy Nursing & Rehabilitation facility located in Bryan, Texas blends the amenities of the city with the touch of a small town. Bryan is in the heart of the Brazos Valley, easily accessible from several nearby communities including Navasota, Hearne, Madisonville, and Caldwell.

A newly constructed building, our Bryan location, boasts beautiful areas to gather and visit with family throughout the facility as well as incredible courtyards to enjoy. The facility offers three room designs, private, semi-private and expanded semi-private rooms to choose from. All rooms have a private bathroom area including a shower. Rooms are equipped with a refrigerator and television, and are furnished with dressers, nightstands and chairs.

Residents are welcomed to our main dining room by our parakeets and can enjoy meals surrounded by the peacefulness of two large aquariums. A full day of activities including games, bird watching, art, church services and parties are available for our residents to enjoy. Community outings are also a regular activity for our residents to enjoy. Stepping out for lunch at a local restaurant or shopping nearby stores is a great way to keep residents feeling connected to the community. Our goal is to create an inviting environment to help encourage residents to thrive to maintain a full and active life.

MYLES V. HOLYFIELD

About Legacy in Cameron

Legacy Nursing & Rehabilitation facility located in Cameron, Texas in Central Texas is the essence of small town living. This peaceful, thriving rural community is a wonderful place to call home.

Our facility in Cameron has a centrally located courtyard where residents are invited to try their skills in the new flower beds. The facility is also implementing monthly outings where residents have the option to go out to local stores and enjoy shopping. Many residents also choose to attend our weekly Chapel service.

Several members of our dedicated staff have worked at this building for a long time and it shows in their outstanding care of our residents. The decision to place a family member in long-term care is never an easy one. Our Cameron staff is happy to work with you to help answer any questions about our facility and the admission process.

2021 Nursing Home Emergency Preparedness Plan Survey

AUTHENTICATION

Facility Name (Print):

LEGACY OF FRANKLIN

The Emergency Preparedness Plan for the above named facility provides the emergency operational plans and procedures that this facility will follow during emergency events. The current plan supersedes any previous emergency preparedness plans promulgated by this facility for this purpose. This plan was developed to provide for the health, safety, and wellbeing of all residents. I (current/acting administrator) have read and agree that the information used and included in the facility's emergency preparedness plan is current, valid, and reliable.
