

DECLARATION OF EMERGENCY

**Department of Health and Hospitals
Bureau of Health Services Financing**

**Inpatient Hospital Services
Non-Rural, Non-State Hospitals
Children's Specialty Hospitals Reimbursements
(LAC 50:V.967)**

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:V.967 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B) (1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

Due to a budgetary shortfall in SFY 2013, the Department of Health and Hospitals, Bureau of Health Services Financing, amended the provisions governing the reimbursement methodology for inpatient hospital services to reduce the reimbursement rates paid to non-rural, non-state hospitals, including children's specialty hospitals (*Louisiana Register*, Volume 40, Number 2).

The department subsequently promulgated an Emergency Rule which amended the provisions governing the reimbursement methodology for inpatient hospital services rendered by children's specialty hospitals to revise the reimbursement

methodology and establish outlier payment provisions (*Louisiana Register*, Volume 40, Number 10). The department now proposes to amend the October 12, 2015 Emergency Rule to clarify the provisions governing the reimbursement methodology for inpatient hospital services rendered by children's specialty hospitals. This action is being taken to promote the health and welfare of Medicaid recipients by maintaining access to neonatal and pediatric intensive care unit services and encouraging the continued participation of hospitals in the Medicaid Program.

Effective January 20, 2016 the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions of the October 12, 2015 Emergency Rule governing the reimbursement methodology for inpatient hospital services rendered by children's specialty hospitals.
