Glossary

CDC: Centers for Disease Control and Prevention

COSS: Consortium of Occupational State-based Surveillance

Department or DHH: Department of Health and Hospitals

HRPIR: Health-Related Pesticide Incident Report

LDAF: Louisiana Department of Agriculture and Forestry

Louisiana Hospital Inpatient Discharge Database: The Louisiana Hospital Inpatient Discharge Database, or LaHIDD, serves as the state registry containing inpatient discharge data from Louisiana hospitals. LaHIDD contains detailed information on all hospital admissions: patient demographics, age, admission and discharge date, diagnosis (ICD-9 codes), cost of hospitalization, and payer information. The designation of workers' compensation payment as primary payer on hospital discharge records is a good proxy for the work-relatedness of hospitalized injuries.

LOHIS: Louisiana Occupational Health and Injury Surveillance Program

Louisiana Occupational Health Surveillance Workgroup: The Louisiana Occupational Health Surveillance Workgroup was formed with representation from OPH Program Directors, academicians from two local Schools of Public Health, and the state OSHA program. Members advise the Occupational Health & Injury Surveillance Program on programmatic issues and assist in the enhancement and promotion of occupational health activities within OPH.

Must: Denotes a mandatory requirement

NIOSH: National Institute for Occupational Safety and Health

OPH: Office of Public Health

Original: Denotes must be signed in ink

PCC: Poison Control Center

Redacted Proposal: The removal of confidential and/or proprietary information from one copy of the proposal for public records purposes.

SEET: Section of Environmental Epidemiology and Toxicology

Shall: Denotes a mandatory requirement

Should, May, Can: Denote a preference, but not a mandatory requirement

Will: Denotes a mandatory requirement

Work-Related Fatalities: A fatal work-related injury is an injury occurring at work that results in death. This includes fatalities from non-intentional injuries such as falls, electrocutions, and acute poisonings as well as fatal injuries from motor vehicle crashes that occurred during travel for work.

Work Status: A case is considered work-related if the reported incident occurred while the individual was working regardless if he/she was the applicator of the pesticide.

I. GENERAL INFORMATION

A. Background

1. The mission of the Department of Health and Hospitals (DHH) is to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all citizens of the State of Louisiana. The Department of Health and Hospitals is dedicated to fulfilling its mission through direct provision of quality services, the development and stimulation of services of others, and the utilization of available resources in the most effective manner.
2. DHH is comprised of Medical Vendor Administration (Medicaid), Office for Citizens with Developmental Disabilities, Office of Behavioral Health, Office of Aging and Adult Services, and the Office of Public Health. Under the general supervision of the Secretary, these principal offices perform the primary functions and duties assigned to DHH.
3. DHH, in addition to encompassing the program offices, has an administrative office known as the Office of the Secretary, a financial office known as the Office of Management and Finance, and various bureaus and boards. The Office of the Secretary is responsible for establishing policy and administering operations, programs, and affairs.
4. Within the Office of Public Health there are five Centers of Excellence: Center for Community Health, Center for Environmental Health, Center for Preventive Health, Center for Records and Statistics and the Center for Community Preparedness.
5. Since 1980, the Section of Environmental Epidemiology and Toxicology (SEET) under OPH's Center for Environmental Health Services has addressed morbidity and mortality associated with environmental chemicals. In recent years, there has been an increase in public awareness of the immediate and long-term health effects related to chemicals in the environment and, as a result, a greater demand for SEET to investigate these effects. SEET responds to these requests by:
 - Identifying chemicals in the environment which are likely to cause adverse health effects;
 - Evaluating the extent of human exposure to these chemicals and the resultant adverse health effects;
 - Making recommendations for the prevention and reduction of exposure to hazardous chemicals; and
 - Promoting a better public understanding of the health effects of chemicals in the environment.

As a public health program using an applied science approach, SEET investigates the health effects of chemical exposures in populations. It supports, collaborates, and participates in environmental health research. SEET is committed to reducing any known environmental threat to the public's health; it also provides information and data to the public to ensure better government policies and personal choices. Public health education efforts by SEET promote awareness of environmental health issues and are an integral part of its mission.

6. **Pesticide Surveillance Program** was established by SEET in the early 1990's to track incidents of pesticide exposure among Louisiana workers and residents. Reports of pesticide exposure are received from several sources: complaints filed with Louisiana Department of Agriculture and Forestry's (LDAF) Health-Related Pesticide Incident Report Program (HRPIR), Poison Control Center (PCC) calls, and reports from healthcare providers.

The Health-Related Pesticide Incident Program (HRPIR) is a joint Louisiana Department of Agriculture and Forestry and Department of Health & Hospitals' program. Both agencies work together to investigate complaints of pesticide exposure. HRPIR investigations typically involve the following: interview with exposed persons; review of pesticide application records and interview with pesticide applicator; and collection of environmental samples such as a residue sample or soil sample. Based on the collected information, LDAF determines if a misapplication has occurred, and SEET evaluates the health effects associated with the pesticide exposure.

The Louisiana Poison Control Center (PCC) receives calls from the general public and health care providers. The majority of calls involve an acute exposure to a toxic substance and the PCC's primary function is to provide the caller with toxicological and medical treatment information. The LA PCC reports all calls that involve pesticide exposure to SEET.

A pesticide event is defined as a reported health-related pesticide incident affecting at least one person. Each individual affected by a single health-related pesticide incident is considered a case. Information collected during a pesticide exposure investigation includes demographic data, circumstance and route of exposure, pesticide product information, type of application, location of pesticide application, medical signs and symptoms, biological and environmental monitoring information (e.g., results of cholinesterase and swab samples), severity of health effects and healthcare utilization. This information is obtained from a variety of sources: LDAF inspector reports, LPC case reports, environmental samples, medical records, pesticide product labels and Material Safety Data Sheets, and complainant interviews. The collected data are entered into a database maintained by SEET. The database, data coding guides, and case classification and severity criteria were developed by NIOSH and are used by most states that have a pesticide surveillance program. The case classification matrix is used to rank evidence linking the illness and injury to the pesticide exposure. Cases are classified using NIOSH's case definition for acute pesticide-related illness and injury. Classification categories consider the level of certainty of exposure, documentation of health effects, and the plausibility of reported health effects based on the known toxicology of the pesticides. The strongest evidence of pesticide exposure is confirmation of exposure by environmental or biological samples and of health effects by medical records. Cases are classified based on the circumstance or manner in which the reported pesticide exposure occurred. Some involve more than one mode of exposure, thus for these events each circumstance is counted independently.

7. In 2005, SEET applied for and received CDC/NIOSH funding to initiate and develop a state-based surveillance program for occupational injuries, diseases, and exposures. Through the funding opportunity, SEET developed the framework for population-based occupational health surveillance at the state level. These activities were further supported by an additional 5 years of funding received in 2010. Since its inception in 2005, the **Louisiana Occupational Health and Injury Surveillance (LOHIS) Program** has initiated and developed the capacity to conduct occupational health surveillance on key indicators in Louisiana. Work-related mortality and asbestosis are examples of key indicators tracked by the LOHIS program.

8. Industries & Occupations at High Risk of Work-Related Mortality

Workers in certain industries and occupations sustain fatal injuries at much higher rates than the overall workforce. The proportion of the workforce employed in these high-risk industries and occupations varies by state which can help explain differences in injury mortality rates among states. Overall, about 19% of Louisiana's workers are employed in high risk industries. These industries include construction, mining, and transportation and utilities. About 13% of Louisiana's workers are employed in high risk occupations. These include construction and extraction, transportation and material moving, and installation, maintenance and repair.

9. Asbestosis and Mesothelioma

Asbestos was widely used in a large number of industrial applications and types of manufactured products until the 1970s when federal regulations regulated its uses. In Louisiana, the use of asbestos has changed over the years from ship building to railroad and construction materials. Inhaled asbestos fibers have been linked to several diseases including asbestosis, lung cancer and mesothelioma.

B. Purpose of RFP

The purpose of this RFP is to solicit proposals from qualified proposers that provide environmental public health surveillance and exposure investigation services, including but not limited to, obtaining new data sources, working with data stewards to improve existing data and assembling an Occupational Health Advisory Group. A contract is necessary to provide environmental public health surveillance and exposure investigation services to SEET with the expertise required to coordinate program activities for its LOHIS and Pesticide Surveillance Programs.

C. Program Goals

1. The goal of the Louisiana Occupational Health and Injury Surveillance (LOHIS) Program is to promote the health, safety and quality of life of people working in Louisiana. Program activities include the following:

- Collect, analyze, interpret and disseminate information about work-related injuries, illnesses, and hazards in Louisiana.
- Educate workers, employers, and health care providers about occupational health and safety issues.
- Use surveillance information to guide the development of prevention and outreach activities.

2. The goal of the Pesticide Surveillance Program is to prevent pesticide exposures among Louisiana residents. Program activities include the following:

- Investigate and evaluate adverse health effects related to acute pesticide exposure (pesticide poisoning is a reportable condition in Louisiana)
- Record information from pesticide investigations into the pesticide surveillance database.
- Analyze pesticide exposure data
- Write reports and articles highlighting findings from pesticide exposure data
- Implement intervention and outreach activities to prevent or reduce pesticide exposure

D. Invitation to Propose

DHH Office Of Public Health, Section of Environmental Epidemiology and Toxicology (SEET) is inviting qualified proposers to submit proposals for services to provide coordination of program activities for SEET's Louisiana Occupational Health and Injury Surveillance (LOHIS) and Pesticide Surveillance Programs in accordance with the specifications and conditions set forth herein.

E. RFP Addenda

In the event it becomes necessary to revise any portion of the RFP for any reason, the Department shall post addenda, supplements, and/or amendments to all potential proposers known to have received the RFP. Additionally, all such supplements shall be posted at the following web address:

<http://www.prd1.doa.louisiana.gov/OSP/LaPAC/pubMain.cfm>

May also be posted at:

<http://new.dhh.louisiana.gov/index.cfm/newsroom/category/47>

II. ADMINISTRATIVE INFORMATION

A. RFP Coordinator

1. Requests for copies of the RFP and written questions or inquiries must be directed to the RFP coordinator listed below:

Mary Fuentes

Department of Health and Hospitals
Division of Contracts and Procurement Support
628 N 4th Street, 5th Floor
Baton Rouge, LA 70802
FAX: 225-342-9046
Email: Mary.Fuentes@la.gov

2. All communications relating to this RFP must be directed to the DHH RFP Coordinator person named above. All communications between Proposers and other DHH staff members concerning this RFP shall be strictly prohibited. Failure to comply with these requirements shall result in proposal disqualification.
3. This RFP is available in pdf at the following web links:

III. SCOPE OF WORK

A. Project Overview

The Contractor's responsibilities under this contract will include coordination of program activities for SEET's

- Louisiana Occupational Health and Injury Surveillance (LOHIS) Program
- Pesticide Surveillance Program

B. Deliverables

1. Programmatic Requirements

Louisiana Occupational Health and Injury Surveillance (LOHIS) Program

The Contractor selected for this project shall:

- Obtain and analyze new and existing data sources and work with data stewards to improve existing data. **Assessment of data sources includes:** data collection processes, variable coding, quality and completeness of the data as it pertains to occupational health surveillance, and other issues specific to each data source.
 - Analyze work-related hospital discharge data for injuries to determine risk factors associated with worker injury hospitalizations.
 - Analyze work-related mortality to determine high risk occupations and industries.
 - Evaluate the elevated rates of pneumoconiosis (particularly asbestosis) in Louisiana.
- Develop new health outcome indicators based on research findings and priority conditions.
- Work closely with partners (e.g. LDAF, state OSHA, etc.) to promote the use of data and the development and implementation of outreach/intervention activities (e.g. presentations, trainings, health fairs, etc.).
- Prepare reports and present findings from analysis of surveillance data.
- Oversee and conduct case-based investigations and liaise with regulatory agencies on investigations and interventions.

- Oversee the maintenance of the laboratory reporting database for heavy metals, pesticides and carbon monoxide.
- Respond to healthcare provider referrals regarding occupational exposures and/or injuries/illnesses.
- Develop and implement communication strategies to disseminate occupational health surveillance information to the general public, medical community, industry, and personnel in government agencies.
- Provide 1 representative to travel out of state to attend 2 COSS Meetings yearly, usually one in the spring and one in the fall.

Occupational Health Advisory Group:

The Contractor selected for this project shall be responsible for assembling an Occupational Health Advisory Group and conducting at least 1 Advisory Group meeting per year. Members shall include select OPH Program Directors, academicians from two local Schools of Public Health, and the state OSHA program. Members advise the Occupational Health & Injury Surveillance Program on programmatic issues and assist in the enhancement and promotion of occupational health activities within OPH.

Pesticide Surveillance:

The contractor selected for this project shall:

1. Conduct surveillance of pesticide exposures and other environmental exposures from various sources, such as, physicians, hospitals, laboratories, the Louisiana Poison Control Center, Hazardous Substances Emergency Event Surveillance program, etc.
2. Develop electronic reporting guidelines (HL7-CDC compliant format) for laboratory data (pesticide metabolites and cholinesterase) and oversee the development and management of SEET’s laboratory database for pesticides.
3. Work with LDAF to maintain the Registry of Pesticide Hypersensitive Individuals for the state of Louisiana.
4. Propose recommendations for project development and implement all project development recommendations proposed by staff.
5. Design health education materials related to health effects and pesticide exposure.
6. Maintain an existing Microsoft Access-based comprehensive pesticide surveillance database for SEET.
7. Analyze pesticide exposure data on an annual basis and provide a summary report for each calendar year by July 1 of the following year.
8. Identify areas of the state with more pesticide exposure incidents and implement targeted outreach projects (e.g. distribute brochures/factsheets, hold trainings, etc).
9. Collaborate with other programs (e.g. LDAF, LSU Ag Extension) on issues related to pesticide use (e.g., indoor air, school health and safety).

4. Operational Requirements

The Contractor selected for this project shall:

- Provide contractual services at SEET’s New Orleans Office at Benson Towers, 1450 Poydras Street, New Orleans, LA 70113, 16th Floor.
- Furnish personnel to provide 30 hours of contractual services per week (during business hours) for 48 weeks per year.
- Provide contract personnel to assist during Governor-declared States of Emergency.

5. Staffing Requirements/Qualifications

- A. Surveillance for pesticide-related illness and injury requires program staff to have knowledge in a broad range of areas including the following:
- Toxicology
 - Epidemiology
 - Data management
 - Occupational/environmental health
- B. The contractor selected for this project must either have a Master's Degree or Master's of Science in Public Health (MPH or MSPH) and/or provide personnel with that qualification.
- C. The contractor selected for this project should have 7 years of post-graduate work experience as of the proposal due date in the field of environmental public health surveillance and provide personnel with that qualification.

6. Other

The contractor selected for this project shall complete other tasks (e.g. respond to an emergency event, prepare a grant application) related to environmental public health surveillance as assigned by the Environmental Health Scientist Manager or the SEET Section Chief.

7. Record Keeping Requirements

The contractor selected for this project shall submit monthly invoices due by the 15th of the following month that document tasks and time spent on each task.

8. Reporting Requirements

The contractor shall meet with the Environmental Health Scientist Manager and SEET Section Chief once each month to provide a status update on project(s). The Contractor shall prepare and submit the following grant-related reports:

- (1) Annual Report of Major Program Accomplishments and Outcomes (Year 1) August 31, 2014;
- (2) Year 2 Competing Grant Progress Report due September 28, 2014;
- (3) Annual Report of Major Program Accomplishments and Outcomes (Year 2) due August 31, 2015;
- (4) Year 3 Non-Competing Grant Progress Report due September 28, 2015;
- (5) Annual Report of Major Program Accomplishments and Outcomes (Year 3) due August 31, 2016; and
- (6) Year 4 Non-Competing Grant Progress Report due September 28, 2016.

C. Liquidated Damages

1. In the event the Contractor fails to meet the performance standards specified within the contract, the liquidated damages defined below may be assessed. If assessed, the liquidated damages will be used to reduce the Department's payments to the Contractor or if the liquidated damages exceed amounts due from the Department, the Contractor shall be required to make cash payments for the amount in excess. The Department may also delay the assessment of liquidated damages if it is in the best interest of the Department to do so. The Department may give notice to the Contractor of a failure to meet performance standards but delay the assessment of liquidated damages in order to give the Contractor an opportunity to remedy the deficiency; if the Contractor subsequently fails to remedy the deficiency to the satisfaction of the Department, DHH may reassert the assessment of liquidated damages, even following contract termination.

- a. Late submission of any required report - \$50 per working day, per report.
 - b. Failure to fill vacant contractually required key staff positions within 90 days - \$500 per working day from 91st day of vacancy until filled with an employee approved by the Department.
 - c. Failure to maintain all files, reports and data and perform all file updates according to the requirements in the contract, as evidenced in client files when reviewed during monitoring site visit - \$100 per client.
 - d. Late submission of invoices beginning 10 business days after the stated due date - \$50 per working day per invoice.
2. The decision to impose liquidated damages may include consideration of some or all of the following factors:
- a. The duration of the violation;
 - b. Whether the violation (or one that is substantially similar) has previously occurred;
 - c. The Contractor's history of compliance;
 - d. The severity of the violation and whether it imposes an immediate threat to the health or safety of the consumers;
 - e. The "good faith" exercised by the Contractor in attempting to stay in compliance.

D. Fraud and Abuse

1. The Contractor shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities.
2. Such policies and procedures must be in accordance with state and federal regulations. Contractor shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the Contractor in preventing and detecting potential fraud and abuse activities.

E. Technical Requirements

The Contractor will be required to transmit all non-proprietary data which is relevant for analytical purposes to DHH on a regular schedule in XML format. Final determination of relevant data will be made by DHH based on collaboration between both parties. The schedule for transmission of the data will be established by DHH and dependent on the needs of the Department related to the data being transmitted. XML files for this purpose will be transmitted via SFTP to the Department. Any other data or method of transmission used for this purpose must be approved via written agreement by both parties.

- Proposer must clearly outline the solution's technical approach as it relates to a service oriented architecture. Details should include a description of capability and potential strategy for integration with future DHH wide enterprise components as they are established, specifically making use of an enterprise service bus for managing touch points with other systems, integration with a master data management solution and flexibility to utilize a single identity and access management solution.
- The contractor is responsible for procuring and maintaining hardware and software resources which are sufficient to successfully perform the services detailed in this RFP.
- The contractor should adhere to state and federal regulations and guidelines as well as industry standards and best practices for systems or functions required to support the requirements of this RFP.
- The contractor shall clearly identify any systems or portions of systems outlined in the proposal which are considered to be proprietary in nature.
- Unless explicitly stated to the contrary, the contractor is responsible for all expenses required to obtain access to DHH systems or resources which are relevant to successful completion of the requirements of this RFP. The contractor is also responsible for expenses required for

DHH to obtain access to the Contractor's systems or resources which are relevant to the successful completion of the requirements of this RFP. Such expenses are inclusive of hardware, software, network infrastructure and any licensing costs.

- Any confidential information must be encrypted to FIPS 140-2 standards when at rest or in transit.
- Contractor owned resources must be compliant with industry standard physical and procedural safeguards (NIST SP 800-114, NIST SP 800-66, NIST 800-53A, ISO 17788, etc.) for confidential information (HITECH, HIPAA part 164)
- Any contractor use of flash drives or external hard drives for storage of DHH data must first receive written approval from the Department and upon such approval shall adhere to FIPS 140-2 hardware level encryption standards.
- All contractor utilized computers and devices must:
 - Be protected by industry standard virus protection software which is automatically updated on a regular schedule.
 - Have installed all security patches which are relevant to the applicable operating system and any other system software.
 - Have encryption protection enabled at the Operating System level.

F. Subcontracting

1. The State shall have a single prime contractor as the result of any contract negotiation, and that prime contractor shall be responsible for all deliverables specified in the RFP and proposal. This general requirement notwithstanding, proposers may enter into subcontractor arrangements, however, should acknowledge in their proposals total responsibility for the entire contract.
2. If the proposer intends to subcontract for portions of the work, the proposer should identify any subcontractor relationships and include specific designations of the tasks to be performed by the subcontractor. Information required of the proposer under the terms of this RFP shall also be required for each subcontractor. The prime contractor shall be the single point of contact for all subcontract work.
3. Unless provided for in the contract with the State, the prime contractor shall not contract with any other party for any of the services herein contracted without the express prior written approval of the Department.
4. For subcontractor(s), before commencing work, the contractor will provide letters of agreement, contracts or other forms of commitment which demonstrate that all requirements pertaining to the contractor will be satisfied by all subcontractors through the following:
 - a. The subcontractor(s) will provide a written commitment to accept all contract provisions.
 - b. The subcontractor(s) will provide a written commitment to adhere to an established system of accounting and financial controls adequate to permit the effective administration of the contract.

G. Compliance With Civil Rights Laws

1. The contractor agrees to abide by the requirements of the following as applicable: Title VI and Title VII of the Civil Rights Act of 1964, as amended by the Equal Opportunity Act of 1972, Federal Executive Order 11246, the Federal Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Act of 1975, and contractor agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

2. Contractor agrees not to discriminate in its employment practices, and will render services under this contract without regard to race, color, religion, sex, national origin, veteran status, political affiliation, or disabilities. Any act of discrimination committed by Contractor, or failure to comply with these statutory obligations when applicable shall be grounds for termination of this contract.

H. Insurance Requirements

Insurance shall be placed with insurers with an A.M. Best's rating of no less than A-: VI. This rating requirement shall be waived for Workers' Compensation coverage only.

1. Contractor's Insurance

The Contractor shall not commence work under this contract until it has obtained all insurance required herein, including but not limited to Automobile Liability Insurance, Workers' Compensation Insurance and General Liability Insurance. Certificates of Insurance, fully executed by officers of the Insurance Company shall be filed with the Department for approval. The Contractor shall not allow any subcontractor to commence work on subcontract until all similar insurance required for the subcontractor has been obtained and approved. If so requested, the Contractor shall also submit copies of insurance policies for inspection and approval of the Department before work is commenced. Said policies shall not be canceled, permitted to expire, or be changed without thirty (30) days' written notice in advance to the Department and consented to by the Department in writing and the policies shall so provide.

2. Workers' Compensation Insurance

Before any work is commenced, the Contractor shall obtain and maintain during the life of the contract, Workers' Compensation Insurance for all of the Contractor's employees employed to provide services under the contract. In case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all the latter's employees, unless such employees are covered by the protection afforded by the Contractor. In case any class of employees engaged in work under the contract at the site of the project is not protected under the Workers' Compensation Statute, the Contractor shall provide for any such employees, and shall further provide or cause any and all subcontractors to provide Employer's Liability Insurance for the protection of such employees not protected by the Workers' Compensation Statute.

3. Commercial General Liability Insurance

The Contractor shall maintain during the life of the contract such Commercial General Liability Insurance which shall protect Contractor, the Department, and any subcontractor during the performance of work covered by the contract from claims or damages for personal injury, including accidental death, as well as for claims for property damages, which may arise from operations under the contract, whether such operations be by the Contractor or by a subcontractor, or by anyone directly or indirectly employed by either of them, or in such a manner as to impose liability to the Department. Such insurance shall name the Department as additional insured for claims arising from or as the result of the operations of the Contractor or its subcontractors. In the absence of specific regulations, the amount of coverage shall be as follows: Commercial General Liability Insurance, including bodily injury, property damage and contractual liability, with combined single limits of \$1,000,000.

4. Insurance Covering Special Hazards

Special hazards as determined by the Department shall be covered by rider or riders in the Commercial General Liability Insurance Policy or policies herein elsewhere required to be furnished by the Contractor, or by separate policies of insurance in the amounts as defined in any Special Conditions of the contract included therewith.

5. Licensed and Non-Licensed Motor Vehicles

The Contractor shall maintain during the life of the contract, Automobile Liability Insurance in an amount not less than combined single limits of \$1,000,000 per occurrence for bodily injury/property damage. Such insurance shall cover the use of any non-licensed motor vehicles engaged in operations within the terms of the contract on the site of the work to be performed thereunder, unless such coverage is included in insurance elsewhere specified.

6. Subcontractor's Insurance

The Contractor shall require that any and all subcontractors, which are not protected under the Contractor's own insurance policies, take and maintain insurance of the same nature and in the same amounts as required of the Contractor.

I. Resources Available to Contractor

OPH/SEET will have an assigned staff member who will be responsible for primary oversight of the contract. This individual will schedule meetings to discuss progress of activities and problems identified.

J. Contact Monitor

All work performed by the contractor shall be monitored by the contract monitor or designee:

Shannon Soileau

Department of Health and Hospitals

Office of Public Health

Section of Environmental Epidemiology and Toxicology

1450 Poydras Street, Suite 1640, New Orleans, LA 70112

K. Term of Contract

1. The contract shall commence on or near the date approximated in the Schedule of Events. The term of this contract is for the period 3 years. With all proper approvals and concurrence with the successful contractor, agency may also exercise an option to extend for up to twenty-four (24) additional months at the same rates, terms and conditions of the initial contract term. Subsequent to the extension of the contract beyond the initial 36 month term, prior approval by the Joint Legislative Committee on the Budget (JLCB) or other approval authorized by law shall be obtained. Such written evidence of JLCB approval shall be submitted, along with the contract amendment to the Office of Contractual Review (OCR) to extend contract terms beyond the initial 3 year term.

2. No contract/amendment shall be valid, nor shall the state be bound by the contract/amendment, until it has first been executed by the head of the using agency, or his designee, the contractor and has been approved in writing by the director of the Office of Contractual Review. Total contract term, with extensions, shall not exceed five (5) years. The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract.

L. Payment Terms

The contractor shall submit deliverables in accordance with established timelines and shall submit itemized invoices monthly or as defined in the contract terms. Payment of invoices is subject to approval of the Contract Monitor Shannon Soileau or approval of designated authority. Payment shall be at an hourly rate. Continuation of payment is dependent upon available funding.

Payment shall be at an hourly rate; travel expenses up to a maximum cost of \$3600 per year to three annual out of state conferences shall be paid by cost reimbursement pursuant to the state travel regulations.

IV. PROPOSALS

A. General Information

This section outlines the provisions which govern determination of compliance of each proposer's response to the RFP. The Department shall determine, at its sole discretion, whether or not the requirements have been reasonably met. Omissions of required information shall be grounds for rejection of the proposal by the Department.

B. Contact After Solicitation Deadline

After the date for receipt of proposals, no proposer-initiated contact relative to the solicitation will be allowed between the proposers and DHH until an award is made.

C. Code of Ethics

1. The contractor acknowledges that Chapter 15 of Title 42 of the Louisiana Revised Statutes (R.S. 42:1101 et. seq., Code of Governmental Ethics) applies to the Contracting Party in the performance of services called for in this contract. The contractor agrees to immediately notify the state if potential violations of the Code of Governmental Ethics arise at any time during the term of this contract.
2. Proposers are responsible for determining that there will be no conflict or violation of the Ethics Code if their company is awarded the contract. The Louisiana Board of Ethics is the only entity which can officially rule on ethics issues. Notwithstanding, any potential conflict of interest that is known or should reasonably be known by a proposer as it relates to the RFP should be immediately reported to the Department by proposer.

D. Rejection and Cancellation

Issuance of this solicitation does not constitute a commitment by DHH to award a contract or contracts or to enter into a contract after an award has been made. The Department reserves the right to take any of the following actions that it determines to be in its best interest:

1. Reject all proposals received in response to this solicitation;
2. Cancel this RFP; or
3. Cancel or decline to enter into a contract with the successful proposer at any time after the award is made and before the contract receives final approval from the Division of Administration, Office of Contractual Review.

In accordance with the provisions of R.S. 39:2192, in awarding contracts after August 15, 2010, any public entity is authorized to reject a proposal or bid from, or not award the contract to, a business in which any individual with an ownership interest of five percent or more, has been convicted of, or has entered a plea of guilty or nolo contendere to any state felony or equivalent federal felony crime committed in the solicitation or execution of a contract or bid awarded under the following provisions of the Louisiana Revised Statutes of 1950 governing public contracts: Title 38, Chapter 10 (public contracts); Title 39, Chapter 16 (professional, personal, consulting, and social services procurement); or Title 39, Chapter 17 (Louisiana Procurement Code).

E. Award Without Discussion

The Secretary of DHH reserves the right to make an award without presentations by proposers or further discussion of proposals received.

F. Assignments

Any assignment, pledge, joint venture, hypothecation of right or responsibility to any person, firm or corporation should be fully explained and detailed in the proposal. Information as to the experience and qualifications of proposed subcontractors or joint ventures should be included in the proposal. In addition, written commitments from any subcontractors or joint ventures should be included as part of the proposal. All assignments must be approved of by the Department.

G. Determination of Responsibility

Determination of the proposer's responsibility relating to this RFP shall be made according to the standards set forth in LAC 34: 136. The State must find that the selected proposer:

1. Has adequate financial resources for performance, or has the ability to obtain such resources as required during performance;
2. Has the necessary experience, organization, technical qualifications, skills, and facilities, or has the ability to obtain them;
3. Is able to comply with the proposed or required time of delivery or performance schedule; Has a satisfactory record of integrity, judgment, and performance; and
4. Is otherwise qualified and eligible to receive an award under applicable laws and regulations.
5. Proposers should ensure that their proposals contain sufficient information for the State to make its determination by presenting acceptable evidence of the above to perform the contracted services.

H. Proposal and Contract Preparation Costs

The proposer assumes sole responsibility for any and all costs and incidental expenses associated with the preparation and reproduction of any proposal submitted in response to this RFP. The proposer to which the contract is awarded assumes sole responsibility for any and all costs and incidental expenses that it may incur in connection with: (1) the preparation, drafting or negotiation of the final contract; or (2) any activities that the proposer may undertake in preparation for, or in anticipation or expectation of, the performance of its work under the contract before the contract receives final approval from the Division of Administration, Office of Contractual Review. The proposer shall not include these costs or any portion thereof in the proposed contract cost. The proposer is fully responsible for all preparation costs associated therewith even if an award is made but subsequently terminated by the Department.

I. Errors and Omissions

The Department reserves the right to make corrections due to minor errors of proposer identified in proposals by the Department or the proposer. The Department, at its option, has the right to request clarification or additional information from proposer.

J. Ownership of Proposal

All proposals become the property of the Department and will not be returned to the proposer. The Department retains the right to use any and all ideas or adaptations of ideas contained in any proposal received in response to this solicitation. Selection or rejection of the offer will not affect this right. Once a contract is awarded, all proposals will become subject to the Louisiana Public Records Act.

M. Proprietary and/or Confidential Information

1. Pursuant to the Louisiana Public Records Act (La. R.S. 44:1 et. seq.), all public proceedings, records, contracts, and other public documents relating to this RFP shall be open to public inspection. Proposers should refer to the Louisiana Public Records Act for further clarification, including protections sought for proprietary and/or trade secret information. Proposers are reminded that cost proposals will not be considered confidential under any circumstance and that protections for technical proposals must be claimed by the proposer at the time of submission of its technical proposal.

N. Proposal Format

1. An item-by-item response to the Request for Proposals is requested.
2. There is no intent to limit the content of the proposals, and proposers may include any additional information deemed pertinent. Emphasis should be on simple, straightforward and concise statements of the proposer's ability to satisfy the requirements of the RFP.

O. Requested Proposal Outline:

- Introduction/Administrative Data
- Work Plan/Project Execution
- Personnel Qualifications
- Corporate Financial Condition
- Cost and Pricing Analysis

P. Proposal Content

1. Proposals should include information that will assist the Department in determining the level of quality and timeliness that may be expected. The Department shall determine, at its sole discretion, whether or not the RFP provisions have been reasonably met. The proposal should describe the background and capabilities of the proposer, give details on how the services will be provided, and shall include a breakdown of proposed costs. Work samples may be included as part of the proposal.
2. Proposals should address how the proposer intends to assume complete responsibility for timely performance of all contractual responsibilities in accordance with federal and state laws, regulations, policies, and procedures.
3. Proposals should define proposer's functional approach in providing services and identify the tasks necessary to meet the RFP requirements of the provision of services, as outlined in Section II.

4. Introduction/Administrative Data

- a. The introductory section should contain summary information about the proposer's organization. This section should state proposer's knowledge and understanding of the needs and objectives of DHH/Office of Public Health/Section of Environmental Epidemiology and Toxicology as related to the scope of this RFP. It should further cite its ability to satisfy provisions of the Request for Proposal.
- b. This introductory section should include a description of how the proposer's organizational components communicate and work together in both an administrative and functional capacity from the top down. This section should contain a brief summary setting out the proposer's management philosophy including, but not limited to, the role of Quality Control, Professional Practices, Supervision, Distribution of Work and Communication Systems. This section should include an organizational chart displaying the proposer's overall structure.

c. This section should also include the following information:

- i.** Location of Administrative Office with Full Time Personnel, include all office locations (address) with full time personnel.
- ii.** Name and address of principal officer;
- iii.** Name and address for purpose of issuing checks and/or drafts;
- iv.** For corporations, a statement listing name(s) and address(es) of principal owners who hold five percent interest or more in the corporation.
- v.** If out-of-state proposer, give name and address of local representative; if none, so state;
- vi.** If any of the proposer's personnel named is a current or former Louisiana state employee, indicate the Agency where employed, position, title, termination date, and social security number;
- vii.** If the proposer was engaged by DHH within the past twenty-four (24) months, indicate the contract number and/or any other information available to identify the engagement; if not, so state; and
- viii.** Proposer's state and federal tax identification numbers..
- ix.** Veteran/Hudson Initiative: Proposer should demonstrate participation in Veteran Initiative and Hudson Initiative Small Entrepreneurships or explanation if not applicable. (See Attachment I)

d. The following information ***must*** be included in the proposal:

- i.** Certification Statement: The proposer must sign and submit an original Certification Statement (See Attachment II).

5. Work Plan/Project Execution

The proposer should articulate an understanding of and ability to effectively implement services as outlined within Section II of the RFP. In this section the proposer should state the approach it intends to use in achieving each objective of the project as outlined, including a project work plan and schedule for implementation. In particular, the proposer should:

- a.** Provide a written explanation of the organizational structures of both operations and program administration, and how those structures will support service implementation. Individual components should include plans for supervision, training, technical assistance, as well as collaboration as appropriate.
- b.** Provide a strategic overview including all elements to be provided.
- c.** Demonstrate an ability to hire staff with the necessary experience and skill set that will enable them to effectively meet the needs of consumers served.
- d.** Demonstrate an understanding of, and ability to implement, the various types of organizational strategies to be integrated within the day to day operations, which are critical in organizing their functioning and maximizing productivity.
- e.** Demonstrate knowledge of services to be provided and effective strategies to achieve objectives and effective service delivery.
- f.** Describe approach and strategy for project oversight and management.
- g.** Articulate the need for, and the ability to implement, a plan for continuous quality improvement; this includes (but is not limited to) reviewing the quality of services provided and staff productivity.

- h.** Demonstrate an understanding of and ability to implement data collection as needed.
- i.** Explain processes that will be implemented in order to complete all tasks and phases of the project in a timely manner, as outlined within Section II.
- j.** Articulate the ability to develop and implement an All Hazards Response plan in the event of an emergency event.
- k.** Refer to specific documents and reports that can be produced as a result of completing tasks, to achieve the requested deliverables.
- l.** Identify all assumptions or constraints on tasks.
- m.** Discuss what flexibility exists within the work plan to address unanticipated problems which might develop during the contract period.
- n.** If the proposer intends to subcontract for portions of the work, include specific designations of the tasks to be performed by the subcontractor.
- o.** Document procedures to protect the confidentiality of records in DHH databases, including records in databases that may be transmitted electronically via e-mail or the Internet.

6. Relevant Corporate Experience

- a.** The proposal should indicate the proposer's firm has a record of prior successful experience in the implementation of the services sought through this RFP. Proposers should include statements specifying the extent of responsibility on prior projects and a description of the projects scope and similarity to the projects outlined in this RFP. All experience under this section should be in sufficient detail to allow an adequate evaluation by the Department. The proposer should have, within the last 24 months implemented a similar type project. Proposers should give at least two customer references for projects implemented in at least the last 24 months. References shall include the name, email address and telephone number of each contact person.
- b.** In this section, a statement of the proposer's involvement in litigation that could affect this work should be included. If no such litigation exists, proposer should so state.

7. Personnel Qualifications

- a.** The purpose of this section is to evaluate the relevant experience, resources, and qualifications of the proposed staff to be assigned to this project. The experience of proposer's personnel in implementing similar services to those to be provided under this RFP will be evaluated. The adequacy of personnel for the proposed project team will be evaluated on the basis of project tasks assigned, allocation of staff, professional skill mix, and level of involvement of personnel.
- b.** Proposers should state job responsibilities, workload and lines of supervision. An organizational chart identifying individuals and their job titles and major job duties should be included. The organizational chart should show lines of responsibility and authority.
- c.** Job descriptions, including the percentage of time allocated to the project and the number of personnel should be included and should indicate minimum education, training, experience, special skills and other qualifications for each staff position as well as specific

job duties identified in the proposal. Job descriptions should indicate if the position will be filled by a sub-contractor.

- d. Key personnel and the percentage of time directly assigned to the project should be identified.
- e. Résumés of all known personnel should be included. Resumes of proposed personnel should include, but not be limited to:
 - Experience with proposer,
 - Previous experience in projects of similar scope and size.
 - Educational background, certifications, licenses, special skills, etc.
- f. If subcontractor personnel will be used, the proposer should clearly identify these persons, if known, and provide the same information requested for the proposer's personnel.

8. Additional Information

As an appendix to its proposal, if available, proposers should provide copies of any policies and procedures manuals applicable to this contract, inclusive of organizational standards or ethical standards. This appendix should also include a copy of proposer's All Hazards Response Plan, if available.

9. Corporate Financial Condition

- a. The organization's financial solvency will be evaluated. The proposer's ability to demonstrate adequate financial resources for performance of the contract or the ability to obtain such resources as required during performance under this contract will be considered.
- b. Proposal should include for each of the last three (3) years, copies of financial statements, preferably audited, including at least a balance sheet and profit and loss statement, or other appropriate documentation which would demonstrate to the Department the proposer's financial resources sufficient to conduct the project.

10. Cost and Pricing Analysis

- a. Proposer shall specify costs for performance of tasks. Proposal shall include all anticipated costs of successful implementation of all deliverables outlined. An item by item breakdown of costs shall be included in the proposal.
- b. Proposers shall submit the breakdown in a similar format to the attached sample cost template form (See Attachment V) for each year of the contract to demonstrate how cost was determined.

Q. Independent Assurances

1. The Department of Health and Hospitals/Office of Public Health will also require the Contractor and/or subcontractors, if performing a key internal control, to submit to an independent SSAE 16 SOC 1 and/or type II audit of its internal controls and other financial and performance audits from outside companies to assure both the financial viability of the (outsourced) program and the operational viability, including the policies and procedures placed into operation. The audit firm will conduct tests and render an independent opinion on the operating effectiveness of the controls and procedures. When required by the state the contractor shall be required to provide a quality control plan, such as third party Quality Assurance (QA), Independent Verification and Validation (IV &V), and other internal project/ program reviews and audits.

2. These audits will require the Contractor to provide any assistance, records access, information system access, staff access, and space access to the party selected to perform the independent audit. The audit firm will submit to the State Agency and/or Contractor a final report on controls placed in operations for the project and includes a detailed description of the audit firm's tests of the operating effectiveness of controls.
3. The Contractor shall supply the Department with an exact copy of the report within thirty (30) calendar days of completion. When required by Office of Public Health, such audits may be performed annually during the term of the contract. The Contractor shall agree to implement recommendations as suggested by the audits within three months of report issuance at no cost to the State. If cost of the audit is to be borne by the Contractor, it was included in the response to the RFP.

R. Waiver of Administrative Informalities

The Department of Health and Hospitals reserves the right, at its sole discretion, to waive minor administrative informalities contained in any proposal.

S. Withdrawal of Proposal

A proposer may withdraw a proposal that has been submitted at any time up to the date and time the proposal is due. To accomplish this, a written request signed by the authorized representative of the proposer must be submitted to the RFP Coordinator

V. Evaluation and Selection

A. Evaluation Criteria

The following criteria will be used to evaluate proposals:

1. Evaluations will be conducted by a Proposal Review Committee.
2. Evaluations of the financial statements will be conducted by a member of the DHH Office of the Secretary Division of Fiscal Management
3. Scoring will be based on a possible total of **100** points and the proposal with the highest total score will be recommended for award.
4. **Cost Evaluation:**
 - a. The proposer with the lowest total cost for all 3 years shall receive 25 points. Other proposers shall receive points for cost based upon the following formula:

$$CCS = (LPC/PC) * 25$$

CCS= Computed Cost Score (points) for proposer being evaluated
CPS = Cost Proposal Score
LPC = Lowest Proposal Cost of all proposers
PC = Individual Proposal Cost

- b. The assignment of the 25 points based on the above formula will be calculated by a member of the DHH Contracts Office staff.

5. Hudson/Veteran Small Entrepreneurship Program

a. Ten percent (10%) of the total evaluation points on this RFP are reserved for proposers who are themselves a certified Veteran or Hudson Initiative small entrepreneurship or who will engage the participation of one or more certified Veteran or Hudson Initiatives small entrepreneurships as subcontractors.

b. Proposer Status and Reserved Points:

Reserved points shall be added to the applicable proposers' evaluation score as follows:

- i. Proposer is a certified small entrepreneurship: Full amount of the reserved points
- ii. Proposer is not a certified small entrepreneurship but has engaged one or more certified small entrepreneurships to participate as subcontractors or distributors. Points will be allocated based on the following criteria:
 - The number of certified small entrepreneurships to be utilized
 - The experience and qualifications of the certified small entrepreneurship(s)
 - The anticipated earnings to accrue to the certified small entrepreneurship(s)

6. Evaluation Criteria and Assigned Weights

Proposals that pass the preliminary screening and mandatory requirements review will be evaluated based on information provided in the proposal. The evaluation will be conducted according to the following.

7. Evaluation Criteria and Assigned Weights:

Evaluation Criteria	Assigned Weight
Introduction/Administrative Data	10
Work Plan/Project Execution	25
Qualifications of Personnel	25
Financial Responsibility	5
Cost and Pricing Analysis	25
Veterans Hudson Initiative	10
Total	100

B. On-Site Presentations/Demonstrations

Not required for this RFP

C. Evaluation Team

The evaluation of proposals will be accomplished by an evaluation team, to be designated by the Department, which will determine the proposal most advantageous to the Department, taking into consideration cost and the other evaluation factors set forth in the RFP.

D. Administrative and Mandatory Screening

All proposals will be reviewed to determine compliance with administrative and mandatory requirements as specified in the RFP. Proposals that are not in compliance will be excluded from further consideration.

E. Clarification of Proposals

The Department reserves the right to seek clarification of any proposal for the purpose of identifying and eliminating minor irregularities or informalities, including resolving inadequate proposal content, or contradictory statements in a proposer's proposal.

F. Announcement of Award

1. The Evaluation Team will compile the scores and make a recommendation to the head of the agency on the basis of the responsive and responsible proposer with the highest score.
2. The State will notify the successful Proposer and proceed to negotiate terms for final contract. Unsuccessful proposers will be notified in writing accordingly.
3. The proposals received (*except for that information appropriately designated as confidential in accordance with R.S. 44.1 et seq*), selection memorandum along with list of criteria used along with the weight assigned each criteria; scores of each proposal considered along with overall scores of each proposal considered, and a narrative justifying selection shall be made available, upon request, to all interested parties after the "Notice of Intent to Award" letter has been issued.
4. Any Proposer aggrieved by the proposed award has the right to submit a protest in writing to the head of the agency issuing the proposal within **14 days** after the award has been announced by the agency.
5. The award of a contract is subject to the approval of the Division of Administration, Office of Contractual Review.

VI. SUCCESSFUL CONTRACTOR REQUIREMENTS

A. Confidentiality of Data

1. All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by DHH and made available to the contractor in order to carry out this contract, or which become available to the contractor in carrying out this contract, shall be protected by the contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to DHH. The identification of all such confidential data and information as well as DHH's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by DHH in writing to the contractor. If the methods and procedures employed by the contractor for the protection of the contractor's data and information are deemed by DHH to be adequate for the protection of DHH's confidential information, such methods and procedures may be used, with the written consent of DHH, to carry out the intent of this paragraph. The contractor shall not be required under the provisions of the paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the contractor's possession, is independently developed by the contractor outside the scope of the contract, or is rightfully obtained from third parties.
2. Under no circumstance shall the contractor discuss and/or release information to the media concerning this project without prior express written approval of the ***Department of Health and Hospitals***.

B. Taxes

Contractor is responsible for payment of all applicable taxes from the funds to be received under this contract

C. Fund Use

Contractor agrees not to use contract proceeds to urge any elector to vote for or against any candidate or proposition on an election ballot nor shall such funds be used to lobby for or against any proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority. This provision shall not prevent the normal dissemination of factual information relative to a proposition on any election ballot or a proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority.

VII. CONTRACTUAL INFORMATION

A. Contract

The contract between DHH and the Contractor shall include the standard DHH contract form CF-1 (Attachment III) including a negotiated scope of work, the RFP and its amendments and addenda, and the Contractor's proposal. The attached CF-1 contains basic information and general terms and conditions of the contract to be awarded. In addition to the terms of the CF-1 and supplements, the following will be incorporated into the contract awarded through this RFP:

1. Personnel Assignments

The Contractor's key personnel assigned to this contract may not be replaced without the written consent of the Department. Such consent shall not be unreasonably withheld or delayed provided an equally qualified replacement is offered. Key personnel for these purposes will be determined during contract negotiation.

2. Force Majeure

The contractor and the Department are excused from performance under contract for any period they may be prevented from performance by an Act of God, strike, war, civil disturbance, epidemic or court order.

3. Order of Precedence

The contract shall, to the extent possible, be construed to give effect to all provisions contained therein; however, where provisions conflict, the intent of the parties shall be determined by giving first priority to provisions of the contract excluding the RFP and the proposal; second priority to the provisions of the RFP and its amendments and addenda; and third priority to the provisions of the proposal.

4. Entire Agreement

This contract, together with the RFP and its amendments and addenda issued thereto by the Department, the proposal submitted by the contractor in response to the Department's RFP, and any exhibits specifically incorporated herein by reference constitute the entire agreement between the parties with respect to the subject matter.

5. Board Resolution/Signature Authority

The contractor, if a corporation, shall secure and attach to the contract a formal Board Resolution indicating the signatory to the contract is a corporate representative and authorized to sign said contract.

6. Warranty to Comply with State and Federal Regulations

The contractor shall warrant that it shall comply with all state and federal regulations as they exist at the time of the contract or as subsequently amended.

7. Warranty of Removal of Conflict of Interest

The contractor shall warrant that it, its officers, and employees have no interest and shall not acquire any interest, direct or indirect, which conflicts in any manner or degree with the performance of services hereunder. The contractor shall periodically inquire of its officers and employees concerning such conflicts, and shall inform the Department promptly of any potential conflict. The contractor shall warrant that it shall remove any conflict of interest prior to signing the contract.

8. Corporation Requirements

If the contractor is a corporation, the following requirements must be met prior to execution of the contract:

- a. If the contractor is a for-profit corporation whose stock is not publicly traded, the contractor shall ensure that a disclosure of ownership form has been properly filed with the Secretary of State of Louisiana.
- b. If the contractor is a corporation not incorporated under the laws of the State of Louisiana- the contractor must obtain a Certificate of Authority pursuant to R.S. 12:301-302 from the Louisiana Secretary of State.
- c. The contractor must provide written assurance to the Department from contractor's legal counsel that the contractor is not prohibited by its articles of incorporation, bylaws or the laws under which it is incorporated from performing the services required under the contract.

9. Contract Controversies

Any claim or controversy arising out of the contract shall be resolved by the provisions of Louisiana Revised Statutes 39:1524-26.

10. Right To Audit

The State Legislative Auditor, agency, and/or federal auditors and internal auditors of the Division of Administration shall have the option to audit all accounts directly pertaining to the contract for a period of three (3) years from the date of the last payment made under this contract. Records shall be made available during normal working hours for this purpose.

11. Contract Modification

No amendment or variation of the terms of this contract shall be valid unless made in writing, signed by the parties and approved as required by law. No oral understanding or agreement not incorporated in the contract is binding on any of the parties.

12. Severability

If any term or condition of this Contract or the application thereof is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end the terms and conditions of this Contract are declared severable.

13. Applicable Law

This contract shall be governed by and interpreted in accordance with the laws of the State of Louisiana. Venue of any action brought with regard to this contract shall be in the Nineteenth Judicial District Court, parish of East Baton Rouge, State of Louisiana.

B. Mutual Obligations and Responsibilities

The state requires that the mutual obligations and responsibilities of DHH and the successful proposer be recorded in a written contract. While final wording will be resolved at contract time, the intent of the provisions will not be altered and will include all provisions as specified in the attached CF-1 (Attachment III).

C. Retainage

The Department shall secure a retainage of 10% from all billings under the contract as surety for performance. On successful completion of contract deliverables, the retainage amount may be released on an annual basis. Within ninety (90) days of the termination of the contract, if the contractor has performed the contract services to the satisfaction of the Department and all invoices appear to be correct, the Department shall release all retained amounts to the contractor.

D. Indemnification and Limitation of Liability

1. Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under Contract.
2. Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and hold harmless the State and its Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property caused by Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the State. If applicable, Contractor will indemnify, defend and hold the State and its Authorized Users harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against the State in any action for infringement of a United States Letter Patent with respect to the Products furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that the State shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State or its Authorized Users may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.
3. The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) Authorized User's unauthorized modification or alteration of a Product, Material or Service; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.
4. In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Contract.
5. For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of \$100,000, the dollar amount of the Contract, or two (2) times the charges rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.
6. The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or

may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

E. Termination

1. Termination For Cause

State may terminate this Contract for cause based upon the failure of Contractor to comply with the terms and/or conditions of the Contract; provided that the State shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. Failure to perform within the time agreed upon in the contract may constitute default and may cause cancellation of the contract.

Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of this contract provided that the Contractor shall give the State written notice specifying the State agency's failure and a reasonable opportunity for the state to cure the defect.

2. Termination For Convenience

The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act of Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds have not been appropriated.

3. Termination For Non-Appropriation Of Funds

The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act of Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds have not been appropriated.

Veteran-Owned And Service-Connected Small Entrepreneurships (Veteran Initiatives) And Louisiana Initiative For Small Entrepreneurships (Hudson Initiative) Programs

Participation of Veteran Initiative and Hudson Initiative small entrepreneurships will be scored as part of the technical evaluation.

The State of Louisiana Veteran and Hudson Initiatives are designed to provide additional opportunities for Louisiana-based small entrepreneurships (sometimes referred to as LaVet's and SE's respectively) to participate in contracting and procurement with the state. A certified Veteran-Owned and Service- Connected Disabled Veteran-Owned small entrepreneurship (LaVet) and a Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) small entrepreneurship are businesses that have been certified by the Louisiana Department of Economic Development. All eligible vendors are encouraged to become certified. Qualification requirements and online certification are available at <https://smallbiz.louisianaforward.com/index 2.asp>.

Ten percent (10%) of the total evaluation points on this RFP are reserved for proposers who are themselves a certified Veteran or Hudson Initiative small entrepreneurship or who will engage the participation of one or more certified Veteran or Hudson Initiatives small entrepreneurships as subcontractors.

Reserved points shall be added to the applicable proposers' evaluation score as follows:

Proposer Status and Reserved Points

- Proposer is a certified small entrepreneurship: Full amount of the reserved points
- Proposer is not a certified small entrepreneurship but has engaged one or more certified small entrepreneurships to participate as subcontractors or distributors. Points will be allocated based on the following criteria:
 - the number of certified small entrepreneurships to be utilized
 - the experience and qualifications of the certified small entrepreneurship(s)
 - the anticipated earnings to accrue to the certified small entrepreneurship(s)

If a proposer is not a certified small entrepreneurship as described herein, but plans to use certified small entrepreneurship(s), proposer shall include in their proposal the names of their certified Veteran Initiative or Hudson Initiative small entrepreneurship subcontractor(s), a description of the work each will perform, and the dollar value of each subcontract.

During the term of the contract and at expiration, the Contractor shall also be required to report Veteran- Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor or distributor participation and the dollar amount of each.

The statutes (R.S 39:2171 *et. seq.*) concerning the Veteran Initiative may be viewed at <http://legis.la.gov/lss/lss.asp?doc=671504> and the statutes (R.S 39:2001 *et. seq.*) concerning the Hudson Initiative may be viewed at:

<http://legis.la.gov/lss/lss.asp?doc=96265> The rules for the Veteran Initiative (LAC 19:IX.Chapters 11 and 13) and for the Hudson Initiative (LAC 19:VIII.Chapters 11 and 13) may be viewed at <http://www.doa.louisiana.gov/osp/se/se.htm>

A current list of certified Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurships may be obtained from the Louisiana Economic Development Certification System at <https://smallbiz.louisianaforward.com/index 2.asp>. Additionally, a list of Hudson and Veteran Initiative small entrepreneurships, which have been certified by the Louisiana Department of Economic Development and who have opted to register in the State of Louisiana LaGov Supplier Portal <https://lagoverpvendor.doa.louisiana.gov/irj/portal/anonymouse?guest user=self reg> may be accessed from the State of Louisiana Procurement and Contract (LaPAC) Network <http://wwwprd1.doa.louisiana.gov/osp/lapac/vendor/srchven.cfm>. When using this site, determine the search criteria (i.e. alphabetized list of all certified vendors, by commodities, etc.) and select SmallE, VSE, or DVSE.

CERTIFICATION STATEMENT

The undersigned hereby acknowledges she/he has read and understands all requirements and specifications of the Request for Proposals (RFP), including attachments.

15) **Special or Additional Provisions which are incorporated herein, if any (IF NECESSARY, ATTACH SEPARATE SHEET AND REFERENCE):**

During the performance of this agreement, the Contractor hereby agrees to the following terms and conditions:

1. Contractor hereby agrees to adhere as applicable to the mandates dictated by Titles VI and VII of the Civil Rights Act of 1964, as amended; the Vietnam Era Veterans' Readjustment Assistance Act of 1974; Americans with Disabilities Act of 1990 as amended; the Rehabilitation Act of 1973 as amended; Sec. 202 of Executive Order 11246 as amended, and all applicable requirements imposed by or pursuant to the regulations of the U. S. Department of Health and Human Services. Contractor agrees not to discriminate in the rendering of services to and/or employment of individuals because of race, color, religion, sex, age, national origin, handicap, political beliefs, disabled veteran, veteran status, or any other non-merit factor.
2. Contractor shall abide by the laws and regulations concerning confidentially which safeguard information and the patient/client confidentiality. Information obtained shall not be used in any manner except as necessary for the proper discharge of Contractor's obligations. (The Contractor shall establish, subject to review and approval of the Department, confidentiality rules and facility access procedures.)
3. The State Legislative Auditor, Office of the Governor, Division of Administration, and Department Auditors or those designated by the Department shall have the option of auditing all accounts pertaining to this contract during the contract and for a three year period following final payment. Contractor grants to the State of Louisiana, through the Office of the Legislative Auditor, Department of Health and Hospitals, and Inspector General's Office, Federal Government and/or other such officially designated body the right to inspect and review all books and records pertaining to services rendered under this contract, and further agrees to guidelines for fiscal administration as may be promulgated by the Department. Records will be made available during normal working hours.

Contractor shall comply with federal and state laws and/or DHH Policy requiring an audit of the Contractor's operation as a whole or of specific program activities. Audit reports shall be sent within thirty (30) days after the completion of the audit, but no later than six (6) months after the end of the audit period. If an audit is performed within the contract period, for any period, four (4) copies of the audit report shall be sent to the Department of Health and Hospitals, Attention: **Division of Fiscal Management, P.O. Box 91117, Baton Rouge, LA 70821-3797** and one (1) copy of the audit shall be sent to the **originating DHH Office**.

4. Contractor agrees to retain all books, records and other documents relevant to the contract and funds expended thereunder for at least four (4) years after final payment or as prescribed in 45 CFR 74:53 (b) whichever is longer. Contractor shall make available to the Department such records within thirty (30) days of the Department's written request and shall deliver such records to the Department's central office in Baton Rouge, Louisiana, all without expense to the Department. Contractor shall allow the Department to inspect, audit or copy records at the contractor's site, without expense to the Department.
5. Contractor shall not assign any interest in this contract and shall not transfer any interest in the same (whether by assignment or novation), without written consent of the Department thereto, provided, however, that claims for money due or to become due to Contractor from the Department under this contract may be assigned to a bank, trust company or other financial institution without advanced approval. Notice of any such assignment or transfer shall be promptly furnished to the Department and the Division of Administration, Office of Contractual Review.
6. Contractor hereby agrees that the responsibility for payment of taxes from the funds received under this contract shall be Contractor's. The contractor assumes responsibility for its personnel providing services hereunder and shall make all deductions for withholding taxes, and contributions for unemployment compensation funds, and shall maintain, at Contractor's expense, all necessary insurance for its employees, including but not limited to automobile insurance, workers' compensation and general liability insurance.
7. Contractor shall obtain and maintain during the contract term all necessary insurance including automobile insurance, workers' compensation insurance, and general liability insurance. The required insurances shall protect the Contractor, the Department of Health and Hospitals, and the State of Louisiana from all claims related to Contractor's performance of this contract. Certificates of Insurance shall be filed with the Department for approval. Said policies shall not be canceled, permitted to expire, or be changed without thirty (30) days advance written notice to the Department. Commercial General Liability Insurance shall provide protection during the performance of work covered by the contract from claims or damages for personal injury, including accidental death, as well as claims for property damages, with combined single limits prescribed by the Department.

8. In cases where travel and related expenses are required to be identified separate from the fee for services, such costs shall be in accordance with State Travel Regulations. The contract contains a maximum compensation which shall be inclusive of all charges including fees and travel expenses.
9. No funds provided herein shall be used to urge any elector to vote for or against any candidate or proposition on an election ballot nor shall such funds be used to lobby for or against any proposition or matter having the effect of law being considered by the legislature or any local governing authority. This provision shall not prevent the normal dissemination of factual information relative to a proposition or any election ballot or a proposition or matter having the effect of law being considered by the legislature or any local governing authority. Contracts with individuals shall be exempt from this provision.
10. Should contractor become an employee of the classified or unclassified service of the State of Louisiana during the effective period of the contract, Contractor must notify his/her appointing authority of any existing contract with State of Louisiana and notify the contracting office of any additional state employment. This is applicable only to contracts with individuals.
11. All non-third party software and source code, records, reports, documents and other material delivered or transmitted to Contractor by State shall remain the property of State, and shall be returned by Contractor to State, at Contractor's expense, at termination or expiration of this contract. All non-third party software and source code, records, reports, documents, or other material related to this contract and/or obtained or prepared by Contractor in connection with the performance of the services contracted for herein shall become the property of State, and shall be returned by Contractor to State, at Contractor's expense, at termination or expiration of this contract.
12. Contractor shall not enter into any subcontract for work or services contemplated under this contract without obtaining prior written approval of the Department. Any subcontracts approved by the Department shall be subject to conditions and provisions as the Department may deem necessary; provided, however, that notwithstanding the foregoing, unless otherwise provided in this contract, such prior written approval shall not be required for the purchase by the contractor of supplies and services which are incidental but necessary for the performance of the work required under this contract. No subcontract shall relieve the Contractor of the responsibility for the performance of contractual obligations described herein.
13. No person and no entity providing services pursuant to this contract on behalf of contractor or any subcontractor is prohibited from providing such services by the provisions of R.S. 1113 as amended in the 2008 Regular Session of the Louisiana Legislature.
14. No claim for services furnished or requested for reimbursement by Contractor, not provided for in this contract, shall be allowed by the Department. In the event the Department determines that certain costs which have been reimbursed to Contractor pursuant to this or previous contracts are not allowable, the Department shall have the right to set off and withhold said amounts from any amount due the Contractor under this contract for costs that are allowable.
15. This contract is subject to and conditioned upon the availability and appropriation of Federal and/or State funds; and no liability or obligation for payment will develop between the parties until the contract has been approved by required authorities of the Department; and, if contract exceeds \$20,000, the Director of the Office of Contractual Review, Division of Administration in accordance with La. R.S. 39:1502.
16. The continuation of this contract is contingent upon the appropriation of funds from the legislature to fulfill the requirements of the contract. If the Legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.
17. Any alteration, variation, modification, or waiver of provisions of this contract shall be valid only when reduced to writing, as an amendment duly signed, and approved by required authorities of the Department; and, if contract exceeds \$20,000, approved by the Director of the Office of Contractual Review, Division of Administration. Budget revisions approved by both parties in cost reimbursement contracts do not require an amendment if the revision only involves the realignment of monies between originally approved cost categories.
18. Any contract disputes will be interpreted under applicable Louisiana laws and regulations in Louisiana administrative tribunals or district courts as appropriate.

19. Contractor shall warrant all materials, products and/or services produced hereunder will not infringe upon or violate any patent, copyright, trade secret, or other proprietary right of any third party. In the event of any such claim by any third party against DHH, the Department shall promptly notify Contractor in writing and Contractor shall defend such claim in DHH's name, but at Contractor's expense and shall indemnify and hold harmless DHH against any loss, expense or liability arising out of such claim, whether or not such claim is successful. This provision is not applicable to contracts with physicians, psychiatrists, psychologists or other allied health providers solely for medical services.
20. Any equipment purchased under this contract remains the property of the Contractor for the period of this contract and future continuing contracts for the provision of the same services. Contractor must submit vendor invoice with reimbursement request. For the purpose of this contract, equipment is defined as any tangible, durable property having a useful life of at least (1) year and acquisition cost of \$1000.00 or more. The contractor has the responsibility to submit to the Contract Monitor an inventory list of DHH equipment items when acquired under the contract and any additions to the listing as they occur. Contractor shall submit an updated, complete inventory list on a quarterly basis to the Contract Monitor. Contractor agrees that upon termination of contracted services, the equipment purchased under this contract reverts to the Department. Contractor agrees to deliver any such equipment to the Department within 30 days of termination of services.
21. Contractor agrees to protect, indemnify and hold harmless the State of Louisiana, DHH, from all claims for damages, costs, expenses and attorney fees arising in contract or tort from this contract or from any acts or omissions of Contractor's agents, employees, officers or clients, including premises liability and including any claim based on any theory of strict liability. This provision does not apply to actions or omissions for which LA R.S. 40:1299.39 provides malpractice coverage to the contractor, nor claims related to treatment and performance of evaluations of persons when such persons cause harm to third parties (R.S. 13:5108.1(E)). Further it does not apply to premises liability when the services are being performed on premises owned and operated by DHH.
22. Any provision of this contract is severable if that provision is in violation of the laws of the State of Louisiana or the United States, or becomes inoperative due to changes in State and Federal law, or applicable State or Federal regulations.
23. Contractor agrees that the current contract supersedes all previous contracts, negotiations, and all other communications between the parties with respect to the subject matter of the current contract.

THIS CONTRACT CONTAINS OR HAS ATTACHED HERETO ALL THE TERMS AND CONDITIONS AGREED UPON BY THE CONTRACTING PARTIES. IN WITNESS THEREOF, THIS CONTRACT IS SIGNED ON THE DATE INDICATED BELOW.

This HIPAA Business Associate Addendum is hereby made a part of this contract in its entirety as Attachment ____ to the contract.

1. The Louisiana Department of Health and Hospitals (“DHH”) is a Covered Entity, as that term is defined herein, because it functions as a health plan and as a health care provider that transmits health information in electronic form.
2. Contractor is a Business Associate of DHH, as that term is defined herein, because contractor either: (a) creates, receives, maintains, or transmits PHI for or on behalf of DHH; or (b) provides legal, actuarial, accounting, consulting, data aggregation, management, administrative, accreditation, or financial services for DHH involving the disclosure of PHI.
3. **Definitions:** As used in this addendum –
 - A. The term “HIPAA Rules” refers to the federal regulations known as the HIPAA Privacy, Security, Enforcement, and Breach Notification Rules, found at 45 C.F.R. Parts 160 and 164, which were originally promulgated by the U. S. Department of Health and Human Services (DHHS) pursuant to the Health Insurance Portability and Accountability Act (“HIPAA”) of 1996 and were subsequently amended pursuant to the Health Information Technology for Economic and Clinical Health (“HITECH”) Act of the American Recovery and Reinvestment Act of 2009.
 - B. The terms “Business Associate”, “Covered Entity”, “disclosure”, “electronic protected health information” (“electronic PHI”), “health care provider”, “health information”, “health plan”, “protected health information” (“PHI”), “subcontractor”, and “use” have the same meaning as set forth in 45 C.F.R. § 160.103.
 - C. The term “security incident” has the same meaning as set forth in 45 C.F.R. § 164.304.
 - D. The terms “breach” and “unsecured protected health information” (“unsecured PHI”) have the same meaning as set forth in 45 C.F.R. § 164.402.
4. Contractor and its agents, employees and subcontractors shall comply with all applicable requirements of the HIPAA Rules and shall maintain the confidentiality of all PHI obtained by them pursuant to this contract and addendum as required by the HIPAA Rules and by this contract and addendum.
5. Contractor shall use or disclose PHI solely: (a) for meeting its obligations under the contract; or (b) as required by law, rule or regulation (including the HIPAA Rules) or as otherwise required or permitted by this contract and addendum.
6. Contractor shall implement and utilize all appropriate safeguards to prevent any use or disclosure of PHI not required or permitted by this contract and addendum, including administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic protected health information that it creates, receives, maintains, or transmits on behalf of DHH.
7. In accordance with 45 C.F.R. § 164.502(e)(1)(ii) and (if applicable) § 164.308(b)(2), contractor shall ensure that any agents, employees, subcontractors or others that create, receive, maintain, or transmit PHI on behalf of contractor agree to the same restrictions, conditions and requirements that apply to contractor with respect to such information, and it shall ensure that they implement reasonable and appropriate safeguards to protect such information. Contractor shall take all reasonable steps to ensure that its agents’, employees’ or subcontractors’ actions or omissions do not cause contractor to violate this contract and addendum.
8. Contractor shall, within three (3) days of becoming aware of any use or disclosure of PHI, other than as permitted by this contract and addendum, report such disclosure in writing to the person(s) named in section 14 (Terms of Payment), page 1 of the CF-1. Disclosures which must be reported by contractor include, but are not limited to, any security incident, any breach of unsecured PHI, and any “breach of the security system” as defined in the Louisiana Database Security Breach Notification Law, La.R.S. 51:3071 *et seq.* At the option of DHH, any harm or damage resulting from any use or disclosure which violates this contract and addendum shall be mitigated, to the extent practicable, either: (a) by contractor at its own expense; or (b) by DHH, in which case contractor shall reimburse DHH for all expenses that DHH is required to incur in undertaking such mitigation activities.
9. To the extent that contractor is to carry out one or more of DHH’s obligations under 45 C.F.R. Part 164, Subpart E, contractor shall comply with the requirements of Subpart E that apply to DHH in the performance of such obligation(s).
10. Contractor shall make available such information in its possession which is required for DHH to provide an accounting of disclosures in accordance with 45 CFR § 164.528. In the event that a request for accounting is made directly to contractor, contractor shall forward such request to DHH within two (2) days of such receipt. Contractor shall implement an appropriate record keeping process to enable it to comply with the requirements of this provision. Contractor shall maintain data on all disclosures of PHI for which accounting is required by 45 CFR § 164.528 for at least six (6) years after the date of the last such disclosure.
11. Contractor shall make PHI available to DHH upon request in accordance with 45 CFR § 164.524.

12. Contractor shall make PHI available to DHH upon request for amendment and shall incorporate any amendments to PHI in accordance with 45 CFR § 164.526.
13. Contractor shall make its internal practices, books, and records relating to the use and disclosure of PHI received from or created or received by contractor on behalf of DHH available to the Secretary of the U. S. DHHS for purposes of determining DHH's compliance with the HIPAA Rules.
14. Contractor shall indemnify and hold DHH harmless from and against any and all liabilities, claims for damages, costs, expenses and attorneys' fees resulting from any violation of this addendum by contractor or by its agents, employees or subcontractors, without regard to any limitation or exclusion of damages provision otherwise set forth in the contract.
15. The parties agree that the legal relationship between DHH and contractor is strictly an independent contractor relationship. Nothing in this contract and addendum shall be deemed to create a joint venture, agency, partnership, or employer-employee relationship between DHH and contractor.
16. Notwithstanding any other provision of the contract, DHH shall have the right to terminate the contract immediately if DHH determines that contractor has violated any provision of the HIPAA Rules or any material term of this addendum.
17. At the termination of the contract, or upon request of DHH, whichever occurs first, contractor shall return or destroy (at the option of DHH) all PHI received or created by contractor that contractor still maintains in any form and retain no copies of such information; or if such return or destruction is not feasible, contractor shall extend the confidentiality protections of the contract to the information and limit further uses and disclosure to those purposes that make the return or destruction of the information infeasible.

Cost Template- Attachment V

Proposers must complete a cost proposal in the following format to be considered for award. If it is not completed, the Proposer will be disqualified from consideration.

Instructions:

Proposal shall include all anticipated costs of successful implementation of all deliverables outlined in the RFP. The proposer shall submit hourly rate for environmental public health that shall be fully burdened with all costs for the provision of services excluding travel expenses.

Travel (3 out-of-state trips) a maximum of \$1200 per trip (\$3600 per contract year) shall be paid for travel. If proposer is willing to travel for less than \$1200 per trip, the proposer shall provide a total cost for travel in each year.

Case Classification Categories- Attachment VII

Definite:

Objective evidence confirms the exposure and illness, and the temporally related illness is consistent with the known toxicology of the pesticide.

Probable:

Objective evidence of either the pesticide exposure or the health effects is available, and the temporally related illness is consistent with the known toxicology of the pesticide.

Possible:

Only subjective evidence of exposure and illness is available, and the temporally related symptoms are consistent with the known toxicology of the pesticide.

Suspicious:

Insufficient toxicological information is available to determine whether a causal relationship exists between the pesticide exposure and the health effects.

Unlikely:

The relationship between the reported exposure and illness is not consistent with the known toxicology of the pesticide.

Insufficient Information:

Insufficient documentation was obtained about the exposure or health effects to determine whether the health effects were related to a pesticide exposure.

Not a case:

A person was reported to a State surveillance system due to an alleged exposure, but was asymptomatic, or it was determined that health effects were due to a condition other than a pesticide exposure. States may choose to create a subset of the not a case category to track asymptomatic persons exposed to pesticides.
