

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks contract for behavioral health or addiction services providers interested in negotiation of a managed care provider ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PLUR-DHHRFP-SMO-BH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

**Provider Letter of Intent to Contract with ValueOptions for Provision of Behavior/Health or
Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or
Publicly Funded Programs Administered Under the Louisiana Medicaid Program**

The Louisiana Department of Health and Hospitals Office of Behavioral Health ("OBBH") began to sell Louisianians' Medicaid BHPD (Behavioral Health Plan Design) to the Louisiana Management Corporation ("LAC") in 2007 to act as the Louisiana Management Corporation for the management of behavioral health services for all children and youth, a special target population of children eligible for the Louisiana System of Care (LSC) - adults with serious mental illness, other addictive disorders, and certain other identified behavioral health service in participating non-governmental patient populations under a pre paid inpatient health plan (as defined in 42 CFR 430.21) to be operated by BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP in the course of negotiations for acceptance to the RFP. ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a contract with LAC to provide contract for behavioral health or addictive services received under the Louisiana Medicaid Program ("LSC/MH") through ValueOptions if successful in securing award of the contract under the RFP ("Negotiations"). Once LSC/MH providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and conditions for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiations of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with best suited to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement no later than December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

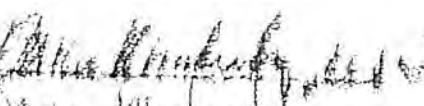

- a. Except to the extent specifically provided for herein, (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith, and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement resulting from the parties and the negotiations herein set forth herein are binding evidence, extended negotiations, "finalizations", oral understandings, or forms of contract (including verbal limitation clauses and/or changes of payment), effects by any party to commence the discussions, negotiations, negotiations financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by the LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any provision (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claim (including without limitation any right of recovery) in connection with and/or arising from the Negotiations and/or breaches of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions[®]"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals' Office of Behavioral Health (DHH-OBH) issued, or will issue, RFP#OOPUR-DH-HPR-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BHC-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSOC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and designated patient populations under a pre-paid benefit health plan (as defined in 42 CFR 438.2) to be operated by the BHC-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and conditions for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal, complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations (based on such things as people evidence, escrowed negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation silence and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations, except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers"). Should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"), Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals Office of Behavioral Health (OAH) invites to all firms RFP-2010-RFP-DHHR-BMO-RFP seeking proposals from qualified Behavioral Health Managed Care Organizations (BMO's) to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Louisiana System of Care (LASC) service to serious mental illness and/or addictive disorders, and certain other identified behavioral health services to eligible and associated patient populations under a pre paid behavioral health plan (as defined in 42 CFR 430.3) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc. to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of responding to responses to the RFP, ValueOptions expects to identify those behavioral health and addictive services providers interested in negotiation of a participation agreement contract for behavioral health or addictive services covered under the Louisiana Medicaid Program ("Negotiations"). Should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"), those other providers who meet ValueOptions provider credentialing standards and willing and agree to ValueOptions terms and conditions for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiations of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to continue and/or commence good faith negotiations regarding the Negotiations with a goal of entering into a formal participation agreement no later than December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein, (i) this LOI is not intended by any party to be contractually bind the parties in any way except to negotiate in good faith, and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement or binding on the parties and the obligations herein set forth herein are legal evidence, extended negotiations, "handshake", oral understandings, or forms of mutual understanding without limitation reliance and/or changes of positions, offered by any party to terminate this agreement, negotiations, without financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by the LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any provision (whether real or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claim (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptionsSM"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Value Options Letter of Intent. This may also be downloaded from the LCA web page.

**Provider Letter of Intent to Contract with ValueOptions for
Provision of Behavioral Health or Addictive Services to
Eligible Individuals Enrolled in the Louisiana Medicaid
Program or Publicly Funded Programs Administered Under
the Louisiana Medicaid Program**

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-DBH") issued or will issue RFP#305PUR-DHHRFP-SMO-CBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoc), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parol evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promise (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed

upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

DEBBIE ADKINS
No. 3959 E. 2

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#306PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("B-H MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the B-H MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid Inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions™"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions*"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Value Options Letter of Intent. This may also be downloaded from the LCA web page.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions[®]"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and

condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as

ValueOptions of Louisiana, Inc. ("ValueOptions[®]"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions[®]"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and Included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions[®]"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Subject: Information for LPCs Concerning the Behavior Health Reform Partnership

Having trouble viewing this email? [Click here](#)

This message is from the Louisiana Counseling Association, your Professional Association

Dear LPC:

Currently, LPCs in both the public and private sectors are not individual providers for Medicaid. In 2012, Louisiana will begin the Behavioral Health Reform Partnership with CSOC (the Coordinated System of Care) being part of that Partnership. Initially, CSOC will address a target group of at-risk children and youth with significant behavioral health challenges or co-occurring disorders. The Reform Partnership will begin to address the other youth and adults in need of mental health services.

It is expected that the funding of the Behavioral Health Reform Partnership will restructure the mental health delivery system in Louisiana both in the public and private sector.

A Statewide Management Organization (SMO) will register the eligible youth, authorize services, process claims and pay providers. The SMO will also file paperwork to both private insurance companies as well as Medicaid in the cases of dual insured (This is the reason that this new initiative is being touted as saving Louisiana Medicaid funding). Bids are being taken to select the company that will serve as Louisiana's SMO. One of the companies bidding for this contract is Value Options. Please be aware that Value Options is not the only entity that will be competing for the position of SMO in Louisiana. You will probably be receiving information from several other entities. If you are interested in participating in the Behavior Health Reform Partnership and/or CSOC, LCA encourages you to complete

successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein; (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.

By signing below, Provider acknowledges Provider's willingness to enter into negotiation of a participation agreement with ValueOptions for the provision of certain behavioral health or addictive services covered under the Louisiana Medicaid Program and included in the RFP. In accordance with and subject to this LOI, the parties agree to commence and/or continue good faith negotiations regarding the Negotiations with a goal of entering into a formal complete participation agreement on or before December 31, 2011.

Regardless of any provision to the contrary, the parties agree that:

- a. Except to the extent specifically provided for herein: (i) this LOI is not intended by any party to contractually bind the parties in any way except to negotiate in good faith; and (ii) there are no legally binding obligations on the parties created, implied, or inferred until a mutually agreed upon participation agreement is fully executed by the parties;
- b. Neither this LOI nor any agreement is binding on the parties and no obligations based on such things as parole evidence, extended negotiations, "handshakes", oral understandings, or courses of conduct (including without limitation reliance and/or changes of position), efforts by any party to complete due diligence, negotiate, obtain financing or prepare a contract, shall be considered as evidence of intent by any party to be bound by this LOI (except as specifically provided for herein) or otherwise;
- c. No party is entitled to rely upon this LOI or any promises (whether oral or written) that have been made or that may be made in the future in connection with discussions and/or negotiations related to or arising from the Negotiations except as contained in a fully executed mutually agreed upon participation agreement; and
- d. The parties each respectively waive, in advance, any claims (including without limitation potential breach of contract) in connection with and/or arising from the Negotiations and/or execution of this LOI until a mutually agreed upon participation agreement is fully executed by the parties.

Provider Letter of Intent to Contract with ValueOptions for Provision of Behavioral Health or Addictive Services to Eligible Individuals Enrolled in the Louisiana Medicaid Program or Publicly Funded Programs Administered Under the Louisiana Medicaid Program

The Louisiana Department of Health and Hospitals-Office of Behavioral Health ("DHH-OBH") issued or will issue RFP#305PUR-DHHRFP-SMO-OBH seeking proposals from qualified Behavioral Health Managed Care Organizations ("BH-MCO") to act as the Statewide Management Organization for the management of behavioral health services for eligible children and youth, a special target population of children eligible for the Coordinated System of Care (CSoC), adults with serious mental illness and/or addictive disorders, and certain other identified behavioral health services or programs and associated patient populations under a pre-paid inpatient health plan (as defined in 42 C.F.R. §438.2) to be operated by the BH-MCO (the "RFP") under the Louisiana Medicaid Program.

A wholly owned subsidiary of ValueOptions, Inc., to be created and known as ValueOptions of Louisiana, Inc. ("ValueOptions®"), intends to respond to the RFP. In the course of preparation for response to the RFP, ValueOptions seeks to identify those behavioral health and addictive services providers interested in negotiation of a managed care provider contract for behavioral health or addiction services covered under the Louisiana Medicaid Program ("Providers") should ValueOptions be successful in securing award of the contract under the RFP ("Negotiations"). Only those Providers who meet ValueOptions provider credentialing standards and criteria and agree to ValueOptions terms and condition for participation will be extended participation agreements.
