# Vaccine Key Indicators

In the tables below, vaccination percentage rates for each parish in Region 4 are detailed by year, from 2019 to 2022. The rows for each parish show the **percentage of residents** in that parish who received the particular vaccine group. Each block is categorized into four vaccine groups: 7 series by age 2; 10 series by age 2; HPV (up to date) doses by age 13; and annual flu doses for adults.

## 7 series by age 2
