**Informational Bulletin 16-5**  
**Revised September 7, 2018**

**Managed Care Plan Progesterone Billing and Ordering Guide**

The FDA has approved two new generic forms of hydroxyprogesterone caproate. The table on the next page explains coverage of injectable progesterone from all five managed care organizations (MCOs). Please note that none of the MCOs requires prior authorization for any form of injectable progesterone. All forms are covered as a medical and pharmacy benefit.

**The new generic forms of progesterone do not have distinct J codes for billing. American Regent, Prasco, and Makena products have the same J-1726 for "buy and bill," including the new Makena auto-injector.**

## Medicaid Managed Care Plan Progesterone Billing and Ordering Guide

**There is no prior authorization required by the managed care organizations**  
**Home administration of all forms of injectable progesterone is available for all health plans from**  
**Optum OB Homecare (*formerly Alere Health*) phone: 800-999-2106 fax: 866-252-4293**
