Non-Emergency Medical Transportation (NEMT) and Pharmacy Benefits Manager (PBM) Request for Comment	
RFI Question	Response
If Medicaid were to change its current broker model for non-emergency medical transportation (NEMT), what changes would you recommend?	NEMT needs to be narrow down to less brokers. All brokers need to allow tbe providers to run their own business. Meaning open portals so we select the trips we need. Higher base rates. Hold brokers more accountable to their contracts. Meaning memebtrs need to face a no show polocy. Memebers need to required to have working phones.
If Medicaid were to change its current pharmacy benefit manager model, what changes would you recommend?	No comment
