- [Baton Rouge parks employee accused of taking money from BREC in card fraud](#)
- According to BREC, the card was misused for over five years and the employee used \$67,000 for his personal business expenses. The internal audit pointed out “weaknesses” in the agency’s purchase card approval and payment processes.
- “While I am glad that our Internal Audit department was able to catch and stop this gross misappropriation of the tax dollars entrusted to us by the citizens of East Baton Rouge Parish, I am equally disappointed and embarrassed that the inappropriate transactions were not caught through the controls that we had in place to prevent this type of thing,” said BREC Superintendent Corey K. Wilson.
