V. RESPONSIBILITIES

The LDH Initiative Coordinator will undertake various tasks to make the program workable, including the following:

2. Provide workshops and training sessions at least twice each year for certified SEs on challenges frequently encountered by certified SEs during the proposal/bid process and generally when doing work for the state;
3. In conjunction with the Division of Administration, enhance the existing state's procurement and financial database to identify certified SEs for historical and reporting purposes;
4. Hold pre-proposal and pre-bid seminars to explain proposal and bid requirements, including an explanation of the forms that must be submitted with the proposal or response;
5. Provide updates to information on how to access and search Hudson and Veteran Initiative Certified Businesses outreach activities;
6. 7. Inform Hudson and Veteran Initiative Certified Businesses of RFPs and ITBs related to their specialties by placing notices on the state's central procurement website, Louisiana Procurement and Contract Network (LaPac).

LDH Employees will use the appropriate State Procurement methods when engaging in business with Hudson and Veteran Certified Businesses; the procurement method to be used is based upon statute and regulations applicable to the nature of the procurement. Agencies may use any or all of the following procurement methods:

1. Purchasing directly from a Hudson or Veteran Initiative Certified Business within the agency's discretionary procurement authority for goods, operating services, major repairs, construction and personal, professional and consulting services;
2. Issuing an order to a Hudson or Veteran Initiative Certified Business (prime contractor or distributor) on a statewide contract;
3. Using a RFP process to award a contract to a certified Hudson or Veteran Initiative Business or to a proposer demonstrating a good faith effort to use certified Hudson or Veteran Initiative Businesses as subcontractors, as outlined in LAC 19:VIII, Subpart 2, Section 1311 or LAC 19:IX, Subpart 2, Section 1311.
 - a. Proposers alleging to have made a good faith subcontracting effort may be required in the RFP to verify their good faith subcontracting plan; LDH may require proposers to submit information about their business relationships and arrangements with certified Small Entrepreneurship (SE) subcontractors at the time of proposal review.
 - b. Agreements between a proposer and a certified SE subcontractor in which the certified SE subcontractor promises not to provide subcontracting quotations to other proposers shall be prohibited.
4. Using an ITB process to award a contract either to a Hudson or Veteran Initiative Certified Business or to a bidder who can demonstrate a good faith plan to use Hudson or Veteran Initiative Certified Small Businesses as subcontractors in performing the prime contract. To be responsive to the ITB, the bidder must be either a Hudson or Veteran Initiative Certified Business or be able to demonstrate its good faith subcontracting plan, as defined in LAC 19:VIII, Subpart 2, Section 1311 or LAC 19:IX, Subpart 2, Section 1311.
