Description
Tarlatamab-dlle (Imdelltra™) is a bispecific delta-like ligand 3 (DLL3)-directed CD3 T-cell engager.

FDA Approved Indication(s)
Tarlatamab-dlle is indicated for the treatment of adult patients with extensive stage small cell lung cancer (ES-SCLC) with disease progression on or after platinum-based chemotherapy.**

***This indication is approved under accelerated approval based on overall response rate and duration of response. Continued approval for this indication may be contingent upon verification and description of clinical benefit in a confirmatory trial(s).*

Policy/Criteria
Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of Louisiana Healthcare Connections that Imdelltra is **medically necessary** when the following criteria are met:

I. Initial Approval Criteria

A. Small Cell Lung Cancer (must meet all)**:**

1. Diagnosis of extensive stage small cell lung cancer (ES-SCLC);
2. Prescribed by or in consultation with an oncologist;
3. Age ≥ 18 years;
4. Disease has progressed on or after receiving platinum based therapy;
5. Request meets one of the following (a or b):*
   a. Dose does not exceed (i and ii):
      i. Cycle 1, step-up dose: 1 mg on Day 1, and 10 mg on Day 8 and Day 15;
      ii. Cycle 2 and beyond: 10 mg on Day 1 and Day 15 of each cycle;
   b. Dose is supported by practice guidelines or peer-reviewed literature for the relevant off-label use (*prescriber must submit supporting evidence*).

**Prescribed regimen must be FDA-approved or recommended by NCCN*

Approval duration: 6 months

Formatted: Indent: Left: 0"

B. Other diagnoses/indications (must meet 1 or 2)**:**
1. If this drug has recently (within the last 6 months) undergone a label change (e.g., newly approved indication, age expansion, new dosing regimen) that is not yet reflected in this policy, refer to LA.PMN.255 ~~for Medicaid;~~
2. If the requested use (e.g., diagnosis, age, dosing regimen) is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized) AND criterion 1 above does not apply, refer to the off-label use policy LA.PMN.53 ~~for Medicaid~~.

II. Continued Therapy

A. Small Cell Lung Cancer (must meet all)**:**
1. Currently receiving medication via Louisiana Healthcare Connections benefit or documentation supports that member is currently receiving Imdelltra for a covered indication and has received this medication for at least 30 days;
2. Member is responding positively to therapy;
3. If request is for a dose increase, request meets one of the following (a or b):*
   a. New dose does not exceed 10 mg on Days 1 and 15 of each cycle;
   b. New dose is supported by practice guidelines or peer-reviewed literature for the relevant off-label use (*prescriber must submit supporting evidence*).

**Prescribed regimen must be FDA-approved or recommended by NCCN*

Approval duration: 12 months

III. Diagnoses/Indications for which coverage is NOT authorized:

~~IV.~~**A.** Non-FDA approved indications, which are not addressed in this policy, unless there is sufficient documentation of efficacy and safety according to the off label use policies –LA.PMN.53 ~~for Medicaid~~

~~V.~~IV. Appendices/General Information

Appendix A: Abbreviation/Acronym Key

ES-SCLC: extensive stage small cell lung cancer

Appendix B: Therapeutic Alternatives

This table provides a listing of preferred alternative therapy recommended in the approval criteria. The drugs listed here may not be a formulary agent and may require prior authorization.

Drug Name	Dosing Regimen	Dose Limit/ Maximum Dose
Platinum-containing regimens	Examples include: • Carboplatin, etoposide, and atezolizumab • Carboplatin, etoposide, and durvalumab • Cisplatin, etoposide, and durvalumab • Carboplatin and etoposide • Cisplatin and etoposide • Carboplatin and irinotecan • Cisplatin and irinotecan	Dose varies

Therapeutic alternatives are listed as Brand name® (generic) when the drug is available by brand name only and generic (Brand name®) when the drug is available by both brand and generic.

Appendix C: Contraindications/Boxed Warnings

- Contraindication(s): none reported
- Boxed warning~~:~~(s): cytokine release syndrome and neurologic toxicity including immune effector cell-associated neurotoxicity syndrome

~~VI.~~V. Dosage and Administration

Indication	Dosing Regimen	Maximum Dose
~~Small Cell Lung Cancer~~ES-SCLC	Step-up dosing schedule cycle 1: Day 1: 1 mg, day 8: 10 mg, day 15: 10mg Cycle 2 and beyond: Day 1 and day 15: 10 mg	10 mg

~~VII.~~VI. Product Availability

Single dose vial for reconstitution: 1 mg, 10 mg

Formatted: Indent: First line: 0.25"

Coding Implications

Codes referenced in this clinical policy are for informational purposes only. Inclusion or exclusion of any codes does not guarantee coverage. Providers should reference the most up-to-date sources of professional coding guidance prior to the submission of claims for reimbursement of covered services.

HCPCS Codes	Description
~~J3590~~J9026	~~Unclassified biologics~~Injection, tarlatamab-dlle, 1 mg
~~C9399~~	~~Unclassified drugs or biologicals~~

Reviews, Revisions, and Approvals	Date	LDH Approval Date
Converted to Local Policy	08.21.24	11.14.24
Added HCPCS code [J9026] and removed codes [J3590, C9399]	03.11.25	

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted

standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. LHCC makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions, and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable LHCC administrative policies and procedures.

This clinical policy is effective as of the date determined by LHCC. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. LHCC retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment, or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of LHCC.

This clinical policy is the property of LHCC. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members, and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.
