Dear JANE DOE:

Medicaid Expansion

Louisiana will expand Medicaid to include more people beginning July 1, 2016. This means you will be eligible for full Medicaid coverage.

How does this affect me?

Any people listed below have already been enrolled in full Medicaid coverage with a Health Plan and do not need to apply.

What is Healthy Louisiana?

Healthy Louisiana (used to be called Bayou Health) is the way most Louisiana Medicaid recipients receive the healthcare services they need. The state has five Health Plans that deliver these services through their provider networks. Each Plan provides the same basic health coverage. Each Plan covers different prescriptions drugs and offers different "extra benefits" for members. These extra benefits may include things like eye glasses and dental visits, rewards for going to wellness appointments and help with quitting smoking.

The people listed below can start getting services from the Health Plan on July 1, 2016.

The Health Plan listed above will send you a welcome packet in the mail that has information about the Health Plan, the services offered, as well as your Health Plan ID card. Please take your Health Plan ID card and your Medicaid card with you when you get health care.
If you want to change your Health Plan
You can stay with this Health Plan, or you can choose a different Health Plan, if you want. Review the chart sent with this letter that shows the differences in the Plans. Talk to your current providers and find out what Health Plans they take. Check the list of prescription drugs the plans cover at www.dhh.la.gov/HealthyLaPDL or you can call the Health Plans directly to ask about specific prescriptions.

To change your Plan, call 1-855-229-6848, TTY 1-855-LAMed4ME (1-855-526-3346) before September 29, 2016. All Health Plan changes made before July 28, 2016 will take effect August 1. After that, any requests to change Health Plans will take effect the first day of the next month, but no later than October 1.

After September 29, 2016, you must stay in your current Health Plan until the 2017 open enrollment period, unless you have a good reason to change. During open enrollment, in late 2017, you will get a letter from Healthy Louisiana letting you know you can change Plans or stay in the Plan you are already in.

Choose a Primary Care Provider
A primary care provider is your regular healthcare provider, the person you go to when you are sick, or for a check-up. You can choose a doctor, clinic or nurse practitioner to be your primary care provider. Please call your Health Plan at the phone number listed above to choose your primary care provider. If you don’t choose a primary care provider, the Health Plan will choose one for you. It is best to make your own choice.

Questions?
We can help! Call Healthy Louisiana at 1-855-229-6848, TTY 1-855-LAMed4ME (1-855-526-3346). The call is free.
