Reference Number: 2000107342 (5)

Vendor: Louisiana Healthcare Connections, Inc

Description: Provide healthcare services to Medicaid enrollees

Approved By: Pamela Rice

Approval Date: 6/07/2016

Your amendment that was submitted to OSP has been approved.

AMENDMENT TO
AGREEMENT BETWEEN STATE OF LOUISIANA
DEPARTMENT OF HEALTH AND HOSPITALS

Amendment #: 5
LAGOV#: 2000107342
DHH #: 060466

(Regional/ Program/ Facility) Medical Vendor Administration
Bureau of Health Services Financing
AND
Louisiana Healthcare Connections, Inc.
Contractor Name

Original Contract Amt 1,964,731,789
Original Contract Begin Date 02-01-2015
Original Contract End Date 01-31-2018
RFP Number: 305PUR-DHHRFP-BH-H

AMENDMENT PROVISIONS

Change Contract From: From Maximum Amount: 3,947,822,893 Current Contract Term : 2/1/2015 - 1/31/2018

See Attachment A-5.

Change Contract To: To Maximum Amount: Changed Contract Term:

See Attachment A-5.

Justifications for amendment:

The changes contained in Attachment A-5 are necessary for the continued successful operation of the Medicaid managed care program.

This Amendment Becomes Effective: 02-01-2016

This amendment contains or has attached hereto all revised terms and conditions agreed upon by contracting parties.

IN WITNESS THEREOF, this amendment is signed and entered into on the date indicated below.

MCO Contract Amendment #5

Attachment A-5

Effective Date 2/1/2016

Exhibit/ Attachment	Document	Change From:	Change To:	Justification
Attachment B	Statement of Work		Replace with updated version.	Revisions were necessary to clarify the protocol for reporting on performance measures and to outline that contract monitoring will be at the direction of the Medicaid Director or his/her designee.
Attachment D	Rate Certification		Replace with updated rate certification letter.	Required annual rate certification.
Attachment E	Incentive-Based Performance Measure Reporting		Replace with updated version.	A new measure, "Follow-Up After Hospitalization for Mental Illness," was added.
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	5.16 Health Insurance Provider Fee (HIPF) Reimbursement	See attached for revisions.	The revisions were made to clarify that the source of the HIPF calculation methodology will be the MCO Financial Reporting Guide.
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	6.3.6.1 The MCO or its subcontractor(s) shall contract with the psychiatric facilities and residential substance use facilities so that the plans are notified upon patient admission and upon patient planned discharge from the psychiatric facility or residential substance use facilities. Prior to discharge the MCO shall be informed of the recipient's discharge	6.3.6.1 The MCO or its subcontractor(s) shall contract with the psychiatric facilities and residential substance use facilities so that the plans are notified upon patient admission and upon patient planned discharge from the psychiatric facility or residential substance use facilities. Prior to discharge the MCO shall be informed of the recipient's discharge medications. The MCO will then be responsible to	The revision was made to clarify that there may be circumstances where notification is not received upon admission and that it is the expectation of the Department that the prescription penned on or before the date of discharge should be honored for 90 days.

MCO Contract Amendment #5

Attachment A-5

Effective Date 2/1/2016

Exhibit/ Attachment	Document	Change From:	Change To:	Justification
		medications. The MCO will then be responsible to override or allow all behavioral health discharge medications to be dispensed by overriding prior authorization restrictions for a ninety (90) day period. This includes, but is not limited to, naloxone, Suboxone, and long-acting injectable anti-psychotics.	override or allow all behavioral health discharge medications to be dispensed by overriding prior authorization restrictions for a ninety (90) day period. This includes, but is not limited to, naloxone, Suboxone, and long-acting injectable anti-psychotics. <u>If the MCO is not notified prior to discharge and the member presents at the pharmacy with a medication issued at the time of discharge, the MCO will provide a prior authorization override for a ninety (90) day period from the date of discharge as long as the member presents the prescription within ninety (90) days of being discharged from a psychiatric and/or residential substance use facility.</u>	
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	6.19.4. Individualized Treatment Plans and Care Plans All SHCN members shall be referred for, and if found eligible, offered case management, including an individualized treatment plan or a person-centered plan of care.	6.19.4. Individualized Treatment Plans and Care Plans All SHCN members shall be referred for, and if found eligible, offered case management, including an individualized treatment plan or <u>and</u> a person-centered plan of care.	The revision provides more time for providers to develop treatment plans for adults receiving rehabilitation services.

MCO Contract Amendment #5

Attachment A-5

Effective Date 2/1/2016

Exhibit/ Attachment	Document	Change From:	Change To:	Justification
		The individualized treatment plans must be: 6.19.4.1. Developed by the member’s primary care provider and/or other lead provider as appropriate, with member participation, and in consultation with any specialists caring for the member; 6.19.4.2. Approved by the MCO in a timely manner, as defined and required by the MCO; and 6.19.4.3. In compliance with applicable quality assurance and utilization management standards. 6.19.4.4. SHCN members identified in 6.19.1.6 and 6.19.1.7 must have a person-centered plan of care that serves as the basis of service authorization for specialized behavioral health services and is thus inclusive of all treatment plan elements requiring authorization.	The individualized treatment plans must be: 6.19.4.1. Developed by the member’s primary care provider and/or other lead provider as appropriate, with member participation, and in consultation with any specialists caring for the member; <u>For SHCN members, the treatment plan shall be submitted to the member’s MCO no later than 30 days following the completion of the initial assessment or annual reassessment.</u> 6.19.4.2. Approved by the MCO in a timely manner, as defined and required by the MCO; and 6.19.4.3. In compliance with applicable quality assurance and utilization management standards. 6.19.4.4. SHCN members identified in 6.19.1.6 and 6.19.1.7 must have a person-centered plan of care <u>that includes all medically necessary services including specialized behavioral health services identified in the member’s treatment plan.</u> that serves as the basis of service authorization for specialized behavioral health services and is thus

			<u>am on the day after the prior MCO's contract ends.</u>	
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	6.38.3 Additional Case Management Requirements for the SHCN populations with behavioral health needs as defined in 6.19. A Plan of Care shall be developed by the MCO for this population annually at a minimum and as needed. The plan of care shall list all services and intensity of those services appropriate for the individual. The POC serves as the basis of service authorization and shall be inclusive of all treatment plan elements requiring authorization by the MCO. The POC shall be integrated and shall identify both physical and behavioral service needs. Additionally, the POC shall include natural supports needed and referrals to other services.	6.38.3 Additional Case Management Requirements for the SHCN populations with behavioral health needs as defined in 6.19. A Plan of Care shall be developed by the MCO for this population annually at a minimum and as needed. The plan of care shall list all services and intensity of those services appropriate for the individual. The POC serves as the basis of service authorization and shall be inclusive of all treatment plan elements requiring authorization by the MCO. The POC shall be integrated and shall identify both physical and behavioral service needs. Additionally, the POC shall include natural supports needed and referrals to other services.	A revision was made to ensure the member's treatment plan, not the plan of care, is the basis of the services authorization.
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	6.38.5.4. In order to comply with federally mandated timelines, the MCO shall submit the completed Level II evaluation report to OBH within four (4) calendar days of receipt of the referral from OBH.	6.38.5.4. In order to comply with federally mandated timelines, the MCO shall submit the completed Level II evaluation report to OBH within four (4) calendar <u>working</u> days of receipt of the referral from OBH.	The timeframe for the MCOs to complete the PASRR Level II Evaluations has been changed to 4 working days of receipt of the referral from OBH to allow for weekends and holidays.

MCO Contract Amendment #5

Attachment A-5

Effective Date 2/1/2016

Exhibit/ Attachment	Document	Change From:	Change To:	Justification
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	6.38.6.2. The MCO shall have a person centered plan of care completed within 30 days from the OBH PASRR Level II determination. Service authorizations for specialized behavioral health services must be in place within 15 days following the completion of the plan of care.	6.38.6.2. The MCO shall have a person centered plan of care completed within 30 days from the OBH PASRR Level II determination <u>or admission to the nursing facility, whichever is later.</u> Service authorizations for specialized behavioral health services must be in place within 15 days following the completion of the plan of care.	Language was added to allow the MCOs the opportunity to complete a plan of care for a member within the appropriate timeframes following OBH PASRR Level II determination and upon admission to the nursing facility.
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	7.17.1.8. The MCO may negotiate the ingredient cost reimbursement in its contracts with providers. However, the MCO shall: • Pay a per-prescription dispensing fee, as defined in this contract, at a rate no less than \$2.50 to all “local pharmacies” as defined in Act 399 of the 2015 Regular Session of the Louisiana Legislature; • Add any state imposed provider fees for pharmacy services, on top of the minimum dispensing fee required by DHH; • Update the ingredient costs of medications at least weekly; • Make drug pricing list available to pharmacies for review; and	7.17.1.8. The MCO may negotiate the ingredient cost reimbursement in its contracts with providers. However, the MCO shall: • Pay a per-prescription dispensing fee, as defined in this contract, at a rate no less than \$2.50 to all “local pharmacies” as defined in Act 399 of the 2015 Regular Session of the Louisiana Legislature; • Add any state imposed provider fees for pharmacy services, on top of the minimum dispensing fee required by DHH; • Update the ingredient costs of medications at least weekly; • <u>Base Maximum Allowable Cost (MAC) price lists on generic drugs with a FDA rating beginning with an "A";</u>	A revision as made to require that MAC reimbursement rates be based on A rated therapeutically equivalent generic drugs.

MCO Contract Amendment #5

Attachment A-5

Effective Date 2/1/2016

Exhibit/ Attachment	Document	Change From:	Change To:	Justification
		- Afford individual pharmacies a chance to appeal inadequate reimbursement; and. - Provide for a “local pharmacy” appeals process in accordance with Act 399 of the 2015 Regular Session of the Louisiana Legislature.	- Make drug pricing list available to pharmacies for review; and - Afford individual pharmacies a chance to appeal inadequate reimbursement; and. - Provide for a “local pharmacy” appeals process in accordance with Act 399 of the 2015 Regular Session of the Louisiana Legislature.	
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	12.12.1.8 The amount, duration, and scope of benefits available to the member under the contract between the MCO and DHH in sufficient detail to ensure that members understand the benefits to which they are entitled, including specialized behavioral health benefits and information about health education and promotion programs, including chronic care management;	12.12.1.8 The amount, duration, and scope of benefits available to the member under the contract between the MCO and DHH in sufficient detail to ensure that members understand the benefits to which they are entitled, including specialized behavioral health benefits and information about health education and promotion programs, including chronic care management, <u>tobacco cessation, and problem gaming</u> ;	A revision was made to formally require that a reference to tobacco cessation and problem gaming be noted in the member handbook
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA	12.12.1.38.3 At a minimum, each welcome newsletter shall include the following information as it applies to the covered populations as specified in section 3.3.3.: ...	Addition of new bullet: <u>Problem gaming treatment with a website link to potential resources, such as http://new.dhh.louisiana.gov/index.cfm/page/2253</u>	A revision was made to formally require that a reference to problem gaming be noted in the welcome newsletter

		§164.402, or potential violation, breach, or disclosure within three (3) days of DHH notifying the MCO of a HIPAA violation, breach, use, or disclosure of PHI as defined in 45 CFR §164.402 or potential violation, breach, or disclosure. ...	use or disclosure of PHI as defined in at 45 CFR §164.402, or potential violation, breach, or disclosure within three (3) days of DHH notifying the MCO of a HIPAA violation, breach, use, or disclosure of PHI as defined in 45 CFR §164.402 or potential violation, breach, or disclosure. ...	
Exhibit 3	RFP 305 PUR-DHHRFP-BH-MCO-2014-MVA – Appendix J Performance Measure Reporting		Replace with updated version.	Behavioral health HEDIS measures were added and the order of the measures was revised.

5.16. Health Insurance Provider Fee (HIPF) Reimbursement

If the MCO is identified by the Internal Revenue Service (IRS) as a covered entity and thereby subject to an assessed fee ("Annual Fee") whose final calculation includes an applicable portion of the MCO's net premiums written from DHH's Medicaid/CHIP lines of business, DHH shall, upon the MCO satisfying completion of the requirements below, make an annual payment to the MCO in each calendar year payment is due to the IRS (the "Fee Year"). This annual payment will be calculated by DHH (and its contracted actuary) as an adjustment to each MCO's capitation rates, in accordance with the MCO Financial Reporting Guide, for the full amount of the Annual Fee allocable to Louisiana Medicaid/CHIP with respect to premiums paid to the MCO for the preceding calendar year (the "Data Year."). The adjustment will be to the capitation rates in effect during the Data Year.

5.16.1. The MCO shall, at a minimum, be responsible for adhering to the following criteria and reporting requirements:

- 5.16.1.1.** Provide DHH with a copy of the final Form 8963 submitted to the IRS by the deadline to be identified by DHH each year. The MCO shall provide DHH with any adjusted Form 8963 filings to the IRS within 5 business days of any amended filing.
- 5.16.1.2.** Provide DHH Louisiana-specific Medicaid and CHIP-specific premiums included in the premiums reported on Form 8963 (including any adjusted filings) by the deadline to be identified by DHH each year (for the initial Form 8963 filing) of the Fee Year and within 5 business days of any amended filing.
- 5.16.1.3.** If the MCO's Louisiana-specific Medicaid/CHIP premium revenue is not delineated on its Form 8963, provide with its Form 8963 a supplemental delineation of Louisiana-specific Medicaid/CHIP premium revenue that was listed on the MCO's Form 8963 and a methodological description of how its Louisiana-specific Medicaid/CHIP premium revenue (payments to the MCO pursuant to this Contract) was determined. The MCO will indicate for DHH the portion of the Louisiana-specific Medicaid/CHIP premiums that were excluded from the Form 8963 premiums by the MCO as Medicaid long-term care, if applicable, beginning with Data Year 2014.
 - 5.16.1.3.1.** The MCO shall also submit a certification regarding the supplemental delineation consistent with 42 CFR 438.604 and 42 CFR 438.606.
 - 5.16.1.3.2.** If a portion of the Louisiana-specific Medicaid/CHIP premiums were excluded from the Form 8963 premiums by the MCO as Medicaid long-term care, the MCO shall submit the calculations and methodology for the amount excluded.

- 5.16.1.4.** Provide DHH with the preliminary calculation of the Annual Fee as determined by the IRS by the deadline to be identified by DHH each year.
- 5.16.1.5.** Provide DHH with the final calculation of the Annual Fee as determined by the IRS by the deadline to be identified by DHH each year.
- 5.16.1.6.** Provide DHH with the corporate income tax rates – federal and state (if applicable) -- by the deadlines to be identified by DHH each year. and include a certification regarding the corporate income tax rates consistent with 42 CFR 438.604 and 42 CFR 438.606.
- 5.16.2.** For covered entities subject to the HIPF, DHH will ~~perform the following steps to evaluate and~~ calculate the HIPF percentage in accordance with the steps outlined in the MCO Financial Reporting Guide and based on the Contractor's notification of final fee calculation (i.e., HIPF liability) and all premiums for the Contractor subject to Section 9010, as reported on the Contractor's Form 8963, and agreed reasonable by DHH.

 - ~~**5.16.2.1.** Review each submitted document and notify the Contractor of any questions.~~
 - ~~**5.16.2.2.** DHH will check the reasonableness of the MCO's Louisiana-specific Medicaid/CHIP premium revenue included on the MCO's Form 8963/supplemental delineation. This reasonableness check will include, but may not be limited to comparing the MCO's reported Louisiana-specific Medicaid/CHIP premium revenue to DHH's capitation payment records.~~
 - ~~**5.16.2.3.** DHH and its actuary will calculate revised Data Year capitation rates and rate ranges to account for the Louisiana portion (specific to this contract) of the Contractor's HIPF obligation per the IRS HIPF final fee calculation notice (as noted in 5.17.1.5. above). To calculate the capitation payment adjustment, the DHH will:~~

 - ~~**5.16.2.3.1.** Calculate the HIPF obligation as a percentage of the total data year premiums subject to the HIPF (this total will include all of the first \$25 million and 50% of the next \$25 million of premium deducted by the IRS). This is the "HIPF%", which is unique to each MCO that is subject to the HIPF.~~
 - ~~**5.16.2.3.2.** Calculate Figure A. Figure A is the total premium revenue for coverage in the Data Year from item 5.17.1.2. above. The Figure A amount has no provision for the HIPF obligation.~~
 - ~~**5.16.2.3.3.** Calculate Figure B. Figure B is the portion of Figure A that is for services subject to the HIPF. Capitation revenue for services that are excludable under Section 9010 of the Patient Protection and Affordable Care Act of 2010, such as long-term care services, will not be included in Figure B. The Figure B amount has no provision for the HIPF obligation.~~

~~5.16.2.3.4.~~ Calculate Figure C. Figure C is the calculation of total revenue that incorporates provision for the HIPF and applicable taxes. DHH will use the following formula to calculate Figure C. If the Contractor has not provided satisfactory documentation of federal income tax obligations under section 5.17.1.5., then the Average Federal Income Tax Rate (AvgFIT%) in the formula will be zero. If the Contractor has not provided satisfactory documentation of corporate net income tax obligations under section 5.17.1.6. or if state income taxes are not applicable, then the Average State Income Tax Rate (AvgSIT%) in the formula will be zero. The Louisiana Department of Insurance has determined that state premium tax is not applicable to the HIPF payment; as such, no consideration for premium tax will be made. If in the future, however, the applicability of premium tax to the HIPF payments changes, the formula will be modified accordingly.

Figure B

$$1 - (\text{HIPF}\% / (1 - \text{AvgSIT}\% - \text{AvgFIT}\% \times (1 - \text{AvgSIT}\%)))$$

~~5.16.2.3.5.~~ Calculate Figure D. DHH will calculate Figure D by subtracting Figure B from Figure C. This is the final HIPF adjustment amount that will serve as the basis for DHH payment to the impacted contractors.

~~5.16.2.3.6.~~ DHH will compare Figure D with Figure B to calculate the percentage adjustment to the Data Year capitation rates and rate ranges for submission to CMS for approval.

5.16.3. DHH (and its contract actuary) will compute the change in capitation revenue that is due to the higher capitation rates by multiplying the adjusted capitation rates by the known member months to determine the total supplemental HIPF payment amount for the MCO.

5.16.4. In accordance with a the schedule to be provided in the MCO Financial Reporting Guide by DHH each contract year, DHH will make a payment to the MCO that is based on the final Annual Fee amount provided by the IRS and calculated by DHH (and its contracted actuary) as an adjustment to the capitation rates in effect during the Data Year. This payment will only be made to the Contactor if DHH determines that that the reporting requirements under this section have been satisfied.

5.16.5. The MCO shall advise DHH if payment of the final fee payment is less than the amount invoiced by the IRS.

5.16.6. The MCO shall reimburse DHH for any amount applicable to Louisiana Medicaid/CHIP premiums that are not paid towards the fee and/or are reimbursed back to the MCO, at any time and for any reason, by the IRS.

5.16.7. DHH reserves the right to update the calculation and method of payment for the Annual Fee based upon any new or revised requirements established by CMS in regards to this fee. In the event the calculation methodology or method

or timing of payment for the Annual Fee as set forth in the MCO Financial Reporting Guide requires modification, DHH will obtain MCO input regarding the required modification(s) prior to implementation of the modification.

- 5.16.8.** Payment by DHH is intended to put the MCO in the same position as the MCO would have been in had the MCO's health insurance providers fee tax rate (the final Annual Fee as a portion of the covered entity's premiums filed on Form 8963) and corporate tax rates been known in advance and used in the determination of the Data Year capitation rates.

The obligation outlined in this section shall survive the termination of the contract.

Statement of Work

Goal/Purpose

Contractor will function as a risk-bearing managed care organization (MCO) that provides core benefits and services to eligible Louisiana Medicaid enrollees as defined in the contract, Louisiana Medicaid State Plan, administrative rules and Medicaid Policy and Procedure manuals.

Entire Contract

The contract shall consist of the Form DHH-CF-1, together with all attachments and exhibits listed on the DHH-CF-1.

Deliverables

The Contractor shall provide all deliverables required in the Request for Proposals issued July 28, 2014, RFP305PUR-DHHRFP-BH-MCO-2014-MVA, which includes all Appendices, Addenda, and responses to written comments.

Performance Measures

The contractor will provide to DHH, or maintain on file, all items that document the completion of deliverables outlined in the contract, including but not limited to:

- 1) Staffing Requirements
 - Develop and maintain written policies, procedures and job descriptions for each functional area.
 - Provide upon request a satisfactory criminal background check or an attestation that a satisfactory criminal background check has been completed as required by law.
 - Provide a list of marketing training dates at least fourteen calendar days prior to the date of training.
- 2) Medical Loss Ratio
 - Provide an annual Medical Loss Ratio (MLR) report following the end of the MLR reporting year, which shall be a calendar year.
- 3) Expanded Services/Benefits
 - The MCO shall provide a description of the expanded services/benefits to be offered by the MCO for approval. Additions, deletions or modifications to expanded services/benefits made during the contract period must be submitted to DHH, for approval.
- 4) Pharmacy Services
 - Submit pharmacy claims information at frequency established by DHH.
 - Submit reporting specific to the pharmacy program, including, but not limited to:
 - Pharmacy help desk performance
 - Prior authorization performance
 - Prior Authorization request turnaround time
 - Number of claims submitted as a 72-hour emergency supply
 - Denials (name of drug, number of requests, number of denials)
 - Pharmacy network access
 - Grievance and appeals
 - Medication therapy management initiatives
- 5) Provider Network
 - Develop and maintain a provider network development and management plan that must be submitted to DHH at least annually.
 - Maintain written agreements that document the existence of a provider network that is sufficient to provide adequate access to all required services.
 - Submit quarterly GeoAccess reports documenting the geographic availability of network providers including PCPs, hospitals, pharmacies, and each specialty type

listed in Appendix TT. The attestation included with this report shall provide narrative identifying any gaps in coverage and the corrective measures that will address them.

- Provide written provider credentialing and re-credentialing policies that are compliant with NCQA Health Plan Accreditation standards and all applicable state laws within 30 days of the signing of the contract.
- Develop and implement network development and management policies.
- Maintain a Provider Directory.
- Maintain and issue a provider handbook within thirty days of the date the contract is signed.
- Conduct provider satisfaction surveys annually.

6) Provider Complaint System

- Develop and implement a provider dispute and appeal process for sanctions, suspensions, and terminations imposed by the MCO against network provider/contractor(s). This process must be submitted for review and approval thirty (30) days from the date the Contract is signed and at the time of any change.
- Provide the names, phone numbers and e-mail addresses of executives with the authority to require corrective actions to DHH within one week of contract approval, and within 2 business days of any changes.

7) Utilization Management

- Develop and maintain policies and procedures with defined structures and processes for a Utilization Management program that incorporates Utilization Review and Service Authorization.

8) Quality Assessment and Performance Improvement (QAPI) Plans

- Form a QAPI Committee.
- Develop a QAPI Work Plan and submit it to DHH thirty (30) days after the effective date of the contract, and annually thereafter.
- Submit QAPI reports annually.

9) Clinical and Administrative Performance Measures

- ~~➤ Report to DHH on administrative measures contained in Appendix J of the RFP on a quarterly basis.~~
- Report performance measures (administrative and clinical) to DHH ~~on clinical measures~~ on an annual 12 month basis after services begin. These measures are contained in the revised Appendix J of the RFP as well as in "Bayou Health Performance Measures: Guide for MCO Reporting." ~~on an annual basis 12 months after services begin.~~
- ~~➤ Report to DHH all clinical measures monthly based on HEDIS specifications, ignoring all continuous eligibility requirements for HEDIS in this monthly reporting.~~
- Publically report on HEDIS 2016 to NCQA.

10) Performance Improvement Projects (PIPs)

- ~~➤ Submit a description of each PIP to DHH for approval within three months of the execution of the contract and at the beginning of each contract year thereafter.~~
- ~~Perform~~ Participate in statewide PIPs designated by DHH.
- Submit background development information and data within three months of the execution of the contract and at the beginning of each contract year thereafter, a minimum of two DHH approved PIPs in each contract year, including the required three year PIP and the one year PIP associated with the contract year
- Submit project ~~data analysis~~ updates to DHH monthly.
- ~~Report to DHH on~~ PIP outcomes to DHH on an annual basis.

11) Member and Provider Call Centers

- Establish and maintain a member call center.
- Develop and submit to DHH for approval a script to be used during the welcome call.
- Develop telephone help line policies and procedures that address staffing, personnel, hours of operation, access and response standards, monitoring of calls via recording or other means, and compliance with standards and emergencies

including but not limited to hurricane-related evacuations. The MCO shall submit these telephone help line policies and procedures, including performance standards, to DHH for written approval prior to implementation of any policies.

- Develop call center quality criteria and protocols to measure and monitor the accuracy of responses and phone etiquette and submit to DHH for review and approval annually.
- Establish and maintain a provider call center.
- Submit draft training materials for telephone agents.
- Develop a contingency plan for hiring call center staff to address overflow calls and emails.
- Submit telephone and internet activity reports monthly.

12) Member Services

- Develop and maintain a member handbook that adheres to federal requirements in required formats.
- Maintain grievance and appeals logs and submit to DHH monthly.
- Conduct Consumer Assessment of Healthcare Providers and Subsystems (CAHPS) surveys annually.
- Develop and implement a Member Advisory Council Plan.

13) Enrollment

- Maintain a record of total PCP linkages of Medicaid members and provide this information quarterly to DHH.

14) Marketing and Member Education Materials

- Submit a plan detailing marketing and member education activities within 30 days of contract signature.
- Develop and maintain a welcome newsletter that adheres to federal requirements.
- Submit to DHH for approval all member materials.
- Maintain copies of all member materials including obsolete versions.
- Maintain documentation that reading level software was utilized, including indicator used and reading level of the item.

15) Enrollment Website

- Submit website screenshots to DHH for approval.
- Maintain documentation that reading level software was utilized, including indicator used and reading level of the item.
- Maintain provider directories.

16) Fraud, Waste, and Abuse Compliance

- Submit plan to DHH within 30 days from the date the contract is signed and annually thereafter.
- Submit fraud and abuse activity report quarterly with an annual summary of activity.
- Attest monthly that a search of websites referenced in Section 15.3.3 of the RFP has been completed.

17) Systems

- Maintain records documenting the exchange all required files with the Medicaid fiscal intermediary.
- Submit encounter data to DHH or its contractor as required.
- Submit refresh plan for review and approval annually.
- Develop, prepare, print, maintain, produce, and distribute to DHH distinct Systems design and management manuals, user manuals and quick reference Guides, and any updates.
- Develop a contingency plan to protect the availability, integrity, and security of data during unexpected failures or disasters, (either natural or man-made) to continue essential application or system functions during or immediately following failures or disasters.
- Enroll at least 75% of all contracted hospitals with an emergency department into the Louisiana Health Information Exchange by December 31, 2015.

18) Claims & Encounters

- Submit weekly encounters to Medicaid fiscal intermediary. ~~Encounters must be submitted within 25 days of payment.~~
- Submit encounter data in accordance with the encounter reconciliation schedule published by DHH or its contracted review organization on the 25th calendar day of the month to the Medicaid fiscal intermediary.
- Submit claims payment accuracy report monthly.
- Submit claims processing interest payments on weekly encounter file.
- Submit denied claims report monthly.
- Submit weekly transaction records on all prior authorization requests.
- Develop an internal claims dispute process for those claims or group of claims that have been denied or underpaid. The process must be submitted to DHH for approval within thirty (30) days of the date the Contract is signed by the MCO.

19) Financial Reporting

- Submit audited financial statements annually.
- Submit unaudited financial statements ~~monthly~~ quarterly.

20) TPL Reporting

- Report members with third party coverage to DHH on a weekly basis.
- Submit TPL collections on an annual basis.

21) Emergency Management Plan

- Submit annually.

Monitoring

Contract monitoring will be at the direction of the Medicaid ~~Deputy~~ Director for managed care or ~~their~~ his or her designee.

~~Mary Johnson~~
~~Department of Health and Hospitals~~
~~Bureau of Health Services Financing~~
~~Bayou Health Program~~
~~628 North 4th St.~~
~~Baton Rouge, LA 70821~~
~~Phone: (225) 342-1304~~
~~Email: mary.johnson@la.gov~~

Monitoring activities include:

- 1) Thorough review and analysis of required work plans and monthly, quarterly and annual reports, as well as review and monitoring of corrective action plans if required of the contractor by DHH;
- 2) Minimum of weekly status calls between Contractor and DHH Contract Monitor and/or designated Medicaid staff;
- 3) Face-to-face meetings between Contractor and DHH Contract Monitor and/or designated Medicaid staff as warranted;
- 4) Solicitation of feedback on Contractor's performance from the Medicaid fiscal intermediary;
- 5) Annual evaluation through an independent external quality review contractor;
- 6) Real-time monitoring of member services hotline calls;
- 7) Investigation of all complaints regarding the Contractor;
- 8) Monitoring grievances and appeals to determine appropriate resolution;
- 9) Periodic navigation of contractor website to determine performance;
- 10) Spot checking to determine that provider listings on contractor website accurately reflects information provided by the providers;
- 11) Unannounced and scheduled visits to contractor's Louisiana administrative office; and
- 12) "Secret shopper" calls to Member Services and Provider Services call centers.

Payment: Fixed Rate

See Attachment C for details.

Ms. Amanda H. Joyner
Acting Medicaid Deputy Director
Louisiana Department of Health and Hospitals
Bureau of Health Services Financing
628 North 4th Street
Baton Rouge, LA 70821

February 26, 2016

Subject: Louisiana Bayou Health Program – Full Risk-Bearing Managed Care Organization
Rate Development and Actuarial Certification for the Period February 1, 2016 through
January 31, 2017

Dear Ms. Joyner:

The Louisiana Department of Health and Hospitals (DHH) has contracted with Mercer Government Human Services Consulting (Mercer) to develop actuarially sound capitation rate ranges for the State of Louisiana's Bayou Health program for the period of February 1, 2016 through January 31, 2017.

The Bayou Health program began February 1, 2012, and operated under two separate managed care paradigms for the first three years of the program. The Bayou Health Prepaid program operated under an at-risk capitated arrangement, and the Shared Savings program was an enhanced Primary Care Case Management (ePCCM) program. Effective February 1, 2015, Bayou Health began operating as an at-risk capitated program only. Beginning December 1, 2015, the Bayou Health Program began covering specialized behavioral health (SBH) services. At the same time, DHH carved in new populations who will receive SBH and non-emergency transportation (NEMT) services from the Bayou Health MCOs. This bifurcated the Bayou Health program into two capitated sub-programs – the Physical Health (PH) program and the SBH program. The Bayou Health PH program covers all services and populations previously included in Bayou Health plus most SBH services that were previously covered by the Louisiana Behavioral Health Partnership (LBHP). The Bayou Health SBH program covers most SBH services and NEMT services for the populations previously excluded from the Bayou Health program. Bayou Health SBH program enrollees continue to receive physical health services from fee-for-service (FFS). For a list of included services by program, please see Appendix C.

For populations with a voluntary enrollment status, enrollees may select either the PH program or SBH program. Mercer developed a rate specific to each program for these populations.

From December 1, 2015 to January 31, 2016, it was necessary to create separate capitation payments for SBH and NEMT services in addition to the existing Bayou Health capitation rates that covered physical health services. This resulted in every Bayou Health enrollee being covered by a combination of two capitation payments, either SBH and NEMT or SBH and physical health. The rates developed effective February 1, 2016 unify all eligible services into one capitation payment per enrollee.

This letter presents an overview of the methodology used in Mercer's managed care rate development for the purpose of satisfying the requirements of the Centers for Medicare & Medicaid Services (CMS). This rate development process used Medicaid FFS medical and pharmacy claims, Bayou Health Shared Savings claims experience, Bayou Health Prepaid encounter data, and LBHP claims experience. It resulted in the development of a range of actuarially sound rates for each rate cell. The capitation rate ranges are summarized in Appendix A and represent payment in full for the covered services.

Medicaid benefit plan premium rates are "actuarially sound" if, for business in the state for which the certification is being prepared and for the period covered by the certification, projected premiums, including expected reinsurance and governmental stop-loss cash flows, governmental risk adjustment cash flows, and investment income, provide for all reasonable, appropriate and attainable costs, including health benefits, health benefit settlement expenses, marketing and administrative expenses, any government mandated assessments, fees, and taxes, and the cost of capital. Note: Please see page 2 of Actuarial Standard of Practice Number 49, *Medicaid Managed Care Capitation Rate Development and Certification*, issued March 2015 by the Actuarial Standards Board, http://www.actuarialstandardsboard.org/wp-content/uploads/2015/03/asop049_179.pdf.

The remainder of this letter is structured as follows:

- Section 1: Base Data Development
- Section 2: Capitation Rate Development
 - Subsection 2A: PH Services
 - Subsection 2B: SBH Services
 - Subsection 2C: All Services Combined
- Section 3: Certification of Final Rate Ranges

Section 1: Base Data Development

Overview

Capitation rate ranges for the Bayou Health program were developed in accordance with rate-setting guidelines established by CMS. For rate range development for the Bayou Health managed care organizations (MCOs), Mercer used calendar year 2013 (CY 2013) and CY 2014 Medicaid FFS medical and pharmacy claims, Bayou Health Shared Savings claims experience, Bayou Health Prepaid encounter data, and LBHP claims experience. All data was reported on an incurred basis and included payment dates through June 30, 2015. Restrictions were applied to the enrollment and claims data so that it was appropriate for the populations and benefit package defined in the contract.

Mercer reviewed the data provided by DHH, the Bayou Health plans, and the LBHP for consistency and reasonableness and determined the data are appropriate for the purpose of setting capitation rates for the MCO program. The data reliance attestation shown in Appendix L has been provided by DHH, and its purpose is to certify the accuracy, completeness, and consistency of the base data.

Adjustments were made to the selected base data to match the covered populations and Bayou Health benefit packages for rating year 2016 (RY16). Additional adjustments were then applied to the base data to incorporate:

- Prospective and historic (retrospective) program changes not reflected (or not fully reflected) in the base data.
- Provision for incurred-but-not-reported (IBNR) claims.
- Financial adjustments to encounter data for under-reporting.
- Trend factors to forecast the expenditures and utilization to the contract period.
- Changes in benefits covered by managed care.
- Addition of new populations to the Bayou Health program.
- Opportunities for managed care efficiencies.
- Administration and underwriting profit/risk/contingency loading.

In addition to these adjustments, DHH takes two additional steps in the matching of payment to risk:

- Application of maternity supplemental (kick) payments.
- Application of risk-adjusted regional rates.

The resulting rate ranges for each individual rate cell were net of Graduate Medical Education (GME) payments to teaching hospitals provided in the Louisiana Medicaid State Plan.

Appendix H-K shows the full rate development from the base data as shown in the data book released by DHH, dated January 8, 2016, and applies all the rate setting adjustments as described in this letter.

Bayou Health Populations

PH Program

Covered Populations

In general, the Bayou Health PH program includes individuals classified as Supplemental Security Income (SSI), Family & Children, Foster Care Children (FCC), Breast and Cervical Cancer (BCC), and Louisiana Children's Health Insurance Program (LaCHIP) Affordable Plan (LAP) as mandatory populations. Voluntary opt-in populations include Home- and Community-Based Services (HCBS) waiver participants and Chisholm Class Members (CCM).

Mandatory Populations

The following individuals are automatically enrolled into the Bayou Health PH program:

- Children under 19 years of age, including those who are eligible under Section 1931 poverty-level related groups and optional groups of older children in the following categories:
 - Temporary Assistance for Needy Families (TANF)
 - Child Health and Maternity Program (CHAMP) Child
 - Deemed Eligible Child program
 - Youth Aging Out of Foster Care (Chafee Option)
 - Former FCC
 - Regular Medically Needy Program (MNP)
 - LaCHIP program
 - Medicaid Purchase Plan program
 - Provisional Medicaid program
- Parents and Caretaker Relative eligible under Section 1931 of the Social Security Act (SSA) including:
 - Parents and Caretakers Relatives program
 - TANF Family Independence Temporary Assistance program
 - Regular MNP
- Pregnant Women — Individuals whose basis of eligibility is pregnancy; who are eligible only for pregnancy-related services [42 CFR §440.210(2)] including:
 - LaMOMS (CHAMP-Pregnant Women)
 - LaCHIP Phase IV program
- BCC Program — Uninsured women under the age of 65 who are not otherwise eligible for Medicaid, and are identified through the Centers for Disease Control (CDC) National Breast and Cervical Cancer Early Detection program as being in need of treatment for breast and/or cervical cancer, including pre-cancerous conditions and early stage cancer

- Coordinated System of Care (CSoC) individuals
- Aged, Blind and Disabled (ABD) Adults — Individuals, 19+ years, who do not meet any of the conditions for exclusion from participation in an MCO, including:
 - SSI program
 - Extended Medicaid programs consisting of the following:
 - Disabled Adult Children
 - Early Widows/Widowers
 - PICKLE (Group One and Group Two)
 - Disabled Widows/Widowers (DW/W) and Disabled Surviving Divorced Spouses Unable to Perform Any Substantial Gainful Activity
 - Blood Product Litigation program
 - Medicaid Purchase Plan program
 - Provisional Medicaid program
 - Continued Medicaid program

Effective December 1, 2015, the following individuals were automatically enrolled into the Bayou Health PH program. Previously, under the Legacy Bayou Health program, they were able to voluntarily disenroll:

- Children under 19 years of age who meet one of the following:
 - Eligible for SSI under Title XVI of the SSA
 - Eligible under Section 1902(e)(3) of the SSA
 - In foster care or other out-of-home placement
 - Receiving foster care or adoption assistance
 - Receiving services through a family-centered community-based, coordinated care system that receives grant funds under Section 501(a)(1)(D) of Title V of the SSA, and is defined by DHH in terms of either program participation or special health care needs
 - Enrolled in the Family Opportunity Act Medicaid Buy-In program
- Native Americans who are members of federally recognized tribes except when the MCO is:
 - The Indian Health Service
 - An Indian health program or urban Indian program operated by a tribe or tribal organization under a contract, grant, cooperative agreement, or compact with the Indian Health Service

Voluntary Opt-In Populations

The following individuals are not automatically enrolled into the Bayou Health PH program, but may voluntarily enroll:

- Individuals receiving services through any 1915(c) HCBS waiver:
 - Adult Day Health Care (ADHC)

- New Opportunities waiver (NOW)
- Children's Choice (CC)
- Residential Options waiver (ROW)
- Supports waiver
- Community Choices waiver (CCW)
- Other HCBS waivers as may be approved by CMS
- Individuals under the age of 21 otherwise eligible for Medicaid who are listed on the Office for Citizens with Developmental Disabilities' (OCDD's) Request for Services Registry who are CCM

Excluded Populations

The following individuals are excluded from participation in the Bayou Health PH program:

- Medicare-Medicaid Dual Eligible Beneficiaries
- Qualified Medicare Beneficiaries (QMB) (only where State only pays Medicare premiums)
- Specified Low-income Medicare Beneficiaries (SLMB) (where State only pays Medicare premiums)
- MNP Spend-Down Individuals
- Individuals residing in Long-Term Care (LTC) Facilities (Nursing Home, Intermediate Care Facility/Developmentally Disabled (ICF/DD))
- Eligible under the Program of All-Inclusive Care for the Elderly (PACE), a community-based alternative to placement in a Nursing Facility that includes a complete "managed care" type benefit combining Medical, Social, and LTC services
- Eligible under the Family Planning Eligibility Option (FPEO) that provides Family Planning services
- Eligible under the Greater New Orleans Community Health Connection (GNOCHC)

Appendix B encompasses a comprehensive list of Bayou Health's covered and excluded populations.

Specialized Behavioral Health Program

Covered Populations

The Bayou Health SBH program includes individuals classified as SBH Dual and SBH Other as mandatory populations. The voluntary opt-in populations that did not choose to opt into Bayou Health for PH services are automatically included in the SBH program. These populations are denoted as SBH HCBS Waiver participants and SBH CCM.

Mandatory Populations

The following population groups are automatically enrolled into the Bayou Health SBH program:

- SSI/LTC
- SSI Transfer of Resource(s)/LTC
- Transfer of Resource(s)/LTC
- LTC Spend-Down MNP
- LTC MNP/Transfer of Resources
- LTC
- Excess Home Equity SSI Under Special Income Level (SIL)
- Excess Home Equity SSI Under SIL-Reg LTC
- LTC Payment Denial/Late Admission Packet
- SSI Payment Denial/Late Admission
- Qualified Disabled Working Individual (QDWI)
- SSI/Public ICF/DD under the age of 21
- SSI/Private ICF/DD under the age of 21
- Private ICF/DD under the age of 21
- Public ICF/DD under the age of 21
- CSoC individuals not otherwise eligible for Medicaid services

Voluntary Opt-In Populations

The following individuals are not automatically enrolled into the Bayou Health PH program. If they choose not to voluntarily enroll into the Bayou Health PH program, they will automatically have only their SBH and NEMT services covered by the Bayou Health SBH program:

- Individuals receiving services through any 1915(c) HCBS waiver:
 - ADHC
 - NOW
 - CC
 - ROW
 - Supports waiver
 - CCW
 - Other HCBS waivers as may be approved by CMS
- Individuals under the age of 21 otherwise eligible for Medicaid who are listed on OCDD's Request for Services Registry who are CCM

In addition, the following new populations were not part of the CY 2013 and CY 2014 data, but will be considered as part of the rate development process:

- Presumptive Eligible Adult and Child populations
- LaCHIP Phase V: Affordable Plan
- Tuberculosis
- Provisional Medicaid

Excluded Populations

The following individuals are excluded from participation in the Bayou Health program:

- Eligible under the Refugee Cash/Medical Assistance program
- Eligible under the Medicare Savings program (QMB, SLMB, and Qualified Individuals)
- Eligible under the Emergency Services Only program (aliens who do not meet Medicaid citizenship/5-year residency requirements)
- Eligible under the LTC Medicare Co-Insurance program
- Eligible under the Section 1115 GNOCHC waiver
- Eligible under the FPEO that provides Family Planning services
- Eligible under the PACE, a community-based alternative to placement in a Nursing Facility that includes a complete “managed care” type benefit combining Medical, Social, and LTC services
- Non-Medicaid adult on the eligibility file who is eligible for a Low-Income Subsidy program administered by the SSA
- Former 1915(i)-only adult eligibles
- SSI/Public ICF/DD age 21 and over
- SSI/Private ICF/DD age 21 and over
- Private ICF/DD age 21 and over
- Public ICF/DD age 21 and over
- Any Medicaid eligible person during a period of incarceration

Rate Category Groupings

Rates will vary by the major categories of eligibility. Furthermore, where appropriate, the rates within a particular category of eligibility are subdivided into different age bands to reflect differences in risk due to age. In addition, due to the high cost associated with pregnancies, DHH will pay a maternity kick payment to the MCOs for each delivery that takes place. Table 1A shows a list of the different rate cells for each eligibility category including the maternity kick payments. PH program rate cell structure is similar to the rate structure instituted effective February 1, 2015, but has 2 notable changes.

- Child rate cells include enrollees up to age 20 (previously defined up to age 18)
- FCC have been separated into a distinct rate cell (previously included in Family & Children)

Five new rate cells were created for the SBH Program. These groups are labeled beginning with SBH and are displayed in Table 1B.

Table 1A: PH Rate Category Groupings

SSI	
Newborn, 0–2 Months, Male & Female	Child, 1–20 Years, Male & Female
Newborn, 3–11 Months, Male & Female	Adult, 21+ Years, Male & Female
Family & Children (TANF)	
Newborn, 0–2 Months, Male & Female	Child, 1–20 Years, Male & Female
Newborn, 3–11 Months, Male & Female	Adult, 21+ Years, Male & Female
HCBS Waiver	
20 and Under, Male & Female	21+ Years, Male & Female
FCC	
All Ages, Male & Female	
BCC	
All Ages, Female	
CCM	
All Ages, Male & Female	
LAP	
All Ages, Male & Female

All Ages, Male & Female	

Region Groupings

For rating purposes, Louisiana has been split into four different regions. Table 2 lists the associated parishes for each of the four regions. The region groupings are the same in both programs.

Table 2: Region Groupings

Region Description	Associated Parishes (Counties)
Gulf	Assumption, Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John, St. Mary, and Terrebonne
Capital	Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, St. Tammany, Tangipahoa, Washington, West Baton Rouge, and West Feliciana
South Central	Acadia, Allen, Avoyelles, Beauregard, Calcasieu, Cameron, Catahoula, Concordia, Evangeline, Grant, Iberia, Jefferson Davis, Lafayette, Lasalle, Rapides, St. Landry, St. Martin, Vermilion, Vernon, and Winn
North	Bienville, Bossier, Caddo, Caldwell, Claiborne, DeSoto, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Natchitoches, Ouachita, Red River, Richland, Sabine, Tensas, Union, Webster, and West Carroll

Bayou Health Services

Covered Services

Appendix C lists the services the Bayou Health MCOs must provide to the members in the Bayou Health PH and Bayou Health SBH programs, respectively. The MCOs also have the ability to develop creative and innovative solutions to care for their members (i.e., provide other cost-effective alternative services), as long as the contractually-required Medicaid services are covered. Costs of alternative services are expected to be funded through savings on the contractually-required services for which these services are a cost-effective substitute.

New Services

The Legacy Prepaid and Shared Savings program did not have identical sets of covered services. Additionally, DHH incorporated services covered historically by FFS in the Bayou Health program effective February 1, 2015 and December 1, 2015.

The following services, included effective February 1, 2015, were previously excluded from both the Prepaid and Shared Savings programs:

- Hospice services
- Personal Care services for ages 0–20

The following services, included effective February 1, 2015, were previously excluded from the Legacy Shared Savings program:

- Inpatient Acute Detox services
- NEMT

- Behavioral Health prescribed drugs
- Durable medical equipment (DME) services

The following services, included effective December 1, 2015, were previously excluded from both the Legacy Bayou Health Prepaid and Shared Savings programs:

- SBH services

The SBH services required under the Bayou Health contract are detailed in the Behavioral Health Integration Amendment issued by DHH. Mercer analyzed service cost variance and grouped the SBH services into the following categories of service (COS):

- Inpatient
- Emergency Room
- Professional/Other

State Plan Service Considerations

The costs in the base data reflect costs for State Plan services delivered in a managed care environment. In some cases for the adult population, the LBHP pre-paid inpatient health plans (PIHP) provided an approved service in lieu of a State Plan service. In these cases, Mercer has reflected the costs of the State Plan service and applied a managed care discount to arrive at total costs consistent with actual paid expenses. A summary of these costs are shown in Table 3.

**Table 3: Summary of In Lieu of Services
2013 Encounter Claims**

State Plan	In Lieu Of	2013 Encounter Claims	Encounter Unit Cost	State Plan Unit Cost	Managed Care Discount
Inpatient	Inpatient Institute for Mental Disease (IMD) (21-64)	\$16,119,521	\$487.01	\$646.94	-25%
Substance Use Disorder (SUD) Residential	SUD Residential IMD	\$5,047,040	\$71.02	\$145.51	-51%
Emergency Room	Crisis	\$175,323	\$87.49	\$249.12	-65%

2014 Encounter Claims

State Plan	In Lieu Of	2014 Encounter Claims	Encounter Unit Cost	State Plan Unit Cost	Managed Care Discount
Inpatient	Inpatient IMD (21-64)	\$17,439,937	\$470.64	\$646.94	-27%
SUD Residential	SUD Residential IMD	\$6,463,591	\$79.51	\$145.51	-45%
Emergency Room	Crisis	\$362,095	\$58.09	\$249.12	-77%

Medicare Crossover Claims

For dually eligible individuals, Medicare “Crossover” claims (claims that include primary payment from Medicare) for Inpatient, Outpatient, Emergency Room, and Professional services are excluded from the base data. These services will be paid directly by the State after coordinating with Medicare.

In order to exclude Crossover claims from the base data, Mercer identified claims submitted to DHH and coded with claim type “14” (Medicare Crossover Institutional) or claim type “15” (Medicare Crossover Professional). This includes claims with a Medicare qualifying Electronic Media Claim submitter ID and claim format 837-I (Institutional) or 837-P (Professional), as well as hard copy claims with an Explanation of Benefits from Medicare attached. Mercer then cross-referenced these claims to the encounter data and excluded matching records from the base data.

Behavioral Health Mixed Services Protocol (MSP)

DHH implemented a new mixed services protocol effective February 1, 2015. Prior to February 1, 2015, Basic Behavioral Health Covered services were defined as services provided

in the Primary Care setting and Inpatient Hospital services for acute medical detoxification based on medical necessity. Institutional services (Inpatient, Outpatient, and Emergency Room) are considered SBH services if the claim is identified with a qualifying Behavioral Health diagnosis.

Effective February 1, 2015, the new mixed services protocol delineates coverage responsibility based on provider type and specialty or facility type. Basic Behavioral Health continues to include services provided in a Primary Care setting, but also includes all Inpatient Hospital services provided in a General Hospital setting, regardless of diagnosis. SBH includes services from Behavioral Health Facilities (distinct Psychiatric Units of General Hospitals and Freestanding Psychiatric Hospitals) and services provided by Behavioral Health specialists.

Since both PH services and SBH services are covered under Bayou Health for certain categories of aid (COA), an adjustment for mixed service protocol was needed only for the SBH program COAs whose PH services are covered under FFS. Appendix D summarizes the mixed services protocol adjustment.

Excluded Services

Bayou Health MCOs are not responsible for providing PH services and other Medicaid services not identified in Appendix C, including the following services:

- Applied Behavioral Analysis services
- Dental services, with the exception of Early and Periodic Screening & Diagnosis Treatment (EPSDT) varnishes provided in a Primary Care setting
- ICF/DD services
- Personal Care services 21 and older
- Institutional LTC Facility/Nursing Home services
- School-based Individualized services
- Education Plan services provided by a school district and billed through the intermediate school district, or School-based services funded with certified public expenditures, including school nurses
- HCBS waiver services
- Targeted Case Management services
- Services provided through DHH's Early-Steps program
- CSoC services previously covered under 1915(c) or 1915(b)(3) waiver authority
- Medicare Crossover services
- Services covered under a non-CSoC 1915(c) waiver

For more specific information on covered services, please refer to the Bayou Health Behavioral Health Integration Amendment issued by DHH.

Base Data Adjustments

IBNR

Capitation rate ranges were developed using claims data for services incurred in CY 2013 and CY 2014 and reflects payments processed through June 30, 2015. PH claims for dates of service in CY 2013 were deemed complete as they reflect at least 18 months of runout. Although SBH claims had the same amount of runout, Mercer determined a small IBNR adjustment for CY 2013 was necessary after reviewing financial reports.

IBNR factors were developed for claims with date of service in CY 2014 to incorporate consideration for any outstanding claims liability. To establish the IBNR factors for the Shared Savings/Legacy Medicaid FFS data, claims were grouped into three COA and six main IBNR service categories. Encounter claim IBNR factors, developed separately for each Prepaid plan, were compared to IBNR estimates provided by the Prepaid plan actuaries, and summarized by IBNR COS. IBNR category mapping is provided in Appendix C. Table 4A summarizes the IBNR factors that were applied to CY 2014 PH services data.

Table 4A: IBNR Factors Applied to CY 2014 PH and NEMT Services Data

IBNR COS	Encounter Data	Shared Savings Claims & Legacy Medicaid/FFS Cost Data		
	All COAs	TANF/FCC/LAP	SSI/BCC/CCM	HCBS
Inpatient	1.0065	1.0061	1.0274	1.0062
Outpatient	0.9960	0.9994	1.0074	0.9943
Physician	1.0054	1.0053	1.0110	1.0092
Other	1.0214	1.0091	1.0021	1.0034
Prescribed Drugs	1.0002	0.9952	0.9968	0.9981
Maternity Kick Payment	1.0053	1.0128	1.0128	1.0128

Mercer reviewed the financial lag triangles provided by the LBHP PIHP and determined the IBNR factors for SBH services. Claims were grouped into two main service categories, "Inpatient" and "Emergency Room and Other". Table 4B summarizes the IBNR factors that were applied to CY 2013 and CY 2014 SBH services data.

Table 4B: IBNR Factors Applied to SBH Services Data

IBNR COS	LBHP Encounter & FFS Data	
	All COAs	
	CY 2013	CY 2014
Inpatient	1.0013	1.0213
Emergency Room and Other	1.0012	1.0257

Under-Reporting Adjustments

Under-reporting adjustments were developed by comparing encounter data from the Medicaid Management Information System (MMIS) to financial information provided by the Prepaid MCOs and the LBHP PIHP. This adjustment was computed and applied on an MCO/PIHP basis. The adjustment resulted in an overall aggregate increase of 2.0% and 3.4% respectively to CY 2013 and CY 2014 PH services encounter cost data, and 11.72% and 6.11% respectively to CY 2013 and CY 2014 SBH services encounter cost data for the adult population. Note this adjustment does not apply to the Shared Savings claims or Legacy Medicaid/FFS data. Also, regarding SBH services, the children's population was operated under a non-risk model, where the PIHP was only reimbursed for submitted and approved encounters. Based on this service model, it is reasonable that encounters fully reflect the incurred costs, while under the adult service model encounter reporting was not as complete, and the PIHP was paid a capitation rate regardless of submitted encounters.

Assertive Community Treatment (ACT) Services Payment Adjustment

Claims for ACT services were not correctly reported in the encounter data for dates of service from January 1, 2013 through September 30, 2013. While units were available, paid amounts were zero for the dates listed. Mercer estimated a total for the missing paid amounts during this period by calculating a unit cost for the CY 2014 data and applying this to the units accompanied by zero-paid amounts. In total, this adjustment incorporated approximately \$9.4 million of additional ACT services for 2013. Table 5 displays the total ACT services added by COA.

Table 5: Total ACT Services Added by COA

COA Description	CY 2013
SSI	\$6,832,676
Family & Children	\$331,899
FCC	\$0
BCC	\$63,530
HCBS Waiver	\$81,017
CCM	\$0
SBH — CCM	\$0
SBH — Dual Eligible	\$1,988,514
SBH — HCBS Waiver	\$81,017
SBH — Other	\$19,687
Total	\$9,398,339

Third-Party Liabilities

All claims are reported net of third-party liability, therefore no adjustment is required.

Fraud and Abuse Recoveries

DHH provided data related to fraud and abuse recoveries on the LBHP, Shared Savings, and Legacy FFS programs. The total adjustment applied to the FFS and Shared Savings PH services was -0.2% for CY 2013 and CY 2014. The total adjustment for SBH services was -0.1% and -0.2% of the SBH services for CY 2013 and CY 2014, respectively. Prepaid plans included fraud and abuse recoveries in their financial reports. These recoveries were included in the development of the under-reporting adjustment for PH services.

Co-Payments

Co-pays are only applicable to prescription drugs. Pharmacy claims are reported net of any co-payments so no additional adjustment is necessary.

Disproportionate Share Hospital (DSH) Payments

DSH payments are made outside of the MMIS system and have not been included in the capitation rates.

Data Smoothing

As part of the rate development process, Mercer blended the CY 2013 and CY 2014 base data with the goal of obtaining a set of base data that has sufficient credibility and reasonableness to develop actuarially sound capitation rates. Mercer applied weights of 40% and 60% to the CY 2013 and CY 2014 data, respectively, after accounting for historical rating adjustments described in Subsection 2A and Subsection 2B of this certification.

Additionally, certain rate cells did not contain enough member months (MMs) within each region to produce a statistically credible rate. For rate cells with less than 30,000 MMs per region, Mercer calculated a statewide capitation rate. Affected rate cells include:

- SSI newborns 0-1 years of age
- BCC, All Ages
- LAP, All Ages
- HCBS, All Ages
- CCM, All Ages
- SBH — CCM, All Ages
- SBH — HCBS, All Ages
- SBH — Other, All Ages

Section 2: Capitation Rate Development

Rating adjustments were developed and applied separately for PH and SBH services. Adjustments that were applied to each calendar year of base data are referred to as Historical Rating Adjustments and adjustments applied once the base data was blended are referred to as Prospective Rating Adjustments. The following subsections describe the analysis for each adjustment and provide the statewide impact to the respective PH or SBH services.

Subsection 2A: Physical Health Services

PH Historical Adjustments

Fee Schedule Changes

The capitation rates reflect changes in covered services' fee schedules and unit costs, between the base period and the contract period. The fee adjustment process also took into account the closing of two state hospitals, W.O. Moss Regional Medical Center and Earl K. Long, which occurred in 2013. DHH provided Mercer guidance on which hospitals were expected to absorb the closed hospitals' utilization: W.O. Moss Regional Medical Center's utilization would be absorbed by Lake Charles Memorial and Earl K. Long's utilization would be absorbed by Our Lady of the Lake.

Inpatient Services

Inpatient claims were adjusted to reflect changes in the fee schedule between the base period and the contract period, using the most recent fee schedule published by DHH (i.e., the July 1, 2015 fee schedule). The non-GME part of the per diems were used in this fee adjustment process to be consistent with DHH's intention to continue paying GME amounts directly to the teaching hospitals.

Certain "High Medicaid Community Hospitals" receive supplemental payments that are provided for in the State Plan. The total pool is \$1 million annually. The per diem rates of the corresponding hospitals were adjusted accordingly. The total impact of the inpatient fee change is summarized below.

Table 6A: Inpatient Fee Change Impact

Time Period	Historical Cost	Adjustment Dollar Impact	Impact as % of	
			Historical Cost	All PH Services Cost
CY 2013	\$608,712,298	\$10,934,243	1.80%	0.44%
CY 2014	\$563,991,217	-\$1,296,978	-0.23%	-0.05%

Outpatient Services

Outpatient claims were adjusted to reflect the most recent cost-to-charge ratios (CCRs). The CCRs were reported on hospital fiscal year bases, which varied by hospital from February 28, 2014 to December 31, 2014. The adjustment also included estimation of cost

settlements and reflected the most up-to-date cost settlement percentages for each facility. For most non-rural facilities, the cost settlement percentage is 66.46%; however, the remaining facilities are settled at different percentages. Rural facilities are cost settled at 110%. The total impact of the outpatient fee change is summarized below.

Table 6B: Outpatient Fee Change Impact

Time Period	Historical Cost	Adjustment Dollar Impact	Impact as % of	
			Historical Cost	All PH Services Cost
CY 2013	\$351,651,586	\$15,044,474	4.28%	0.60%
CY 2014	\$371,250,343	\$13,364,559	3.60%	0.53%

Affordable Care Act (ACA) Primary Care Physician (PCP) Fee Change

Under Section 1202 of the ACA, state Medicaid programs were required to increase payments to PCPs in 2013 and 2014. This requirement expired on December 31, 2014. As a result, 2013 and 2014 base data were adjusted to reflect the decrease in PCP payment rates between the base data period and the rating period.

Table 6C: ACA PCP Fee Change Impact

Time Period	Historical Cost	Adjustment Dollar Impact	Impact as % of	
			Historical Cost	All PH Services Cost
CY 2013	\$233,541,569	-\$73,199,444	-31.34%	-2.92%
CY 2014	\$250,895,188	-\$76,658,689	-30.55%	-3.05%

Other Physician Services

Mercer reviewed all non-ACA PCP services at a procedure code level and adjusted the CY 2013 claims to reflect observed changes in unit cost between CY 2013 and CY 2014.

Table 6D: Physician Fee Change Impact (Non-ACA PCP Services)

Time Period	Historical Cost	Adjustment Dollar Impact	Impact as % of	
			Historical Cost	All PH Services Cost
CY 2013	\$602,101,459	\$12,853,265	2.13%	0.51%
CY 2014	\$596,242,559	\$0	0.00%	0.00%

Prescribed Drugs Unit Cost Change

Mercer reviewed pharmacy claims at a National Drug Code (NDC) level and adjusted the CY 2013 claims to reflect observed changes in unit cost between CY 2013 and CY 2014.

Table 6E: Pharmacy Fee Change Impact

Time Period	Historical Cost	Adjustment Dollar Impact	Impact as % of	
			Historical Cost	All PH Services Cost
CY 2013	\$708,050,576	\$56,655,579	8.00%	2.26%
CY 2014	\$731,726,815	\$0	0.00%	0.00%

Overall, as shown in Table 7, the combined effect of all the historical fee adjustments was a 0.89% increase in CY 2013 base data and a 2.57% decrease in CY 2014.

Table 7: Summary of Fee Change Impact for All Claims

Time Period	Historical Cost	Adjustment Dollar Impact	Adjusted Cost	Percent Impact
CY 2013	\$2,504,057,487	\$22,288,117	\$2,526,345,604	0.89%
CY 2014	\$2,514,106,122	-\$64,591,109	\$2,449,515,013	-2.57%

Act 312 (Prescriber Prevails)

Effective January 1, 2014, Act 312 requires that, when medications are restricted for use by an MCO using a step therapy or fail first protocol, the prescribing physician shall be provided with, and have access to, a clear and convenient process to expeditiously request an override of such restrictions from the MCO. The MCO is required to grant the override under certain conditions. Mercer reviewed this requirement and estimated the impact of this change to be an increase of approximately 3% of pharmacy costs.

PH Prospective Rating Adjustments

Rx Rebates

FFS and Shared Savings pharmacy claims were reduced 2.08% for Rx rebates collected by the MCO. This factor was developed using Prepaid plans' experience as reported in financial statements provided to DHH. Prepaid Encounters were taken as net of drug rebates, so no adjustment was necessary.

ACT 399 (Provider Fee Reimbursement)

Effective December 1, 2015, Act 399 creates an appeal board to review pharmacy reimbursement disputes. It is the obligation of a health insurance issuer or its agent to reimburse a pharmacist or his agent for fees remitted by a pharmacy or pharmacist or his agent in compliance with R.S. 46:2625 or risk being sanctioned. Mercer reviewed this requirement and its underlying details and estimated the impact to the base period data to be approximately 0.16%.

Early Elective Delivery (EED)

Beginning February 2015, facility and delivering physician costs for EEDs will not be covered under the Bayou Health program. MCOs receive an EED Kick Payment for deliveries that occur prior to 39 weeks for reasons that are not medically indicated in the Louisiana Electronic Event Registration System (LEERS) maintained by the Office of Public Health/Vital Records. Deliveries that occur prior to 39 weeks for reasons that are medically indicated in LEERS will receive the Maternity Kick Payment. Mercer identified the average facility and delivering physician costs included in the Maternity Kick Payment by region and removed those costs to create the EED Kick Payment. Table 8 shows the EED reduction amount by region in the low and high scenarios. The resulting EED Kick Payment is equal to the Maternity Kick Payment plus the reduction amount in Table 8 and is shown in Appendix A.

Table 8: EED Rate Reduction

Region Description	Reduction – Low Cost per Delivery	Reduction – High Cost per Delivery
Gulf	\$(4,033.70)	\$(4,121.38)
Capital	\$(3,066.79)	\$(3,133.45)
South Central	\$(3,295.30)	\$(3,366.92)
North	\$(3,380.12)	\$(3,453.54)
Total	\$(3,465.14)	\$(3,540.45)

PH Trend

Trend is an estimate of the change in the overall cost of providing health care benefits over a finite period of time. A trend factor is necessary to estimate the cost of providing health care services in a future period. Mercer studied historical cost and utilization data for each of the three data sources incorporated in the capitation rates: Prepaid encounters, Shared Savings, and FFS. Trends were selected based on Louisiana experience, as well as national trend information.

Trends, delineated by utilization, unit cost, per member per month (PMPM), and by population are shown in Appendix E.

PH Efficiency and Managed Care Savings Adjustments

Mercer distinguishes efficiency adjustments (which are applied to previously managed populations) from managed care savings adjustments (which are applied to previously unmanaged populations). Efficiency adjustments are intended to reflect improved efficiency in

the hospital inpatient, emergency department (ED), and pharmacy settings, and are consistent with DHH's goal that the Bayou Health program be operated in an efficient, high quality manner.

Inpatient Hospital Efficiency Adjustment

Illness prevention is an important medical care element for all health care providers. DHH expects the MCOs to help their members stay healthy by preventing diseases or preventing complications of existing diseases. Since hospital expense represents a significant portion of all medical expenditures, Mercer performed a retrospective data analysis of the Plans' CY 2013 and CY 2014 encounter data using indicators developed by the Agency for Healthcare Research and Quality (AHRQ). These conditions are collectively referred to as Prevention Quality Indicators (PQI) and Pediatric Quality Indicators (PDI), respectively. Mercer utilized 13 adult and five pediatric PQIs as part of the analysis. Evidence suggests that hospital admissions for these conditions could have been avoided through high-quality outpatient care and/or the conditions could have been less severe if treated early and appropriately. AHRQ's technical specifications provide specific criteria that define each PQI and PDI that Mercer utilized in the analysis of the MCOs' inpatient hospital encounter data. Although AHRQ acknowledges that there are factors outside of the direct control of the health care system that can result in a hospitalization (e.g., environmental, patient compliance), AHRQ does recognize these analyses can be utilized to benchmark health care system efficiency between facilities and across geographies.

Accordingly, in the process of evaluating whether an adjustment is applicable to the rates, Mercer considered the following factors: member health risk and member enrollment duration with a particular health plan. Mercer then works with the State to identify the targeted efficiency level that should be applied to the outcome of the analysis.

While the AHRQ technical specifications include exclusionary criteria specific to each PQI and PDI, Mercer also considered clinically-based global exclusion criteria that removed a member's inpatient admissions from all inpatient efficiency analyses. The global exclusion criteria was utilized to identify certain conditions and situations (e.g., indications of trauma, burns, HIV/AIDS) that may require more complex treatment for members. Based on a review of the CY 2013 and CY 2014 inpatient encounter data, any member identified as having indications of any of the qualifying criteria resulted in all of that member's admissions being removed from the analyses. Once all clinical global exclusions (CGE) data was removed from the analysis, the embedded AHRQ exclusions, by PQI/PDI were then applied.

Additionally, even though the AHRQ technical specifications do not explicitly mention enrollment duration, Mercer considered enrollment duration as one of the contributing factors to review that would be associated with the applicability of a PQI/PDI-based adjustment. Enrollment duration was used as a proxy for issues such as patient compliance, health plan outreach and education,

time to intervene, and other related concepts. A variable-month enrollment duration ranging from two to twelve months, depending on PQI or PDI condition, was applied to the RY 2016 rates. This assumption meant that an individual had to be enrolled with the same plan for a minimum number of consecutive months prior to that individual's PQI or PDI hospital admission to be considered subject to the adjustment. Only the dollars associated with the PQI and PDI hospital admissions that met this enrollment duration criteria were included in the base data adjustment. Recipient eligibility data supplied by the State provided the information to make this duration test assessment.

Although the clinical global exclusions and enrollment duration criteria significantly reduced the total original PQI and PDI dollars, the State decided that to reflect its desire for value-focused purchasing, the final inpatient hospital efficiency adjustment had a 25% targeted efficiency level applied to the remaining PQI and PDI dollars that met both the health risk and enrollment duration criteria.

ED Efficiency Adjustment

Mercer performed a retrospective analysis of the health plans' CY 2013 and CY 2014 ED encounter data to identify ED visits that were considered preventable/pre-emptible. For the RY 2016 rate development, Mercer analyzed preventable/pre-emptible Low Acuity Non-Emergent (LANE) visits. This analysis was not intended to imply that members should be denied access to EDs or that the health plans should deny payment for the ED visits. Instead, the analysis was designed to reflect the State's objective that more effective, efficient, and innovative managed care could have prevented or pre-empted the need for some members to seek care in the ED setting in the first place.

The criteria used to define LANE ED visits was based on publicly available studies, input from Mercer's clinical staff, as well as review by practicing ED and PCPs. ICD-9 primary diagnosis code information was the basis for identifying an ED visit. A limited set of diagnosis codes was agreed upon by all physicians involved in developing the methodology for the analysis. Preventable percentages ranging from 5% to 90% were assigned to each diagnosis code to account for external factors that can influence and impact variation in ED use. Using procedure code information, the ED visits were evaluated from low complexity clinical decision making to high complexity clinical decision making. In addition, LANE ED visits that resulted in an inpatient admission or observation stay (observation revenue code 0762) were excluded. No adjustment was made for any possible up coding by providers.

For the RY 2016, Mercer excluded low unit cost visits from the LANE analysis to account for improvements in the health plans' use of triage fees and/or more appropriate health services management. A hierarchical process was used for the remaining LANE visits to identify those that could have been prevented or pre-empted. Beginning with the lowest acuity visits, data was

accumulated until the percentage of preventable/pre-emptible visits was achieved for each respective diagnosis code. Regardless of the targeted percentage, no LANE ED visit/dollars associated with the most complex clinical decision making procedure codes (99284-99285) were included in the final adjustment. In addition, a replacement cost amount (average cost physician visit) was made for the majority of LANE visits that were deemed preventable/pre-emptible. As a final step in the analysis, a 25% targeted efficiency level was applied to reflect the State's value-focused purchasing strategy. At this targeted efficiency level, 25% of the dollars identified were part of the final adjustment.

Appropriate Diagnosis for Selected Drug Classes (DxRx)

The DxRx efficiency adjustment is used to ensure appropriate utilization of selected drug classes in historical claims data, based on supporting diagnosis information in the recipients medical history. The selected drug classes were identified based on high cost, safety concerns, and/or high potential for abuse or misuse. Diagnosis information from 30 months (24 months prior to date of service, 6 months after date of service) of medical, professional, pharmacy and inpatient data is reviewed for each recipient. Appropriate drug-diagnosis pairs are reviewed annually by Mercer's team of clinicians, and include consideration for:

- FDA Approved Indications (both drug specific, and by drug class)
- Clinically-accepted, off-label utilization
 - o As identified by published literature and clinical/ professional expertise
- Industry standard practices

Retrospective Pharmacy Claims Analysis

The clinical edits efficiency adjustment used a retrospective pharmacy claims analysis to identify inappropriate prescribing and/or dispensing patterns using a customized series of pharmacy utilization management edits that are clinically based on rules. Edits were developed by Mercer's managed pharmacy practice based on:

- Published literature
- Industry standard practices
- Clinical appropriateness review
- Professional expertise
- Information gathered during the review of several Medicaid FFS and managed care pharmacy programs across the country

The State decided that to reflect its response for value-focused purchasing, the final retrospective pharmacy claims analysis efficiency adjustment should reflect a 25% targeted efficiency level applied to the final adjustment identified.

The overall impact of the Inpatient, ED and Pharmacy efficiency adjustments was a decrease of \$1.78 to the PH program.

Managed Care Savings Adjustment

For those populations and services that had previously been excluded from Bayou Health, Mercer adjusted the capitation rates to reflect areas for managed care efficiency. Managed Care is able to generate savings by:

- Encouraging the use of preventive services so that acute conditions are not exacerbated to the point that requires a visit to the emergency room or hospitalization
- Using alternatives to the emergency room for conditions that are non-emergent in nature
- Increasing access and providing member education
- Minimizing duplication of services
- Hospital discharge planning to ensure a smooth transition from facility-based care to community resources and minimize readmissions

Statewide managed care savings factors were applied to the HCBS and CCM COAs. Additionally, DME and NEMT costs for Shared Savings enrollees were adjusted as part of this rate setting, as these services were excluded from Bayou Health Shared Savings. Appendix F summarizes the managed care savings adjustments that were applied to the Shared Savings/Legacy Medicaid FFS data.

Shared Savings Rx claims

Under the Bayou Health Shared Savings program, plans had limited ability to manage prescription drug costs. In order to use the Shared Savings experience to set capitated rates, adjustments were needed to account for generic dispense rate (GDR) differences between the Prepaid and Shared Savings experience. For the Prepaid program, GDR was approximately 84%, compared to approximately 77% for Shared Savings and FFS. This adjustment is a downward adjustment to the Shared Savings claims data. Mercer analyzed Shared Savings prescription drug experience and compared it to the spending on similar therapeutic classes of drugs in the Prepaid program. Mercer determined that achieving the same GDR levels would result in savings of 11.10% to 13.60%. Table 9 details the savings breakdown by COA.

Table 9: GDR Savings Adjustment

COS Description	Savings from Improvement in GDR (w/Phase-in)					Total
	SSI	Family & Children*	BCC	LAP	HCBS Waiver** (FFS)

**Includes CCM

Outliers

As part of the State Plan, inpatient hospitals receive an additional payment for high-cost stays for children under six, called outliers. These payments are for inpatient stays with a total cost to the hospital in excess of \$150,000, where the cost is determined based on the hospital's Neonatal Intensive Care Unit (NICU) or Pediatric Intensive Care Unit (PICU) -specific CCR. DHH makes payments to a maximum of \$10 million, annually. As payment of outlier liability is the responsibility of Bayou Health MCOs, this additional \$10 million was built into the rates based on the distribution by rate cell observed in state fiscal year (SFY) 13 payments. Outliers added an average cost of \$0.89 PMPM to the base data used in rate setting. Table 10 details the impact of outliers on the rates by rate cell.

Table 10: Outlier Claims to be Added into Bayou Health from \$10 Million Pool

COA Description	Rate Cell Description	CY 2014 MMs	Outlier PMPM	Outliers Total Adjustment
SSI	Newborn, 0-2 Months	1,791	\$1,457.70	\$2,610,741
SSI	Newborn, 3-11 Months	7,075	\$8.84	\$62,523
SSI	Child, 1-20 Years	472,130	\$0.50	\$234,445
Family & Children	Newborn, 0-2 Months	173,111	\$39.97	\$6,918,792
Family & Children	Child, 1-20 Years	7,757,419	\$0.02	\$173,499
Total*		11,255,774	\$0.89	\$10,000,000

*Total includes MMs for all populations in Bayou Health Physical Health.

Subsection 2B: SBH Services

Unlike PH services, SBH services are covered services in both the PH program and the SBH program. Therefore, the rate development adjustments in the following sections are applicable to both programs.

SBH Historical Adjustments

Inpatient Hospital Fee Schedules

Inpatient Hospital fee schedules have changed in Medicaid from the levels reported in the base data. Most notably, rates for certain public hospitals changed as a result of the public/private partnership. The changes to the hospital rates represent both increases and decreases depending on the hospital.

Mercer has included an adjustment to the capitation rates to account for the changes to the hospital reimbursement, including the public/private partnership. In order to account for this change, Mercer analyzed the base data by hospital and region separately for adults and children services. For adults, Mercer compared the PIHP fee schedules and per diem costs reported in the encounter data to the new State Medicaid fee schedule. Based on this comparison, Mercer determined no adjustment was needed for the Adult rates as the PIHP fee schedule underlying the encounter data generally aligned with the new State Medicaid fee schedule. For children, however, hospital reimbursement levels in the encounter data generally followed historic State Medicaid fee schedules. As a result, an adjustment was necessary to reflect changes between the historic and the new fee schedule for the children's rates.

Overall, this represents a 0.3% increase to both CY 2013 and CY 2014 SBH services and impacts child rating groups only.

Outpatient/Psychiatric Residential Treatment Facility (PRTF)/Permanent Supportive Housing (PSH) Fee Adjustment

Outpatient Fee Adjustment

The State has historically implemented fee schedule adjustments for various outpatient services. For outpatient providers, the fee schedule adjustment process includes an estimation of cost settlements that are not captured in the historic base data. Since cost settlements will become the responsibility of the MCOs under managed care, an adjustment to the Bayou Health rates was necessary.

PRTF Per Diem Adjustment

DHH informed Mercer of two PRTF providers that have historically been subject to risk-sharing arrangements that have had recent per diem changes. The prior risk-sharing process resulted in additional payments to the providers as the per diem documented in the cost reports was higher than the interim rates. Mercer has built in consideration of provider specific rates for these providers based on the cost report per diems.

To calculate the impact, DHH provided Mercer with the risk-sharing calculations that were based on base paid and final targeted per diem rates for these two providers. The final cost impact was calculated by another firm on behalf of DHH. Mercer reviewed these calculations for reasonability but did not audit them. Mercer leveraged the final calculations to determine the net impact to the CY 2013 and CY 2014 time period to develop the program change impact. Mercer incorporated the expected cost for the per diem change based on utilization during the 2013 and 2014 time periods.

PSH Provider Rate Increase

Subsequent to base data period, DHH implemented a 5% rate increase to certain providers delivering community psychiatric services to individuals in the PSH program. Using the list of PSH providers from DHH, Mercer summarized historic cost and utilization data for community psychiatric services for these providers and calculated the impact of the 5% increase. Mercer applied this impact to rating group and region based on historic utilization patterns.

Overall, the Outpatient, PRTF, and PSH fee adjustment represent a 0.2% and 0.3% increase to CY 2013 and CY 2014 SBH services, respectively.

1915(c) CSoC Regional Expansion

DHH submitted an amendment to the 1915(c) CSoC waiver to increase the number of waiver slots to 2,400 slots. Upon expansion, certain children previously classified in a Bayou Health rating group shifted to the CSoC program. The CSoC population will have select services covered by Bayou Health, including PRTF, TGH, and SUD services. Magellan will continue to

administer the remaining SBH services for this population. Mercer calculated the volume of CSoC transitions by comparing the average 2013 and 2014 CSoC enrollment to emerging levels as of December 2015. The growth by region is outlined in Table 11:

Table 11: CSoC Enrollment's Growth by Region

CSoC Enrollment	Average 2013	Average 2014	As of December 2015	Projected RY 2016 CSoC Recipients
Gulf	198	282	673	688
Capital	213	256	615	629
South Central	153	192	444	454
North	493	506	517	529
Statewide	1,057	1,235	2,249	2,300

Mercer then analyzed the historic SBH expenses associated with CSoC enrollees and noted that it is materially higher when compared to the PMPM for other Bayou Health rating groups (\$611.47 and \$20.66, respectively for CY 2013; \$968.66 and \$26.08, respectively for CY 2014). Because of this differential, the movement of those higher needs children out of Bayou Health rating groups resulted in a reduction in the average PMPM by region. The transition analysis was performed on a regional basis using the underlying PMPMs for each region, as well as CSoC-specific PMPMs for each region.

Overall, this represents a decrease of 2.7% and 3.2% to CY 2013 and CY 2014 SBH services, respectively, and impacts child rating groups only.

Medication Management Rate Change

Effective January 2013, the prior Medication Management procedure code of 90862 was eliminated and the services were required to be billed under General Evaluation and Management codes 99211-99214, 90863. These codes, as reflected in the base data, were reimbursed at lower rates than the prior medication management services in 2012. The PIHP revised the fee schedule in 2014 to adjust the fees for medication management services up to prior historical levels. DHH indicated it expects providers to continue to be paid at the higher reimbursement level under the Bayou Health program. For this reason, Mercer determined it was necessary to adjust the 2013 base data, but not the 2014 base data.

Mercer analyzed 2014 encounter data by region and observed an increase in these services' 2013 average reimbursement rate to roughly \$71 per unit. Mercer calculated the program change impact based on reported service utilization in each region.

Overall, this represents a 1.1% increase to CY 2013 SBH services.

Historical Trend

Mercer reviewed the 2013 and 2014 financials and encounters data for SBH services and determined it was necessary to apply a historical trend to the CY 2013 base data before blending the two years of base data. For SBH services, a historical trend of 3% and 32% were applied to adult and child rating groups, respectively. For NEMT Services, 16% historical trend was applied to the SBH Dual COA and 11% to the SBH CCM, SBH HCBS, and SBH Other COAs.

SBH Prospective Adjustments

Elimination of the 1915(i) Program Authority and Amendment of the State Plan

In order to accelerate receipt of medically necessary specialized mental health services for adults and make community-based licensed mental health professional (LMHP) services available to more individuals, DHH transitioned services currently in the 1915(i) to the Medicaid State Plan. The prior 1915(i) authority limited the availability of certain services to adults requiring acute stabilization or meeting certain functional criteria for a major mental disorder and the seriously mentally ill (SMI). The services covered under the 1915(i) included community psychiatric services including ACT, psychosocial rehab services, and services provided by other LMHPs. Another aspect of the 1915(i) program was the requirement of an independent assessment to confirm an individual met the population criteria before services could be received.

While the services will be covered under the State Plan, individuals will need to meet medical necessity criteria in order to be authorized for the services. Mercer understands the medical necessity criteria for community psychiatric and psychosocial rehab services will generally align with the diagnosis criteria associated with major mental disorders and SMI. The criteria for other LMHPs will apply to a broader segment of the covered population and not be specific to major mental disorders or SMI.

Mercer has reviewed the changes to the delivery of these former 1915(i) services with Mercer clinicians and policy consultants and identified two specific rate considerations.

- Elimination of the independent assessment will likely result in individuals accessing services more quickly. DHH has indicated that individuals have experienced, on average, a 30-day wait period for services while they await the independent assessment. Mercer analyzed the historical claims data to identify the subset of the 1915(i) users that were new to the program and expected to utilize more services in a 12-month period if the independent assessment was eliminated. Specifically, Mercer evaluated the individuals who utilized services through December 2014 and made an assumption about the number of members

who utilized services in 2014 that would have utilized more services had their authorizations started earlier in the year.

Table 12: Impact to Adult Services of Elimination of Independent Assessment

Total 1915(i) 2014 recipient count	51,344
Subset of recipients that are projected to receive an additional month of service	653
Average monthly cost of 1915(i) services (CY 2014)	\$538
Program Change PMPM	\$0.11
Adult PMPM	\$28.92
Total Impact to Adult Services	0.4%

- Expanded access to services provided by other licensed professionals (OLPs) will likely result in an increase to the penetration rate over time for other professional services. Individuals will still need to meet medical necessity criteria to access other professional services, but more individuals are expected to meet the criteria than historically when the 1915(i) services were limited to SMI or major mental disorder. To evaluate the potential change in utilization, Mercer reviewed the service utilization and penetration rates for other states where other professional services have been covered in the State Plan. The penetration rates in these other states are higher for adults indicating broader utilization of the services. The penetration rate findings are as follows:

Table 13: Penetration rate findings

2013 penetration rate for OLP services in Louisiana	2.5% of Adults
Penetration rate for similar OLP services in Other States	Up to 10% of Adults

- Mercer assumed the utilization of these services would increase over time essentially modeling a doubling of these services from January 2016 to January 2017. The utilization has been assumed to progressively increase over time as provider capacity may need to be developed to meet the demand as individuals understand the availability of these services.

Table 14: Impact to Adult Services of Expansion of Access to Services

December 2014 recipients	2,790
Projected January 2016 based on emerging data	2,881
Projected January 2017 users	5,762
Total new users in rating period	18,725
Average 2014 monthly cost by OLPs	\$130.88
Program change PMPM	\$0.73
Adult PMPM	\$28.92
Total Impact to Adult Services	2.5%

- This issue will continue to be monitored and evaluated as part of future rate-setting exercises as more data becomes available. The overall impact of the adjustment to account for the elimination of the 1915(i) authority and coverage of these services under the State Plan is a 0.8% impact overall and impacts the adult rate cells only.

SBH Trend

Trend is an estimate of the change in the overall cost of providing health care services over a finite period of time. Capitation rate ranges are actuarial projections of future contingent events and a trend factor is necessary to estimate the expenses of providing health care services in the future rating period.

For the Child population, Mercer studied historical cost and utilization encounter data as well as national trend information to select a trend. For the Adult population, Mercer relied upon Financials, due to encounter data reporting issues in the MMIS system.

Trends, delineated by utilization, unit cost, PMPM, and by population are shown in Appendix E.

Subsection 2C: All Services Combined

The following adjustments were developed and applied using all covered services within the respective programs.

Retroactive Eligibility Adjustment

Beginning in February 2015, members granted retroactive eligibility will be capitated retroactively, based on their eligibility for Bayou Health, for up to 12 months prior to enrollment in an MCO. The MCO selected by these members will then receive one capitation payment per month of retroactive enrollment, and will be liable for all claims incurred during this retroactive eligibility period. Mercer developed an adjustment factor to apply to the base data in the capitation rate development. Mercer did not apply any savings adjustments to the retroactive period claims in the development of these factors because the MCO will have no ability to manage utilization during the retroactive period.

The retroactive eligibility adjustment was developed as an increase to the capitation rates set for all members, meaning that the capitation payment is higher than otherwise required on non-retroactive MMs. Retroactive enrollment in any given rate cell will generate the same capitation payment per month to the MCO as any other enrollee in that same rate cell. The factors were developed at a rate cell level on a statewide basis (i.e., all regions used the same factors). The calculation relied upon retroactive claims PMPM, unique enrollee counts, and the average duration to develop the expected increase to Bayou Health claims.

Mercer reviewed the average duration of enrollees who were retroactively enrolled during 2014 using data from January 2013 to December 2014.

In some rate cells, the retroactive claims PMPM was below the base data claims PMPM. This generated an adjustment factor less than 1.0. The decision was made to not use a factor less than 1.0 on any rate cell. These implied factors (calculated) and final factors (used) are supplied in Appendix G.

Table 15 summarizes the overall adjustment by rate cell for retroactive eligibility.

Table 15: Retroactive Eligibility Adjustment

COA Description	Rate Cell Description	Adjustment (%)
SSI	0 - 2 Months	0.00%
SSI	3 - 11 Months	0.00%
SSI	Child 1 – 20	0.00%
SSI	Adult 21+	0.53%

Maternity Kick Payment	Maternity Kick Payment	0.00%

Full Medicaid Pricing (FMP)

Beginning in April 2014, DHH implemented a series of program changes to ensure consistent pricing in the Medicaid program for hospital services, including inpatient hospital, outpatient hospital, hospital-based physician, and ambulance services. This change required the use of FMP in the calculation of PMPM payments to MCOs. DHH expects this rate increase will lead to increased payments to those providers contracting with the MCOs to maintain and increase

access to inpatient hospital, outpatient hospital, hospital-based physician, and ambulance services to the enrolled Medicaid populations. Mercer and DHH reviewed the aggregate funding levels for these services between the base period and the contract period and determined that an addition to the historical data was necessary in order to ensure the capitation rate ranges reflect adequate statewide pricing levels. Separate adjustments were made to each of the four services to capture the full impact of statewide funding.

FMP adjustments were implemented for inpatient and outpatient services effective April 2014. Physician and ambulance FMP adjustments were implemented effective July 2015.

Inpatient Hospital Services

Mercer relied upon an analysis of Medicare diagnosis related group equivalent pricing of Medicaid services provided by DHH. For PH, this analysis was done for each legacy subprogram (i.e., the three legacy Prepaid plans in aggregate, and the legacy Shared Savings/FFS). A separate analysis was done for the SBH claims. The analyses relied upon encounter, Shared Savings/FFS, and LBHP data incurred from July 2013 to June 2014 and compared the adjusted Medicare payments to the Medicaid payment on a per discharge basis at each hospital. The Medicare payments were adjusted to reflect the treatment of Medicaid patients and reflected the SFY15 reimbursement schedule. The SFY14 Medicaid payments were adjusted to reflect fee changes effective in SFY15 and payments made outside of the claims system (outlier payments). Mercer applied the ratio between the two payments to the base data at a hospital-specific level. Tables 17a and 17b below show the impact of FMP on the adjusted base cost of PH and SBH inpatient hospital services, respectively.

Table 17a: Inpatient Hospital FMP Impact (PH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Dollar Impact (Table 6a)	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$608,712,298	\$10,934,243	\$619,646,540	\$435,065,137	70.21%
CY 2014	\$563,991,217	-\$1,296,978	\$562,694,239	\$413,327,440	73.46%

Table 17b: Inpatient Hospital FMP Impact (SBH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$65,720,876	\$838,008	\$66,558,885	\$27,159,733	40.81%
CY 2014	\$60,329,251	\$1,030,195	\$61,359,446	\$21,725,797	35.41%

Outpatient Hospital Services

The outpatient FMP was developed according to the State Plan using CCRs, which used reported costs and billed charges by hospital. The CCRs supplied by DHH were reported on hospital fiscal year bases, which varied by hospital from February 28, 2014 to December 31, 2014. The billed charges originated from the PH and SBH base data. Mercer applied the ratio between the base data and cost estimates at a hospital level to develop the outpatient component of the FMP. Tables 18a and 18b below show the impact of FMP on the adjusted base cost of PH and SBH outpatient hospital services, respectively.

Table 18a: Outpatient Hospital FMP Impact (PH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$351,651,586	\$15,044,474	\$366,696,060	\$133,061,119	36.29%
CY 2014	\$371,250,343	\$13,364,559	\$384,614,902	\$142,417,061	37.03%

Table 18b: Outpatient Hospital FMP Impact (SBH)

Time Period	Historical Cost	Historical Adjustment Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$6,831,512	-\$306,525	\$6,524,987	\$939,767	14.40%
CY 2014	\$8,965,414	-\$92,370	\$8,873,044	\$704,437	7.94%

Hospital-Based Physician Services

. Mercer performed an analysis of hospital-based physician services provided at participating facilities by participating physicians compared to the average commercial rates for the same

services according to the State Plan methodology. The average commercial rates are maintained by DHH and updated periodically. For state-owned or operated entities, average commercial rate factors are updated annually. DHH provided state-owned conversion factors for RY 2016. For non-state owned or operated entities, the average commercial rate factors are indexed to Medicare rates and updated every 3 years. DHH provided the latest available non-state factors, which were last updated as recently as December 2015. Tables 19a and 19b below show the impact of FMP on the adjusted base cost of PH and SBH hospital-based physician services meeting the State Plan's criteria for FMP.

Table 19a: Hospital-Based Physician FMP Impact (PH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Estimated Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$87,306,690	\$1,863,766	\$89,170,456	\$85,986,130	96.43%
CY 2014	\$88,124,993	\$0	\$88,124,993	\$85,883,764	97.46%

Table 19b: Hospital-Based Physician FMP Impact (SBH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$546,936	\$0	\$546,936	\$387,827	70.91%
CY 2014	\$639,270	\$0	\$639,270	\$298,063	46.63%

Ambulance Services

Mercer performed an analysis of ambulance services utilized by Medicaid enrollees according to the State Plan using Medicare fee schedules and average commercial rates as a percentage of Medicare. Ambulance providers were classified as either Large Urban Governmental (LUG) or non-LUGs. LUGs have historically received 100% of the gap between average commercial rate and the Medicaid fee schedule while non-LUGs have historically received 17.35% of the gap. Mercer developed increases using these assumed funding levels. Average commercial rates as a percentage of Medicare were provided by DHH for RY 2016. According to the State Plan, average commercial rates are updated every three years. No ambulance services meeting the State Plan's criteria were found in the SBH claims experience. Tables 20a below shows the

impact of FMP on the adjusted base cost of PH ambulance services meeting the State Plan's criteria for FMP,

Table 20a: Ambulance FMP Impact (PH)

	[A]	[B]	[C] = [A] + [B]	[D]	[E] = [D] / [C]
Time Period	Historical Cost	Historical Adjustment Estimated Dollar Impact	Adjusted Cost	FMP Impact	FMP Impact as % of Adjusted Cost
CY 2013	\$27,841,853	\$594,350	\$28,436,203	\$13,028,188	45.82%
CY 2014	\$30,278,811	\$0	\$30,278,811	\$15,197,450	50.19%

As part of the rate development process, Mercer blended the CY 2013 and CY 2014 projected claims PMPM inclusive of the FMP amounts. The overall PMPM impact on final projected claims is summarized in Table 21 below:

Table 21: FMP PMPM Impact

		[A]	[B]	[C]	[D] = [A]+[B]+[C]
		Full Medicaid Pricing PMPM Impact			
COA Description	CY 2014 MMs	Hospital (IP/OP)	Ambulance	Physician	Total

Total¹	12,556,949	\$48.30	\$1.52	\$7.61	\$57.43

Notes

1- The total line and composite PMPMs duplicate the voluntary opt-in membership

Non-Medical Expense Load

The actuarially sound capitation rate ranges developed include a provision for MCO administration and other non-medical expenses. Mercer reviewed historical Prepaid plan expense data and relied on its professional experience in working with numerous State Medicaid programs to develop the administrative load. The load for each rate cell was determined using a fixed and variable cost model. Under this model, a fixed administrative expense is attributed to each rate cell, which reflects program requirements, such as state-mandated staffing, and other indirect operational expenses. Added to this is a variable administrative amount, based on claims volume. In development of the PH Program rate cells, the variable administrative amount on each rate cell was determined by using 2% of pharmacy claim costs plus 5.66% of all other medical costs. Maternity kick payment rate cells have only the variable medical cost administrative load. For the SBH program, the variable administrative amount on each rate cell was determined using 4.77% of the covered claims expense. This methodology results in administrative expense loads that vary as a percentage by rate cell. The resulting variance in administrative expense determined using this methodology results in a higher allocation of administrative expenses on the rate cells with higher utilization, which Mercer believes is more accurate in reflecting the drivers of plan administration requirements.

Mercer reviewed plan financial information provided by the Prepaid plans to develop administrative cost expectations. The development included consideration for increases in expenses including items such as additional case management due to claims volume and increases in staff compensation over time. The administrative development also included an expected increase in staffing and operational expenses associated with the inclusion of SBH services and the new SBH program population. Final Administrative cost expectation was \$23.63 to \$24.84 PMPM.

Additionally, provision has been made in the rate development for a 2.00% underwriting gain calculated before applying any adjustment for FMP. Final rates also include provision for Louisiana's 2.25% premium tax. The FMP PMPMs include provision for premium tax only.

Risk Adjustment

Risk adjustment will be applied to the rates in Appendix A to reflect differences in health status of the members served in each MCO using the Adjusted Clinical Groups (ACG) model. The risk adjustment process does not increase nor decrease the overall cost of the program, but can change the distribution across the various Bayou Health MCOs according to the relative risk of their enrolled members. Table 21 shows the rate cells that will be risk adjusted.

Table 21: Risk-Adjusted Rate Cells

Voluntary Opt-In Adjustment

It is unclear at this time if there will be a material difference in the risk profile of the Opt-in population from the historical FFS population. Therefore, Mercer made no adjustments for selection risk in the development of the HCBS and CCM rates.

Federal Health Insurer Fee

Section 9010 of the ACA established a health insurance provider fee (HIPF), which applies to certain for-profit/tax-paying health insurers. For-profit Medicaid health plans are not exempt from the HIPF, which will become a cost of doing business that is appropriate to recognize in actuarially sound capitation rates.

At the time of this certification, many aspects of the calculation and application of this fee are not yet determined and/or finalized. These fees will be calculated and become payable sometime during the third quarter of 2017. As these fees are not yet defined by insurer and by marketplace, no adjustment has been made in the rate range development for the Bayou Health program. An adjustment and revised certification will be considered when the fee amount and impacted entities applicable to this rate period are announced in 2017.

Section 3: Certification of Final Rate Ranges

In preparing the rate ranges shown in Attachment A, Mercer has used and relied upon enrollment, FFS claims, encounter data, reimbursement level, benefit design, and other information supplied by DHH and its fiscal agent. DHH, its fiscal agent, and the Prepaid plans are responsible for the validity and completeness of the data supplied. We have reviewed the data and information for internal consistency and reasonableness, but we did not audit them. In our opinion they are appropriate for the intended purposes. If the data and information are incomplete or inaccurate, the values shown in this report may need to be revised accordingly.

Mercer certifies that the rates in Attachment A were developed in accordance with generally accepted actuarial practices and principles and are appropriate for the Medicaid covered populations and services under the managed care contract. Rate estimates provided are based upon the information available at a point in time and are subject to unforeseen and random events. Therefore, any projection must be interpreted as having a likely range of variability from the estimate. The undersigned actuaries are members of the American Academy of Actuaries and meet its qualification standards to certify to the actuarial soundness of Medicaid managed care capitation rates.

Rates and ranges developed by Mercer are actuarial projections of future contingent events. Actual Bayou Health MCO costs will differ from these projections. Mercer has developed these rates on behalf of DHH to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c), and in accordance with applicable law and regulations. Use of these rate ranges for any purpose beyond that stated may not be appropriate.

Bayou Health MCOs are advised that the use of these rate ranges may not be appropriate for their particular circumstance and Mercer disclaims any responsibility for the use of these rate ranges by Bayou Health MCOs for any purpose. Mercer recommends that any Bayou Health MCO considering contracting with DHH should analyze its own projected medical expense, administrative expense, and any other premium needs for comparison to these rate ranges before deciding whether to contract with DHH.

This certification letter assumes the reader is familiar with the Bayou Health Program, Medicaid eligibility rules, and actuarial rate-setting techniques. It is intended for DHH and CMS, and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

* Individuals under the age of 21 otherwise eligible for Medicaid who are listed on the OCDD's Request for Services Registry who are CCM.

** Dual eligibles included in Bayou Health for SBH and NEMT services must be in a mandatory, voluntary opt-in or SBH and NEMT population listed above in Attachment C. They must also be eligible for Medicare, which is identified based on the Medicare Duals Eligibility table supplied by DHH's fiscal agent. Dually eligible individuals are represented by Dual Status code 02, 04, and 08.

Notes

1 – Managed care savings adjustments were applied to NEMT and DME services incurred by the Legacy Shared Savings program populations, as these services were not historically covered under the Shared Savings program.

2 – Managed care savings adjustments were applied to Personal Care Services incurred by the Legacy Shared Savings and Prepaid programs populations, as these services were not historically covered under the Shared Savings program.

September 15, 2015

VIA ELECTRONIC MAIL ONLY

Mr. Jared Simons, ASA, MAAA
Senior Associate Actuary
Mercer Government Human Services
3560 Lenox Road, Suite 2400
Atlanta, GA 30326

Subject: Capitation Rate Certification for the Bayou Health Program – Implementation
Year (February 1, 2016 through January 31, 2017)

Dear Jared:

I, Jen Steele, Medicaid Deputy Director, for the State of Louisiana's Department of Health and Hospitals (DHH), hereby affirm that the data prepared and submitted to Mercer Government Human Services Consulting (Mercer) for the purpose of certifying the February 1, 2016 through January 31, 2017 Bayou Health Rates were prepared under my direction, and to the best of my knowledge and belief, are accurate, complete, and consistent with the data used to develop the capitation rates. This data includes calendar years 2013 and 2014 fee-for-service (FFS) data files, managed care organization submitted encounter data, pre-paid inpatient health plans-submitted encounter data, and supplemental information on payments made outside of Louisiana's Medicaid Management Information Systems.

Mercer relied on DHH and its fiscal agent for the collection and processing of the FFS data, encounter data, and other information used in setting these capitation rates. Mercer did not audit the data, but did assess the data for reasonableness as documented in the rate certification letter.

Incentive-Based Performance Measures
Targets for Improvement

Identifier	Measure	Measure Description	Target Population	Condition	Target for Improvement
PTB \$\$	Initiation of Injectable Progesterone Therapy in Women with Previous Pre-Term Births	The percentage of women 15-45 years of age with evidence of a previous pre-term singleton birth event (<37 weeks completed gestation) who received one or more Progesterone injections between the 16th and 21st week of gestation.	Children's and Maternal Health	Perinatal and Reproductive Health	MCOs must only report data related to the measure in 2016. Performance will be measured beginning in 2017.
NQF #0471 (CSEC) \$\$	Cesarean Rate for Low-Risk First Birth Women	The percentage of cesareans in live births at or beyond 37.0 weeks gestation to women that are having their first delivery and are singleton (no twins or beyond) and are vertex presentation (no breech or transverse positions).	Children’s and Maternal Health	Perinatal and Reproductive Health	26.47
(AWC) \$\$	Adolescent Well Care Visit	The percentage of enrolled members 12-21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement Year	Children's Health	Utilization	40.69
NQF # 0108 \$\$	Follow-up Care for Children Prescribed ADHD Medication	The percentage of children newly prescribed attention-deficit/hyperactivity disorder (ADHD) medication who had at least three follow-up care visits within a 10-month period, one of which was within 30 days of when the first ADHD medication was dispensed.	Children's Health	Behavioral Health	MCOs must only report data related to the measure in 2016. Performance will be measured beginning in 2017.
NQF #2082 (HIV) \$\$	HIV Viral Load Suppression	Percentage of patients, regardless of age, with a diagnosis of HIV with a HIV viral load less than 200	Chronic Disease	HIV	MCOs must only report data related to the measure in 2016. Performance will be measured beginning in 2017.
NQF #0272 (PQI 1) \$\$	Diabetes Short Term Complications Rate	Number of discharges for diabetes short term complications per 100,000 Medicaid enrollees age 18 and older.	Chronic Disease	Diabetes	17.15
NQF # 1517 (PPC) \$\$	Postpartum Care (PPC Submeasure)	The percentage of deliveries that had a postpartum visit on or between 21 and 56 days after delivery.	Maternal Health	Perinatal and Reproductive Health	63.12

Incentive-Based Performance Measures
Targets for Improvement

(AMB) \$\$	Ambulatory Care	Utilization of ambulatory care. Outpatient and ED Visits per 1000 member months	Population Health	Utilization	ED Visits 68.37
#09 (FUH) \$\$	The percentage of discharges for members 6 years of age and older who were hospitalized for treatment of selected mental illness diagnoses and who had an outpatient visit, an intensive outpatient encounter or partial hospitalization with a mental health practitioner. Two rates are reported: - The percentage of discharges for which the member received follow-up within 30 days of discharge. - The percentage of discharges for which the member received follow-up within 7 days of discharge.	NCQA	CHIPRA	Behavioral Health	MCOs must only report data related to the measure in 2016. Performance will be measured beginning in 2017.

Appendix J – Performance Measure Reporting

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
HEDIS Measures							
#09 (PPC)	Timeliness of Prenatal Care (PPC – Numerator 1)	The percentage of deliveries of live births between November 6 of the year prior to the measurement year and November 5 of the measurement year. The percentage of deliveries that received a prenatal care visit as a patient of the organization in the first trimester or within 42 days of enrollment in the organization.	NCQA	CHIPRA	Children's and, Maternal Health	Perinatal and Reproductive Health	HEDIS
#10 (CIS)	Childhood Immunization Status	Percentage of children that turned 2 years old during the measurement year and had specific vaccines by their second birthday. MCOs will report all Combinations.	NCQA	CHIPRA, MU2	Children's Health	Prevention	HEDIS
#11 (HPV)	Human Papillomavirus (HPV) Vaccine for Female Adolescents	Percentage of female adolescents that turned 13 years old during the measurement year and had three doses of the human papillomavirus (HPV) vaccine by their 13th birthday.	NCQA	CHIPRA	Children's Health	Prevention	HEDIS
#12 (IMA)	Immunization Status for Adolescents	Percentage of adolescents that turned 13 years old during the measurement year and had specific vaccines by their 13 th birthday.	NCQA	CHIPRA	Children's Health	Prevention	HEDIS
#13 (WCC)	Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents: Body Mass Index Assessment for Children/Adolescents	Percentage of children ages 3 to 17 that had an outpatient visit with a primary care practitioner (PCP) or obstetrical/ gynecological (OB/GYN) practitioner and whose weight is classified based on body mass index percentile for age and gender. The percentage of children ages 3 to 17 that had an outpatient visit with a primary care practitioner (PCP) or obstetrical/ gynecological (OB/GYN) practitioner, with evidence	NCQA	CHIPRA, MU2	Children's Health	Prevention	HEDIS
#14 (W15)	Well-Child Visits in the First Fifteen Months of Life	Percentage of patients who turned 15 months old during the measurement year and who had the following number of well- child visits with a PCP during their first 15 months of life. Seven rates are reported.	NCQA	CHIPRA	Children's Health	Utilization	HEDIS

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
#15 (W34)	Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life	Percentage of patients 3–6 years of age who received one or more well-child visits with a PCP during the measurement year.	NCQA	CHIPRA	Children's Health	Utilization	HEDIS
#16 (HA1C)	Comprehensive Diabetes Care: Hemoglobin A1c testing	The percentage of members 18-75 years of age with diabetes (type 1 and type 2) who received an HbA1c test during the measurement year.	NCQA	MEDICAID ADULT	Chronic Disease	Diabetes	HEDIS
#17 (SAA)	Adherence to Antipsychotic Medications for Individuals with Schizophrenia	The measure calculates the percentage of individuals 19 years of age or greater as of the beginning of the measurement year with schizophrenia or schizoaffective disorder who are prescribed an antipsychotic medication, with adherence to the antipsychotic medication [defined as a Proportion of Days Covered (PDC)] of at least 0.8 during the measurement year (12 consecutive months).	NCQA	MEDICAID ADULT	Population Health	Behavioral Health	HEDIS
#18 (MPM)	Annual Monitoring for Patients on Persistent Medications	The percentage of members 18 years of age and older who received at least 180 treatment days of ambulatory medication therapy for a select therapeutic agent during the measurement year and at least one therapeutic monitoring event for the therapeutic agent in the measurement year. For each product line, report each of the four rates separately and as a total rate.	NCQA	MEDICAID ADULT	Chronic Disease	Prevention	HEDIS
#19 (CBP)	Controlling High Blood Pressure	The percentage of patients 18 to 85 years of age who had a diagnosis of hypertension (HTN) and whose blood pressure (BP) was adequately controlled (<140/90) during the measurement year based on the following criteria: Members 18-59 whose BP was < 140/90 Members 60-85 with diagnosis of diabetes whose BP was 150/90 Members 60-85 without a diagnosis of diabetes whose BP was 150/90	NCQA	MEDICAID ADULT, MU2, CMS HEALTH HOMES	Chronic Disease	Cardiovascular Care	HEDIS

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
#20 (ABA)	Adult BMI Assessment	The percentage of members 18-74 years of age who had an outpatient visit and whose body mass index (BMI) was documented during the measurement or the year prior to the measurement year.	NCQA	MEDICAID ADULT, CMS HEALTH HOMES	Population Health	Prevention	HEDIS
#21 (AMM)	Antidepressant Medication Management	The percentage of members 18 years of age and older with a diagnosis of major depression and were newly treated with antidepressant medication, and who remained on an antidepressant medication treatment. Two rates are reported.	NCQA	MEDICAID ADULT, MU2	Population Health	Behavioral Health	HEDIS
#22 (CCS)	Cervical Cancer Screening	Percentage of women 21–64 years of age who were screened for cervical cancer: - Women 21-64 who had cervical cytology performed every 3 years - Women 30-64 who had cervical cytology/HPV co-testing performed every 5 years	NCQA	MEDICAID ADULT, MU2	Population Health	Prevention	HEDIS
#23 #1800 (AMR)	Asthma Medication Ratio	The percentage of patients 5–64 years of age who were identified as having persistent asthma and had a ratio of controller medications to total asthma medications of 0.50 or greater during the measurement year.	NCQA	Medicaid	Population Health	Pulmonary/ Critical Care	HEDIS
#24 (FVA)	Flu Vaccinations for Adults Ages 18 to 64	The percentage of adults 18 years of age and older who self-report receiving an influenza vaccine within the measurement period.	NCQA	MEDICAID ADULT	Population Health	Prevention	HEDIS/ CAHPS

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
#25 (MSC)	Medical Assistance With Smoking and Tobacco Use Cessation	Assesses different facets of providing medical assistance with smoking and tobacco use cessation. MCOs will report three components (questions): • Advising Smokers and Tobacco Users to Quit • Discussing Cessation Medications • Discussing Cessation Strategies	NCQA	MEDICAID ADULT	Population Health	Prevention	HEDIS/CAHPS
#26 (MMA)	Medication Management for People with Asthma	The percentage of patients 5-64 years of age during the measurement year who were identified as having persistent asthma and were dispensed appropriate medications that they remained on during the treatment period. Two rates are reported.	NCQA	CHIPRA	Population Health	Pulmonary/ Critical Care	HEDIS
#27 (CAT)	Call Answer Timeliness	Percentage of calls received by the organization's Member Services call centers (during operating hours) during the performance measurement year that were answered by a live voice within 30 seconds.	NCQA	None	Population Health	Access/ Availability of Care	HEDIS
#28 (CHL)	Chlamydia Screening in Women	The percentage of women 16–24 years of age who were identified as sexually active and who had at least one test for Chlamydia during the measurement year.	NCQA	CHIPRA, MEDICAID ADULT	Population Health, Maternal Health	Perinatal and Reproductive Health, Sexually Transmitted Infectious Diseases	HEDIS
#29 (BCS)	Breast Cancer Screening	Percentage of women 50-74 years of age who had a mammogram to screen for breast cancer.	NCQA	MEDICAID ADULT, MU2	Senior Care	Prevention	HEDIS

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
#30 (CAP)	Child and Adolescents' Access to Primary Care Practitioners	Percentage of children ages 12 months – 19 years who had a visit with a PCP. The MCO reports four separate percentages: - Children 12-24 months and 25 months – 6 years who had a visit with a PCP in the measurement year - Children 7-11 years and adolescents 12-19 years who had a visit with a PCP in the measurement year or the year prior to the measurement year.	NCQA	CHIPRA	Children's Health	Access/ Availability of Care	HEDIS
#31 (FPC)	Frequency of Ongoing Prenatal Care	Percentage of Medicaid deliveries between November 6 of the year prior to the measurement year and November 5 of the measurement year that received the following percentages of expected prenatal visits: <21, 21-40, 41-60, 61-80, > or = 80.	NCQA	CHIPRA	Children's and Maternal Health	Perinatal and Reproductive Health	HEDIS
PQI Measures							
#32 (PQI05)	COPD and Asthma in Older Adults Admission Rate	This measure is used to assess the number of admissions for chronic obstructive pulmonary disease (COPD) per 100,000 population. The number of discharges for chronic obstructive pulmonary disease (COPD) or asthma per 100,000 member months for Medicaid enrollees age 40 and older.	AHRQ	MEDICAID ADULT	Population Health	Pulmonary/ Critical Care	Section V
#33 (PQI08)	Heart Failure Admission Rate	Percent of population with an admissions for heart failure (reported by Recipient Parish). The number of discharges for heart failure per 100,000 member months for Medicaid enrollees age 18 and older (reported by Recipient Parish).	AHRQ	MEDICAID ADULT	Chronic Disease	Cardiovascular Care	Section V

Identifier	Measure	Measure Description	Measure Steward	Federal Reporting Program	Target Population	Condition	Specification Source
#34 (PQ115)	Asthma in Younger Adults Admission Rate	Admissions for a principal diagnosis of asthma per 100,000 population, ages 18 to 39 years. Excludes admissions with an indication of cystic fibrosis or anomalies of the respiratory system, obstetric admissions, and transfers from other institutions. Number of discharges for asthma per 100,000 member months for Medicaid enrollees ages 18 to 39.	AHRQ	MEDICAID ADULT	Population Health	Pulmonary/ Critical Care	Section V
Vital Record Measures							
#35 NQF #1382 (LBW)	Percentage of low birth weight births	Percentage of live births that weighted less than 2,500 grams in the state during the reporting period.	CDC	CHIPRA, HRSA	Children's and Maternal Health	Perinatal and Reproductive Health	Section V
#36 NQF (PC-01)	Elective Delivery	This measure assesses patients with elective vaginal deliveries or elective cesarean sections at >= 37 and < 39 weeks of gestation completed	TJC	MEDICAID ADULT, MU2	Maternal Health	Perinatal and Reproductive Health	Section V
