**Medicaid Eligibility  
Medically Needy Program  
Behavioral Health Services  
(LAC 50:III.2313)**

The Department of Health and Hospitals, Bureau of Health Services Financing hereby repeals and replaces all of the Rules governing the Medically Needy Program, and adopts LAC 50:III.2313 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing promulgated a Rule in order to reinstate the Title XIX Medically Needy Program (MNP) and to establish coverage restrictions (*Louisiana Register*, Volume 24, Number 5). All Behavioral health services are restricted from coverage under the Medically Needy Program.

In February 2012, the department adopted provisions in the Medicaid Program to restructure the existing behavioral health services delivery system into a comprehensive service delivery

model called the Louisiana Behavioral Health Partnership (LBHP). Certain recipients enrolled in the Medically Needy Program, whose Medicaid eligibility is based solely on the provisions of §1915(i) of Title XIX of the Social Security Act, are eligible to only receive behavioral health services. These recipients have difficulties accessing behavioral health services through the LBHP due to the service restrictions currently in place in the Medically Needy Program.

Therefore, the department now proposes to revise the provisions governing the Medically Needy Program in order to include behavioral health coverage for MNP recipients that qualify for the program under the provisions of §1915(i) of Title XIX of the Social Security Act. This Emergency Rule will also repeal and replace all of the Rules governing the Medically Needy Program in order to repromulgate these provisions in a clear and concise manner for inclusion in the *Louisiana Administrative Code* in a codified format.

This action is being taken to promote the health and welfare of MNP recipients who are in need of behavioral health services, and to assure their continued access to these services. It is estimated that implementation of this Emergency Rule will have no fiscal impact to the Medicaid Program in state fiscal year 2013-2014.

Effective December 20, 2012, the Department of Health and Hospitals, Bureau of Health Services Financing repeals and replaces the provisions governing the Medically Needy Program.

**Title 50**

**PUBLIC HEALTH—MEDICAL ASSISTANCE**

**Part III. Eligibility**

**Subpart 3. Eligibility Groups and Factors**

**Chapter 23. Eligibility Groups and Medicaid Programs**

**§2313. Medically Needy Program**

A. The Medically Needy Program (MNP) provides Medicaid coverage when an individual's or family's income and/or resources are sufficient to meet basic needs in a categorical assistance program, but not sufficient to meet medical needs according to the MNP standards.

1. The income standard used in the MNP is the federal Medically Needy Income Eligibility Standard (MNIIES).

2. Resources are not applicable to child(C) related MNP cases.

3. MNP eligibility cannot be considered prior to establishing income ineligibility in a categorically related assistance group.

B. MNP Eligibility Groups

1. Regular Medically Needy

a. Children and parents who meet all of the Low-Income with Families and Children (LIFC) related categorical

requirements and whose income is at or below the MNIES are eligible to receive Regular MNP benefits. Regular Medically Needy coverage is only applicable to individuals included in the C-related category of assistance.

b. Individuals in the Aged (A), Blind (B), or Disability (D) related categorical assistance groups cannot receive Regular MNP.

c. The certification period for Regular MNP cannot exceed six months.

2. Spend-Down Medically Needy

a. Spend-Down MNP is considered after establishing financial ineligibility in Regular MNP or other categorically related Medicaid programs and excess income remains. Allowable medical bills/expenses incurred by the income unit are used to reduce (spend-down) the income to the allowable MNP limits.

b. The following individuals may be considered for Spend-Down MNP:

i. individuals or families who meet all of the LIFC related categorical requirements;

ii. non-institutionalized individuals (A-, B-, or D-related categories); and

iii. institutionalized individuals or couples (A-, B-, or D-related categories) with Medicare co-insurance whose income has been spent down to the MNIES.

3. Long Term Care (LTC) Spend-Down MNP

a. Individuals or couples residing in Medicaid LTC facilities, not on Medicare-coinsurance with resources within the limits, but whose income exceeds the special income limits (three times the current Federal Benefit Rate), are eligible for LTC Spend-Down MNP.

4. C-Related Caretaker Relative MNP

a. A qualified relative may be included in a C-related MNP certification as a caretaker relative. There must be at least one minor child applying for or enrolled in Medicaid. A caretaker relative for MNP purposes is an adult who:

i. is in the LIFC income unit with a minor child;

ii. is a qualified relative of a child who is eligible for Supplemental Security Income (SSI), Prohibited AFDC Provisions (PAP), or Child Health and Maternity Program (CHAMP); and

iii. is not eligible for inclusion in the Medicaid certification of a sibling(s) because of income.

b. An essential person may be included with a qualified relative in an MNP caretaker relative certification, but there can be no essential person if there is no qualified relative certified in C-related MNP.

i. Stepparents or individuals who do not meet the above LIFC essential person criteria must qualify for Medicaid as individuals under the A, B, or D categorical assistance groups.

5. Louisiana Behavioral Health Partnership (LBHP) 1915(i) MNP

a. The LBHP Medically Needy Program is considered only for the individuals who meet the level of need requirements of §1915 of Title XIX of the Social Security Act, and who have been determined to be ineligible for other full Medicaid programs, including the Regular MNP and Spend-Down MNP.

b. LBHP 1915(i) MNP recipients are only eligible to receive behavioral health services through the LBHP. They do not qualify for other Medicaid covered services.

c. The certification period for LBHP 1915(i) Regular MNP recipients cannot exceed six months. For the LBHP 1915(i) Spend-Down MNP, the certification period begins no

earlier than the spend-down date and shall not exceed three months.

C. Covered Services. The following services are covered in the Medically Needy Program:

1. inpatient and outpatient hospital services;
