Remote Patient Monitoring Policy

LDH has issued a policy for remote patient monitoring.

Managed care organizations (MCO) must refer to the *Professional Services – Obstetrics* section of the MCO Manual for this policy. MCOs who cover this service must notify providers, via their provider portals, of the policy and publish updated provider manuals that reflect this policy within 30 calendar days thereafter. This policy shall be effective on May 19, 2022.

Providers may refer to their MCOs' provider portals after these deadlines for the detailed policy.
