

Social Distancing Toolkit

for Seniors

This Social Distancing Toolkit was designed as a reference guide for the Senior residents of Louisiana. By promoting and sharing this information, Louisiana's Senior community will be informed and educated about modes of transmission of infectious diseases, precautions, prevention and preparedness which will prevent the spread of various types of illnesses.

General use of this toolkit is to:

- Inform the Senior community about germs and how to prevent the spread of germs and infectious diseases, especially respiratory illnesses
- Provide tools to educate the Senior community about the importance of social distancing

This toolkit contains the following:

- LDH/OPH, CDC, and other generated publications including posters and videos that can be disseminated to target groups
- PowerPoint presentations that can be generated upon request
