## Louisiana

URS Table Number	General Notes
All	Persons Served for Fiscal Year 2017 had an increased count mostly due to Medicaid Expansion in Louisiana (beginning in July 2016) and one more (totaling nine out of ten) of our Local Governing Entities (LGEs) reporting client-level data to the Office of Behavioral Health (OBH) data warehouse. Office of Behavioral Health also started conducting regular Technical Assistance calls with the LGEs regarding their data quality, which has contributed towards overall increase in the count. One LGEs is yet to submit their client-level data to the Office of Behavioral Health (OBH) data warehouse. OBH is collaborating with this LGEs and their EHR vendors to resolve the data submission concerns.
6	Total Admissions to State Hospital during the Year Footnote: In November 2016, Louisiana OBH closed its Acute Care unit and now only operates intermediate care facilities. The result is a decrease in admissions during Fiscal Year 2017.
6	Total Admissions to Community Program During the Year Footnote: Persons Served for Fiscal Year 2017 had an increased count mostly due to Medicaid Expansion in Louisiana (beginning in July 2016) and one more (totaling nine out of ten) of our Local Governing Entities (LGEs) reporting client-level data to the Office of Behavioral Health (OBH) data warehouse. Office of Behavioral Health also started conducting regular Technical Assistance calls with the LGEs regarding their data quality, which has contributed towards overall increase in the count. One LGEs is yet to submit their client-level data to the Office of Behavioral Health (OBH) data warehouse. 6	Average LOS of adults discharged from State Hospitals Footnote: In November 2016, Louisiana OBH closed its Acute Care unit and now only operates intermediate care facilities. The result is an increase in the average length of stay for discharged adults.
8	The 19% decrease from the 2016 amount is primarily due to the change in service categories included in Table 8.
19a/b	Data source changed from Self-Assessment Tool to Client Level Data collected from our LGEs. OBH is collaborating with the LGEs and their EHR vendors to resolve the data submission concerns.
