Re: Louisiana Title XIX State Plan
TN 13-23 Inpatient Hospitals Public-Private Partnerships Supplemental Payments
(N.O. and Lafayette)

Dear Mr. Brooks:

Please refer to the above proposed amendment submitted under transmittal number (TN) 13-23 with a proposed effective date of June 24, 2013. The SPA proposes to implement supplemental Medicaid payments for inpatient hospital services provided by non-state owned hospitals participating in public-private partnerships in New Orleans and Lafayette.

The State received a Request for Additional Information (RAI) on this proposed SPA and sent a response to CMS on September 6, 2013. We are now requesting that the September 6th RAI response be withdrawn to allow the State more time to submit additional information and work with CMS to resolve the remaining concerns. We understand that this action will stop the clock on this State Plan amendment.

We appreciate the assistance of Tamara Sampson in resolving these issues.

Sincerely,
