

Medicaid Provider Relief Fund Extension – Apply Now!

The U.S. Department of Health and Human Services (HHS) has announced additional distributions from the Provider Relief Fund under the CARES Act for providers impacted by COVID-19 losses. The funds are targeted to eligible providers that participate in the Medicaid and Children’s Health Insurance Programs (CHIP). The payment will be approximately 2% of reported gross revenue from patient care. Providers must apply in order to receive the funds. [Click here for instructions from HHS.](#)

**The deadline to apply has been extended to
September 13, 2020 at 11:59 p.m. ET.**

How do I apply?

There are several steps to apply, and each must be completed before you can move to the next step:

- Step 1:** Create an Optum ID to login to the CARES Provider Relief Fund Portal
- Step 2:** Validate Taxpayer Identification Number (TIN)
- Step 3:** Confirm Revenue and Tax Information
- Step 4:** Receive and Attest to Payment

For full instructions, please review the [HHS Instructions for the Medicaid Provider Distribution](#).

Please note that the application currently requires a license number (this is separate from your Medicaid/CHIP ID), but HHS is working to fix this issue, so non-licensed providers should not let this requirement stop them from beginning the process. **Start your application now!**

Who qualifies?

To qualify, providers must meet all of the following criteria:

- You do not need to be a “medical” provider to receive these funds.

Have not permanently ceased providing patient care directly or indirectly

Have gross receipts or sales from providing care reported on Tax Form 1040

UPDATE: If you received automatic payments from the general distribution (the initial \$30 billion of relief funding that HHS distributed based on Medicare FFS utilization) and did not apply to receive additional funds at that time will be given another opportunity to apply. **The deadline to apply is September 13, 2020 at 11:59 p.m. ET.**
