Letters of Intent to Enroll as a CCN Received as of September 2nd

DHH has received Letters of Intent from the following entities to enroll in Louisiana Medicaid as a **CCN-Prepaid Provider**:

AmeriGROUP—Regions 1, 2, 3, 9
Aetna Better Health—All 9 Regions; statewide
Louisiana Health Connections—All 9 Regions; statewide

The names of entities who have submitted a Letter of Intent to enroll as a CCN will be posted on the Making Medicaid Better website under **Letters of Intent** link, along with the name of a person that providers may contact to express their interest in joining the CCN's provider network.

Clarification Regarding Department of Insurance Licensing of CCNs

DHH has confirmed with the Louisiana Department of Insurance (LDI) that DOI will **not** be considering "network adequacy" as part of their licensing process. Determination of network adequacy will be made by DHH as the last step in the Readiness Review process.

DHH and DOI are working on a simple and straightforward Memorandum of Understanding that will clearly state what LDI will do (which will be limited to financial solvency and licensing) and that DHH will be responsible for other regulation, including the determination of network adequacy.

CCN Provider Credentialing

Credentialing of network providers is an important prerequisite to the determination of network readiness. In addition, only credentialed providers may be listed in the CCN's provider directory. **DHH will consider any providers currently enrolled in Louisiana Medicaid to already meet the credentialing requirements for the purposes of determining network sufficiency and listing in the provider directory.**

Revision Has Been Made to CCN-P APPENDIX F

– Attestation of Provider Network Submissions

DHH has revised Appendix F (Attestation of Provider Network Submissions) of the ***CCN-P Policy & Procedure Guide*** and changed the wording of the attestation to “future tense”. The revision has been revised in the current posting on the website.
