Thank you for visiting us!

Respiratory illnesses are easily spread & can be serious for older adults.

Spring is a common time for the flu. China’s recent emergence of COVID-19 has lead to increased national focus on infection prevention.

To protect our residents, please do not enter if:

- **Cough**
- **Fever**
- **Feel Unwell**

If you have recently traveled or been exposed to illness, please let us know

All other visitors please:

- **Wash Hands Frequently**
- (or use hand sanitizer)
