BUSINESS PLAN INITIATIVE 3

6/13/2022

INITIATIVE 3: IMPROVE CARE FOR INDIVIDUALS WITH SERIOUS MENTAL ILLNESS:

- Under Commitment 1 of the Fiscal Year 2022 LDH Business Plan (ldh.la.gov/businessplan), Goal 1 of this initiative is to implement a comprehensive crisis system of care resulting in a decrease in the number of emergency department visits for Medicaid members presenting with a primary behavioral health reason by 3% in FY22. This would be a decrease of 3,006 emergency department visits for behavioral health reasons from 100,240 visit in FY19 to 97,233 or fewer in FY22.

LOUISIANA CRISIS RESPONSE SYSTEM:

- The Louisiana Crisis Response System is a modern, innovative and coordinated approach to crisis services that builds upon the unique and varied strengths, resources and needs of Louisiana's local communities. Services include:
 - **Mobile Crisis Response (MCR):** Mobile service available as initial intervention for individuals in a self-identified crisis. Teams go to the individual where they are located in the community.
 - **Community Brief Crisis Support (CBCS):** A face-to-face ongoing crisis intervention response. Designed to provide stabilization and support in the community after the initial intervention by Mobile Crisis Response or Behavioral Health Crisis Care.
 - **Behavioral Health Crisis Care (BHCC):** Facility-based services that operate as a walk-in center providing short-term behavioral crisis intervention.
 - **Crisis Stabilization:** Short-term, bed-based crisis treatment and support service for individuals who have received a lower level of crisis service and are at risk of hospitalization or institutionalization, including nursing home placement (funding requested for State Fiscal Year 2023)
