

1. GENERAL INFORMATION

1.1 Purpose

The Louisiana Department of Health and Hospitals/Commission for the Deaf (hereinafter referred to as DHH/LCD) issues this Request for Information (RFI) with the intent to determine the interest and capabilities of provider organizations to provide an operational Regional Services Center in the Monroe region (Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll parishes) for provision of advocacy and accessibility services to persons with deafness, deaf-blindness, hearing loss and/or speech impairment. The LCD/contractor partnership will allow for ongoing oversight, data collection, and technical assistance to promote advocacy and accessibility to public and private services for persons with deafness, deaf-blindness, hearing loss and/or speech impairment.

DHH/LCD welcomes all responses to this RFI from qualified providers. This RFI is intended to learn of potential provider interest and capabilities if, in fact, the Department chooses to enter into a social services contract. This is not a Request for Proposals, although responses to the RFI may be used to assist DHH/LCD in selecting providers to offer participation in a social services contract using the evaluation process and criteria in section 5 below. The process uses specialized criteria to provide an objective determination of capacity based upon the needs of the target population served.

DHH/LCD will not pay for the preparation of any information or response submitted in response to this RFI, nor will the Department award a contract or pay for any use of response information.

1.2 Background

Act 680 of the 1980 Regular Session of the Louisiana legislature provided for the promotion, coordination, and facilitation of accessibility to public and private services for persons with deafness, deaf-blindness, hearing loss and/or speech impairment. DHH/LCD have determined that accessibility services to persons living throughout Louisiana may be provided more cost-effectively through contracts with regional organizations rather than through a state-operated facility with state personnel.

1.3 Guiding Principles

A social services contract for operation of the proposed Regional Service Center shall be consistent with the following principles agreed upon by LCD and the provider:

1. The provider will remain committed to promoting, coordinating and facilitating services in accordance with the Americans with Disabilities Act of 1990 and related amendments, for that facility for the duration of the social services contract.
2. Services, quality, safety, and stability of the Regional Service Center will continue at no less than the current level for the term of the social services contract.
 - a. The LCD Technical Guidance Manual will be used to assess and guide quality improvement.
 - b. The Executive Director/Owner of the Regional Service Center will serve as the point of contact with the LCD program staff who will serve as contract monitors.
 - c. The Regional Service Center will be operated within the assigned region and in a facility that is fully accessible and near any available public transit services.
 - d. The provisions of the contract pertaining to provider responsibilities will be consistent with the mandates for legislated accessibility services (R.S. 46:2352)

1.4 Scope of Services

This RFI is soliciting information about potential providers' interest and capacity in establishing, operating, and maintaining one Regional Service Center in the region of Monroe (Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, and West Carroll parishes).

The facility shall be fully accessible and near any available public transit in the region.

Persons to whom services shall be provided are those with deafness, deaf-blindness, hearing loss and/or speech impairment. Some but not all of these individuals may have other disabilities (e.g. tinnitus/balance problems). Communication styles may include: American Sign Language, tactile American Sign Language, pidgeon-style sign language, home-signs, Cued Speech transliteration, and/or verbal, written, or captioned communication in English.

1.5 Program Requirements

1. Regional Service Centers will promote, coordinate, and facilitate accessibility of all public and private services for persons who are Deaf, Deaf-Blind, hard of hearing, or whom have speech impairment, to include: provision of American Sign Language interpreting, Cued Speech transliterating, and captioning services; distribution of and training for specialized adaptive telecommunications equipment; and administrative services for application, determination of eligibility, and provision of hearing aids and related services; and advocacy services which will also include serving as a liaison with the Department of Health and Hospitals LA-Hear Coordinators (Office of Public Health) for children ages 0-3; as well as outreach activities and on-site visits to each parish within the center's domicile every six months.

2. The Regional Service Center will employ, provide through contract, or provide through other means sufficient professional and non-professional staff to meet programmatic requirements and the needs of the people supported upon initiation and throughout the term of the contract. Depending upon the unique needs and preferences of the people supported, this includes but is not limited to:

a. Advocacy

b. Accessibility services – American Sign Language interpreting, captioning; application, determination of eligibility and training of persons on the use of LCD loaned amplified and adaptive telephones and trouble-shooting for those devices; application, determination of eligibility, and coordination of professional hearing aid services.

c. Outreach activities and on-site visits – to each parish within the RSC's domicile every six months.

3. The provider will use the LCD Technical Guidance Manual, but will also have policies and procedures for professional services.

4. The provider will work collaboratively and cooperatively with the LCD staff to implement services according to the terms of the contract as well as in accordance with the LCD Technical Guidance manual.

5. The provider must maintain adherence to all applicable federal and state regulations for facilities serving persons with disabilities and will meet all conditions of participation annually for the term of the contract.

6. The provider shall establish and maintain an adequate training program with qualified trainers for training direct support staff and programmatic employees for the term of the contract.
7. The provider will have policies and procedures on complaint resolution to address any complaints or concerns regarding provision of services, or the lack thereof.

1.6 Operational Requirements

1. The provider will be properly credentialed to do business in Louisiana and will maintain certification of good standing with the Secretary of State.
2. The provider will have and maintain the management and organizational capacity to operate the facility for the term of the contract.
3. The provider shall have the financial resources and financial stability adequate to establish and operate this facility successfully for the term of the contract.
4. The provider will provide to the LCD monthly invoices and performance reports of services and outreach activities in accordance with the goals, objectives, and deliverables of this contract.
5. The provider will ensure that the Regional Service Center is open for services and staff are available Monday-Thursday 8:00 AM - 4:30PM; and Friday 8:00 AM-12:00PM; with staff also available by telephone after-hours for emergencies (i.e. requests for interpreting).
6. The provider will make a good faith effort to hire or contract for professional services (e.g. interpreting) with qualified personnel listed on the LCD Registry of State-Certified Interpreters.
7. The provider will assume responsibility for its personnel providing services hereunder and shall make all deductions for Social Security and withholding taxes, contributions for unemployment compensation funds; and/or certify that payments made to sub-contractors (e.g. interpreters) for work performed shall be reported to the Internal Revenue Service for which sub-contractors will receive an IRS 1099-Misc reflecting miscellaneous income upon which they shall be taxed.
8. The provider will have and maintain an Emergency Management and Continuity of Operations plan providing for effective provision of services during emergency and/or crisis.
9. The provider will participate in transition support, data collection and monitoring specified in the contract. Any requested facility access, information, documents or employees will be made available to designated LCD staff person(s) for determining compliance with the contract or for data collection specified in the contract.
10. The LCD will make available transition support, technical assistance, and consultation, at LCD's discretion.
11. The standard term of the contract will be three (3) years. Change to this timeframe may be made by either party for just cause when notice is provided in writing thirty (30) days advance notice.

1.7 Insurance Requirements

The provider will maintain comprehensive liability insurance in accordance with general industry standards for small businesses.

The statement and attachments must include information to satisfy evaluators that the responder has the appropriate experience, and qualifications to perform the scope of services as described herein. Responder must respond to all areas requested.

4.4 Certification Statement

The responder must sign and submit the Certification Statement. A downloadable copy is posted with this RFI.

5.0 REVIEW AND FOLLOWUP

5.1 Review Team

Responses will be reviewed by a team to be designated by the Deputy Secretary. Members of the review team will be trained on their responsibilities prior to reviewing responses. At a minimum, the team will be composed of:

- Two representatives from the Commission for the Deaf office,
- A representative from the DHH Office of the Secretary,
- A representative from the Commission for the Deaf,
- A representative from the DHH Office of Management and Finance.

The Deputy Secretary may choose to add representatives to the review team if she determines a need to do so. All members appointed shall be free of any conflicts of interest.

5.2 Evaluation of Statements of Capability

The review team will review the copies of the response and make a recommendation to the Department.

In determining which Responder to recommend to the Department, the review team will first evaluate and rank the responses based on the required content. Then the team will apply the following priorities. For responses that satisfactorily indicate the needed capacity, priority in selection will be given to responder according to the following criteria:

1. Provider demonstrates staff training exceeding minimum requirements in both quantity and quality (providing services to persons with hearing loss, deafness, deaf-blindness, and speech impairment).
2. Provider demonstrates higher pay and greater retention of direct support professionals.

If no responses meet the priority criteria then the original ranking will apply.

After receiving the review team recommendations, the Department may take other factors into account at that point, including, but not limited to, the provider's history in working with the Department, and the ability to adequately provide contracted services in the assigned region.

If there are no responses for this RFI, the Department reserves the right to directly contact providers who may have the needed capacity in order to provide accessibility services to the target population.

5.3 Follow-Up

Responders will be notified of the Department receipt of their RFI response and whether or not after review the Department wishes to enter into a contract with the responder. The name of organization to be offered a contract as part of this process will be made public.
