SUBJECT: Appendix K Exceptions Extended

Due to the increase of the COVID-19 virus nationwide, the Centers for Medicare and Medicaid Services (CMS) has extended the Appendix K COVID-19 exceptions for states, including Louisiana, until six months after the expiration of the declared public health emergency (until at least July 2021). On December 22, 2020 CMS released additional guidance on the COVID-19 exceptions and the Office for Citizens with Developmental Disabilities (OCDD) has determined that certain services outlined under the COVID-19 Appendix K will be extended.

Allowing suspension of Background Checks if DSW lives in home with participant	All Waivers

Additionally the following General Exceptions have been extended:

OCDD is not extending acceptance of prior year Provider attachments for the Plan of Care. All provider attachments are required to be updated the first quarter of 2021. All annual plans of care submitted after 12/31/2020 will require updated provider attachments.

Additionally, the 90L requirements have not been extended at this time. 90L forms expiring on or before 1/26/2021 that cannot be obtained from the participant's physician (by office visit or telemedicine) can be substituted with a current statement of approval (SOA). 90L forms expiring on or after 1/27/2021, which are dated on or after 1/26/2020, must be obtained for the next plan year. If you have questions concerning specific 90Ls or participants please bring them to the attention of OCDD waiver staff. If the Public Health Emergency is extended beyond January 26, 2021, additional guidance will be provided.

This guidance supersedes the *Appendix K Exceptions Ending Memorandum* (OCDD-P-20-066, OCDD-SC-20-030) issued December 15, 2020.

Please share these extensions with **ALL** waiver families and participants in your care. If you have any questions please send them to OCDD-HCBS@la.gov.

As always, thank you for your support in these difficult times.
