Non-Emergency Medical Transportation (NEMT) and Pharmacy Benefits Manager (PBM) Request for Comment	
RFI Question	Response
If Medicaid were to change its current broker model for non-emergency medical transportation (NEMT), what changes would you recommend?	Choose a vendor sign with most robust program integrity functions, specifically the ability to match trips to medical claims. Also an Uber like function to provide short notice service to people who don't need other than an ordinary vehicle.
If Medicaid were to change its current pharmacy benefit manager model, what changes would you recommend?	Find a way to carve the Rx benefit out of MCOs while mitigating the loss of premium tax revenues from MCO capitation rates decreasing.
