**Part 1 – Written Questions and Answers:**

Question #	Question	Agency Response
1	Can the agency providing CSoC services also be the provider of Specialized Behavioral Health services?	No
2	Do you know the likely hood of the RFI becoming a RFP? Is the OBH replacing Magellan for the CSoC program?	The CSoC contract is expiring. LDH has issued an RFI for the purpose of gathering information from qualified companies, individuals, etc. who show a demonstrated capacity to provide coordination, administration, and management of specialized behavioral health services to Louisiana Medicaid children and youth eligible for, or enrolled in, the Coordinated System of Care (CSoC). The CSoC program serves children and youth with severe emotional disturbances through the State’s Medicaid 1915(b)(3) and 1915(c) waivers.
3	I understand that this is only for a RFI, but once the RFP is announced, will there be multiple agencies selected or will it be one agency per region?	LDH expects to have one statewide contractor manage and administer the CSoC program.
4	1. Is this a new requirement, or is there a vendor currently providing these services? If so, what is the vendor name, their contract term, and the	1. The CSoC program is not new and there was a vendor that was providing these services under contract up until 10/31/2021. The

5	<p>1. Does the state expect a copy of the license or certificate to be provided as part of the RFI response? If so, are those pages excluded from page limits?  2. If a copy is not expected, does the state expect that a respondent acknowledge whether it maintains a license or certificate within its narrative response?</p>	<p>1. Not at this time  2.
