

## Get Well Medical Transportation

<b>Non-Emergency Medical Transportation (NEMT) and Pharmacy Benefits Manager (PBM) Request for Comment</b>	
<b>RFI Question</b>	<b>Response</b>
If Medicaid were to change its current broker model for non-emergency medical transportation (NEMT), what changes would you recommend?	Brokers should provide a list for providers to select the trips they would like to take. This process would give more autonomy to the individual provider companies.
If Medicaid were to change its current pharmacy benefit manager model, what changes would you recommend?	I have no knowledge of the pharmacy benefit manager model. I hope to become involved in pharmacy delivery in the near future.
