| RFI Question | Response |
| If Medicaid were to change its current broker model for non-emergency medical transportation (NEMT), what changes would you recommend? | Reinstate Friends and Family Transportation. Friends and Family members were reimbursed for taking children to therapy and medical appointments. Also Transportation for parents to and from ABA Therapy. You can use NEMT to get the child to ABA and take them home from ABA but the parent has to stay at the center and does not have transportation home while the child is there. They may also have other children that do not attend ABA. |
| If Medicaid were to change its current pharmacy benefit manager model, what changes would you recommend? | N/A |
