

Louisiana Medicaid's Deep Dive on Quality: Engagement Process and Proposed Measures

May 17, 2019

Marcus Bachhuber, MD, MS, FACP,
Medicaid Chief Medical Officer

Pooja Mehta, MD, MSHP, FACOG,
Medicaid Clinical Innovation Officer

LDH Process for Quality Outreach

LDH Secretary and all Sister Agencies within LDH

One-On-One Meetings with Committee Members, Providers and Stakeholders

Electronic Quality Measures Survey to Quality Committee and Several Providers

Medicaid Quality Committee and Subcommittees Members

Medicaid Quality Public Forums held in Alexandria, Baton Rouge, New Orleans, and Shreveport throughout February

Louisiana Medicaid Presents:

Louisiana Medicaid is updating the quality performance measures tracked by Medicaid **Managed Care Organizations (MCOs)**. Updated measures will become effective January 1, 2020, to align with the start date of new MCO contracts. If you are a Medicaid stakeholder, we want to hear what you think!

Join us at one of several **public forums** in February to share your experiences with and recommendations for future quality performance measures.

**Wednesday, February 6
6:00 – 8:00 PM**

Willis-Knighton Eye Institute Building
First Floor
2611 Greenwood Road
Shreveport, Louisiana 71103

**Thursday, February 7
6:00 – 8:00 PM**

The Rapides Foundation Building
Second Floor – Classroom C
1101 Fourth Street
Alexandria, Louisiana 71301

**Monday, February 11
6:00 – 8:00 PM**

Our Lady of the Lake Regional Medical Center
Main Auditorium
5000 Hennessy Blvd
Baton Rouge, Louisiana 70805

**Wednesday, February 20
6:00 – 8:00 PM**

Children's Hospital State Street
Conference Center
210 State Street
New Orleans, Louisiana 70118

1. Please select your provider and/or provider organization type (select all that apply)

- Primary Care/Family Practice
- Tribal Health Care provider

Medicaid Quality Committee

The purpose of the Medicaid Quality Committee of the Louisiana Department of Health (LDH) is to provide focus and direction for activities that assure access and utilization of quality, evidence-based healthcare that is designed to meet the health needs of all Louisiana Medicaid recipients through:

1. Creating and sustaining a vibrant evaluation process for Louisiana Medicaid that is based on integrity, accountability, and transparency;
2. Offering expertise and experience of Committee members to recommend improvements to Louisiana Medicaid that will serve to better meet the healthcare needs of recipients in a cost efficient manner;
3. Sharing Committee recommendations with recipients, providers and policy leaders; and
4. Forming subcommittees to address specific areas of care, as needed.

Initial Feedback: Internal

- Engagement with Secretary and all sister agencies
- Stakeholder interviews with medical directors/quality teams
 - NC, OH, TN, WA, MN, OR
- In-depth reviews of available measure sets:
 - NCQA-HEDIS
 - NQF
 - CMS
 - AHRQ
 - Joint Commission
 - RWJ/Buying Value
- Consultation with CMS
- Current MCO quality performance

Initial Feedback: External

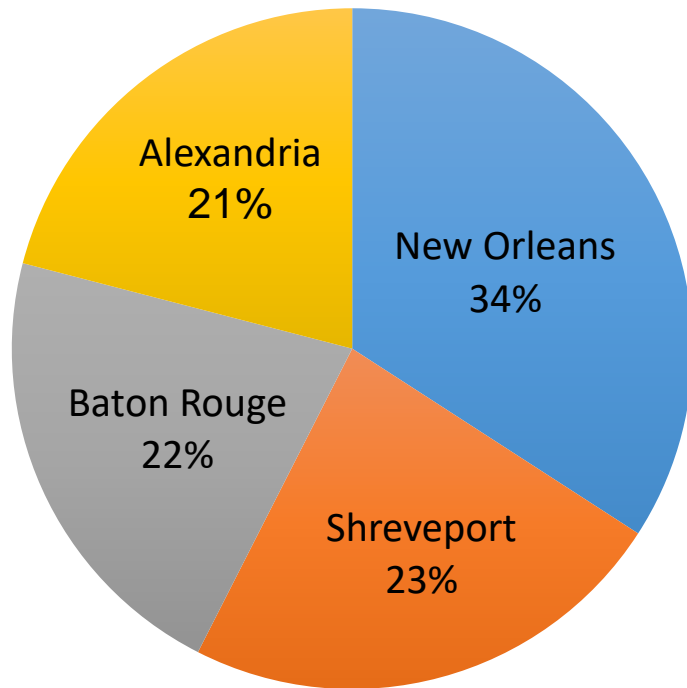

- **Initial Quality measures survey** to gain feedback on what measures should be maintained, ideas for new inclusion, and priorities for incentivized status in draft measure set
 - Medicaid Quality Committee members, provider stakeholders, subcommittee chairs
 - Survey closed November 2, 2018
 - 35 individual responses received (30% response rate)

- Draft **Quality Strategy framework** and **measures** reviewed with Quality Committee Subcommittee chairs/subcommittees in second round

Overall Ranking of All Monitored Measures

Review of Proposed Quality Measures

Summary of Performance Measure Changes (Handout)

- Performance measures set increased from 51 to 64 measures
- Incentivized measures were reduced from 16 to 12
- 10 new incentivized measures
- 9 current incentivized measures moved to monitored
- 3 incentivized measures moved to managed care incentive payment program
- Measures voted to be incentivized that were retired from national endorsement were not incentivized (eg. Ambulatory visits-ED visits)
- Some monitored measures to be stratified by race/ethnicity

Current Incentive-Based Measures	Proposed Incentive-Based Measures	Status
Initiation of Injectable Progesterone for Preterm Birth Prevention	Initiation of Injectable Progesterone for Preterm Birth Prevention	Existing
Adolescent Well Care Visit	Childhood Immunization Status (DTAP, IPV, MMR, HIB, Hepatitis B, VZV, and PCV)	Moved from monitored to incentivized
Follow-up Care for Children Prescribed ADHD Medication-Initiation Phase	Immunizations for Adolescents (Meningococcal, TDAP/TD, HPV)	Moved from monitored to incentivized
Follow-up Care for Children Prescribed ADHD Medication-Continuation Phase	Developmental Screening in the First Three Years of Life	New
Ambulatory Care- ED Visits	Cesarean Rate for Low-Risk First Birth Women	Moved from monitored to incentivized. Was previously incentivized.
Prenatal and Postpartum Care - Timeliness of Prenatal Care	Colorectal Cancer Screening	Moved from monitored to incentivized
Prenatal and Postpartum Care – Postpartum Care (PPC Numerator 2)	Cervical Cancer Screening	Moved from monitored to incentivized
Follow-Up After Hospitalization for Mental Illness - Within 30 days of discharge	Follow-Up After Hospitalization for Mental Illness - Within 30 days of discharge	Existing
Controlling High Blood Pressure - Total	HIV Viral Load Suppression	Moved from monitored to incentivized. Was previously incentivized.
Comprehensive Diabetes Care - Hemoglobin A1c (HBA1c) testing	Hepatitis C Virus Screening (aligned with USPSTF recommendations)	New
Comprehensive Diabetes Care - Eye exam (retinal) performed	Follow-Up After Emergency Department Visit for Mental Illness (within 30 days)	New
Comprehensive Diabetes Care - Medical attention for nephropathy	Initiation and Engagement of Alcohol and Other Drug Abuse or Dependence Treatment (initiation)	New
Well-Child Visits in the First 15 Months of Life - Six or more well-child visits.		
Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life		
CAHPS Health Plan Survey 5.0H, Adult (Rating of Health Plan, 8+9+10)		
CAHPS Health Plan Survey 5.0H, Child (Rating of Health Plan-General Population, 8+9+10)
