<b>Non-Emergency Medical Transportation (NEMT) and Pharmacy Benefits Manager (PBM) Request for Comment</b>	
<b>RFI Question</b>	<b>Response</b>
If Medicaid were to change its current broker model for non-emergency medical transportation (NEMT), what changes would you recommend?	I would recommend only 1 broker. It is time consuming to deal with 5 different brokers. The paper work and credentialing employees takes an enormous amount of time and effort. The broker should be located within Louisiana as those that are located in other states have a hard time dispatching appointments. without know the territories
