# AGENCY OVERVIEW

---

The **Secretary** of the **Louisiana Department of Health (LDH)**, who is appointed by the **Governor**, provides leadership and overall support services while maximizing resources to fulfill the mission of the Department.

The **Medicaid Executive Director** is an unclassified civil service position<sup>1</sup> that reports to the Undersecretary and is responsible for administering the Medicaid program including eligibility, program operations, financial management and policy implementation and support.

The **Deputy Directors** hold classified civil service positions that report to the Medicaid Executive Director and are responsible for overseeing a single aspect of the Medicaid program, which may consist of multiple sections.

The **Bureau of Health Services Financing (BHSF)** is the LDH division responsible for the Medicaid Program, with regional offices that provide in-person assistance with Medicaid eligibility applications and information along with numerous application centers throughout Louisiana.

For additional agency information, please visit the Louisiana Department of Health website at [www.ldh.la.gov](http://www.ldh.la.gov).

We **ENVISION** a future where everyone in Louisiana has the best care and health possible.

Our **MISSION** is to improve health and healthcare in Louisiana.

Our **PHILOSOPHY** is to operate the Medicaid program in a manner that achieves the Triple Aim of optimizing health system performance by:

- Improving the patient experience of care (including quality and satisfaction).
- Improving the health of populations.
- Reducing the per capita cost of healthcare.

# HIGHLIGHTS OF STATE FISCAL YEAR 2023/24

---

## Medicaid Streamlines Access to Online Accounts

Effective July 22, 2023, members could begin using their full Social Security number (SSN) to create or manage an account through the Medicaid Self-Service Portal ([MyMedicaid.la.gov](https://MyMedicaid.la.gov)). This allows them to apply for or renew coverage, update information, and request new ID cards.

Accounts can be linked using the last name, date of birth, and SSN of the head of household. Members previously had to use a Medicaid Card Control Number (CCN) or Medicare number, but can now use any of these three identifiers.

## New Online LaHIPP Application

Medicaid launched an online application for the **Louisiana Health Insurance Premium Payment Program (LaHIPP)**, which reimburses private health insurance premiums for eligible members.

The design proved so effective that other states adopted it as a model to improve their own systems. **Gainwell Technologies** also plans to adopt it as a standard for other Medicaid programs.

## Contact Info Updates Now Available by Text

Members gained the option to update their contact information via text in October 2023. By texting **"INFO"** or **"INFORMATION"** to **72147**, members receive a secure link to verify their identity and update their address through the Self-Service Portal.

## Meet MARC: Medicaid's Virtual Assistant

In November 2023, Medicaid launched the **Medicaid Automated Response Chatbot (MARC)** on key Medicaid websites. MARC is a 24/7 virtual assistant available in English, Spanish, and Vietnamese, providing quick answers to frequently asked questions and guidance on a range of topics. When MARC cannot answer a question, it directs users to additional resources, including the customer service hotline.

On launch day, 80% of users gave MARC a five-star rating. The chatbot was developed in collaboration with technology partners to enhance accessibility and support.

## Year-Round Healthy Child Taskforce

A task force was established to find ways to improve child health, safety, and well-being throughout the year. Members include leaders from the health, education, and government sectors.

The task force finalized its report on November 29, 2023, and presented it to the Senate Health and Welfare Committee on December 15.

## Updated MCO Quality Dashboard

The **Medicaid Managed Care Quality Dashboard** was updated with Measurement Year 2022 data, including HEDIS, non-HEDIS, and CAHPS outcomes, as well as new stratified data. Dashboard features include:

- Accessible via desktop or mobile device
- Easy-to-read charts and graphs
- Measures grouped by population
- Includes both current and baseline data
- Stratified by race, ethnicity, and geography
- Consumer satisfaction trend data
- Retired measures category
- Simple and clear explanations of the importance of each measure

You can visit the dashboard at <https://qualitydashboard.ldh.la.gov>.

## Quarterly Income Checks Resume

Quarterly wage checks resumed in May 2024 to verify income eligibility using data from the **Louisiana Workforce Commission**. This check is in addition to the annual renewal process.

Letters were sent to members who needed to submit income verification within 10 days to avoid losing coverage. Exemptions apply to pregnant women, children, those in active renewal, and members receiving long-term care or waiver services.

## Improving Efficiency in Managed Care

Louisiana Medicaid sought to ensure members had access to necessary medications while confirming providers prescribed them appropriately. Medicaid covers only FDA-approved drugs and only for FDA-indicated uses.

The Department worked with the six MCOs to review authorization requirements and implemented additional restrictions to ensure weight loss drugs were prescribed only for their intended use. Medicaid covered only one weight loss drug, Orlistat. For GLP-1 medications used for non-weight loss treatment, prior authorization was required to exceed quantity limits, maximum doses or when more than one GLP-1 was prescribed.

## Strengthening Regional Connections through Statewide Team Engagement

Medicaid Executive Director Kim Sullivan and Medicaid Special Projects Officer Kelly Zimmerman visited all of the regional offices across the state during the summer of 2024. The purpose of these visits was to get to know team members, share information about important agency initiatives, listen to ideas, and receive feedback. The visits were also an opportunity to answer questions and acknowledge the vital role these team members play in the agency's mission. They used the information gained during these visits to create a summary of improvements. In the future, the plan is to visit the regional offices at least once per year.

## Tobacco Cessation Counseling Expansion to All Beneficiaries

Effective July 1, 2023, Louisiana Medicaid expanded its coverage to include comprehensive tobacco cessation services for all Medicaid beneficiaries. The expansion encompassed counseling and medication support to help individuals quit tobacco use, reduced barriers to treatment, and minimized out-of-pocket costs. It is part of a broader effort to improve access to tobacco cessation treatments for all Medicaid beneficiaries in Louisiana, recognizing the significant health and economic benefits of quitting tobacco use.

## Screening Mammography Coverage Expanded to Ages 30–39

Effective June 1, 2024, Louisiana Medicaid expanded coverage for screening mammograms to include women aged 30 to 39. Previously, screening mammograms were typically covered for women 40 and older, with some exceptions for those with higher risk factors or specific medical recommendations. This expansion was part of a broader trend to address breast cancer screening disparities and potentially improve outcomes, especially for younger women.

# LOUISIANA MEDICAID OUTCOMES

---

The mission of the Bureau of Health Services Financing (BHSF), which administers Medicaid in Louisiana, is to improve health and healthcare in Louisiana. Pursuant to these goals, BHSF regularly monitors the performance of its Managed Care Organizations (MCOs) on a number of **Healthcare Effectiveness Data and Information Set (HEDIS®)** quality metrics.<sup>1</sup> BHSF uses HEDIS, established by the **National Committee for Quality Assurance (NCQA)**, to evaluate MCO performance, improvements and outcomes.<sup>2</sup> These measures have been used to create the **Medicaid Managed Care Quality Dashboard**, which can be found at <https://qualitydashboard.ldh.la.gov>. This web-based dashboard was established in 2019 to provide an easily accessible and transparent accountability for the healthcare provided to Medicaid members. This dashboard only contains data about the managed care program and does not include Medicaid fee-for-service members.

The HEDIS performance data provides useful information about children and adults enrolled in Medicaid who are/ are not taking advantage of beneficial and potentially cost-saving preventive medical services. The use of preventive services could help improve the enrollee's health and longevity of life, as well as reduce costs to tax payers. The MCOs report the HEDIS data for reporting years 2016–2024 respectively (measurement years 2015–2023). In addition, the 2012 pre-managed care baseline (measurement year 2011) is provided to illustrate the starting point at the initiation of managed care in Louisiana. The NCQA Quality Compass National 50th percentile benchmark is provided to assess, compare and measure progress.

## HEDIS Performance Measures

In HEDIS measurement year 2023 (reporting year 2024), Healthy Louisiana MCOs performed **above** the NCQA Quality National 50th percentile benchmark on **26 out of 78** individual HEDIS performance metrics. These include:

- Ambulatory Care – Emergency Department Visits/1000 Member Years
- CAHPS Health Plan Survey 5.1H, Child (Rating of Health Plan-General Population, 8+9+10)
- Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia
- Child and Adolescent Well-Care Visits – 12 to 17 years
- Child and Adolescent Well-Care Visits – 18 to 21 years
- Childhood Immunization Status – Combo 3
- Chlamydia Screening in Women – Total
- Colorectal Cancer Screening
- Diabetes Monitoring for People with Diabetes and Schizophrenia
- Diabetes Screening for People with Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications
- Eye Exam for Patients With Diabetes
- Follow-up Care for Children Prescribed ADHD Medication – Continuation Phase
- Hemoglobin A1c Control for Patients With Diabetes – HbA1c Control (<8.0%)
- Hemoglobin A1c Control for Patients With Diabetes – HbA1c Poor Control (>9.0%)
- Immunization Status for Adolescents – Combo 1
- Immunization Status for Adolescents – Combo 2
- Immunization Status for Adolescents – HPV
- Initiation and Engagement of Substance Use Disorder Treatment – Engagement of SUD
- Initiation and Engagement of Substance Use Disorder Treatment – Initiation of SUD
- Lead Screening in Children
- Medical Assistance with Smoking and Tobacco Use Cessation – Discussing Cessation Strategies

---

<sup>1</sup> National Committee for Quality Assurance, State of Health Care Quality, HMO Medicaid. Retrieved from <https://www.ncqa.org/report-cards/health-plans/state-of-health-care-quality-report>.

<sup>2</sup> National Quality Measures Clearinghouse, National Committee for Quality Assurance, HEDIS Measures and Technical Resources. Retrieved from <https://www.ncqa.org/hedis/measures>.

- Pharmacotherapy for Opioid Use Disorder
- Statin Therapy for Patients with Cardiovascular Disease – Received Statin Therapy – Total
- Use of First-Line Psychosocial Care for Children and Adolescents on Antipsychotics
- Well-Child Visits in the First 30 Months of Life – First 15 Months
- Well-Child Visits in the First 30 Months of Life – 15 Months to 30 Months

Among HEDIS measurement year 2023 (2024 reporting year) metrics **below** the NCQA Quality Compass National 50th percentile benchmark, **24 measures** showed **improvement** from the 2012 pre-managed care baseline or showed **improvement** from the measurement year 2023 (2024 reporting year) rates. These include:

- Adherence to Antipsychotic Medications for Individuals with Schizophrenia
- Adults' Access to Preventive/Ambulatory Health Services – 20 to 44 years
- Adults' Access to Preventive/Ambulatory Health Services – 45 to 64 years
- Adults' Access to Preventive/Ambulatory Health Services – 65 years and older
- Adults' Access to Preventive/Ambulatory Health Services – Total
- Ambulatory Care – Emergency Department Visits/1000 Member Years
- Antidepressant Medication Management – Effective Acute Phase Treatment
- Antidepressant Medication Management – Effective Continuation Phase Treatment
- Appropriate Treatment for Children with Upper Respiratory Infection
- Blood Pressure Control for Patients With Diabetes (<140/90 mm Hg)
- Child and Adolescent Well-Care Visits – 3 to 11 years
- Child and Adolescent Well-Care Visits – Total
- Controlling High Blood Pressure
- Follow-Up After Emergency Department Visit for Mental Illness – Within 30 Days
- Follow-up After Hospitalization for Mental Illness – Within 7 Days
- Follow-up After Hospitalization for Mental Illness – Within 30 Days
- Follow-Up Care for Children Prescribed ADHD Medication – Initiation Phase
- Medical Assistance with Smoking and Tobacco Use Cessation – Discussing Cessation Medications
- Metabolic Monitoring for Children and Adolescents on Antipsychotics (APM) – Blood Glucose Testing
- Plan All-Cause Readmissions – Observed-to-Expected Ratio (Observed Readmissions/Expected Readmissions)
- Prenatal Care and Postpartum Care – Timeliness of Postpartum Care
- Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents: Body Mass Index Assessment for Children/Adolescents – BMI Percentile
- Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents: Body Mass Index Assessment for Children/Adolescents – Counseling for Nutrition
- Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents: Body Mass Index Assessment for Children/Adolescents – Counseling for Physical Activity

**Twelve (12) measures** were **below** the NCQA Quality Compass National 50th percentile benchmark, had no pre-managed care baseline and **worsened** in measurement year 2023 (2024 reporting year) when compared to measurement year 2022 (2023 reporting year). These include:

- Avoidance of Antibiotic Treatment in Adults with Acute Bronchitis
- CAHPS Health Plan Survey 5.1H, Adult (Rating of Health Plan, 8+9+10)
- Cervical Cancer Screening
- Follow-Up After Emergency Department Visit for Mental Illness – Within 7 Days

- Follow-Up After Emergency Department Visit for Substance Use – Within 7 Days
- Follow-Up After Emergency Department Visit for Substance Use – Within 30 Days
- Medical Assistance with Smoking and Tobacco Use Cessation – Advising Smokers and Tobacco Users to Quit
- Metabolic Monitoring for Children and Adolescents on Antipsychotics – Cholesterol Testing
- Metabolic Monitoring for Children and Adolescents on Antipsychotics – Blood Glucose and Cholesterol Testing
- Non-recommended Cervical Screening in Adolescent Females
- Prenatal Care and Postpartum Care – Timeliness of Prenatal Care
- Use of Imaging Studies for Low Back Pain

**Sixteen (16) measures** were **unable to be compared** because they **were newly** added during measurement year 2023 (2024 reporting year) and are first-year measures for reporting by Healthy Louisiana plans. These include:

- Asthma Medication Ratio – Total
- CAHPS Health Plan Survey 5.1H, Child (Rating of Health Plan-Children with Chronic Conditions, 8+9+10)
- Inpatient Utilization – General Hospital/Acute Care – Maternity – Average Length of Stay – Total
- Inpatient Utilization – General Hospital/Acute Care – Maternity – Days/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Maternity – Discharges/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Medicine – Average Length of Stay – Total
- Inpatient Utilization – General Hospital/Acute Care – Medicine – Days/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Medicine – Discharges/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Surgery – Average Length of Stay – Total
- Inpatient Utilization – General Hospital/Acute Care – Surgery – Days/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Surgery – Discharges/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Total Inpatient – Average Length of Stay – Total
- Inpatient Utilization – General Hospital/Acute Care – Total Inpatient – Days/1,000 Member Years – Total
- Inpatient Utilization – General Hospital/Acute Care – Total Inpatient – Discharges/1,000 Member Years – Total
- Oral Evaluation/Dental Services – Total
- Topical Fluoride for Children – Total

# TECHNICAL NOTES

---

## State Fiscal Year and Federal Fiscal Year

Louisiana's **State Fiscal Year (SFY)** runs from July 1 through June 30. The **Federal Fiscal Year (FFY)** begins October 1 and ends September 30. The information presented in this report is based on a SFY basis unless otherwise noted.

## Expenditures versus Payments

The data in this report comes from two primary sources. The first source is from the **LaGOV Enterprise Resource Planning System – Finance Module (LaGOV)**, the accounting system of record for Louisiana. LaGOV reports the program dollar amounts after all claims and financial adjustments have been made. Financial adjustments are amounts often paid in lump sum that are not necessarily attributable to any specific individual. These financial adjustments could include transactions related to cost settlements including supplemental and Upper Payment Limit payments, **Uncompensated Care Costs (UCC)**, pharmacy rebates received from pharmaceutical manufacturers and the amounts paid to **Centers for Medicare and Medicaid Services (CMS)** for Medicare Buy-ins and Part D. LaGOV does not capture recipient and provider-specific information.

The **Medicaid Management Information System (MMIS)** and **Medicare Modernization Act (MMA)** Response File from CMS is used to capture detailed recipient and provider-related information. MMIS has a claims reporting system, known as the **Management Administrative Reporting Subsystem (MARS)** Data Warehouse, which is managed by the Medicaid program's **Fiscal Intermediary (FI)**. Recipient and provider-specific information is extracted from the **MARS Data Warehouse (MDW)** and is derived explicitly for this annual report according to the criteria specified in this technical note. The MMA Response File contains payments made on behalf of recipients for a Medicare Buy-in and/or Part D/Clawback premium.

To differentiate between the amounts obtained from different sources in this report, we define "**Expenditures**" as fiscal information derived from LaGOV and "**Payments**" as information drawn from the other data sources, primarily the MDW. For SFY 2023/24, approximately 84% of expenditures are captured in payments reflected in the MDW. The majority of expenditures not captured in payments fall in the category of supplemental payments such as managed care incentive payments, managed care directed payments and COVID vaccine administration fees. While not all expenditures are captured in the MDW, the detailed payment data captured in the MDW allows us to provide the breakdown of payments by various demographics not linked to lump sum expenditures. The amounts in all tables are rounded up and may not add to the totals presented.

## Enrollee, Recipient and Payment Counts

Enrollee and recipient counts are referenced throughout this report. **Enrollee** refers to an individual who was enrolled in Medicaid during the SFY. **Recipient** refers to an individual for whom Medicaid paid during the SFY. Due to a lag in claims processing, retroactive enrollment and other issues, it is possible to have payments made for recipients who were not enrollees during the SFY. To have a complete perspective of enrollees, recipients and payments, all Medicare Buy-ins and Part D dual eligibles data are included in enrollee and recipient counts and payment amounts in reports from SFY 2007/08 forward.

## Date of Payment versus Date of Service

Medicaid data can be presented either by "Date of Payment" or "Date of Service," which results may differ based on the methodology employed. The difference between the two types of methodologies is given below.

### Date of Payment (DOP)

Reported data, such as payments, services, recipients, etc., reflects claims paid during the period (July 2023 to June 2024) irrespective of the time the services were provided. Some payments made during this period may be for services provided in the previous SFY. DOP is typically used for budget and financial analysis and is known as "cash basis accounting."

### Date of Service (DOS)

Reported data reflects the services provided during the period, irrespective of the date that payments were made. Services may be provided during this particular period, but fees may be paid later, say after one year. DOS is typically used for clinical/policy interventions and is known as “accrual accounting.”

Both approaches are valid and examine similar data, but each has a specific function of analyzing results. Because they are set in different time frames, the analytical results may differ, and the disparity may be that the data sets are obtained using different underlying methodologies.

In general, most of the published Medicaid budgetary/financial statistics are based on the “Date of Payment”; therefore, most of the data in this report is presented using the DOP methodology unless otherwise stated.

# YEAR IN REVIEW

## Expenditures

During State Fiscal Year (SFY) 2023/24, Louisiana Medicaid’s programmatic expenditures totaled \$17.8 billion. This is the total program expenditures recorded in the state’s accounting system, LaGOV, and omits administrative spending. Compared to SFY 2022/23, programmatic increased by almost \$1.0 billion (6.0%). This is primarily due to the implementation of directed payments via supplemental payments to MCOs for hospital, long-term acute care, freestanding psychiatric, and freestanding rehabilitation facilities in SFY 2023/24. See **Tables 2–4** on page 12 for a breakdown of expenditures.

## Payments

During SFY 2023/24, over \$14.9 billion in payments were made on behalf of about 2 million Medicaid recipients, averaging about \$6,744 per recipient<sup>3</sup>, which is approximately 2.4% less than the previous SFY (**Figure 1**, below; **Table 13**, which can be found on page 25). The nominal data reflects the actual dollar amount paid as of the year reported. The real data reflects the dollar amount adjusted for inflation, with SFY 2017/18 as the base period. The real overall annual payment per recipient was approximately \$5,561 for SFY 2023/24, a 2.5% decrease from SFY 2022/23, and a 3.3% increase compared to SFY 2017/18. For a detailed explanation of the differences between expenditures and payments, please see the technical notes on page 6.

**Figure 1: Louisiana Medicaid Average Annual Payment Per Recipient**

Average annual real cost per recipient is calculated based on Consumer Price Index (CPI). CPI source: Bureau of Labor Statistics. Consumer Price Index – All Urban Consumers – U.S. Medical Care, Series ID: CUUR0000SAM. Retrieved on March 30, 2025 from <https://beta.bls.gov/dataQuery/find?q=medical+care+CPI&q=CUUR0000SAM>.

## Enrollees and Recipients

During SFY 2023/24, 2,186,060 people—about 47.8% of Louisiana’s population of 4,573,749—were enrolled in the Medicaid program and payments were made on behalf of 2,220,278 recipients (**Figure 2**, on the following page; **Tables 12** and **13**, which can be found on pages 23 and 25). See the technical notes on page 6 for an explanation of how recipients may outnumber enrollees. The overall number of enrollees increased by 2.3% since the previous year. **Figure 3** shows the change in enrollment as a percentage of the population over time. This increase is attributable to the CMS restriction on disenrolling members to qualify for the increase in **Federal Medical Assistance Percentages (FMAP)**, and more individuals becoming eligible for Medicaid because of economic hardship brought on by the COVID-19 pandemic.

<sup>3</sup> Simple average, not a weighted average.

**Figure 2: Louisiana Medicaid Enrollees and Recipients**

**Figure 3: Enrollment Compared to Total Population**

SFY Population estimates are based on the most recent census population estimates. U.S. Census Bureau, Population Division (Updated March 2024). Annual Estimates of the Resident Population for Counties in Louisiana: April 1, 2020 to July 1, 2023 (CO-EST2023-POP-22). # MEDICAID FINANCES

## Means of Finance

Medicaid is a means-tested, open-ended entitlement public assistance program established in 1965 by Title XIX of the Social Security Act, often referred to as “Title XIX.” Since Medicaid is an entitlement program, the federal and state governments cannot limit the number of eligible people who meet the established criteria and enroll into the various eligibility categories in Medicaid.

The Medicaid program is funded through federal and state funds. The federal share is based on Federal Medical Assistance Percentages (FMAP), which are updated each Federal Fiscal Year (FFY). State FMAPs normally range from 50% to 83% of program cost based on their latest available three-year average **Per Capita Personal Income (PCPI)** in relation to the national PCPI. During SFY 2023/24, Louisiana’s regular blended FMAP was 68.6%. This means that federal funds are used to pay for about 68 cents of every dollar spent on Medicaid programs. The regular FMAP is based on the FFY, so the blended FMAP is calculated to fit the State Fiscal Year by using three months of the previous FFY FMAP and nine months of the current FFY FMAP. The federal government also offers an enhanced FMAP for recipients in the **State Children’s Health Insurance Program (SCHIP)**. Louisiana’s SCHIP program, known as **LaCHIP**, had a blended enhanced FMAP of 78.0% (including a 3.4% decrease since SFY 2022/23) during SFY 2023/24. The Medicaid Expansion population receives an enhanced FMAP rate as well, which was 90.0% in SFY 2023/24. Federal legislation, the **Families First Coronavirus Response Act (2020)**, amended by the **Coronavirus Aid, Relief, and Economic Security (CARES) Act (2020)**, authorized a 6.2 percentage point increase in federal Medicaid matching funds to help states respond to the COVID-19 pandemic. The additional funds were available to states from January 1, 2020 through May 11, 2023 when the public health emergency period ended<sup>4</sup>, provided that states met certain conditions.

## Financial Factors

Medicaid enrollment numbers and corresponding expenditures are impacted by economic and demographic (age, gender, etc.) factors. Examining these factors can help determine enrollment and financial characteristics of the Medicaid population.

The percentage of a state’s population that is living in poverty, as defined by the **Federal Poverty Guidelines (FPG)**, influences the level of state population reliant on Medicaid program services. Based on the Current Population Survey’s Calendar Year (CY) 2023 data, 21.5% of the Louisiana population was considered living under 100% of the FPG, while 40.1% were living below 200% of the FPG (**Table 1**). These percentages compare to 11.1% and 26.9% respectively for the U.S. population.

**Table 1: Population Poverty Status for All Income Levels, Calendar Year 2023**

Poverty Level	Louisiana	United States
≤ 100% of Poverty	21.5%	11.1%
101% to 125% of Poverty	5.7%	3.6%
126% to 138% of Poverty	2.7%	2.2%
139% to 150% of Poverty	1.4%	1.8%
151% to 185% of Poverty	6.2%	5.6%
186% to 200% of Poverty	2.6%	2.6%
<b>Total ≤ 200% of Poverty</b>	<b>40.1%</b>	<b>26.9%</b>
Remainder of Population	59.9%	73.1%

# MEDICAID EXPENDITURES

Medicaid expenditures are incurred by two agencies, **Medical Vendor Payments (MVP)** and **Medical Vendor Administration (MVA)**. The means of finance for MVP expenditures is presented in [Table 2](#), while the expenditures for healthcare services delivery for SFY 2023/24 Medicaid MVP, totaling \$17.8 billion, are delineated by program appropriation in [Table 3](#). For this report, unless otherwise stated, Medicaid numbers include Medicaid Title XIX and Title XXI (LaCHIP). The effective overall state match rate was approximately 24.0% while federal match rate was approximately 76.0% for SFY 2023/24. The MVA regular rate programs are those programs that receive the federal statutory minimum/standard reimbursement rate of 50% for administration of Medicaid.

The MVA enhanced rate programs are those programs that qualify for federal reimbursement above the standard rate of 50%. Such programs include DDI (Design, Development and Implementation) plans, which can receive federal reimbursement of 90%. The actual state share of Medicaid expenditures varies based on qualified expenditures. It ranges from 100% federal funds for items such as **Health Information Technology (HIT) Electronic Health Records** incentive payments, to 100% state funds for Clawback (Medicare Part D) payments. [Table 4](#) presents the means of finance for the MVA expenditures.

**Figure 5** presents Medicaid expenditures by budget categories of service. The two most extensive provider programs are Managed Care Non-Expansion and Managed Care Expansion, which comprise 55.1% of the total expenditures.

**Figure 5: Expenditures by Budget Categories of Service<sup>1</sup>**

## Major Budget Categories

The **Appropriations Act** allocates Medicaid MVP funds into four broad budget programs:

### A. Private Providers

Payments to non-state-owned providers and facilities, including MCOs.

### B. Public Providers

Payments to state providers and facilities, including specific local government entities and school boards.

### C. Medicare Buy-Ins & Supplements

Payments to the Centers for Medicare and Medicaid Services (CMS) on behalf of dual eligibles for Part A, Part B and Part D (Clawback), LaHIPP and Optional State Supplemental programs.

### D. Uncompensated Care Costs (UCC)

Payments toward compensation for care given in qualifying hospitals to uninsured individuals and those eligible for Medicaid, with Medicaid reimbursement lower than the cost of service.

Each of these budget appropriations are grouped into separate **Budget Categories of Service (BCOS)** and are presented in **Table 5** along with their respective expenditures. **Appendix B** on page 106 describes the individual BCOS in more detail.

**Table 5: Expenditures by Budget Category of Service**

A – Private Providers		Expenditures
A_01	Ambulatory Surgical Clinics	\$2,294,219

<b>Total Uncompensated Care Costs</b>		<b>\$394,826,707</b>

**GRAND TOTAL MEDICAL VENDOR PROGRAM \$17,795,248,921**

<sup>1</sup> Includes payments to CMS for Medicare Part A & B premiums, payments to providers for deductibles, coinsurance and co-payments; Optional State Supplement (OSS); and LaHIPP reimbursements.

# MEDICAID ELIGIBILITY

Medicaid provides funding for healthcare to individuals and families who meet the eligibility criteria established by the state and approved by CMS. This section of the report provides an overview of Louisiana Medicaid eligibility. For further details about the Louisiana Medicaid Program, please visit our website at [www.medicaid.la.gov](http://www.medicaid.la.gov). The **Medicaid Eligibility Manual** is available online at <https://ldh.la.gov/page/1681>. Information is also available when calling the toll-free line at **1-888-342-6207** or **1-877-252-2447**, or by e-mail at [MyMedicaid@la.gov](mailto:MyMedicaid@la.gov).

## Eligibility Requirements and the Enrollment Process

Medicaid is an entitlement program that pays for healthcare for those who meet the established criteria and are enrolled. Louisiana is a Section 1634 state, meaning all individuals receiving **Supplemental Security Income (SSI)** are automatically enrolled in Medicaid. In addition, as of February 2024, families who received financial assistance through Louisiana’s **Temporary Aid to Needy Families (TANF)** program, also known as **Family Independence Temporary Assistance Program (FITAP)**, were moved to Parent-Caretaker Relative type of assistance due to the ending of the program.

For an individual or family who does not receive SSI, the eligibility process begins with completing a Medicaid application. The prospective beneficiary or an authorized representative may apply online, by mail, at a local Medicaid office or a Medicaid Application Center. A face-to-face interview is not required. Contact information for regional offices is listed on page 117 in **Appendix E**.

Individuals who are not automatically eligible and apply for Medicaid must meet all the eligibility requirements of one or more programs. An overview of the Medicaid programs offered in Louisiana is presented in **Table 6**. For definitions of the abbreviations in this table, please see **Appendix C** and **Appendix D** starting on page 109.

**Table 6: Eligibility Requirements for Louisiana Medicaid<sup>1</sup>**

Program	Description	Income Limit
<b>A. Children</b>	<b>A1. CHAMP – Low Income Children</b>	Ages 0 to 18 (through 19th birthday) with other insurance 147% of poverty; No assets test Ages 6 to 18 (through 19th birthday). Uninsured. Individuals receive an enhanced LaCHIP rate >108 and up to 147% of poverty; No assets test
	<b>A2. LaCHIP (Title XXI)</b>	Ages 0 to 5. Uninsured 147% of poverty; No assets test Ages 6 to 18 (through 19th birthday). Uninsured >147% and up to 217% of poverty; No assets test
	<b>A3. LaCHIP Affordable Plan (LAP)</b>	Ages 0 to 18 (through 19th birthday). Uninsured >217% and up to 255% of poverty; Some cost sharing involved; No assets test
	<b>A4. Deemed Eligible Child</b>	Age 0 (through first birthday) Infants born to Medicaid eligible pregnant women; No assets test
	<b>A5. CWO Children</b>	Children under age 21 in Foster Care programs through the Department of Children & Family Services’ Child Welfare Office (CWO) Eligibility determined by the Child Welfare Office; No assets test
<b>B. Families</b>	<b>B1. Parent/Caretaker Relative (PCR) Group</b>	Parent/Caretaker relative who lives with a dependent child 24% of poverty; No assets test
	<b>B2. MAGI – Related Medically Needy</b>	Children and families who have income below regular Medically Needy income standards and are ineligible for other MAGI-related groups 8% of poverty (individuals and couples); No assets test
	<b>B3. MAGI – Related Spend Down Medically Needy</b>	Children and families who have more income than allowed but qualify once the amount spent on medical expenses is considered No Limit. All income over 10% of poverty considered available to meet medical expenses for quarter; No assets test

*continued on next page...*

	Program	Description	Income Limit
B. Families	B4. Temporary Aid for Needy Families (TANF) Recipients	Recipients of cash assistance as determined by the Department of Children & Family Services	8% of poverty; Assets limit: \$2,000
	B5. Transitional Medicaid	Continues coverage for families who lost PCR or TANF eligibility because of an increase in earnings	No limit for first six months and 190% of poverty for coverage in seventh through twelfth month of transitional eligibility period; No assets test
C. Women	C1. CHAMP/LaMOMS – Pregnant Women	Covers each month of a verified pregnancy and 2-month postpartum period	138% of poverty; No assets test
	C2. LaCHIP IV (Title XXI)	Covers conception to birth for low-income, pregnant mothers who are not otherwise eligible for Medicaid regardless of citizenship. Uninsured	214% of poverty; No assets test
	C3. Breast and Cervical Cancer	Women under 65 diagnosed with breast or cervical cancer, in a precancerous condition or early stage cancer	255% of poverty; No assets test
D. Aged, Blind, or Disabled	D1. Disabled Adult Child (DAC)	Individuals over age 18 who become blind or disabled before age 22, and lost SSI eligibility on or after 7/1/87, as a result of entitlement to or increase in Social Security Administration Child Insurance Benefits	Social Security benefits are disregarded in determining countable income with limit ~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D2. Disabled Widows/Widowers	Individuals who lost SSI because of the 1984 Social Security Widow/er's re-computation	Social Security 1984 Widow/er's adjustment is disregarded in determining countable income with limit ~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D3. SSI Recipients	Aged and disabled recipients of federal SSI cash payments as determined by SSA	~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D4. SGA Disabled Widows/Widowers/ Surviving Divorced Spouses	Individuals who are not entitled to Part A and lost SSI because of receipt of Social Security Disabled Widow/er's benefits	All cost of living raises and Social Security Disabled Widow/er's benefits are disregarded in determining countable income with ~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D5. PICKLE	Former SSI Recipients of two different groups of aged, blind and disabled who lost SSI eligibility due to Retirement, Survivors' and Disability (RSDI) cost of living increase	All cost of living raises are disregarded in determining countable income with limit ~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D6. Provisional Medicaid	Aged and disabled individuals who meet SSI criteria without first having a SSI determination made by SSA	~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D7. Early Widows/Widowers	Individuals who lost SSI because of receipt of RSDI Early Widow/er's benefits	Social Security Early Widow/er's benefits are disregarded in determining countable income with limit ~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple
	D8. QMB – Qualified Medicare Beneficiary	Pays Medicare Part A and B premiums, deductibles and co-insurance	100% of poverty (+\$20); No assets test
	D9. SLMB – Specified Low-Income Medicare Beneficiary	Pays Medicare Part B premium only	>100% and up to 120% of poverty (+\$20); No assets test
	D10. QI-1 – Qualified Individual Category 1	Pays Medicare Part B premium only	>120% and up to 135% of poverty (+\$20); No assets test
	D11. QDWI – Qualified Disabled Working Individual	Pays Medicare Part A for non-aged individuals who lost SSA disability benefits and premium free Part A coverage	200% of poverty; No assets test

*continued on next page...*

	Program	Description	Income Limit
<b>D. Aged, Blind, or Disabled</b>	D12. Long Term Care (Home and Community Based)	Individuals who meet criteria for institutional level of care (nursing homes and ICF/ID) or home and community-based services	~225% of poverty (3 times the limit for SSI recipients); Assets limit: \$2,000 individual and \$3,000 couple (both reside in an institution) or \$154,140 for an institutionalized individual with a community spouse (one not residing in an institution)
	D13. Long Term Care and Home and Community-Based Services Medically Needy Spend-Down	Individuals who meet criteria for institutional level of care (nursing homes and ICF/ID) or home and community-based services	All income over ~225% of poverty is considered available to meet medical expense; Assets limit: \$2,000 individual and \$3,000 couple or \$154,140 for an institutionalized individual with a community spouse
	D14. Non-MAGI Medically Needy Spend-Down	Qualified individuals who have more than allowed but qualify once the amount spent on medical expenses is considered	All income over 8% of poverty is considered available to meet medical expenses for quarter; For Long Term Care (institutions only) all income over ~225% of poverty; Asset limit: \$2,000 individual or \$154,140 for an institutionalized individual with a community spouse
	D15. Acute Care	Individuals who have been or expected to be in a medical institution for a continuous period of 30 days	~75% of poverty (+\$20); Assets limit: \$2,000 individual and \$3,000 couple or \$154,140 for an institutionalized individual with a community spouse
	D16. Medicaid Purchase Plan (MPP)	Working individuals that are age 16 to 64 with disabilities that matches SSA standards that can buy health coverage offered by Louisiana Medicaid	100% of poverty; Assets limit: \$10,000 individual/couple
	D17. Family Opportunity Act (FOA)	Offers Medicaid Buy-in to families for children under age 19 with disabilities who are not eligible for SSI disability benefits due to income	300% of poverty; Families above 200% of poverty must pay a premium; No assets test
	D18. Act 421 Children's Medicaid Option (TEFRA)	Age birth through age 18 who meet criteria for institutional level of care (nursing homes and ICF/ID) or home and community-based services	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 individual. Income of parents not counted.
	<b>E. Other</b>	E1. TB infected	Persons who have been diagnosed as, or are suspected of being infected with tuberculosis
E2. Emergency Services for Illegal/ Ineligible Aliens		Coverage of illegal/undocumented non-citizens and documented qualified non-citizens under the Medicaid 5-year bar for life-threatening emergency situations and labor/delivery of newborns	Must meet all requirements of another Medicaid program except for U.S. citizenship
E3. Youth Aging Out of Foster Care		Individuals age 18 to 21 released from the Foster Care program due to turning age 18	No income or assets test
E4. Former Foster Children		Individuals age 18 to 26 released from the Foster Care program due to turning age 18	No income or assets test
E5. Take Charge Plus		Women and men of any age for family planning-related services	138% of poverty; No assets test
<b>F. Adult</b>	F1. Adult Group – Expansion	Individuals age 19 through 64 who are not eligible for Medicaid in another program and are not eligible for or enrolled in Medicare.	138% of poverty; No assets test

<sup>1</sup> Effective income limits for Groups A, B, C, E5, and F, including the CMS mandated 5% disregard. Percentages based on 2024 Federal Poverty Guidelines (FPG). <https://ldh.la.gov/assets/medicaid/MedicaidEligibilityPolicy/Z-200m.pdf>.

Federal law requires states to cover certain groups of individuals at certain income levels to participate in Medicaid. Through state plan amendments or waivers, contingent on CMS approval, states have options to cover other groups, expand income guidelines, or allow additional disregards. Part of the financial qualification for Medicaid is based on family size and relation of monthly income to the Federal Poverty Guidelines (FPG). The federal government establishes FPG regarding what is considered the poverty level standard of living. **Table 7** shows the 2024 FPG, with annual and monthly incomes according to family size. For example, a four-person family with a yearly income of \$31,200 is considered to be living at 100% of FPG.

**Table 7: 2024 Federal Poverty Guidelines for All States (Except Alaska and Hawaii)**

Family Size	Monthly Income in Dollars									
	75%	100%	120%	133%	135%	150%	185%	200%	250%	300%

<sup>1</sup> U.S. Department of Health and Human Services, Annual Update of the HHS Poverty Guidelines (2024). Retrieved from <https://www.govinfo.gov/content/pkg/FR-2024-01-17/pdf/2024-00796.pdf>.

<sup>2</sup> For families/households with more than 8 persons, add \$5,380 annually (\$448 monthly) for each additional member.

**Figure 6** summarizes income requirements for many of the Medicaid programs. The primary qualifying categories are listed along the bottom of the chart. Along the left axis of the chart is income as a percentage of the FPG. As shown in the eligibility chart, maximum income levels for different groupings of eligibility, such as age, disability and parental status, allow access to the Medicaid program depending upon the group in which the individual falls. While most eligibility categories enable access to the full array of Medicaid services, the individual's economic and medical circumstances may assign an enrollee to a more limited set of benefits.

**Figure 6: Louisiana Medicaid Coverage Groups and Income Eligibility Requirements**

Eligibility determination is a federally approved process that is operated in the same manner throughout the state. In Louisiana, caseworkers in each of the nine regions of the Department of Health determine an individual's eligibility for Medicaid under standardized written policy. Processing times for applications vary depending on the coverage group and program under consideration, the amount of information the person can provide and how quickly all needed information is made available to Medicaid staff. Eligibility can be retroactive up to three months prior to the date of application. Eligibility is reviewed annually for most cases, but more often in some programs. Decisions must be made within 45 days (90 days if a disability determination by the agency is required) from the date of application in most cases. Eligible individuals and families enrolled in the Louisiana Medicaid Program are issued a Medicaid identification card.

### Leading Enrollment Categories

Figure 7 provides a graphical representation of the distribution of enrollees across major eligibility groupings. All eligibility categories that account for 2% or less of total enrollment are depicted as "Other" eligibility groupings, accounting for 11.1% of total enrollment.

**Figure 7: Enrollment by Major Eligibility Groupings**

### Louisiana Medicaid Coverage for Children

The **Child Health and Maternity Program**, or **CHAMP**, provides Medicaid benefits to pregnant women and children under age 19 who meet income and non-financial eligibility criteria. The **Affordable Care Act (ACA)** expanded mandatory coverage to all children under age 19 with household MAGI-based income at or below 147% of the FPG. These CHAMP children make up the largest children’s group covered by Medicaid.

LaCHIP is Louisiana’s version of the federal State Children’s Health Insurance Program (SCHIP) authorized by Title XXI of the Social Security Act. LaCHIP enrollees have the same enrollment process and benefit package as Title XIX Medicaid. To ensure stability of coverage and reduce “churn,” the program provides 12 months of continuous eligibility, except for LaCHIP IV, in which coverage is based on pregnancy. CMS pays enhanced FMAP for both services and program administration costs. LaCHIP is set up as a combination of a Medicaid model for LaCHIP I, II, and III, and a separate SCHIP model for LaCHIP IV and LaCHIP V. LDH initiated the LaCHIP model (LaCHIP I, II, and III) in 1998 to provide quality healthcare coverage to additional uninsured children below 217% FPG and up to age 19 who are not covered by health insurance. In May 2007, Louisiana implemented LaCHIP IV to extend coverage for children from conception to birth if their mothers were non-citizens and otherwise ineligible for Medicaid. Since December 2013, LaCHIP IV has covered unborn children of citizens and non-citizens with an income of up to 214% FPG. Since SFY 2016/17, LaCHIP IV recipients have also been eligible for behavioral health services under the **Louisiana Behavioral Health Partnership (LBHP)**.

In June 2008, Louisiana expanded coverage for children up to age 19 between 217% and 255% FPG, known as the LaCHIP Affordable Plan (LAP) or LaCHIP V. Some cost sharing is associated with LAP through monthly premiums of \$50 a month. In SFY 2023/24 a total of \$733,251 was collected in premiums charged to these families for their children’s coverage. In SFY 2023/24 LAP paid \$9,909,123 on behalf of 6,033 recipients.

**Table 8** presents Regular Medicaid (Title XIX) children and LaCHIP enrollees, recipients and payments by major age groupings. Of the age groups, those ages 6 through 14 had the most recipients, making up about 57% of the total recipient children under 19. Also, children and LaCHIP enrollees, recipients and payments by parish are presented in **Table AA11** (which can be found on page 88 in **Appendix A**). For SFY 2023/24, LaCHIP provided \$585.7 million in payments made to 276,347 recipients, while Regular Medicaid provided \$3.2 billion in payments on behalf of 804,819 recipients.

**Table 8: Regular Medicaid Children and LaCHIP Enrollees, Recipients and Payments by Age Group**

Age Group	Payments	LaCHIP Enrollees	Recipients	Payments	Medicaid Enrollees	Recipients	Payments	Total Enrollees	Recipients
Under 1	\$5,835,844	2,032	1,881	\$519,915,016	58,823	55,879	\$525,750,861	59,535	56,517
1-5	\$48,990,093	29,074	30,782	\$665,147,096	208,869	213,612	\$714,137,190	218,003	221,268
6-14	\$289,454,915	128,992	137,867	\$1,084,613,008	309,432	323,208	\$1,374,067,924	385,322	390,346
15-18	\$146,908,876	64,619	68,995	\$514,898,379	134,383	139,667	\$661,807,255	172,183	174,491
Total <19	\$491,189,729	224,717	239,525	\$2,784,573,500	711,507	732,366	\$3,275,763,229	835,043	842,622
19+ <sup>3</sup>	\$94,497,802	28,074	36,822	\$464,206,626	70,881	72,453	\$558,704,428	91,117	96,718
<b>Total</b>	<b>\$585,687,531</b>	<b>252,791</b>	<b>276,347</b>	<b>\$3,248,780,126</b>	<b>782,388</b>	<b>804,819</b>	<b>\$3,834,467,657</b>	<b>926,160</b>	<b>939,340</b>

<sup>1</sup> Age as of January 1, 2024.

<sup>2</sup> Enrollee and recipient counts of LaCHIP and Regular Medicaid will not sum to the total Medicaid children count due to movement between the two types of Medicaid during the SFY. The figures are unduplicated for each Medicaid type, while numbers are unduplicated for total Medicaid children.

<sup>3</sup> Since LaCHIP IV is based on pregnancy, some LaCHIP enrollees may be older than 20, whereas Medicaid Children are younger than 21.

### Adult Group – Expansion

In 2016, Louisiana expanded Medicaid coverage through the ACA to include adults with a household income up to 138% of the FPG. The Expansion Group began enrollment in June 2016, with enrollees beginning to receive services in July 2016. This group accounts for approximately 33.9% of Louisiana Medicaid enrollment groups (Figure 7). Expansion Group enrollees receive care through Medicaid’s managed care program, Healthy Louisiana. This includes full Medicaid benefits and access to the value-added benefits provided by the managed care organizations that deliver care.

### Medicare Buy-In and Medicare Savings Program

**Medicare Buy-in** results in significant cost avoidance for Louisiana Medicaid by making Medicare the primary payer for people who are eligible for both Medicare and Medicaid (“full” dual eligibles). The state pays **Medicare Part A** premiums for those Medicaid enrollees receiving Supplemental Security Income (SSI) payments who become entitled to Medicare at age 65. The state also pays **Medicare Part B** premiums for certain low income “full” dual eligibles and **Medicare Part D (Clawback)** payments for individuals receiving Part D who are dual eligible.

The **Medicare Savings Program** also provides Medicare Buy-in benefits to people with Medicare who are not eligible for full Medicaid services but have limited income. Depending on income, an individual may be classified as a **Qualified Medicare Beneficiary (QMB)**, which covers both the Medicare Part A and B premiums and some co-payments and deductibles; **Specified Low-Income Medicare Beneficiary (SLMB)**, which covers the Medicare Part B premium only; or **Qualified Individual (QI-1)**, which covers the Medicare Part B premium through 100% federal dollars. All three programs automatically entitle the enrollee to **Low Income Subsidy (LIS)** or “Extra Help” status for the **Medicare Prescription Drug Plan (Part D)**, which is funded by state funds only.

Medicare standard base premium and deductible amounts are presented in Table 9. Due to the cost efficiency of having Medicare as the first payer, a concerted effort is ongoing to ensure that anyone meeting the Medicare Savings Program eligibility criteria is enrolled. All recipients must be currently enrolled in Part A Medicare to receive assistance on Part B or Part D. Table 10 presents the income eligibility requirements for each buy-in program. Table 11 presents the expenditures and recipients for the Medicare Buy-In program over three State Fiscal Years. During SFY 2023/24, Louisiana Medicaid paid \$60,751,709 on behalf of 12,598 individuals for Part A, \$473,333,114 on behalf of 270,984 individuals for Part B, and \$211,775,606 on behalf of 167,154 individuals for Part D (all state funds).

**Table 9: Medicare Premiums and Deductibles<sup>1</sup>**

Calendar Year	Part A Monthly Premiums by Eligible Work History		Part A Deductible	Part B Monthly Premium	Part B Deductible	Part D Base Monthly Premium	Part D Deductible
	7½ years or fewer	7½–10 years					
2021	\$471	\$259	\$1,484.00	\$148.50	\$203.00	\$33.06	\$445.00
2022	\$499	\$274	\$1,556.00	\$170.10	\$233.00	\$33.37	\$480.00
2023	\$506	\$278	\$1,600.00	\$164.90	\$226.00	\$32.74	\$505.00
2024	\$505	\$278	\$1,632.00	\$174.70	\$240.00	\$34.70	\$545.00

<sup>1</sup> 2024 Annual Report of the Board of Trustees of the Federal Hospital Insurance and Federal Supplementary Medical Insurance Trust Funds. Retrieved on April 29, 2025 from <https://www.cms.gov/oact/tr/2024>.

<sup>2</sup> Part A is free to those who have worked for more than 10 years of Medicare-covered employment.

<sup>3</sup> Premiums listed is the premium paid by a non-dual Medicaid beneficiary. It is not the premium paid by Medicaid for a dual enrollee beneficiary.

**Table 10: Medicare Buy-In Requirements and Coverage<sup>1</sup>**

Eligible Group	Coverage	Income Requirement	Asset Limit <sup>3</sup>
Qualified Medicare Beneficiary (QMB)	Medicaid payment of Medicare Part A <sup>2</sup> and Part B premiums; deductible and co-insurance for Medicaid covered services; and Medicare Prescription Drug Plan monthly premium (up to \$35 a month)	≥100% of FPIG <sup>4</sup>	Not Applicable
Specified Low Income Beneficiary (SLMB)	Medicaid payment of Medicare Part B premium and Medicare Prescription Drug Plan monthly premium (up to \$35 a month)	>100% but <120% of FPIG <sup>4</sup>	Not Applicable
Qualified Individual (QI-1)	Medicaid payment of Medicare Part B premium and Medicare Prescription Drug Plan monthly premium (up to \$35 a month)	≥120% but <135% of FPIG <sup>4</sup>	Not Applicable

<sup>1</sup> Retrieved from <https://ldh.la.gov/assets/medicaid/MedicaidEligibilityPolicy/Z-200m.pdf>.

<sup>2</sup> Part A is paid for only those who have not worked for more than 10 years of Medicare-covered employment.

<sup>3</sup> Effective October 1, 2019 State Plans changed the asset limit for MSP programs to not applicable.

<sup>4</sup> Federal Poverty Income Guidelines (2024).

**Table 11: Expenditures and Recipients for the Medicare Buy-In Program**

State Fiscal Year	Part A		Part B		Part D <sup>1</sup>	
	Expenditures	Recipients <sup>2</sup>	Expenditures	Recipients <sup>2</sup>	Expenditures	Recipients <sup>2</sup>
2020/21	\$53,840,382	10,896	\$394,148,584	245,240	\$150,413,662	158,746
2021/22	\$53,365,720	11,087	\$449,516,136	254,715	\$149,460,773	165,058
2022/23	\$58,968,692	11,826	\$489,031,837	261,692	\$171,444,280	160,287
2023/24	\$60,751,709	12,598	\$473,333,114	270,984	\$211,775,606	167,154

<sup>1</sup> Part D expenditures are all state funds. SFY 2023/24 Part D data currently under internal review with CMS.

<sup>2</sup> Recipient data comes from MMA Response File from CMS and is unduplicated by each type.

## Enrollment Statistics

Before presenting the statistical data, it is important to establish the difference between the terms "eligible", "enrollee" and "recipient". These terms can seem synonymous, but they have distinct meanings within the context of Medicaid.

A “**Medicaid eligible**” is a person who fits the established eligibility criteria of the program, whether or not the person applied for Medicaid. A “**Medicaid enrollee**” is a Medicaid eligible person who applied for and was approved by the Medicaid program to receive benefits regardless of whether he or she received any service and/or any claims or managed care encounters were filed on his or her behalf. A “**Medicaid recipient**” is an enrollee with at least one payment to a Managed Care Organization, a Fee-for-Service processed claim or any person with Medicare Buy-in and Part D premiums paid on his or her behalf during the time period involved, in this case during SFY 2023/24 (July 1, 2023 to June 30, 2024). The recipient may not have been enrolled during the time the PMPM or claim was paid. For example, there may be a processed claim during this particular period for services that were provided in a prior period for an individual though his or her eligibility ended before this SFY.

The number of recipients reported in some categories (e.g. within a parish) may exceed the number of enrollees. An enrollee’s case may have closed before SFY 2023/24 but a claim was paid on his or her behalf during SFY 2023/24. Thus, when a claim was paid in SFY 2023/24 for a person who received a service before SFY 2023/24, she or he will be counted as a recipient in SFY 2023/24 although this person is no longer eligible for Medicaid in SFY 2023/24. Providers may delay the submission of claims for many months. Medicaid’s timely filing rule gives providers up to one year to submit a claim and up to two years for payment of the timely filed claim. Thus, it is possible for a claim paid in SFY 2023/24 to be for a service rendered before SFY 2023/24. The payment could, therefore, occur long after the person identified as the recipient on the claim has left the program and is no longer an enrollee. There are many ways to interpret enrollment under Medicaid, which will be discussed in the following sections.

## Percentage of the Population

The percentage of the population enrolled in Louisiana Medicaid has consistently increased through the years (Table 12). During SFY 2023/24, 47.8% of Louisianans were enrolled in Medicaid. Figure 8 shows Medicaid enrollment percentages for the populations of each parish in Louisiana.

**Table 12: Enrollment, Population and Percentage of Population Enrolled by State Fiscal Year**

State Fiscal Year (SFY)	SFY Population Estimate	Medicaid Enrollment	Percent of Population Enrolled
2018/19	4,659,690	1,853,660	39.8%
2019/20	4,648,794	1,883,015	40.5%
2020/21	4,645,318	1,953,276	42.0%
2021/22	4,624,047	2,057,869	44.5%
2022/23	4,590,241	2,136,072	46.5%
2023/24	4,573,749	2,186,060	47.8%

<sup>1</sup> SFY Population estimates are based on the most recent census population estimates. U.S. Census Bureau, Population Division (Updated March 2024). Annual Estimates of the Resident Population for Counties: April 1, 2020 to July 1, 2023 (CO-EST2023-POP-22). Retrieved on March 17, 2025 from <https://www.census.gov/data/tables/time-series/demo/popest/2020s-counties-total.html>.

<sup>2</sup> Enrollment data was obtained on November 12, 2024 from MARS Data Warehouse and includes all “premium only” dual eligibles. Enrollment will vary depending on the date extracted due to processing. Enrollment counts are unduplicated for each SFY.

Table AA1 (which can be found on page 58 in Appendix A) presents total population, enrollees, percentage of the population enrolled in Medicaid, percentage of the population in poverty, recipients, payments and payments per recipient by parish during SFY 2023/24. In general, parishes with high poverty rates have large percentages of Medicaid enrollment. More than 50% of the population in 39 of 64 parishes are enrolled in Medicaid, as shown in Figure 8. Cameron Parish had the smallest percentage of Medicaid enrolled with only 21.9% of the parish’s population enrolled in Medicaid.

**Figure 8: Parish Percentage of Population Enrolled in Medicaid**

**Figure 9: Parish Payments Per Recipient**

East Baton Rouge Parish had the highest payments at about \$1.4 billion, while Cameron Parish had the least amount paid on behalf of their recipients at about \$5.2 million. However, on a per recipient basis, Rapides Parish is highest with \$8,875 while Cameron Parish ranks lowest with \$4,664 per recipient. The per recipient numbers show the average amount spent on each person in the given parish throughout the year (Figure 9).

**Table AA2** (which can be found on page 60 in **Appendix A**) shows population, enrollment, recipients and payment in each parish by race. The “Other” column includes individuals of American Indian or Alaskan Native, Asian, Native Hawaiian or other Pacific Islanders, as well as those races unspecified in the system. Enrollees listed as “Other” accounted for 395,328 (18.1%) of the Medicaid population with 399,148 (18%) recipients who received Medicaid services totaling \$2.5 billion (16.9%) in payments.

**Table 13** presents total population, enrollees, percentage of population enrolled, recipients, payments and payments per recipient by region during SFY 2023/24. Northeast Louisiana had 56.7% of their population enrolled in Medicaid, the highest in the state. The Capital Area had the smallest percentage of population enrolled in Medicaid at 43.3%.

**Table 13: Population, Enrollees, Recipients and Payments by Region**

Region	2023 Population <sup>1</sup>	Medicaid Enrollees <sup>2</sup>	Enrollees/Population Ratio	Enrollees/Population Rank	Medicaid Recipients <sup>3</sup>	Payments <sup>3</sup>	Payment per Recipient
1 Greater New Orleans Area	852,762	434,425	50.9	4	445,097	\$2,679,238,705	\$6,019

<b>State Total</b>	<b>4,573,749</b>	<b>2,186,060</b>	<b>47.8</b>	<b>—</b>	<b>2,220,278</b>	<b>\$14,973,458,372</b>	<b>\$6,744</b>

<sup>1</sup> Population estimates are based on the most recent census population estimates. U.S. Census Bureau, Population Division (Updated March 2024). Annual Estimates of the Resident Population for Counties in Louisiana: April 1, 2020 to July 1, 2023 (CO-EST2023-POP-22); Retrieved on March 17, 2025 from <https://www.census.gov/data/tables/time-series/demo/popest/2020s-counties-total.html>.

<sup>2</sup> Individual region enrollee and recipient counts will not sum to the total state count due to movement between regions during the SFY; the state figures are unduplicated for the entire state, while numbers are unduplicated within the region.

<sup>3</sup> Payments are based on recipient region payments. Includes only payments made at the recipient level, such as FFS (Fee-for-Service), PMPM (Per Member Per Month), Medicare Buy-In premiums and Clawback payments, etc. Excludes any payments not made at the recipient level, including, but not limited to, state-directed payments and cost settlements (Service Tracking Claim).

The Greater New Orleans Area had the highest total payments paid on behalf of their recipients at \$2.7 billion, while Southwest Louisiana had the least amount paid on behalf of their recipients at \$860 million. Southwest Louisiana had the lowest average rate of payments per recipient at \$6,027, while the highest average rate of payment was in Central Louisiana with \$7,723 per recipient. **Table AA1** (which can be found on page 58 in **Appendix A**) shows more detail in the payments per recipient by parish.

## Age, Gender and Race

The breakdown of enrollees by age group (**Tables 14–17** and **Figure 10**) shows that Medicaid enrollees who are children, those aged 20 and under, make up 41.8% of the total enrolled and 25.1% of payments. Those between the ages of 21 and 64 comprised 49.8% of the enrolled population and account for 60.1% of payments, and those 65 and over made up the smallest component at 8.4% of enrollment but account for 14.8% of payments. Also, as expected, statistics reveal that certain age groups account for more costs than others. The reason for this is that the medical needs of these age groups tend to require more expensive services.

**Table 14: Enrollees, Recipients and Payments by Age Group and Gender**

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

**Figure 10: Enrollment by Age Group**

**Figure 11: Enrollment by Gender**

**Figure 12: Enrollment by Race**

Overall, there are more females (54.8%) than males (45.2%) enrolled in Medicaid (**Figure 11**). Though children age 18 and under are almost evenly split between female (49.1%) and male (50.9%), for enrollees of ages 19 and above, women account for 58.3% of enrollment (**Table 14**). This can probably be explained by the pregnant women programs, disproportionate number of female enrollees in very low income households, and longer life expectancy of females. These trends are true of all racial groups. **Tables 18–20** break down regional payments, enrollees and recipients by race and gender. **Figure 12** shows the percentage of enrollment by race: about 44.7% are Black or African American, 37.2% are White and 18.1% are Other.

<sup>1</sup> Payments are based on recipient region payments.

<sup>2</sup> Individual region enrollee and recipient counts may not sum to the total state count due to movement between regions during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the region.

<sup>3</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>4</sup> Other includes all individuals not in Black/African-American or White.

## Basis of Eligibility

During SFY 2023/24, there were 2,342,356 unduplicated Medicaid enrollees. All enrollees are placed into one of four **Basis of Eligibility (BOE)** categories depending on age or disability according to the hierarchy shown in **Figure 13** below. Based on total payments by BOE, children and adults together made up 84.1% of enrollment, but only 58.8% of payments. The elderly and disabled collectively accounted for 15.9% of enrollment, but 41.2% of payments.

**Tables 21–23** present BOE by race and gender. **Table 21** shows the payments for each BOE by race and gender. The highest portion of payments were expended on behalf of adults with \$6.0 billion (40.6%), while the lowest were on behalf of the elderly with \$2.2 billion (14.6%). As shown in **Tables 22** and **23**, adults account for the highest number of Medicaid recipients and enrollees. For the SFY, there were 1,016,102 (45.8%) adult recipients and 1,124,173 (51.4%) adult enrollees.

**Table 21: Payments by Basis of Eligibility, Race<sup>1</sup> and Gender**

<b>Total Change Between SFYs</b>		<b>6.95%</b>	<b>-3.01%</b>	<b>1.52%</b>	<b>5.27%</b>	<b>2.34%</b>

<sup>1</sup> SFY totals may not equal the sum of monthly basis of eligibility category totals due to movement across categories and duplication across months. All numbers are pure unduplicated enrollee counts.

<sup>2</sup> All enrollment totals were extracted on November 12, 2024 to capture the majority of retro-enrollments for the SFY. These totals will not match monthly enrollment reports produced by Medicaid, which represent a snapshot of enrollment within a few days following the end of each month.

## Recipients Ranked by Payments

Medicaid provides healthcare coverage to elderly, disabled and low income families. Since Medicaid is an entitlement program, Louisiana cannot limit the number of enrollees in Medicaid, nor can they be selective in who is allowed to receive services as long as the Medicaid eligibility requirements are met. **Figure 14** shows the percentage of payments and recipients ranked by payments. The majority of recipients only require minimal services. A few recipients with intensive care needs account for a disproportionate share of total payments. During SFY 2023/24, of all Medicaid recipients, the top 3% of recipients accounted for 26.4% of all payments. The cumulative top 50% of recipients accounted for approximately 82.9% of total payments, while the least expensive recipients, the other 50%, only made up approximately 17.1% of total payments.

**Figure 14: Percentage of Recipients and Payments Ranked by Payments**

**Table 25** breaks down the top 3% of recipients by payment based on their top 10 type cases ranked by payment. Long-Term Care (LTC) is the highest paid case type in this recipient group, accounting for about \$1.2 billion in payment.

**Table 25: Top 10 Case Types of Top 3 Percent of Medicaid Recipients**

# MANAGED CARE IN LOUISIANA

---

**Fee-for-Service (FFS)** is a model of payment in which Louisiana Medicaid pays each service provider directly based on the services provided to Medicaid recipients. Providers submit claims to Medicaid, which list the services provided, recipients, and costs of the services. Medicaid then pays the providers directly based on the fee schedule for the billed service and on the claims information. Currently, only 7.6% of the Medicaid population gets their care through a FFS model.

In February 2012, Louisiana Medicaid initiated its transition from a predominately legacy FFS program to a managed healthcare delivery system. This original Medicaid Managed Care Program included two models of coordinated care networks: a full-risk, managed care organization (MCO) model delivered by “prepaid health plans” and **primary care case management (PCCM)** model delivered by “shared savings health plans.” Not all Medicaid services were available through these health plans, and some enrollees continued to receive certain services under the FFS program.

Over time, coverage provided by the health plans expanded to include additional services and populations, most notably specialized behavioral health, pharmacy and adult (expansion) populations made eligible through the Affordable Care Act (ACA). In February 2015, the delivery model transitioned from the combination MCO/PCCM model to a full-risk model with five MCOs. The six currently contracted MCOs are collectively referred to as “**Healthy Louisiana**” (see page 37 for more details).

In addition to the Healthy Louisiana MCOs, there are other managed care entities contracted with the department to provide limited benefits to specific populations through a managed care delivery model including: **Dental Benefits Plan Manager (DBPM)**, and the **Louisiana Behavioral Health Partnership (LBHP)**. All contractors providing member coverage and benefit management through any of the managed care delivery systems, including MCOs, DBPMs and the LBHP, are considered **managed care entities (MCE)**. Details for each model are provided below.

The managed care programs use a **Per-Member-Per-Month (PMPM)** payment model, in which Louisiana Medicaid pays the MCEs a monthly fee/premium to manage the health needs of the Medicaid population. MCEs also receive a one-time kick-payment for each obstetrical delivery. Maternity Kick Payments are intended to cover prenatal care, delivery, post-partum care, and normal newborn hospital costs. Managed care providers who deliver care to recipients are paid by the MCEs rather than being paid directly by Louisiana Medicaid.

Today, most Medicaid enrollees receive their healthcare through one or more of the MCEs, with the exception of the following that are excluded from managed care: individuals with a limited period of eligibility and individuals in specific programs. All of the services for these individuals are provided directly through the FFS program. In addition, some services are excluded from the MCE contracts for all Medicaid enrollees and are provided directly through FFS, including long-term care and waiver services (see page 54 for more details).

# HEALTHY LOUISIANA

Healthy Louisiana MCOs provide full coverage of both physical and **specialized behavioral health (SBH)** including **non-emergency medical transportation (NEMT)** to 84.7% of Medicaid enrollees. An additional 7.2% of enrollees receive SBH and NEMT coverage through the MCEs, with all other covered services provided under FFS, as shown below in **Figure 15**. SBH services are mental health services and substance use/addiction disorder services, specifically defined in the Medicaid State Plan and/or applicable waivers. Some managed care enrollees may receive services through FFS. For example, individuals enrolled in Healthy Louisiana for SBH only will continue to receive all eligible coverage for physical health, pharmacy, long-term care and waiver services under FFS.

Payments made to MCOs for dates of service in SFY 2023/24 totaled \$10,488,841,470 for care to 2,076,669 recipients enrolled in Healthy Louisiana. **Table AA3** (which can be found on page 64 in **Appendix A**) presents the payments made to the Healthy Louisiana plans and the number of recipients by parish for services provided in SFY 2023/24. **Tables AA4** and **AA5** (which can be found on pages 68 and 72) show the payments by date of service and recipients by parish, race and gender. Note that some Healthy Louisiana recipients may also receive services through the DBPM, LBHP or FFS programs.

## Healthy Louisiana Enrollment

Beginning in July 2016, Louisiana expanded Medicaid to New Adults as authorized under the Affordable Care Act. Medicaid expansion allows adults with incomes at or below 138%<sup>6</sup> of the Federal Poverty Guidelines (FPG) to receive Medicaid. All expansion recipients were enrolled in Healthy Louisiana plans. Medicaid expansion coverage is equivalent to the full benefit care coverage that is available to regular managed care recipients. All expansion recipients have access to full Medicaid benefits as well as additional benefits as offered by each plan.

Out of the total 2,186,060 unduplicated individuals enrolled in Louisiana Medicaid, 2,028,712 were enrolled in Healthy Louisiana. **Table 26** reflects the enrollment by region, health plan and service enrollment type. The majority of Healthy Louisiana enrollees received full benefit coverage. Only 168,988 of the total enrollees received SBH-Only coverage. **Table 27** breaks down enrollment by health plan, age group and gender. **Table 28** breaks down enrollment by age group, race and gender. **Figure 16** shows the proportion of enrollee groups by health plan and **Figure 17** shows the proportion of enrollment by age group. **Figure 18** shows the number of expansion enrollees by parish.

**Figure 15: Percentage of Enrollees by Medicaid Enrollment Groups**

<sup>6</sup> Limit includes additional 5% income disregard.

**Figure 16: Healthy Louisiana Enrollee Groups by Healthy Louisiana Plans**

**Figure 17: Healthy Louisiana Enrollee Groups by Age Group**

**Figure 18: Expansion Enrollment by Parish**

In regards to Medicaid Expansion, there were 800,382 unduplicated enrollees, as shown in [Table 29](#). Of these, 461,733 were female and 338,649 were male. The largest age group was ages 25-39 with 312,249 enrollees, and the smallest was ages 40-49 with 153,676. A full parish breakdown of expansion enrollment is available in [Table AA6](#) (which can be found on page 74 in [Appendix A](#)).

**Table 29: Expansion Enrollees by Age Group, Race<sup>1</sup> and Gender**

Age Group <sup>2</sup>	Black/African-American			White			Other <sup>3</sup>			Grand Total
	Male	Female	Total	Male	Female	Total	Male	Female	Total	
Under 25	39,913	47,334	87,247	28,733	35,840	64,573	7,590	9,213	16,803	168,623
Ages 25-39	55,492	92,086	147,578	49,662	75,345	125,007	19,285	20,379	39,664	312,249
Ages 40-49	24,789	40,847	65,636	27,016	37,977	64,993	13,017	10,030	23,047	153,676

<b>Total<sup>4</sup></b>	<b>144,587</b>	<b>215,314</b>	<b>359,901</b>	<b>135,540</b>	<b>189,408</b>	<b>324,948</b>	<b>58,522</b>	<b>57,011</b>	<b>115,533</b>	<b>800,382</b>

<sup>1</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>2</sup> Age as of January 1, 2024.

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

<sup>4</sup> All enrollment totals were extracted October 30, 2023 to capture the majority of retro-enrollments for the SFY. These totals will not match monthly enrollment reports produced by Medicaid, which represent a snapshot of enrollment within a few days following the end of each month.

## Categories of Assistance for Healthy Louisiana

Healthy Louisiana enrollees are grouped into the following **Categories of Assistance (CoA)** for payment purposes:

### Supplemental Security Income (SSI) Related Seniors and People with Disabilities

SSI includes individuals who are aged 65 and above as well as individuals of any age with disabilities.

### Breast and Cervical Cancer

Includes uninsured women who have already been diagnosed by a **Centers for Disease Control and Prevention (CDC)** approved screening entity with breast or cervical cancer or a precancerous condition and who are not otherwise eligible for Medicaid.

### Home and Community-Based Services

Includes individuals under age 21 who require in-home personal care, community hospice care, **Applied Behavior Analysis (ABA)** recipients covered by the **Chisholm v. Abraham** court ruling and individuals who receive **Home and Community-Based Services (HCBS)** waivers for acute care and have opted to join the managed care program.

### Act 421 Children's Medicaid Option (TEFRA)

This program allows certain children who have a disability and meet the criteria for an institutional level of care to receive Medicaid coverage, even if their parents' income is above the limit to qualify for regular Medicaid.

### Expansion

The Medicaid expansion group covers individuals between the ages of 19 and 64 who do not meet other Medicaid criteria but have incomes of up to 138%<sup>7</sup> of the Federal Poverty Guidelines (FPG).

### Families and Children

The Families and Children group includes children and teens under age 19 whose Medicaid or CHIP eligibility is based on their age and their parents/caregivers. It also includes pregnant women whose sole basis of eligibility for Medicaid is pregnancy. This group does not include children who are eligible based on disability.

### Foster Children

Foster Children are those who receive 24-hour substitute care from someone other than their parents or guardians and for whom the **Department of Children and Family Services (DCFS)** has responsibility for placement and care.

### LaCHIP Affordable Plan (LAP)

The LAP group includes children and youth under the age of 19 with incomes over the limit of 217%<sup>8</sup> of FPG for regular CHIP enrollment but with incomes lower than 255%<sup>7</sup> of FPG. Families pay a monthly premium of \$50.

### Specialized Behavioral Health Services

This group includes adults and children who primarily require aid for specialized behavioral health services. The majority of the people in this category were enrolled in Louisiana Behavioral Health Partnership (LBHP) prior to December 2015. Specialized behavioral health services are provided to all managed care recipients, but this population is ineligible for full physical care services.

Appendix **Table AA7** (which can be found on page 76 in **Appendix A**) shows the Healthy Louisiana payments and recipients broken down by the Categories of Assistance. **Figure 19** compares the payments to enrollment for groupings of category of assistance. The Children and Families group has the majority of recipients (47.2%) and 28.4% of all payments. Maternity Kick is not included in this figure since it is a one-time payment.

---

<sup>7</sup> Limit includes additional 5% income disregard.

**Figure 19: Healthy Louisiana Payments Compared with Enrollment<sup>1</sup> for Groupings of Categories of Assistance<sup>2</sup>**

<sup>1</sup> Enrollment percentages are based on total member months of enrollment.

<sup>2</sup> This figure excludes Maternity Kick because they are one-time payments.

<sup>3</sup> Children and Families grouping includes Family & Children, LaCHIP Affordable Plan (LAP) and Foster Children (non-disabled).

# DENTAL BENEFITS PLAN MANAGER

In SFY 2023/24, the department contracted with two Dental Benefits Plan Managers (DBPM), **DentaQuest (DQ)** and **Managed Care of North America (MCNA)**, for state plan covered dental benefits. The program covered 2,029,025 recipients for a total cost of \$232.9 million. **Table AA8** (which can be found on page 80 in **Appendix A**) shows DBPM payments and recipients based on eligibility group.

Most individuals who are eligible for full Medicaid benefits were enrolled in one of the two DBPMs for covered dental services and received state plan covered services based on enrollment category.

## Early and Periodic Screening, Diagnostic and Treatment (EPSDT) Dental

Medicaid enrollees under the age of 21 are eligible for diagnostic, preventive, restorative, endodontic, periodontal, prosthodontics, maxillofacial prosthetics, oral and maxillofacial surgery, orthodontic and other screening and treatment services applicable under the EPSDT program.

## Adult Dentures

Medicaid enrollees 21 years or older are eligible for dentures and related services.

## Adult Waiver/ICF Dental

Medicaid enrollees 21 years or older with developmental or intellectual disabilities (DD/ID) who are enrolled in the New Opportunities Waiver, Residential Options Waiver or the Supports Waiver or who reside in an Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/ID) are eligible for diagnostic, preventive, restorative, endodontic, periodontal, prosthodontics, maxillofacial prosthetics, oral and maxillofacial surgery, orthodontic and adjunctive general services.

The majority of payments and recipients were for children under the EPSDT program, with \$216.8 million out of \$232.9 million total dental (93.1%) in payments on behalf of 924,405 recipients. Adult Dentures made up \$11.8 million (5.1%) in payments for 1,117,755 recipients. Adult Waiver/ICF made \$4.2 million (1.8%) in payments for 16,180 recipients. **Tables AA9** and **AA10** (which can be found on pages 82 and 86 in **Appendix A**) break down DBPM payments and recipients by Parish, Race and Gender. **Figures 20** and **21** below compare the eligibility groups by payment and recipients. An explanation of the differences between payments and expenditures can be found in the technical notes on page 6.

**Figure 20: Dental Benefits Plan Manager Payments by Eligibility Group**

**Figure 21: Dental Benefits Plan Manager Recipients by Eligibility Group**

# LOUISIANA BEHAVIORAL HEALTH PARTNERSHIP

---

The majority of Behavioral Health services were transferred to Healthy Louisiana beginning in December 2015, with the exception of the **Coordinated System of Care (CSoC)** services. CSoC is a specialized program for children and youth with the most complex behavioral health needs, with the goal of enabling these children to remain in or return to their homes and communities. **Wraparound Agencies (WAA)** are the point of accountability for developing a single plan of care and providing intensive care coordination and management for children enrolled in CSoC. **Child and Family Teams (CFT)**, which include the member, parent/legal guardian/caretakers, behavioral health providers, and other individuals chosen by the member or family, are charged with developing the plan of care. **Family Support Organizations (FSO)** provide support, education and advocacy through intensive face-to-face support to families and caregivers of CSoC children at the time and place that is most convenient for the family. In SFY 2022/23, CSoC provided \$71,137,025 in services to 25,775 recipients groups.

## MANAGED CARE PAYMENTS

---

Louisiana Medicaid pays each of the MCEs a PMPM fee/premium to manage the health needs of the Medicaid population they are contracted to serve. Healthcare providers are paid by the managed care plans rather than being paid directly by Louisiana Medicaid. The information in this section on how much the MCEs paid to providers comes from managed care encounter records submitted by the six MCOs, the DBPMs and the LBHP.

The top ten provider types of total Medicaid managed care payments grouped by in-state and **out-of-state (OOS)** are presented in **Table 30**. Due to the delay in processing encounters, the information provided in this section may be less than the actuals. Approximately \$8.0 billion (94.0%) of the total \$8.6 billion in payments were paid by managed care organizations to providers within Louisiana, while approximately \$512.9 million (6.0%) of payments were made to out-of-state providers.

**Table 31** presents the number of managed care in-state and out-of-state providers grouped by the top ten provider types based on total encounter payments. Physician provider type accounted for 30,714 (52.1%) of the 58,276 total participating providers, making up the highest number of individual providers. With respect to in-state and out-of-state provider distribution, 41.7% of participating providers of all types are from out-of-state.

**Table 30: Managed Care Encounter Payments for the Top Ten Provider Types Ranked by Payment**

Provider Type	Payments			Ratio of Each Program			Ratio Between IS & OOS	
	In-State	Out-of-State	Total	In-State	Out-of-State	Total	In-State	Out-of-State
Pharmacy	\$2,617,810,667	\$295,313,653	\$2,913,124,320	32.46%	57.57%	33.96%	89.86%	10.14%

<sup>2</sup> All Others includes all provider types not in the top ten provider types.  
<sup>3</sup> Providers with no parish listed are included in In-State.

**Table 33** presents managed care payments made to out-of-state providers, as well as the number of providers and recipients by state and territory. Texas ranked the highest in out-of-state payments with \$113,189,910 (22.1%). Provider participation was represented by all 50 states as well as Washington D.C., and Puerto Rico. Texas had the highest number of Louisiana recipients (201,450). Pennsylvania is an outlier due to a large number of providers whose billing locations are in Pennsylvania but mostly provide services in Louisiana.

<sup>1</sup> State provider and recipient counts may not sum to the total out-of-state count due to providers offering services in more than one state during the SFY and recipients receiving services in more than one state during the SFY. Total out-of-state figures are unduplicated for the entire out-of-state count, while other numbers are unduplicated for each state.

# FEE-FOR-SERVICE PROVIDERS

During SFY 2023/24, over 26,561 providers participated and offered services to Louisiana Medicaid enrollees directly through the Fee-for-Service (FFS) program. **Figure 22** represents total FFS payments to private and public providers for claims billed directly to the state, via its fiscal intermediary (FI). These payments do not include payments made to or by CMS or Managed Care Entities for Louisiana Medicaid recipients.

Total Medicaid FFS payments grouped by the top ten provider types in-state and out-of-state (OOS) are presented in **Table 34**. Nursing facility payments rank at the top with 40.6%, personal care attendant payments in second with 18.9% and ICF/ID group home payments in third place with 11.8% of total payments. Just over \$3.3 billion (96.3%) of the total \$3.4 billion in payments were paid to providers within Louisiana, while about \$126.2 million (3.7%) of payments were made to out-of-state providers.

**Table 35** presents the number of participating in-state and out-of-state providers grouped by the top ten provider types based on total FFS payments. Physician provider type accounted for 12,206 (46.0%) of the 26,561 total participating providers, making up the highest number of individual providers. With respect to in-state and out-of-state provider distribution, about 2.2% of participating providers of all types are from out-of-state.

**Table 34: Payments for the Top Ten Provider Types Ranked by Fee-for-Service Payments**

<sup>1</sup> Total number of providers may not sum to the total count due to providers offering services in more than one state during the SFY. The total counts are unduplicated for the entire state, while other numbers are unduplicated for each provider type.

<sup>2</sup> Providers with no parish listed are included in In-State.

<sup>3</sup> All Others includes all provider types not in the top ten provider types.

**Table 36** shows a regional comparison of payments made on behalf of the top ten provider types based on total payments. For the remainder of this section, unless otherwise stated, all data is based on the service providers' enrolled location (parish/region/state) on file at the time of payment. The Acadiana region ranked number one, with about \$514.5 million in payments going into the region. Payments to the top ten providers in each region will differ according to a variety of factors (e.g., availability of providers, medical need of the population, etc.).

<sup>1</sup> Providers with no parish listed are included in In-State.  
<sup>2</sup> Excluding payments to CMS.  
<sup>3</sup> All Others includes all provider types not in the top ten provider types.

**Table AA12–AA15** (which can be found starting on page 90 in **Appendix A**) show parish-level data about the top ten provider types. **Table AA12** reports payment distribution across provider parishes to the top ten provider types in the state based on total payments. East Baton Rouge Parish ranked number one with about \$365.7 million (10.6% of total) in payments going into the parish, while Cameron Parish ranked last with \$11,354 in payments. **Table AA13** presents the number of service providers by parish, **Table AA14** presents the number of recipients by parish and **Table AA15** presents payments per recipient by parish for the top ten provider types based on payments during this SFY.

**Table 37** presents FFS payments made to out-of-state providers, as well as the number of providers and recipients by state. Arizona (AZ) ranked the highest in out-of-state FFS payments with \$90.3 million (71.5%). The majority of this amount reflects payments to Acumen (located in Arizona) for fiscal intermediary services including payment of claims to Louisiana direct service workers for services to waiver recipients. Out-of-state provider participation in FFS was represented by 34 states. Arizona had the highest number of Louisiana recipients (2,168).

**Table 37: FFS Payments, Number of Providers and Recipients by State Based on Out-of-State Payments**

<sup>2</sup> State provider counts may not sum to the total out-of-state count due to providers offering services in more than one state during the SFY. Also, state recipient counts may not sum to the total out-of-state count due to recipients receiving services in more than one state during the SFY. Total out-of-state figures are unduplicated for the entire out-of-state count, while other numbers are unduplicated for each state.

# MEDICAID HOME AND COMMUNITY-BASED SERVICE WAIVERS

---

In 1981, the Federal Government created Title XIX, Home and Community-Based Services (HCBS), to provide home and community-based services to the elderly and persons with physical disabilities, developmental disabilities and/or mental illnesses. Since this act made an exception to the traditional Medicaid requirements, it required a waiver. **Waivers** allow flexibility for states to develop and test creative alternatives for operating their Medicaid programs that are cost-neutral compared to what Medicaid would have paid in the absence of the waiver.

The administration of the HCBS programs was divided between two offices, the **Office for Citizens with Developmental Disabilities (OCDD)** and the **Office of Aging and Adult Services (OAAS)**. OCDD has the responsibility of administering the waiver programs that serve persons with developmental disabilities, which include the Children's Choice Waiver, New Opportunities Waiver, Residential Options Waiver and Supports Waiver. OAAS has the responsibility of administering the waivers that serve the elderly and persons with adult-onset disabilities, which includes the Adult Day Health Care Waiver and the Community Choices Waiver.

These waiver programs allow Louisiana residents to receive Medicaid State Plan benefits while having greater flexibility to choose where they want to live and to choose the waiver services and supports that best suit their needs. They also allow individuals to preserve their independence by staying out of institutional settings and maintaining ties to families and friends. Medicaid Waivers are limited to a certain number of recipients based on funding availability and recommendations by CMS. The available positions are referred to as **slots**. The types of HCBS Waivers available in Louisiana included:

## Adult Day Health Care Waiver

The **Adult Day Health Care (ADHC) Waiver** provides healthcare services and activities for elderly and disabled adults at a licensed facility for five or more hours per day. Transportation is provided to and from the facility. This waiver allows family members to assist in the care of the recipient while maintaining employment and other daily responsibilities. A total of 323 slots were filled in SFY 2023/24 for total payments of \$13.5 million (\$5.8 million for waiver services and \$7.7 million for state plan covered services).

## Children's Choice Waiver

The **Children's Choice (CC) Waiver** is designed to help families who provide in-home care and support for their children with developmental disabilities. The waiver, which is capped at \$16,410 for direct waiver payments per year for each waiver slot, provides family support, support coordination, family training, environmental accessibility adaptations and center-based respite to disabled children from birth through age 18. A total of 2,989 slots were filled in SFY 2023/24 for total payments of \$151.2 million (\$45.7 million for waiver services and \$105.5 million for state plan covered services).

## Community Choices Waiver

The **Community Choices Waiver (CCW)**, which was transitioned from the **Elderly and Disabled Adult (EDA) Waiver** on October 1, 2011, provides a more diverse and flexible array of cost-effective services such as home-delivered meals, in-home sensor monitoring, assistive devices/technology and nursing and skilled maintenance therapies. CCW also provides the services offered under the EDA waiver including support coordination, transition intensive support coordination, companion services, environmental accessibility adaptations, personal emergency response system, adult day healthcare and transitional services. A total of 5,938 slots were filled in SFY 2023/24 for total payments of \$250.4 million (\$213.3 million for waiver services and \$37.1 million for state plan covered services).

## New Opportunities Waiver

The **New Opportunities Waiver (NOW)** provides individual and family support services, center-based respite, accessibility adaptations modifications, employment training and transportation, community integration and development, day habilitation, emergency response systems and specialized medical equipment to disabled children and adults from age 3 and up. A total of 7,180 slots were filled in SFY 2023/24 for total payments of \$577.4 million (\$509.9 million for waiver services and \$67.5 million for state plan covered services).

## Residential Options Waiver

The **Residential Options Waiver (ROW)** provides an opportunity for individuals with developmental disabilities to transition from ICF/ID and provides residential and other comprehensive supports for people with complex needs. Some of the services provided by the waiver are support coordination, community living supports, pre-vocational services, respite, day habilitation and supported employment. ROW also focuses on the prevention of institutionalization through “crisis diversion” services and rebalancing the system by converting private ICF/ID beds into ROW shared living waiver homes. A total of 1,912 slots were filled in SFY 2023/24 for total payments of \$106.6 million (\$86.1 million for waiver services and \$20.5 million for state plan covered services).

## Supports Waiver

The **Supports Waiver (SW)** provides supported employment, day habilitation, pre-vocational services, respite, habilitation and personal emergency response systems to recipients age 18 and older with an intellectual and/or developmental disability that manifested prior to age 22. A total of 2,471 slots were filled in SFY 2023/24 for total payments of \$46.1 million (\$15.6 million for waiver services and \$30.5 million for state plan covered services).

Waivers are offered on a first-come, first-served basis (except for the limited number of emergency slots) through the developmental disability **Request for Services Registry (RFSR)**. This registry is a list of people in Louisiana who need waiver services from OCDD. Each waiver has limitations on the number of participants, and approval for participation is subject to CMS criteria and the availability of slots and/or state funds.

**Table 38** shows the types of HCBS Waivers, with the eligible population description and income limit of each waiver available during SFY 2023/24 in Louisiana. **Table 39** shows the number of allocated and filled slots along with the recipients and payments for the last five state fiscal years (**Figures 23, 24 and 25**). Due to recipients leaving and joining waiver programs throughout the year, some waivers may have higher total recipients than the number of slots available and waiver recipients are Direct Waiver only. During SFY 2023/24, 20,813 slots were filled with total payments for waivers of about \$1.1 billion, for waiver services (\$876.3 million) and non-waiver services (\$268.8 million).

**Table 38: Home and Community-Based Service Waivers, Eligible Populations and Income Limits**

Waiver	Eligible Population	Income Limit <sup>1</sup>
Adult Day Health Care Waiver	Age 22 or older with a disability that meets nursing facility level of care	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 for individual, \$3,000 for a couple who needs LTC, and \$154,140 for a community spouse not receiving LTC
Children’s Choice Waiver	Age birth through age 18; Meets ICF/ID level of care for medical and/or psychological criteria, and meets the Louisiana definition for developmental disability	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 individual
Community Choice Waiver/EDA	Age 21 or older with a disability that meets nursing facility level of care	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 for individual, \$3,000 for a couple who needs LTC, and \$154,140 for a community spouse not receiving LTC
New Opportunities Waiver	Age 3 and older with a developmental disability which manifested prior to age 22; Meets ICF/ID level of care for medical and/or psychological criteria, and meets the Louisiana definition for developmental disability	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 individual and \$3,000 for a couple who needs ICF/ID level of care, and \$154,140 for a community spouse not receiving LTC
Residential Options Waiver	Age birth and older with a developmental disability which manifested prior to age 22; Meets ICF/ID level of care for medical and/or psychological criteria, and meets the Louisiana definition for developmental disability	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 individual and \$3,000 for a couple who needs ICF/ID level of care, and \$154,140 for a community spouse not receiving LTC
Supports Waiver	Age 18 and older with a developmental disability which manifested prior to age 22; Meets ICF/ID level of care for medical and/or psychological criteria, and meets the Louisiana definition for developmental disability	~225% of poverty (3 times the SSI amount); Assets limit: \$2,000 individual and \$3,000 for a couple who needs ICF/ID level of care, and \$154,140 for a community spouse not receiving LTC

<sup>1</sup> Recipient counts are based on waiver services payments.

<sup>2</sup> Total payments including Medicare Buy-in premiums, Part D and LBHP are based on Type Case. Waiver services payments are based on waiver Budget Category of Service (BCOS) while non-waiver payments represent all other payments other than waiver services payments.

<sup>3</sup> Through an innovative approach to providing services to people with developmental disabilities, the tiered waiver (Most Appropriate Waiver), means that individuals with a greater urgency of need will now be prioritized for receiving the most appropriate home and community-based services. The allocated slots for those waivers were in a allocated waiver slots pool.

<sup>1</sup> SFY Population estimates are based on the most recent census population estimates. U.S. Census Bureau, Population Division (Updated March 2024). Annual Estimates of the Resident Population for Counties in Louisiana: April 1, 2020 to July 1, 2023 (CO-EST2023-POP-22); Retrieved on March 17, 2025 from <https://www.census.gov/data/tables/time-series/demo/popest/2020s-counties-total.html>.

<sup>2</sup> Individual parish enrollee and recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish.

<sup>3</sup> Poverty estimates are from U.S. Census Bureau, (Updated December 2024). SAIPE State and County Estimates for 2023. Retrieved on March 17, 2025 from <https://www.census.gov/data/datasets/2022/demo/saipe/2023-state-and-county.html>.

<sup>4</sup> Payments are based on recipient parish payments.

<sup>1</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>2</sup> SFY Population estimates are based on the most recent census population estimates. U.S. Census Bureau, Population Division (Updated March 2024). Annual Estimates of the Resident Population for Counties in Louisiana: April 1, 2020 to July 1, 2023 (CO-EST2023-POP-22); Retrieved on March 17, 2025 from <https://www.census.gov/data/tables/time-series/demo/popest/2020s-counties-total.html>.

<sup>3</sup> Individual parish enrollee and recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish.

<sup>4</sup> Other includes all individuals not in Black/African-American or White.

<sup>5</sup> Payments are based on recipient parish payments.

**Table AA3: Healthy Louisiana Payments<sup>1</sup> and Recipients<sup>2</sup> by Parish and Health Plan (Part 1)**

<sup>1</sup> Payments are based on recipient parish payments.

<sup>2</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish. Also, the individual plans recipient counts may not sum to the total plan type counts due to movement between the plans during the SFY.

<sup>3</sup> Effective January 1, 2023, Humana Healthy Horizons joined as the sixth Managed Care Organization (MCO) offering services to Louisiana Medicaid recipients.

<sup>1</sup> Payments are based on recipient parish payments.

<sup>2</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

<sup>1</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish. Also, the individual plans recipient counts may not sum to the total plan type counts due to movement between the plans during the SFY.

<sup>2</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

<sup>1</sup> Payments are based on recipient parish payments.

<sup>2</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish. Also, the individual plans recipient counts may not sum to the total plan type counts due to movement between the plans during the SFY.

<sup>3</sup> The new category of Children Medicaid option (Act 421-CMO/TEFRA) program became effective January 1, 2022. Source: <https://ldh.la.gov/act-421>.

<sup>1</sup> Payments are based on recipient parish payments.

<sup>2</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish. Also, the individual plans recipient counts may not sum to the total plan type counts due to movement between the plans during the SFY.

<sup>3</sup> Louisiana Medicaid has extended its comprehensive dental care services to adults aged 21 and above with intellectual or developmental disabilities who are enrolled in the New Opportunities Waiver, Residential Options Waiver, or the Supports Waiver (effective July 1, 2022), as well as those residing in an Intermediate Care Facility (effective May 1, 2023). <sup>1</sup> Payments are based on recipient parish payments.

<sup>2</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

<sup>1</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish.

<sup>2</sup> From November 2021, the existing values for the race field were updated to the new MMIS race mapping system.

<sup>3</sup> Other includes all individuals not in Black/African-American or White.

<sup>1</sup> Individual parish enrollee and recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish.

<sup>2</sup> LaCHIP payment and recipient amounts are underestimated due to LaCHIP's previous payment methodology.

<sup>3</sup> Since LaCHIP IV is based on pregnancy, some enrollees may be older than 20.

<sup>4</sup> Individual parish enrollee and recipient counts of LaCHIP and Regular Medicaid will not sum to the total Medicaid children count due to movement between the two types of Medicaid during the SFY. The figures are unduplicated for each Medicaid type, while numbers are unduplicated for total Medicaid children.

<sup>1</sup> Individual parish recipient counts may not sum to the total state count due to movement between parishes during the SFY. The state figures are unduplicated for the entire state, while numbers are unduplicated within the parish. Also, the individual plans recipient counts may not sum to the total plan type counts due to movement between the plans during the SFY.

<sup>2</sup> Used other provider types based on attending NPIs when provider types resulted in an error.

<sup>3</sup> All Others includes all provider types not in the top ten provider types.

# APPENDIX B: BUDGET CATEGORY OF SERVICES

## Private Providers

### A\_01. Ambulatory Surgical Clinics

Provides surgical services not requiring hospitalization where expected stay of recipient does not exceed 24 hours.

### A\_02. Case Management Services

Assists the recipient in prioritizing and defining desired personal outcomes, defining appropriate supports and services and accessing these supports and services.

### A\_03. Durable Medical Equipment (DME)

Medically necessary equipment, appliances and supplies. Providers must obtain prior authorization.

### A\_04. Early and Periodic Screening, Diagnosis and Treatment (EPSDT)

The child-specific component of Louisiana Medicaid designed to make healthcare available and accessible to children. The Health Services component of EPSDT provides evaluation and treatment for children, primarily through school-based and early intervention services providers. The Louisiana screening component of EPSDT provides a framework for routine health, mental health and developmental screening of children from birth to age 21 as well as evaluation and treatment for illness, conditions or disabilities.

### A\_05. Early Steps

Louisiana's Early Intervention System that provides services to families with infants and toddlers from birth to three years who have a medical condition likely to result in or have a developmental delay. Services include family support coordination, occupational therapy, physical therapy, speech therapy, psychology and audiology.

### A\_06. Family Planning

Services to Medicaid recipients for routine family planning services including doctor's visit, counseling, contraceptives, sexually transmitted infection (STI) screening and certain lab services.

### A\_07. Federally Qualified Health Centers (FQHC)

Services provided by a physician or other professional, as well as supplies incidental to the physician or other professional services. Commonly known as community health centers, migrant health centers and healthcare for the homeless programs. FQHCs must meet federal requirements of the U.S. DHHS prior to Medicaid enrollment.

### A\_08. Hemodialysis Services

Dialysis treatment (including routine laboratory services), medically necessary non-routine laboratory services and medically necessary injections reimbursed to free-standing End Stage Renal Disease (ESRD) facilities.

### A\_09. Home Health Services

Intermittent or part-time skilled nursing services, personal care services and physical, occupational and speech therapy services provided by a licensed home health agency in accordance with the plan of treatment ordered by a physician. Certain services may require prior authorization.

### A\_10. Hospice Services

Palliative care for the terminally ill patient and support for the family.

### A\_11. Hospital – Inpatient Services

Inpatient hospital care and services. Inpatient services must be pre-certified in most instances if provided by an in-state hospital.

### A\_12. Hospital – Outpatient Services

Outpatient hospital care and services. Some outpatient services must be prior authorized.

### A\_13. Intermediate Care Facilities for the Intellectually Disabled (ICF/ID) Community Homes

Homes for the long-term care of developmentally disabled recipients.

### A\_14. Laboratory and X-Ray Services

Diagnostic testing performed by an independent laboratory or physician's office.

### A\_15. Long Term Personal Care Services (LT-PCS)

Optional services for elderly or disabled recipients over age 21 who qualify for nursing facility level of care. Personal care services are defined as services that provide assistance with the Activities of Daily Living (ADL) and the Instrumental Activities of Daily Living (IADL).

### A\_16. Mental Health Inpatient Services

Inpatient hospital care provided for behavioral health treatment not covered by MCOs.

### A\_17. Nursing Homes

Facilities that provide professional nursing and rehabilitation services on a 24-hours-a-day basis.

#### **A\_18. Program for All Inclusive Care for the Elderly (PACE)**

A service model that provides health services, as well as in-home supports to individuals who are 55 years of age or older, meet certain qualifications and choose to participate.

#### **A\_19. Pediatric Day Health Care (PDHC)**

Facilities that provide an array of services to meet the medical, social and developmental needs of children from birth until 21 years of age who have complex medical conditions requiring skilled nursing care and medical intervention on an ongoing basis. Services require prior authorization.

#### **A\_20. Pharmaceutical Products and Services**

Prescription services for prescriptions issued by a licensed physician, podiatrist, certified nurse practitioner or dentist.

#### **A\_21. Physician Services**

Physician and other professional services, including those of the following professionals: physicians (including specialists), certified registered nurse anesthetists, nurse midwives, nurse practitioners, optometrists and podiatrists.

#### **A\_22. Rural Health Clinics**

Provides physician or other professional services and supplies incidental to the physician or other professional services. Rural health clinics must meet federal requirements of the U.S. DHHS prior to Medicaid enrollment.

#### **A\_23. Transportation: Emergency – Ambulance**

Transportation provided by an ambulance for an unforeseen combination of circumstances which demands immediate attention at a medical facility to prevent serious impairment or loss of life. All services are subject to review for medical necessity of ambulance transportation.

#### **A\_24. Transportation: Non-Emergency – Ambulance**

Transportation provided by an ambulance in which no other means of transportation is available and/or the recipient is unable to ride in any other type of vehicle. All services are subject to review for medical necessity of ambulance transportation.

#### **A\_25. Waiver: Adult Day Health Care (ADHC)**

Provides supervised care during part of the day to adults 22 years of age or older with disabilities or elders in a licensed day care facility.

#### **A\_26. Waiver: Community Choices (CCW)**

Provides services to elderly and disabled adults age 21 and older in their homes as an alternative to nursing home placement. Includes support coordination, personal assistance services, environmental modifications, adult day healthcare, home delivered meals and household supports.

#### **A\_27. Waiver: Most Appropriate (MAW)**

##### **Waiver: Children’s Choice (CC)**

Provides supplemental support to children from birth through age 18 with developmental disabilities in their homes. Includes support coordination, center-based respite, environmental accessibility adaptations and family training and family support.

##### **Waiver: New Opportunities (NOW)**

Provides home and community-based care services to individuals, age 3 and older, with developmental disabilities, as an alternative to institutional care. Includes individual/family support, respite, community integration and development, environmental accessibility adaptations, specialized medical equipment and supplies and others.

##### **Waiver: Residential Options (ROW)**

Allows recipients to utilize the principles of self-determination and supplements the family and/or the community supports that are available to maintain the individual in the community rather than institutional care. Includes support coordination, community living supports, companion care, host home, shared living, transitional services and others.

##### **Waiver: Supports (SW)**

Provides focused, individualized vocational services to individuals age 18 and older as an alternative to institutional care. Includes support coordination, day habilitation, pre-vocational services, respite, habilitation and personal emergency response system.

#### **A\_28. Other Private Provider Services**

Audiology, chiropractic, personal care attendant, physical and occupational therapy, prenatal clinics, psychology, social work and other services not covered above are included here.

#### **A\_29. Supplemental Payments**

Payments that the federal government allows states to reimburse set provider types (hospitals, physicians, graduate medical education, etc.) for certain uncompensated care provided under Medicaid at an amount equal to what Medicare would have paid for the same service.

## Managed Care Providers

### A\_30. Managed Care – Non-Expansion

Per-Member-Per-Month (PMPM) payments for Louisiana Medicaid state plan core benefits and services provided through Medicaid managed care program. Healthy Louisiana Plans are operated by private providers.

### A\_31. Managed Care – Expansion

Per-Member-Per-Month (PMPM) payments for Louisiana Medicaid state plan core benefits and services provided through Medicaid managed care program to individuals made eligible for Medicaid coverage through Medicaid expansion beginning July 1, 2016. Healthy Louisiana Plans are operated by private providers.

### A\_32. Dental Benefit Program – Non-Expansion

Specialized dental care services for adults and children provided through a system of care managed by Managed Care of North America.

### A\_33. Dental Benefit Program – Expansion

Specialized dental care services for adults provided through a system of care managed by Managed Care of North America to individuals made eligible for Medicaid coverage through Medicaid expansion beginning July 1, 2016.

### A\_34. Louisiana Behavioral Health Partnership (LBHP)

Since December 2015, the Behavioral Health Partnership covers the Coordinated System of Care (CSoc), a specialized program for children and youth with complex behavioral health needs who are in or most at risk of out-of-home placement.

### A\_35. Pharmacy Rebates – Non-Expansion

The federal Medicaid Drug Rebate Program (begun in 1991) is used by states and the federal government as a means to offset costs associated with Medicaid non-Expansion pharmacy and outpatient drug claims. In addition to federal rebates, individual states are allowed to enter into agreements with drug manufacturers in order to secure additional rebates.

### A\_36. Pharmacy Rebates – Expansion

The federal Medicaid Drug Rebate Program is used by states and the federal government as a means to offset costs associated with Medicaid Expansion pharmacy and outpatient drug claims. In addition to federal rebates, individual states are allowed to enter into agreements with drug manufacturers in order to secure additional rebates.

## Public Providers

### B\_01. LSU – Facilities

The LSU Medical Facilities have been transitioned to Private-Public Partnerships with the exception of Lallie Kemp Medical Center (Independence), which was still publicly operated as of SFY 2017/18.

### B\_02. LSU – Physicians

Services through LSU-related providers which are not associated with LSU hospitals or distinct part psychiatric units. These may include clinics, professional services, lab work, etc.

### B\_03. LDH – State Developmentally Disabled Facilities

State-operated homes for DD recipients.

### B\_04. LDH – Villa Feliciana Nursing Home

State-operated facility that provides professional nursing and rehabilitation services provided on a 24-hour basis at Villa Feliciana Medical Complex.

### B\_05. LDH – Office of Public Health

Provides preventive health services and screenings through community health programs.

### B\_06. LDH – Office of Behavioral Health

Provides services and supports for individuals with mental illness and addictive disorders.

### B\_07. LDH – Human Services Districts

10 Regional entities that provide resources and programs for community support and rehabilitation such as supported living, support coordination and vocational and rehabilitation services. The available programs vary by region.

### B\_08. State – Education

Louisiana Special Education Center and Louisiana School for the Deaf.

### B\_09. Local Education Agencies for School Based Health (SBH) Services

Services provided by local education agencies including physical therapy, occupational therapy, speech language therapy, audiology services, behavioral health services and nursing services.

## Buy-Ins and Supplements

### C\_01. Medicare Premiums and Supplements

Payments made for or on behalf of other primary coverage that minimizes expenses and liability to Louisiana Medicaid including Medicare, Optional State Supplement (OSS) and Louisiana Health Insurance Premium Payment Program (LaHIPP).

#### Payments to CMS for Medicare

Permit the state, as part of its total assistance plan, to provide medical insurance protection to designated categories of needy individuals who are eligible for Medicaid and also meet Medicare eligibility requirements. These payments are mostly Medicare Buy-in premiums paid on behalf of Medicaid-eligible recipients. In some cases, may also pay Part A and Part B deductibles, coinsurance and co-payments. This program helps people with Medicare who have limited income and resources.

#### Optional State Supplement (OSS)

A state funded payment, established from SCR 133, of up to \$8.00 per month based on eligibility criteria to supplement federal SSI payments, which is made to individuals who are aged, blind or disabled and reside in a non-psychiatric Medicaid long-term care facility. These funds are designated for the personal care needs of the individual(s).

### Louisiana Health Insurance Premium Payment Program (LaHIPP)

A Medicaid funded program that reimburses the policyholder some or all of their private health insurance premium, cover the out-of-pocket costs for the Medicaid members/beneficiaries, and allows access to a larger network of providers. To qualify, at least one member of the family must have Medicaid coverage and private health insurance: either employer sponsored Insurance (ESI) or Individual Health Insurance.

### C\_02. Part D Clawback

Mandatory state dollars paid to CMS beginning in January 2006 to help finance Medicare prescription drug coverage offered under Part D for dual eligibles. The amount a state must pay depends on guidelines the federal government has established under the Medicare Modernization Act (MMA).

## Uncompensated Care Costs

### D\_01. LSU – Facilities

For included hospitals refer to number B\_01 under Public Providers.

### D\_02. LDH – Office of Behavioral Health

### D\_03. Private Hospitals

## APPENDIX C: GLOSSARY

---

**Applied Behavior Analysis (ABA):** The program that provides community-based behavioral and psychological services to individuals under 21 years of age who have been diagnosed with a condition for which ABA services are considered appropriate, such as autism spectrum disorders. Services were made available through Medicaid in 2014. It was moved into managed care beginning February 2018.

**Breast and Cervical Cancer Program:** The program provides full Medicaid benefits to uninsured women who are identified through the Centers for Disease Control (CDC) National Breast and Cervical Cancer Early Detection Program. These women have been diagnosed with breast or cervical cancer or a pre-cancerous condition and are in need of treatment. The Medicaid program does not have income or resource limits, but the CDC requires that the income be less than 200% of the FPG. After February 2016 most individuals covered by this program were eligible for Healthy Louisiana.

**Child Health and Maternity Program (CHAMP) – Child:** Medicaid eligibility for poverty-level children under the age of 19 who are eligible for Medicaid if they meet all program requirements.

**Child Health and Maternity Program (CHAMP) – Pregnant Woman:** Medicaid eligibility for a CHAMP Pregnant Woman may begin at any time during a medically verified pregnancy and as early as three months prior to the month of the application if all requirements of the program are met.

**Centers for Medicare and Medicaid Services (CMS):** The federal agency charged with overseeing and approving states' implementation and administration of the Medicaid and Medicare programs.

**Chisholm v. Abraham:** A class action brought by Medicaid beneficiaries who fall into the EPSDT Program. The class is defined as Medicaid eligible beneficiaries under 21 years of age who are on the Developmental Disabilities Request for Services Registry. LDH is required to offer support coordination to all class members. The LDH Health Standards Section must also monitor all agencies that provide the support coordination services to assure the staff that provide the services are in compliance with all of the provisions of the settlement agreements, manuals, and training materials.

**Clawback Payment:** The 2003 Medicare Prescription Drug, Improvement, and Modernization Act (MMA) created Medicare Part D and transitioned, from Medicaid to Medicare, prescription drug coverage for those who were eligible for Medicare and full Medicaid benefits. It also required states to make payments to cover the cost of Medicare Part D benefits. These payments, known as state phased-down (SPD) contributions or clawback payments, are calculated based on prescription drug costs, the state's share of most Medicaid costs, a phased-down adjustment factor, and the number of full Medicaid benefit dual eligibles in the state. CMS annually notifies states of their payment amount for the following year.

**Co-payment:** A fixed dollar amount paid by a Medicaid enrollee at the time of receiving a covered service from a participating provider.

**Department of Health and Human Services (DHHS):** DHHS administers many of the "social" programs at the federal level that deal with the health and welfare of citizens of the United States. It is the federal department responsible for the Centers for Medicare and Medicaid Services.

**Disproportionate Share Hospitals (DSH):** Payments made by the Medicaid program to hospitals designated as serving a disproportionate share of low-income or uninsured patients. DSH payments are in addition to regular Medicaid payments for providing care to Medicaid beneficiaries. The maximum amount of federally matched funds available annually to individual states for DSH payments is specified in the federal Medicaid statute.

**Disabled Adult Child (DAC):** Provides Medicaid coverage to individuals over the age of 18 who became blind or disabled before the age of 22 and has lost SSI eligibility on or after July 1, 1987, as the result of entitlement to or increase in Retirement, Survivors and Disability Insurance (RSDI).

**Disabled Widows and Widowers:** Provides Medicaid coverage to disabled widows/widowers (between the ages of 50 and 59) who would be eligible for SSI had there been no elimination of the reduction factor in the federal formula and no subsequent cost-of-living adjustments.

**Deficit Reduction Act of 2005 (DRA):** Enacted in February 2006 to reduce the rate of federal and state Medicaid spending growth through new flexibility on Medicaid premiums, cost sharing and benefits, along with tighter controls on asset transfers in order to qualify for long-term care through Medicaid.

**Direct Waiver Payments:** Payments made on behalf of HCBS Waiver recipients for services, such as support coordination, assistive devices, home healthcare, respite care, personal care attendant, supported employment, environmental modifications, personal emergency response systems, companion service, transition and transportation to and from services or medical care, etc.

**Dual Eligible:** Individuals who are entitled to Medicare and are eligible for full or partial Medicaid benefits. Medicaid may pay for all or a portion of Medicare Part A and B premiums, co-payments and deductibles for dual eligibles.

**Eligible:** A person who is qualified for Medicaid but may or may not be enrolled.

**Enrollee:** A person who is Medicaid eligible, has applied for and was approved by the Medicaid program to receive benefits regardless of whether he or she received any service and/or any claims were filed on his or her behalf. Refer to the technical note on page 6 for more details.

**Expansion:** Medicaid expansion under the Affordable Care Act was put into place in Louisiana in SFY 2016/17. Individuals age 19 through 64 who are not eligible for Medicaid in another program and are not already enrolled in Medicaid may enroll through Medicaid expansion.

**Expenditure:** In this report, expenditure refers to fiscal information derived from the financial system of the LaGOV Enterprise Resource Planning System – Finance Module (LaGOV). LaGOV reports the program expenditures after all claims and financial adjustments have been taken into account.

**Family Independence Temporary Assistance Program (FITAP):** In Louisiana, Temporary Assistance for Needy Families (TANF) is provided under a program known as the FITAP. This program provides temporary assistance for needy pregnant women and families with minor children under Title IV-A of the Social Security Act. The program provides eligible individuals with cash assistance and supportive services if those families meet eligibility requirements and are otherwise complying with FITAP requirements.

**Family Opportunity Act (FOA):** Implemented in October 2007 under the DRA, FOA is a buy-in program that grants Medicaid access to children who have a disability, but have maxed out their private health insurance or are ineligible for Supplemental Security Income (SSI), Medicaid, or LaCHIP because of parent income or private health insurance. FOA covers children up to 300% of the FPG. Cost sharing is required. The program offers full Medicaid benefits, though most of FOA enrollees have other healthcare coverage and only use the Medicaid coverage for wrap-around of services and benefits not covered through their private plan. FOA enrollees are required to keep employer sponsored insurance if the employer is paying at least 50% of the total annual premium.

**Federal Fiscal Year (FFY):** The FFY starts October 1 and ends September 30 of the following calendar year.

**Federal Medical Assistance Percentage (FMAP):** FMAP is the percentage the federal government will match on state money spent on Medicaid; also known as Federal Financial Participation (FFP).

**Fee-for-Service (FFS):** A model of payment in which Louisiana Medicaid pays each service provider directly based on the services provided to Medicaid recipients. While Louisiana Medicaid has been moving away from the FFS model in favor of managed care; there are still FFS programs and enrollees. Some populations are excluded from managed care, and there are some services which are exclusive to payment under FFS such as waiver services, long-term care and services through intermediate care facilities for the developmentally disabled.

**Financial Eligibility:** Limits on the amount of income and the amount of resources an individual is allowed to have in order to qualify for coverage.

**Full Dual Eligible:** Medicare beneficiary who is eligible for full Medicaid services. Medicaid pays the deductible and co-payments for Medicare services and may cover other Medicaid services not covered by Medicare.

**Healthy Louisiana:** The term used for the managed care Health Plans which coordinate physical healthcare for Medicaid recipients. Healthy Louisiana consists of six health plans which have the same core benefits and services, but may offer recipients enhanced benefits.

**Inflation:** An overall general price level increase of goods and services in an economy, usually measured by the Consumer Price Index (CPI) and the Producer Price Index (PPI) by the Bureau of Economic Analysis.

**LaMOMS:** Medicaid program that provides pregnancy-related services, delivery and care up to 60 days after delivery for women with income up to 138% of the FPG.

**Louisiana Behavioral Health Partnership (LBHP):** A fully integrated managed care system for behavioral health. LBHP coordinates services across multiple agencies and is operated by Magellan Health Services, Inc.

**Long-Term Care (LTC):** An applicant/recipient may be eligible for Medicaid services in the LTC program if he or she requires medical assistance for a defined activity of daily living (ADL) such as dressing, eating, bathing, ambulation, etc. These services may be provided either in a facility, in an individual's home or in the community.

**Louisiana Children's Health Insurance Program (LaCHIP):** As a result of the Federal Balanced Budget Act of 1997 and the Social Security Act, the federal government has provided states with funding for a state children's health insurance program with enhanced FMAP. In Louisiana, the program is called LaCHIP. LaCHIP is a Medicaid expansion that covers children less than 19 years old and up to 217% of the FPG.

**LaCHIP Affordable Plan (LAP):** A stand-alone program that provides Medicaid coverage for children under the age of 19 not covered by health insurance and is below 255% FPG. Some cost sharing is associated with LAP through monthly premiums and co-payments.

**Low Income and Needy Care Collaboration Agreement (LINCCA):** Agreements between private hospitals, and public state and local hospitals and hospital districts that allow private hospitals to take on services for low-income and needy patients which alleviates the financial strain upon the government entities that can then utilize those funds to supplement the Medicaid program and draw down federal financial participation. There is no legal obligation to contribute funding to the Medicaid supplemental payment program and is done at their sole discretion.

**Managed Care:** A healthcare delivery system that manages the delivery of Medicaid services through contracted arrangements between state Medicaid and managed care entities (MCE).

**Mandatory Services:** In order to receive federal Medicaid funding, each state must agree to provide mandatory services to the Medicaid eligible population. Along with mandatory services, states are free to offer optional services and receive federally matched funds for all of them. Some programs are limited by eligibility requirements or service limits, but all Medicaid services must be provided to enrolled children under age 21 if the services are deemed medically necessary.

**Medicaid Purchase Plan (MPP):** Allows working individuals up to 100% of the FPG with disabilities to “buy in” to Louisiana Medicaid health coverage. It was implemented in January 2004. This optional Medicaid program was authorized by the Ticket to Work Act and Work Incentives Improvement Act of 1999. Before SFY 2014/15, individuals whose income exceeded 100% of FPG were allowed to pay a premium to gain access to this program. As of July 2014, individuals were only allowed to take part in this program if they had an income of 100% of the FPG or less and do not pay any premiums. MPP provides full medical coverage.

**Medically Needy Program (MNP):** Provides Medicaid coverage in a categorical assistance program when income and resources of the individual or family are sufficient to meet basic needs, but are not sufficient to meet medical needs according to the state’s established Medically Needy standards. Within the MNP there are two groups of individuals or families whose medical expenses spend down (reduce) their income to levels at or below the Medically Needy Income Eligibility Standards (MNIES). The first of these is Spend-down Medically Needy, which can apply to Children, Parents and Caretaker Relatives as well as individuals who are aged, blind, or have a disability and are not institutionalized. The second Spend-down group is Long Term Care (LTC) Spend-down Medically Needy, which is available to individuals or couples residing in Medicaid LTC facilities whose resources are within Medicaid limits but whose income exceeds the special income limit. Similar to regular Spend-down Medically Needy, LTC Spend-down applicants must have a reduced income due to medical expenses.

**Medical Vendor Administration (MVA):** Responsible for the development, implementation, and enforcement of the administrative and programmatic policies of the Medicaid program with respect to eligibility.

**Medical Vendor Payments (MVP):** The financial entity from which all healthcare providers serving Medicaid enrollees and the uninsured and the managed care plans are paid.

**Medicare:** Like Medicaid, Medicare was created by the Social Security Act of 1965, but the two are different. Medicare is a federally paid and administrated insurance program that has four parts of coverage: Parts A, B, C, and D.

**Medicare Part A:** The hospital insurance portion of Medicare. Part A covers inpatient hospital care, skilled nursing facility care, some home health agency services and hospice care.

**Medicare Part B:** The supplementary or “physicians” insurance portion of Medicare. Part B covers services of physicians/other suppliers, outpatient care, medical equipment and supplies, and other medical services not covered by the hospital insurance part of Medicare.

**Medicare Part C:** Provides for a managed care delivery system for Medicare services.

**Medicare Part D:** Provides Medicare beneficiaries with assistance paying for prescription drugs. It was enacted as part of the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (MMA) and went into effect on January 1, 2006. Unlike coverage in Medicare Parts A and B, Part D coverage is not provided within the traditional Medicare program. Instead, beneficiaries must affirmatively enroll in one of the many hundreds of Part D plans offered by private companies.

**Non-Waiver Payments:** All other payments, besides those for direct waiver services, made on behalf of HCBS Waiver recipients, such as physician, hospital, pharmacy, etc.

**Parents and Caretaker Relative Group:** Provides Medicaid coverage to individuals living with and assuming primary responsibility for the care of a dependent child under the age of 18. This group includes individuals with income less than or equal to 24% of the FPG.

**Partial Dual Eligible:** Medicare beneficiary who does not qualify for full Medicaid services. Medicare Savings Program serves the partial eligibles by assisting with Medicare premium and cost sharing programs through the Medicaid program.

**Payment:** Refers to information derived from the claims-based data sets produced by the Medicaid fiscal intermediary and the Medicare Buy-in and Part D premiums. Refer to the technical note on page 6 for a detailed explanation.

**Personal Care Services (LTC/PCS/PAS):** Services under the state plan, that offers EPSDT, Long Term Care, Personal Assistance Services and Personal Care Services.

**Personal Care Waiver Services:** Services that provide companion services offered by Home and Community-Based Service (HCBS) Waivers.

**Prior Authorization:** A management tool used to verify whether proposed treatments/services are medically necessary and appropriate for the patient.

**Program for All-Inclusive Care for the Elderly (PACE):** Program that coordinates and provides all needed preventive, primary, acute and long-term care services so that older individuals can continue to live in the community.

**Provider:** A person, group or agency that provides a covered Medicaid service to a Medicaid recipient.

**Provisional Medicaid:** Implemented in February 2014 to cover individuals with disabilities and those age 65 and older who meet criteria for Supplemental Security Income (SSI) but are not currently receiving it. Provisional Medicaid allows individuals to receive full Medicaid services while their application for SSI is being considered by the Social Security Administration (SSA). Provisional Medicaid covers individuals with incomes of up to 74% of the FPG and assets of up to \$2,000 (\$3,000 for couples).

**Qualified Medicare Beneficiary (QMB):** Individuals who have income up to 100% of the FPG or less, have resources that do not exceed twice the limit for SSI eligibility. Medicaid pays their Medicare Part A premiums, if any, Medicare Part B premiums, Part D, Medicare deductibles and coinsurance for Medicare services provided by Medicare providers.

**Qualifying Individuals-1 (QI-1):** Went into effect January 1, 1998. There is an annual cap on the amount of money available, which may limit the number of individuals in the group. These individuals are entitled to Medicare Part B, have income of 120% to 135% of FPG, have resources that do not exceed twice the limit for SSI eligibility and are not otherwise eligible for Medicaid.

**Recipient:** A person is considered a 'recipient' if any claims related transaction(s) or Medicare Buy-in or Part D premium payment(s) occurred on behalf of that person during the state fiscal year. The data for this report is based on a claim's date of payment (DOP). Refer to the technical note on page 6 for a detailed explanation.

**Request for Services Registry (RFSR):** A list of people in Louisiana who have requested waiver services from the Office for Citizens with Developmental Disabilities (OCDD), whether they need these services now or in the future. Everyone who has requested services that has a current statement of approval and has completed a screening for urgency of need is on the registry.

**Slot:** Medicaid Waivers are limited to a certain number of recipients based on funding availability and recommendations by CMS. The available positions are referred to as slots.

**Specified Low-Income Medicare Beneficiary (SLMB):** Medicaid pays their Medicare Part B premium only. The eligibility requirements are the same as for the Qualified Medicare Beneficiary (QMB) except that income limits fall between 100% and 120% of FPG.

**State Fiscal Year (SFY):** The SFY starts July 1 and ends June 30 of the following calendar year.

**State Plan:** The State Plan is the formal agreement between Louisiana and Centers for Medicare and Medicaid Services (CMS) regarding the policies governing the administration of the state's Medicaid program. Amendments to the State Plan must be submitted to CMS for review and approval no later than the end of the quarter in which the amendment becomes effective. Federal financial participation (FFP) for any added costs is not available to the state until the amendment is approved.

**Supplemental Payments:** Payments that the federal government allows states to reimburse set provider types (hospitals, physicians and ambulance) for certain uncompensated care provided under Medicaid at an amount equal to what Medicare would have paid for the same service.

**Supplemental Security Income (SSI):** A federal cash assistance program for low-income aged, blind and disabled individuals established by Title XVI of the Social Security Act. States may use SSI income limits to establish Medicaid eligibility.

**System of Care:** A spectrum of effective, community-based services and supports for children and youth with or at risk for mental health or other challenges and their families. It is organized into a coordinated network, builds meaningful partnerships with families and youth, and addresses their cultural and linguistic needs, in order to help them to function better at home, in school, in the community and throughout life.

**Take Charge Plus:** Medicaid's Take Charge waiver program was replaced with the Take Charge Plus (TCP) state plan program in July 2014. Under this state plan program, women and men of any age with an income at or below 138% of the FPG are covered for testing and treatment for sexually transmitted infections, contraception and well visits and prescriptions related to family planning. Most individuals formerly covered under TCP now qualify for full Medicaid benefits under the Adult Group. TCP is maintained for those who do not qualify for full Medicaid benefits or enrollment in Healthy Louisiana. These benefits are provided under the FFS program only. These services include education and counseling, contraceptive medication and supplies, sexually transmitted infection (STI) screening and treatment, voluntary sterilization procedures and yearly physical exams.

**Temporary Assistance for Needy Families (TANF):** TANF, commonly known as welfare, is the monthly cash assistance program for poor families with children under the age of 18. The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) (Pub. L. 104-193), as amended, is the welfare reform law that established the TANF program.

**Uncompensated Care Costs (UCC):** Payments to hospitals for providing inpatient and outpatient care for uninsured and low income individuals who are not financially capable of paying for the medical services they receive. These hospitals are Disproportionate Share Hospitals, meaning they provide a certain percentage of their total patient care to the indigent population.

**Unduplicated (Eligible/Recipient):** An unduplicated eligible/recipient is a uniquely counted eligible/recipient who is counted only once during a given period for any particular category of interest.

**Upper Payment Limit (UPL):** Payments that the federal government allows states to reimburse hospitals for certain uncompensated care provided under Medicaid at an amount equal to what Medicare would have paid for the same service, which is typically at a higher amount. UPL is financed with both state and federal matched funds.

**Waiver:** A Medicaid waiver grants states permission to waive certain federal requirements in order to operate a specific kind of program. Federal law allows states to enact two types of Medicaid waivers: Program Waivers [1915 (b), 1915 (c)] and Research and Demonstration Waivers [1115].

**Youth Aging Out of Foster Care:** Provides Medicaid coverage to youth between the ages of 18 and 21 who are transitioning out of foster care in Louisiana.
