URS Table Number	General Notes
All	<p>As a result of the implementation of several statewide initiatives, the State has experienced temporary disturbances in data collection, particularly in its outcomes measurement systems. Data sets used to develop reports have been affected by data quality, data quantity and changes in methodologies and analytics logic. The State has proactively initiated corrective action steps with the aim to establish/improve data linkages/transmission to the OBH data warehouse. These efforts will allow OBH to improve data quality and quantity.</p>
