

Maximize your benefits!

# WIC & SNAP Work Together

Use your WIC card first at checkout, then your SNAP card to help keep your family well-fed and your budget strong.

## Make Every Dollar Go Farther

### 01 Check your benefits

Before you go to the store, check both your WIC and SNAP benefits, so you know what can be covered by each benefit.

### 02 Use WIC before SNAP at checkout

At checkout, use your WIC card before your SNAP card. That way you don't spend SNAP benefits on WIC items.

### 03 Apply your coupons and incentives

Make the most of your benefits by using any available coupons or incentives. Simply bring them to the store and give them to your cashier at checkout.

### 04 Helpful reminder

WIC benefits expire on the last day of the month they are issued. SNAP benefits typically do not expire, but will expire if you do not use your EBT card for nine months.

Not on WIC? It's easy to get started.
