

NOTICE OF INTENT

**Department of Health
Bureau of Health Services Financing**

**Inpatient Hospital Services
(LAC 50:V.Subpart 1)**

The Department of Health, Bureau of Health Services Financing proposes to repeal and replace LAC 50:V.Subpart 1 and the following uncodified Rules in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act:

Register Date	Title	Register Volume, Number	Page Number
July 20, 1977	Policy change to allow hospital reimbursement when dentists admit patients	Vol. 3, No. 7	309
July 20, 1977	Policy change to permit the use of treatment passes	Vol. 3, No. 7	309
August 20, 1978	Extension of hospitalization beyond yearly maximum	Vol. 4, No. 8	296
March 20, 1980	Inpatient hospital benefits for diagnostic procedures	Vol. 6, No. 3	113
April 20, 1982	MAP exception to Medicare reimbursement	Vol. 8, No. 4	189
December 20, 1982	Prior authorization for elective surgery	Vol. 8, No. 12	650
June 20, 1983	Discontinue use of PSROs	Vol. 9, No.6	413
June 20, 1983	Inpatient Hospital Services	Vol. 9, No.6	414-415
August 20, 1983	Title XIX inpatient hospital reimbursement method	Vol. 9, No.8	562
August 20, 1984	Change in in-patient hospital reimbursement methodology	Vol. 10, No. 8	599
October 20, 1984	Hospital reimbursements	Vol. 10, No. 10	802

June 20, 1985	Hospital Program one-year rate freeze	Vol. 11, No. 6	637
July 20, 1985	Hospital Program one-year freeze	Vol. 11, No. 7	688
October 20, 1985	MAP-Reimbursement for inpatient hospital services: transplant	Vol. 11, No. 10	947
November 20, 1985	Inpatient hospital, eliminate incentive payments	Vol. 11, No. 11	1080

February 20, 2007	Inpatient Hospital Services-Private Hospitals-Reimbursement Rate Increase	Vol 33, No. 2	289
February 20, 2007	Inpatient Psychiatric Services-Private Hospitals-Reimbursement Rate Increase	Vol 33, No. 2	289

This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health, Bureau of Health Services Financing proposes to repeal and replace the Rules governing inpatient hospital services in order to adopt an all patient refined diagnostic related group (APR-DRG) reimbursement methodology and to revise the remaining provisions for inpatient

hospital services to ensure that these provisions are appropriately promulgated in a codified format for inclusion in the *Louisiana Administrative Code*.

Title 50

PUBLIC HEALTH—MEDICAL ASSISTANCE Part V. Hospital Services Subpart 1. Inpatient Hospitals Services

Chapter 1. General Provisions

§107. Elective Deliveries

A. Induced deliveries and cesarean sections shall not be reimbursed when performed prior to 39 weeks gestation. This shall not apply to deliveries when there is a documented medical condition that would justify delivery prior to 39 weeks gestation.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§109. Healthcare-Acquired and Provider Preventable Conditions

A. The Medicaid Program will not provide reimbursement for healthcare-acquired or provider preventable conditions which result in medical procedures performed in error and have a serious, adverse impact to the health of the Medicaid recipient.

B. Reimbursement shall not be provided for the following

healthcare-acquired conditions (for any inpatient hospital settings participating in the Medicaid Program) including:

1. foreign object retained after surgery;
2. air embolism;
3. blood incompatibility;
4. stage III and IV pressure ulcers;
5. falls and trauma, including:
 - a. fractures;
 - b. dislocations;
 - c. intracranial injuries;
 - d. crushing injuries;
 - e. burns; or
 - f. electric shock;
6. catheter-associated urinary tract infection

(UTI);

7. vascular catheter-associated infection;
8. manifestations of poor glycemic control,

including:

- a. diabetic ketoacidosis;
 - b. nonketotic hyperosmolar coma;
 - c. hypoglycemic coma;
 - d. secondary diabetes with ketoacidosis; or
 - e. secondary diabetes with hyperosmolarity;
9. surgical site infection following:

- a. coronary artery bypass graft (CABG)-
mediastinitis;
- b. bariatric surgery, including:
 - i. laparoscopic gastric bypass;
 - ii. gastroenterostomy; or
 - iii. laparoscopic gastric restrictive
surgery;
- c. orthopedic procedures, including:
 - i. spine;
 - ii. neck;
 - iii. shoulder; or
 - iv. elbow; or
- d. cardiac implantable electronic device
procedures; or

10. deep vein thrombosis (DVT)/pulmonary embolism (PE) following total knee replacement or hip replacement with pediatric and obstetric exceptions; or

11. Iatrogenic pneumothorax with venous catheterization.

C. Reimbursement shall not be provided for the following provider preventable conditions, (for any inpatient hospital settings participating in the Medicaid Program) including:

1. wrong surgical or other invasive procedure performed on a patient;

2. surgical or other invasive procedure performed on the wrong body part; or

3. surgical or other invasive procedure performed on the wrong patient.

D. For discharges on or after July 1, 2012, all hospitals are required to bill the appropriate present-on-admission (POA) indicator for each diagnosis code billed. All claims with a POA indicator with a health care-acquired condition code will be denied payment.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§113. Coverage of Long-Acting Reversible Contraceptives

A. The Medicaid Program shall provide reimbursement to acute care hospitals for long-acting reversible contraceptives (LARCs) provided to women immediately following childbirth and during the hospital stay.

B. Reimbursement. Hospitals shall be reimbursed for LARCs as an add-on service in addition to their per discharge rate for the inpatient hospital stay.

1. Physicians/professional practitioners who insert the device will also be reimbursed an insertion fee in accordance with the reimbursement rates established for this

service in the Professional Services Program.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§115. Office of Public Health Newborn Screenings

A. The Department of Health, Bureau of Health Services Financing shall provide reimbursement to the Office of Public Health (OPH) through the Medical Assistance Program for newborn screenings performed by OPH on specimens taken from children in acute care hospital settings.

B. Reimbursement

1. Claims submitted by OPH to the Medicaid Program for the provision of legislatively-mandated inpatient hospital newborn screenings shall be reimbursed outside of the acute hospital per discharge rate for the inpatient stay.

a. The hospital shall not include any costs related to newborn screening services provided and billed by OPH in its Medicaid cost report(s).

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 5. State Hospitals

§501. General Provisions

A. Definitions

State Hospital—a hospital that is owned and operated by the state of Louisiana.

Freestanding Psychiatric State Hospital—a hospital that is owned and operated by the state of Louisiana and classified as a psychiatric hospital by Medicare per 42 CFR 412.23(a).

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§531. Acute Care Hospitals

A. Inpatient hospital services rendered by state-owned acute care hospitals shall be reimbursed at allowable costs and shall not be subject to per discharge or per diem limits.

B. Medicaid rates paid to state-owned acute care hospitals shall be 54 percent of allowable Medicaid costs. Payment shall be made by an interim per diem rate. Final reimbursement is determined from the Medicare/Medicaid cost report.

C. Medical education payments for inpatient services which are reimbursed by a prepaid risk-bearing managed care organization (MCO) shall be paid monthly by Medicaid as interim

lump sum payments.

1. Hospitals with qualifying medical education programs shall submit a listing of inpatient claims paid each month by each MCO.

a. *Qualifying Medical Education*

Programs—graduate medical education, paramedical education and nursing schools.

2. Monthly payments shall be calculated by multiplying the number of qualifying inpatient days times the medical education costs included in each state hospital's interim per diem rate as calculated per the latest filed Medicaid cost report.

3. Final payment shall be determined based on the actual MCO covered days and allowable inpatient Medicaid medical education costs for the cost reporting period per the Medicaid cost report.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§533. Inpatient Psychiatric Services

A. Payment for inpatient psychiatric services provided by state hospitals shall be made at a prospective per diem rate of \$581.11.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 7. All Patient Refined Diagnostic Related Group
§701. Definitions

All Patient Refined Diagnostic Related Group (APR-DRG)—a classification system developed to categorize inpatient hospital stays into diagnostic categories.

Base Payment—the payment made to hospitals in the APR-DRG reimbursement system on a per case basis excluding any add on payments. The base payment shall be the hospital base rate multiplied by the relative weight of the DRG and severity of illness (SOI) that the case is classified under.

Base Rate—a fixed value assigned to each hospital for reimbursement in the APR-DRG reimbursement system.

Capital Add On Payment—a payment made to a hospital in addition to the base payment to reimburse for capital costs incurred by the hospital.

Department—the Louisiana Department of Health (LDH), or its successor, in the role of designated state agency for administration of the Medical Assistance Program under Title XIX of the Social Security Act or any successor Act.

Direct Graduate Medical Education Add-On Payment—a payment

made to a hospital in addition to the base payment to reimburse for graduate medical education costs incurred by the hospital.

DRG—Diagnostic Related Group.

1. APR-DRG and DRG are used interchangeably. The DRG values shown are the DRG numbers used in APR-DRG grouper version 35.

a. *Acute Care DRGs*—cases in DRGs 4, 5, 10 through 427, 441 through 724, 791 through 850, 861, and 863 through 952.

b. *Mental Health and Substance Abuse DRGs*—cases in DRGs 740 through 776.

c. *Physical Rehabilitation DRGs*—cases in DRGs 860 and 862.

d. *Transplant DRGs*—cases in DRGs 1, 2, 6, 7, 8 and 440.

Fiscal Model—the model used to assess future payments under the DRG payment methodology.

Grouper—the term used for the software that classifies inpatient cases into APR-DRGs.

High Outlier Hospital—a hospital which, when tested in the fiscal model, would have received more than 33 percent of its total reimbursement under the DRG reimbursement system as outlier payments.

Length of Stay Factor—the value assigned to the number of

days in the length of stay for mental health and substance abuse DRGs. The length of stay factors that are used shall be the same across all mental health and substance abuse DRGs. The department shall utilize the length of stay factors published annually by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) for use in its inpatient psychiatric facilities prospective payment system.

Long-Term Hospital-a hospital that is classified by Medicare as a long-term hospital per 42 CFR 412.23(e) and does not meet the criteria for placement in peer groups 1 through 9 provided for in this Chapter.

Medicare/Medicaid Cost Report-Form CMS-2552-10 or any successor version of this report released by CMS. The Medicare/Medicaid cost report captures the costs for hospitals to deliver patient services. The Medicare/Medicaid cost report is used as the source for annual payment updates to the DRG reimbursement methodology as outlined in this Chapter.

Outlier Payment-the payment made when the cost of the case exceeds a threshold amount established for the DRG/SOI.

Post Acute Care Day-a day in which a patient who was admitted to a hospital as an inpatient remains in the hospital facility beyond the period in which the patient meets the medical necessity criteria for acute inpatient level of care.

Payment Year-the year beginning January 1 of each calendar

year. Some pricing components for each hospital are updated at the start of each payment year.

Public State-Owned Hospital-a hospital that is owned and operated by the State of Louisiana.

Relative Weight-a factor assigned to a DRG/SOI that measures the resources required to care for the case compared to the resources required for the average case. The average relative weight in a DRG payment system is 1.0. A relative weight with a value less than 1.0 means that the DRG/SOI requires resources that are less than the average case. A relative weight with a value greater than 1.0 means that the DRG/SOI requires resources that are greater than the average case.

SOI-severity of illness level. In the APR-DRG classification system, each DRG has four subordinate classifications based on the designation of severity of illness. The SOI designations are one through four, with one meaning the lowest severity and four meaning the highest severity.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§703. General Provisions

A. Effective with dates of discharge on or after January

1, 2019, the department shall calculate reimbursement for inpatient stays using a diagnostic related group (DRG)-based methodology. This methodology applies to all hospitals, except long-term hospitals and public state-owned hospitals which shall be exempt from the provisions of this Chapter.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§705. Hospital Peer Group and Medicaid Utilization Criteria

A. The base rate assigned to each hospital paid under the DRG payment system shall be based on two components:

1. the hospital's peer group assignment; and
2. the designation of the hospital of its Medicaid

utilization volume.

B. Hospitals paid under the DRG payment system shall be assigned to one of the following nine peer groups.

1. Peer Group 1. Hospitals licensed by the State of Louisiana that are physically located in Louisiana, are recognized by Medicare as teaching hospitals, and that maintain 100 or more full-time equivalent interns and residents positions as reported on the Medicare/Medicaid cost report, Schedule E-4, Line 6, for the fiscal year that ended no less than 12 months prior but no more than 24 month prior to the payment year.

a. For purposes of this Rule, full-time equivalent positions will be calculated as defined in 42 CFR 413.78.

2. Peer Group 2. Hospitals licensed by the State of Louisiana that are physically located in Louisiana, are recognized by Medicare as teaching hospitals, and that maintain at least 10 but no more than 99 full-time equivalent interns and residents as reported on the Medicare/Medicaid cost report, Schedule E-4, Line 6 for the fiscal year that ended no less than 12 months prior but no less than 24 months prior to the payment year.

a. For purposes of this Rule, full-time equivalent positions will be calculated as defined in 42 CFR 413.78.

3. Peer Group 3. Hospitals licensed by the State of Louisiana that are physically located in Louisiana and provide acute care services, but do not meet the criteria for peer group 1, peer group 2, or peer group 4.

4. Peer Group 4. Hospitals licensed by the State of Louisiana that are physically located in Louisiana and meet the definition of a rural hospital as defined by R.S. 40:1189.3.

5. Peer Group 5. Hospitals licensed by the State of Louisiana that are physically located in Louisiana, are classified as a psychiatric hospital by Medicare per 42 CFR

412.23(a), and that restrict their scope of services to the treatment of mental health or substance use disorders.

6. Peer Group 6. Hospitals licensed by the State of Louisiana that are physically located in Louisiana, are classified as a rehabilitation hospital by Medicare per 42 CFR 412.23(b), and that restrict their scope of services to physical rehabilitation care.

7. Peer Group 7. Hospitals outside of the State of Louisiana that have enrolled as an inpatient hospital facility with the department, are located within a 50-mile trade area of the Louisiana state border, and that provided at least 500 inpatient hospital days to Louisiana Medicaid beneficiaries in the fiscal model.

8. Peer Group 8. Hospitals located outside of the State of Louisiana that have enrolled as an inpatient hospital facility with the department, are exempt from the Medicare inpatient prospective payment system, and that restrict their scope of services to pediatric care.

9. Peer Group 9. Hospitals located outside of the State of Louisiana that have enrolled as an inpatient hospital facility with the department and do not meet the criteria of peer group 7 or 8.

C. Certain hospitals shall also be assigned a Medicaid utilization designation as follows:

1. Hospitals in utilization group A are hospitals in peer groups 1, 2, 3, 5 or 6 that have either:

a. forty percent or more of their patient days paid by Medicaid as reported on the most recent filed Medicare/Medicaid cost report, Worksheet S-3, for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the payment year; or

b. five percent or more of all paid Louisiana Medicaid days among in-state acute care hospitals paid under DRG in the fiscal model.

2. Hospitals in utilization group B are hospitals in peer groups 1, 2, 3, 5 or 6 that have more than 20 percent but less than 40 percent of their patient days paid by Medicaid as reported on the most recent filed Medicare/Medicaid cost report, Worksheet S-3, for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the payment year.

3. Hospitals in Utilization Group C are:

a. hospitals in peer groups 1, 2, 3, 5 or 6 that have less than 20 percent of their patient days paid by Medicaid as reported on the most recent filed Medicare/Medicaid cost report, Worksheet S-3, for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the payment year; or

b. hospitals in peer groups 4, 7, 8 and 9.

4. For purposes of assigning hospitals to Medicaid utilization groups A, B or C, the department may round a hospital's percentage up to the nearest integer if the hospital's rounding digit is 5 or greater.

D. Effective with dates of discharge on or after January 1, 2019, the data used to test for eligibility in utilization group A, B or C under the Medicaid payer mix test shall be compiled from each hospital's Medicare/Medicaid cost report filed with the department as of June 30, 2018.

1. The Medicaid utilization formula shall be calculated by the department based upon data from Worksheet S-3 Part I. Medicaid utilization shall be equal to the sum of Medicaid days in column 7 (including managed care and subprovider, but excluding observation) divided by the sum of all patient days in column 8 (including managed care and subprovider, but excluding observation).

2. On an annual basis, the department shall compute the utilization group for each hospital for the next payment year using data from the Medicare/Medicaid cost report for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the payment year.

E. Effective with dates of discharge on or after January 1, 2019, the data used to test for eligibility in utilization

group A under the percent of statewide Medicaid acute care days test shall be calculated from data compiled for the fiscal model stored in the department's claims data warehouse as of March 31, 2018 of all paid Louisiana Medicaid days among in-state acute care hospitals for the 12-month state fiscal year period that ended June 30, 2017.

1. The percent of statewide acute care days formula for a hospital is the hospital's Louisiana Medicaid acute care days divided by the sum of all hospital acute care days in the data warehouse.

2. On an annual basis, the department shall compute the percent of statewide acute care days for each hospital using data stored in the department's claims data warehouse as of March 31 of the year prior to the payment year. The data used in the calculation shall be from discharges in the state fiscal year that ended 18 months prior to the payment year.

F. If a hospital's proportion of Medicaid days as reported on the Medicare/Medicaid cost report used in the calculation changes upward or downward by more than five percentage points from the prior year value, then the department may use additional data sources to validate the results from the Medicare/Medicaid cost report or ask the hospital to validate the values reported on its Medicare/Medicaid cost report.

AUTHORITY NOTE: Promulgated in accordance with R.S.

36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§707. Base Rate Calculations and Values

A. With the exception of transplant cases, the cases assigned to acute care DRG/SOIs shall be paid using a peer group case rate. For peer groups 1, 2 and 3, the computation of the peer group base rate shall be as follows.

1. Compute the average inflated cost per case (excluding capital and graduate medical education) for all inlier cases in the relative weight database for the peer group.

2. Sum the relative weight values of all inlier cases in the peer group.

3. Compute a peer group case mix score by dividing the sum of the relative weight values by the number of inlier cases.

4. Compute the average inflated cost per case adjusted for case mix by dividing the average inflated cost per case for the peer group by its peer group case mix score.

5. The peer group base rate equals case mix adjusted average cost per case multiplied by .65.

B. Effective with discharges on or after January 1, 2019, the peer group base rates shall be as follows:

1. peer group 1, \$4,682.51;

2. peer group 2, \$4,581.37; and
3. peer group 3, \$4,337.33.

C. Hospitals assigned to utilization group C receive 100 percent of their peer group base rate. Hospitals assigned to utilization group B receive 110 percent of their peer group base rate. Hospitals assigned to utilization group A receive 120 percent of their peer group base rate.

D. For peer group 4, the computation of the peer group base rate shall be in accordance with the Rural Hospital Preservation Act and calculated as follows.

1. Sum the relative weight values of all inlier cases for each hospital in the peer group.
2. Compute the hospital case mix score by dividing the sum of the relative weight values by the number of inlier cases for each hospital.
3. Compute the average inflated cost per case (excluding capital and graduate medical education) for all inlier cases in the relative weight database for each hospital in the peer group.
4. Compute the average inflated cost per case adjusted for case mix for each hospital by dividing the average inflated cost per case for each hospital by its case mix score.
5. Determine the median value within the peer group among all hospitals' case mix adjusted average cost per case.

6. The peer group base rate equals 110 percent of the median value of the case mix adjusted average cost per case within the peer group.

E. Effective with discharges on or after January 1, 2019, the base rate established for hospitals in peer group 4 shall be \$9,145.88.

1. Notwithstanding other changes that may be made for all hospitals in the DRG payment methodology, the base rate established for hospitals in peer group 4 shall be rebased at least once every two years. The new base rate will be effective at the start of the payment year.

2. In the years in which the peer group 4 base rate is not rebased, the peer group 4 base rate will be increased for cost inflation. The new base rate will be effective at the start of the payment year. The inflation factor applied is the inpatient hospital four quarter moving average value for quarter 1 of the start of the payment year as published by CMS on June 30 of the year prior to the effective date.

F. Effective with discharges on or after January 1, 2019, the base rate established for hospitals in peer groups 7 and 8 shall be equal to the base rate set for hospitals in peer group 3.

G. Effective with discharges on or after January 1, 2019, the base rate established for hospitals in peer group 9 shall be

equal to 90 percent of the base rate set for hospitals in peer group 3.

H. A transitional base rate shall be established by the department for hospitals that meet criteria as determined in the fiscal model. The transitional base rate applies to cases in acute care DRGs only.

1. Hospitals in peer groups 1, 2 and 4 are eligible for a transitional base rate.

2. To be eligible for a transitional base rate, the fiscal model developed by the department showed that the hospital would receive payment for less than 70 percent of their costs through the modeled DRG payment system.

3. If the hospital met the criteria for a transitional base rate, then a transitional base rate has been set for the hospital such that the payments in the fiscal model are equivalent to 70 percent of the hospital's costs.

4. The transitional base rate is effective for the hospital with discharges on or after January 1, 2019 and will be in force until such time as the base rates for peer groups 1, 2 and 4 are updated.

I. Effective with discharges on or after January 1, 2019, cases assigned to mental health and substance use disorders DRGs shall be paid using a psychiatric per diem rate for all peer groups. This applies to hospitals in all peer groups and shall

be as follows:

1. The psychiatric per diem rate established for hospitals in peer groups 1, 2, 3, 5, 6, 7 and 8 is \$950.

a. Hospitals in peer groups 1, 2, 3, 5 and 6 assigned to utilization group B shall receive 110 percent of their peer group psychiatric per diem rate.

b. Hospitals in peer groups 1, 2, 3, 5 and 6 assigned to utilization group A shall receive 120 percent of their peer group psychiatric per diem rate.

2. The psychiatric per diem rate established for hospitals in peer group 4 is \$1,140.

3. The psychiatric per diem rate established for hospitals in peer group 9 is \$855.

J. Effective with discharges on or after January 1, 2019, cases assigned to rehabilitation DRGs shall be paid using a rehabilitation per diem rate for all peer groups. This applies to hospitals in all peer groups and shall be as follows.

1. The rehabilitation per diem rate established for hospitals in peer groups 1, 2, 3, 5, 6, 7 and 8 is \$500.

a. Hospitals in peer groups 1, 2, 3, 5 and 6 assigned to utilization group B shall receive 110 percent of their peer group rehabilitation per diem rate.

b. Hospitals in peer groups 1, 2, 3, 5 and 6 assigned to utilization group A shall receive 120 percent of

their peer group rehabilitation per diem rate.

2. The rehabilitation per diem rate established for hospitals in peer group 4 is \$600.

3. The rehabilitation per diem rate established for hospitals in peer group 9 is \$450.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§709. Capital Add-On Values

A. Effective with discharges on or after January 1, 2019, hospitals in peer groups 1, 2, 3, 4, 7, 8 and 9 shall be eligible for a capital add-on payment for all acute care DRG cases. The add-on payment is added to the hospital's base payment and is specific to each hospital.

B. The computation of the hospital capital add-on value for hospitals in peer groups 1, 2, 3 and 4 shall be computed from each hospital's Medicare/Medicaid cost report as follows.

1. Sum the capital costs from Worksheet D part I, column 1, line 200 and Worksheet D part II, column 1, line 200.

2. Obtain total acute discharges from Worksheet S-3, part I, column 15, line 14.

3. The capital cost per discharge is the capital costs divided by the total acute discharges.

4. The hospital capital add on value shall equal the capital cost per discharge multiplied by .65.

C. Hospitals shall be subject to a ceiling or floor value on their hospital capital add-on value within their peer group. The floor and ceiling values shall be computed separately for the hospitals in peer groups 1, 2, 3 and 4 as follows:

1. Compute the straight average capital add-on value within each peer group.

2. Multiply the straight average capital add-on value by .65.

3. Compute the standard deviation value within each peer group based on the values in C.2 above.

4. Identify the hospitals that have values that are two standard deviations above the peer group average value in C.2 above. These hospitals are deemed high outlier hospitals.

5. Remove the high outlier hospitals from the calculation and recompute the straight average capital add-on value within each peer group using the remaining values computed in C.2 above.

6. Compute the floor and ceiling value for each peer group. The floor value is defined as the value that is one standard deviation below the mean computed in C.5 above. The ceiling value is defined as the value that is one standard deviation above the mean computed in C.5 above.

7. Assign the floor value to hospitals that have a computed hospital capital add-on value below the floor for their peer group.

8. Assign the ceiling value to hospitals with a hospital capital add-on value above the ceiling for their peer group.

D. Effective January 1, 2019, hospitals in peer groups 7, 8 and 9 shall receive the same capital add-on value. For hospitals in peer groups 7 and 8, the value shall be equal to the straight average capital add-on value for peer group 3. For hospitals in peer group 9, the value shall be equal to 90 percent of the straight average capital add-on value for peer group 3.

E. Hospital capital add-on values shall be updated on an annual basis. The effective date for updated values shall be with discharges on or after January 1 in each calendar year. The source data used to compute the updated values shall be the most recent filed Medicare/Medicaid cost report, submitted by each hospital in peer groups 1, 2, 3 and 4, for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the effective date.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of

Health, Bureau of Health Services Financing, LR 44:

§711. Direct Graduate Medical Education Add-On Values

A. Effective with discharges on or after January 1, 2019, hospitals in peer groups 1 and 2 shall be eligible for a direct graduate medical education add-on payment for all acute care DRG cases. The add-on payment is added to the hospital's base payment. The direct graduate medical education add-on payment shall be specific to each hospital. When the payment for an acute care DRG case is made by a prepaid risk-bearing managed care organization (MCO), the direct graduate medical education add-on payment associated with the case will be paid directly by the department.

1. Payments will be made by the department to each hospital in peer groups 1 and 2 on a quarterly basis.

2. The hospital will submit a report to the department by the last day of each calendar quarter.

3. The report will itemize inpatient cases paid by the MCOs to the hospital during the calendar quarter prior to the calendar quarter in which the report is due.

4. The payment to the hospital shall be calculated by multiplying the number of discharges submitted on the quarterly report times the hospital's direct graduate medical education add-on value.

5. Payment amounts shall be verified by the

department using reports of MCO paid inpatient discharges generated from encounter data. Payment adjustments and recoupments shall be made as necessary up to one year after the initial claim payment is made by the department.

B. The direct graduate medical education add-on value shall be computed from each hospital's Medicare/Medicaid cost report as follows:

1. Sum the direct graduate medical education costs from Worksheet B part I, column 21, line 118 and Worksheet B part I, column 22, line 118.

2. Obtain total acute discharges from Worksheet S-3, part I, column 15, line 14.

3. The direct graduate medical education cost per discharge is the direct graduate medical education costs divided by the total acute discharges.

4. The hospital direct graduate medical education add-on value shall equal the direct graduate medical education cost per discharge multiplied by .65.

C. Hospital direct graduate medical education add-on values shall be updated on an annual basis. The effective date for updated values shall be for discharges on or after January 1 in each calendar year. The source data used to compute the updated values shall be the most recent filed Medicare/Medicaid cost report, for the fiscal year that ended no less than 12

months prior but no more than 24 months prior to the effective date.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§713. Calculation of Relative Weight Values

A. Effective with discharges on or after January 1, 2019, the department shall use the designated APR-DRG grouper software to set the relative weight values for DRG/SOIs that are used for payment.

B. Each DRG/SOI level shall be assigned a relative weight value that is multiplied by the hospital's base rate to compute the base payment for the case. However, DRG 955 and 956 shall be assigned a relative weight value of zero.

C. The steps for computing the DRG/SOI relative weight values shall be as follows.

1. All cases with the same DRG/SOI assignment from the APR-DRG are grouped together.

2. The cost values assigned to all cases in the same DRG/SOI are summed and an average cost per case within each DRG/SOI is computed.

3. Trim points are set for cost values on the low and high side around the average cost. The low and high cost

trim values are set within each DRG/SOI at two standard deviations above or below the mean cost within the DRG/SOI.

4. Any claims with a cost value below the low trim point or above the high trim point are removed from the relative weight calculation.

5. A revised average cost per case for the cases inside the trim points within each DRG/SOI is computed.

6. The average cost per case among all cases inside the trim points of every DRG/SOI is computed.

7. The provisional relative weight value for each DRG shall be the average cost per case for the DRG/SOI divided by the average cost per case among all DRG/SOIs.

D. After the provisional relative weight values are computed, two tests shall be conducted by the department to determine the stability of each relative weight.

1. The DRG must have at least ten cases.

2. There must be statistical confidence in the level of variance allowed between the costs of the cases assigned to the DRG/SOI. The formula for this test shall be the number of claims being less than $[(1.645/0.25) \times (\text{standard deviation}/\text{mean cost})]^2$.

E. DRG/SOIs that do not meet both of the tests set forth in Paragraph D above shall be deemed to have unstable relative weight values.

1. If a DRG has one or more unstable relative weight values, the cases in the DRG/SOI level with the unstable relative weight shall be merged with the cases of an adjoining DRG/SOI with a stable relative weight.

2. A new average cost per case and new relative weight value shall be computed using the joined data and the new relative weight value shall be assigned to both DRG/SOI levels.

3. The tests for stability are rerun. If the tests for stability pass, then the new relative weight value shall be used.

4. If the new relative weight is not deemed to be stable, the process shall be repeated to merge the cases of three SOI levels or as many as four SOI levels under the DRG/SOI until the relative weight value is determined to be stable.

F. Within a DRG, the relative weight values are intended to increase as the SOI increases. The one exception to this is the relative weight values in DRG 588. If, upon initial computation of the relative weight values do not increase when the SOI level increases, an illogical progression has occurred.

1. When an illogical progression is found, then the cases from the adjoining SOIs inside the DRG shall be merged and a new average cost per case shall be computed for the two combined SOIs.

2. An updated relative weight shall be computed and

assigned to both SOIs. The test for illogical progressions shall be rerun.

G. All relative weights shall be recalibrated so that the average relative weight equals 1.0.

H. For the relative weight values that were developed for use with discharges on or after January 1, 2019, three years of cases shall be utilized in the calculations. Paid Medicaid cases with discharges from July 1, 2014 to June 30, 2017 shall be used as well as uninsured patient claims reported by hospitals with dates of discharge July 1, 2014 to December 31, 2016.

I. The cost value assigned to each case in the relative weight development database shall utilize cost data from each hospital that had cases in the relative weight database. The cost assigned shall be the cost values from each hospital's Medicare/Medicaid cost report that matched to the year in which the discharge occurred. The cost for each case in the relative weight database shall be inflated to December 31, 2018. The inflation factors used to inflate claim costs shall be derived from the CMS' economic index (Inpatient Hospital PPS). A four-quarter moving average percent change value shall be assigned for each month in the 36-month database of claims from July 1, 2014 through June 30, 2017.

J. The department may choose to update the version of the

APR-DRG grouper it uses upon the release of subsequent versions. If the department chooses to update to another APR-DRG grouper version, the department will set relative weight values to any new DRG/SOIs in place in the new grouper version.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§713. Payment Formulas

A. Effective with discharges on or after January 1, 2019, four payment formulas shall be utilized for cases paid under the APR-DRG system. The formula that is applied shall be dependent upon the DRG that the discharge is assigned by the DRG grouper.

B. The payment formula for acute care DRG cases shall be the base payment plus the capital add-on payment plus the direct graduate medical education add-on payment (if the hospital is eligible) plus the outlier payment (if the case meets the criteria).

1. The outlier payment shall be made when the cost of the case is greater than the sum of the base DRG payment plus the capital add-on plus the direct graduate medical education add on plus the fixed threshold value.

a. The cost of the case shall equal the charges billed on the case multiplied by a hospital-specific cost-to-

charge ratio.

b. The hospital-specific cost-to-charge ratio shall be computed for each hospital in peer groups 1, 2, 3 and 4 using the hospital's most recent filed Medicare/Medicaid cost report, for the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the payment year. The cost-to-charge ratio shall be computed as the total costs on Worksheet C, part I, column 5, line 200 divided by the total charges on Worksheet C, part I, column 8, line 200. Each hospital's cost-to-charge ratio shall be updated on an annual basis effective January 1 of each year.

c. The fixed threshold value varies based on hospital or DRG attribution. The fixed threshold value assigned is:

i. \$10,000 for all cases for any hospital that meets the definition of a high outlier hospital;

ii. \$10,000 for cases for all other hospitals assigned to burn DRGs 841, 842, 843 and 844; or

iii. \$30,000 for DRGs for all other hospitals other than burn DRGs.

d. If the cost of the case exceeds the calculated threshold value, then the costs above the threshold value shall be multiplied by an outlier payment percentage. The outlier payment shall equal the costs above the threshold

multiplied by:

i. 1.0 for hospitals deemed a high outlier hospital;

ii. 0.96 for hospitals assigned to utilization group A;

iii. 0.88 for hospitals assigned to utilization group B; or

iv. 0.80 for hospitals assigned to utilization group C.

2. For acute care DRG cases, where the discharge status code on the case equals 02, a transfer payment shall be made that equals the lesser of the cost of the case or the regular DRG payment, respectively calculated as follows:

a. The cost of the case equals the charges billed on the case multiplied by a hospital-specific cost-to-charge ratio.

b. The regular DRG payment equals the base rate multiplied by relative weight plus the capital add-on plus the direct graduate medical education add-on (if hospital is eligible) plus the outlier payment (if the case meets the criteria).

c. The payment formula for mental health and substance use disorder DRG cases shall be the psychiatric per diem rate multiplied by the relative weight then multiplied by the length

of stay factor.

D. The payment formula for physical rehabilitation DRG cases shall be the rehabilitation per diem rate multiplied by the relative weight.

E. The payment formula for transplant DRG cases shall be the per diem payment plus the ancillary payment plus the organ acquisition payment.

1. The per diem payment equals the number of days in the length of stay multiplied by a hospital-specific per diem rate.

2. The ancillary payment equals the charges on the claim excluding room and board and organ acquisition multiplied by a hospital-specific ancillary cost-to-charge ratio.

3. The organ acquisition payment shall be a set payment that is specific to the hospital and to the organ or organs. If the transplant case involves multiple organs, the hospital will be eligible for payment for the acquisition costs of each organ transplanted.

4. The source for the data used in this formula shall be derived from each hospital's Medicare/Medicaid cost report. The values used in the payment formula shall be updated annually with an effective date of January 1. The Medicare/Medicaid cost report used in the calculation shall be the cost reports submitted by hospitals to the department for

the fiscal year that ended no less than 12 months prior but no more than 24 months prior to the effective date.

5. The sources for each payment component shall be as follows.

a. For the per diem rate, the cost value shown on Worksheet D-1, line 43 or 46 for intensive care unit per diem shall be multiplied by .90.

b. For the ancillary cost-to-charge ratio, costs from Worksheet C, part I, column 5, lines 50 through 92 shall be divided by the charges from Worksheet C, part I, column 8, lines 50 through 92.

c. For the organ acquisition cost, the cost from Worksheet D-4 line 61 shall be divided by the total usable organs on line 62.

d. A separate Worksheet D-4 shall be maintained for each organ. In the case of bone marrow, if the hospital did not record the specific acquisition cost of bone marrow on a separate Worksheet D-4, the payment for the acquisition of bone marrow shall be bone marrow acquisition charges multiplied by the ancillary cost-to-charge ratio.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§915. Post Acute Payments

A. Effective with discharges on or after January 1, 2019, a hospital shall not be denied payment for the post-acute days unless the department or MCO can provide the services necessary to ensure the continued safety of the patient in a setting other than the hospital. When the following conditions are met, the hospital shall be paid a post-acute payment in addition to the DRG case payment for each post-acute day that the patient remains in the care of the hospital:

1. The hospital is assigned to peer group 1, 2, 3 or 4;
2. The patient is assigned to an acute care DRG;
3. The hospital has given 36 hours advance notice to the department, or the MCO, that the patient no longer requires inpatient level acute care; and
4. The hospital has provided documentation to the department, or the MCO, showing that inpatient level of care is no longer necessary for the patient.

B. Payment shall be made to the hospital for post-acute days at a rate of \$700 per day upon submission of the claim by the hospital if all conditions are met. The department or the MCO may choose to conduct a post-payment review on payments made under this payment formula to determine if, in fact, the patient no longer met medical necessity criteria for acute inpatient

level of care starting with the day that post-acute payment was requested. The department or the MCO may seek recoupment of payment from the hospital on a retrospective basis when the following situations occur:

1. if it has been determined through nationally recognized clinical guidelines that the patient still met medical necessity criteria for acute inpatient level of care for some or all days paid under the post-acute payment policy; or

2. payment was made under the post-acute payment methodology for days within the published average length of stay for the DRG/SOI level that the patient was ultimately classified into using the APR-DRG grouper.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 9. Non-Rural, Non-State Hospitals

Subchapter A. General Provisions (Reserved)

Subchapter B. Reimbursement Methodology

§951. Acute Care Hospitals

A. Low Income and Needy Care Collaboration. Quarterly supplemental payments will be issued to qualifying non-rural, non-state acute care hospitals for inpatient services rendered during the quarter. Maximum aggregate payments to all qualifying

hospitals in this group shall not exceed the available upper payment limit per state fiscal year.

1. *Qualifying Criteria.* In order to qualify for the supplemental payment, the non-rural, non-state hospital must be affiliated with a state or local governmental entity through a low income and needy care collaboration agreement.

a. *Non-State Hospital*—a hospital which is owned or operated by a private entity.

b. *Low Income and Needy Care Collaboration Agreement*—an agreement between a hospital and a state or local governmental entity to collaborate for purposes of providing healthcare services to low income and needy patients.

2. Each qualifying hospital shall receive quarterly supplemental payments for the inpatient services rendered during the quarter. Quarterly payment distribution shall be limited to one-fourth of the lesser of:

a. the difference between each qualifying hospital's inpatient Medicaid billed charges and Medicaid payments the hospital receives for covered inpatient services provided to Medicaid recipients. Medicaid billed charges and payments will be based on a 12 consecutive month period for claims data selected by the department; or

b. for hospitals participating in the Medicaid Disproportionate Share Hospital (DSH) Program, the difference

between the hospital's specific DSH limit and the hospital's DSH payments for the applicable payment period.

3. All parties that participate in supplemental payments under this Section, either as a qualifying hospital by receipt of supplemental payments, or as a state or local governmental entity funding supplemental payments, must meet the following conditions during the period of their participation.

a. Each participant must comply with the prospective conditions of participation in the Louisiana Private Hospital Upper Payment Limit Supplemental Reimbursement Program.

b. A participating hospital may not make a cash or in-kind transfer to their affiliated governmental entity that has a direct or indirect relationship to Medicaid payments and would violate federal law.

c. A participating governmental entity may not condition the amount it funds the Medicaid Program on a specified or required minimum amount of low income and needy care.

d. A participating governmental entity may not assign any of its contractual or statutory obligations to an affiliated hospital.

e. A participating governmental entity may not recoup funds from an affiliated hospital that has not adequately performed under the low income and needy care collaboration

agreement.

f. A participating hospital may not return any of the supplemental payments it receives under this Section to the governmental entity that provides the non-federal share of the supplemental payments.

g. A participating governmental entity may not receive any portion of the supplemental payments made to a participating hospital under this Section.

4. Each participant must certify that it complies with the requirements of §951.A.3 by executing the appropriate certification form designated by the department for this purpose. The completed form must be submitted to the Department of Health, Bureau of Health Services Financing.

5. Each qualifying hospital must submit a copy of its low income and needy care collaboration agreement to the department.

6. The supplemental payments authorized in this Section shall not be considered as interim Medicaid inpatient payments in the determination of cost settlement amounts for inpatient hospital services rendered by children's specialty hospitals.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of

Health, Bureau of Health Services Financing, LR 44:

§953. Outlier Payments

A. Pursuant to §1902(s)(1) of title XIX of the Social Security Act, additional payments called outlier payments shall be made to hospitals for catastrophic costs associated with inpatient services provided to:

1. children less than six years of age who receive services in a disproportionate share hospital setting; and
2. infants less than one year of age who receive services in any acute care hospital setting.

B. The marginal cost factor for outlier payments is considered to be 100 percent of costs after the costs for the case exceed the sum of the hospital's prospective payment and any other payment made on behalf of the patient for that stay by any other payee.

C. To qualify as a payable outlier claim, a deadline of not later than six months subsequent to the date that the final claim is paid shall be established for receipt of the written request for outlier payments.

D. A catastrophic outlier pool shall be established with annual payments limited to \$10,000,000. In order to qualify for payments from this pool, the following conditions must be met:

1. the claims must be for cases for:
 - a. children less than six years of age who

received inpatient services in a disproportionate share hospital setting; or

b. infants less than one year of age who receive inpatient services in any acute care hospital setting; and

2. the costs of the case must exceed \$150,000.

a. The hospital specific cost to charge ratio utilized to calculate the claim costs shall be calculated using the Medicaid neonatal intensive care unit (NICU) or pediatric intensive care unit (PICU) costs and charge data from the most current cost report.

E. The outlier pool will cover eligible claims with admission dates during the state fiscal year (July 1-June 30) and shall not exceed \$10,000,000 annually. Payment shall be the costs of each hospital's eligible claims less the prospective payment, divided by the sum of all eligible claims costs in excess of payments, multiplied by \$10,000,000.

F. Beginning with SFY 2020, the outlier pool will cover eligible claims through dates of service on or before December 31, 2018 and shall not exceed \$5,000,000.

G. The claim must be submitted no later than six months subsequent to the date that the final claim is paid and no later than September 15 of each year.

H. Qualifying cases for which payments are not finalized by September 1 shall be eligible for inclusion for payment in

the subsequent state fiscal year outlier pool.

I. Outliers are not payable for:

1. transplant procedures; or
2. services provided to patients with Medicaid

coverage that is secondary to other payer sources.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§955. Long-Term Hospitals

A. Qualifying Criteria. Hospitals licensed by the state of Louisiana that are physically located in Louisiana and are classified by Medicare as a long-term hospital per 42 CFR 412.23(e).

B. Reimbursement. Payment for inpatient services provided in a long-term hospital shall be at a prospective per diem rate of \$826.54.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Office of the Secretary, Bureau of Health Services Financing, LR 44:

§957. Public Hospitals

A. Non-Rural, non-state public hospitals shall be

reimbursed up to the Medicare inpatient upper payment limits as determined in accordance with 42 CFR §447.272.

B. Quarterly supplemental payments will be issued to qualifying non-rural, non-state public hospitals for inpatient services rendered during the quarter. Payment amounts shall be reimbursed up to the Medicare inpatient upper payment limits as determined in accordance with 42 CFR §447.272.

1. Qualifying Criteria. In order to qualify for the quarterly supplemental payment, the non-rural, non-state public acute care hospital must:

a. be designated as a major teaching hospital by the department as of July 1, 2015 and have at least 300 licensed acute hospital beds; or

b. for dates of service on or after August 1, 2012, be located in a city with a population of over 300,000 as of the 2010 U.S. Census.

C. Each qualifying hospital shall receive quarterly supplemental payments for the inpatient services rendered during the quarter. Quarterly payments shall be the difference between each qualifying hospital's inpatient Medicaid billed charges and Medicaid payments the hospital receives for covered inpatient services provided to Medicaid recipients. Medicaid billed charges and payments will be based on a 12 consecutive month period for claims data selected by the department.

D. With respect to qualifying hospitals that are enrolled in Medicaid after December 1, 2013, projected Medicaid utilization and claims data submitted by the hospital and confirmed by the department as reasonable will be used as the basis for making quarterly supplemental payments during the hospital's start-up period.

1. For purposes of these provisions, the start-up period shall be defined as the first three years of operation.

2. During the start-up period, the department shall verify that supplemental payments do not exceed the inpatient charge differential based on each state fiscal year's claims data and shall recoup amounts determined to have been overpaid.

E. In the event that there is allowable non-state public upper payment limit that is not utilized, additional non-state public hospitals as defined by the department may be qualified for this payment.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§959. Children's Specialty Hospitals

A. Effective for dates of service on or after February 1, 2012 through a discharge date on or before December 31, 2018, medical education payments for inpatient services which are

reimbursed by a prepaid risk-bearing MCO shall be paid by Medicaid monthly as interim lump sum payments.

1. Hospitals with qualifying medical education programs shall submit a listing of inpatient claims paid each month by each MCO.

a. *Qualifying Medical Education Programs*—graduate medical education, paramedical education, and nursing schools.

2. Monthly payments shall be calculated by multiplying the number of qualifying inpatient days times the medical education costs included in each children's specialty hospital's interim per diem rate as calculated per the latest filed Medicaid cost report.

3. Final payment shall be determined based on the actual MCO covered days and medical education costs for the cost reporting period per the Medicaid cost report. Reimbursement shall be at the same percentage that is reimbursed for fee-for-service covered Medicaid costs after application of reimbursement caps.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 11. Rural, Non-State Hospitals

Subchapter A. General Provisions (Reserved)

Subchapter B. Reimbursement Methodology

§1125. Small Rural Hospitals

A. Low Income and Needy Care Collaboration. Quarterly supplemental payments shall be issued to qualifying non-state acute care hospitals for inpatient services rendered during the quarter. Maximum aggregate payments to all qualifying hospitals in this group shall not exceed the available upper payment limit per state fiscal year.

1. Qualifying Criteria. In order to qualify for the supplemental payment, the non-state hospital must be affiliated with a state or local governmental entity through a low income and needy care collaboration agreement.

a. *Non-State Hospital*—a hospital which is owned or operated by a private entity.

b. *Low Income and Needy Care Collaboration Agreement*—an agreement between a hospital and a state or local governmental entity to collaborate for purposes of providing healthcare services to low income and needy patients.

2. Each qualifying hospital shall receive quarterly supplemental payments for the inpatient services rendered during the quarter. Quarterly payment distribution shall be limited to one-fourth of the lesser of:

a. the difference between each qualifying

hospital's inpatient Medicaid billed charges and Medicaid payments the hospital receives for covered inpatient services provided to Medicaid recipients. Medicaid billed charges and payments will be based on a 12 consecutive month period for claims data selected by the department; or

b. for hospitals participating in the Medicaid DSH Program, the difference between the hospital's specific DSH limit and the hospital's DSH payments for the applicable payment period.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 13. Teaching Hospitals

Subchapter A. General Provisions (Reserved)

Subchapter B. Reimbursement Methodology

§1331. Acute Care Hospitals

A. Effective for dates of service on or after February 1, 2012 through a date of discharge on or before December 31, 2018, medical education payments for inpatient services which are reimbursed by a prepaid risk-bearing MCO shall be paid monthly by Medicaid as interim lump sum payments.

1. Hospitals with qualifying medical education programs shall submit a listing of inpatient claims paid each

month by each MCO.

a. Qualifying medical education programs are defined as graduate medical education, paramedical education, and nursing schools.

2. Qualifying hospitals must have a direct medical education add-on component included in their prospective Medicaid per diem rates as of January 31, 2012 which was carved-out of the per diem rate reported to the MCOs.

3. Monthly payments shall be calculated by multiplying the number of qualifying inpatient days submitted by the medical education costs component included in each hospital's fee-for-service prospective per diem rate. Monthly payment amounts shall be verified by the department semi-annually using reports of MCO covered days generated from encounter data. Payment adjustments or recoupments shall be made as necessary based on the MCO encounter data reported to the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 17. Public-Private Partnerships

§1701. Baton Rouge Area Hospitals

A. Qualifying Criteria. The department shall provide

supplemental Medicaid payments for inpatient hospital services rendered by non-state privately owned hospitals in the Baton Rouge Area that meet the following conditions.

1. The hospital must be a non-state privately owned and operated hospital that enters into a cooperative endeavor agreement with the Department of Health to increase its provision of inpatient Medicaid and uninsured hospital services by:

a. assuming the management and operation of services at a facility where such services were previously provided by a state owned and operated facility; or

b. providing services that were previously delivered and terminated or reduced by a state owned and operated facility.

B. Reimbursement Methodology

1. Payments shall be made quarterly based on the annual upper payment limit calculation per state fiscal year.

2. Payments shall not exceed the allowable Medicaid charge differential. The Medicaid inpatient charge differential is the Medicaid inpatient charges less the Medicaid inpatient payments (which includes both the base payments and supplemental payments).

a. The payments will be made in four equal quarterly payments based on 100 percent of the estimated charge

differential for the state fiscal year.

3. The qualifying hospital will provide quarterly reports to the department that will demonstrate that, upon implementation, the annual Medicaid inpatient payments do not exceed the annual Medicaid inpatient charges per 42 CFR 447.271. The department will verify the Medicaid claims data of these interim reports using the state's MMIS system. When the department receives the annual cost report as filed, the supplemental calculations will be reconciled to the cost report.

4. If there is additional cap room, an adjustment payment will be made to assure that supplemental payments are the actual charge differential. The supplemental payments will also be reconciled to the final cost report.

5. The annual supplemental payments will not exceed the allowable Medicaid inpatient charge differential per 42 CFR 447.271, and the maximum inpatient Medicaid payments shall not exceed the upper limit per 42 CFR 447.272.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§1703. Reimbursement Methodology

A. A major teaching hospital that enters into a cooperative endeavor agreement with the Department of Health to

provide acute care hospital services to Medicaid and uninsured patients and which assumes providing services that were previously delivered and terminated or reduced by a state-owned and operated facility shall be reimbursed as follows.

1. The inpatient reimbursement shall be reimbursed at 95 percent of allowable Medicaid costs. The interim reimbursement may be adjusted not to exceed the final reimbursement of 95 percent of allowable Medicaid costs.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Chapter 19. Medicare Part A Claims

§1901. Inpatient Hospital Services

A. Medicaid reimbursement on Medicare Part A claims for inpatient hospital services is limited to the Medicaid maximum payment by comparing the Medicare payment to the amount that Medicaid would have paid. If the Medicare payment amount exceeds the amount that Medicaid would pay on the claim, the claim is adjudicated as a paid claim with a zero payment. If the amount that Medicaid would have paid exceeds the Medicare payment, the claim is reimbursed at the lesser of the coinsurance and deductible or up to the Medicaid maximum. If the Medicaid payment is reduced or eliminated as a result of applying the

limit of the Medicaid maximum payment, the amount of the Medicare payment plus the amount of the Medicaid payment (if any) is considered to be payment in full for the service. The recipient does not have any legal liability to make payment for the service.

B. Medicare Part A claims for inpatient services in small rural hospitals, and skilled nursing units located in small rural hospitals, are excluded from the Medicaid maximum payment limitation provision. Small rural hospitals are defined in R.S. 40:1189.3.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

§1903. Inpatient Psychiatric Services

A. Medicaid reimbursement on Medicare Part A claims for inpatient psychiatric services is limited to the Medicaid maximum payment by comparing the Medicare payment to the amount that Medicaid would have paid. If the Medicare payment amount exceeds the amount that Medicaid would pay on the claim, the claim is adjudicated as a paid claim with a zero payment. If the amount that Medicaid would have paid exceeds the Medicare payment, the claim is reimbursed at the lesser of the coinsurance and deductible or up to the Medicaid maximum. If the

Medicaid payment is reduced or eliminated as a result of applying the limit of the Medicaid maximum payment, the amount of the Medicare payment plus the amount of the Medicaid payment (if any) is considered to be payment in full for the service. The recipient does not have any legal liability to make payment for the service.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:254 and Title XIX of the Social Security Act.

HISTORICAL NOTE: Promulgated by the Department of Health, Bureau of Health Services Financing, LR 44:

Implementation of the provisions of this Rule may be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), if it is determined that submission to CMS for review and approval is required.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed Rule on the family has been considered. It is anticipated that this proposed Rule will have no impact on family functioning, stability and autonomy as described in R.S. 49:972.

In compliance with Act 854 of the 2012 Regular Session of the Louisiana Legislature, the poverty impact of this proposed Rule has been considered. It is anticipated that this proposed Rule will have no impact on child, individual, or family poverty

in relation to individual or community asset development as described in R.S. 49:973.

In compliance with House Concurrent Resolution (HCR) 170 of the 2014 Regular Session of the Louisiana Legislature, the provider impact of this proposed Rule has been considered. It is anticipated that this proposed Rule will have no impact on the staffing level requirements or qualifications required to provide the same level of service, no direct cost or indirect cost to the provider to provide the same level of service, and will have no impact on the provider's ability to provide the same level of service as described in HCR 170.

Interested persons may submit written comments to Jen Steele, Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, LA 70821-9030 or by email to MedicaidPolicy@la.gov. Ms. Steele is responsible for responding to inquiries regarding this proposed Rule. A public hearing on this proposed Rule is scheduled for Thursday, September 27, 2018 at 9:30 a.m. in Room 173, Bienville Building, 628 North Fourth Street, Baton Rouge, LA. At that time all interested persons will be afforded an opportunity to submit data, views or arguments either orally or in writing. The deadline for receipt of all written comments is 4:30 p.m. on the next business day following the public hearing.

Rule Title: Inpatient Hospital Services

Date Rule Takes Effect: November 20, 2018

SUMMARY

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. The following summary statements, based on the attached worksheets, will be published in the Louisiana Register with the proposed agency rule.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (SUMMARY)

It is anticipated that implementation of this proposed rule will result in estimated state general fund net savings of approximately \$2,635,367 for FY 18-19, \$4,713,209 for FY 19-20 and \$5,430,031 for FY 20-21. The required state general fund match will be offset by the anticipated revenue collections from the Medicaid Assistance Trust Fund premium taxes in the amount of approximately \$16,085,152 in FY 19-20 and \$12,185,721 in FY 20-21. It is anticipated that \$6,804 (\$3,402 SGF and \$3,402 FED) will be expended in FY 18-19 for the state's administrative expense for promulgation of this proposed rule and the final rule. The numbers reflected above are based on a blended Federal Medical Assistance Percentage (FMAP) rate of 64.67 percent in FY 18-19 for the projected non-expansion population, and an FMAP rate of 93.5 percent in FY 18-19, 91.5 percent in FY 19-20 and 90.0 in FY 20-21 percent for the projected expansion population.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

It is anticipated that the implementation of this proposed rule will increase federal revenue collections by approximately \$23,267,409 for FY 18-19, \$83,412,356 for FY 19-20 and \$79,838,338 for FY 20-21. The proposed rule will also increase revenue collections by approximately \$16,085,152 in FY 19-20 and \$12,185,721 in FY 20-21 from the Medicaid Assistance Trust Fund premium taxes. It is anticipated that \$3,402 will be expended in FY 18-19 for the federal administrative expenses for promulgation of this proposed rule and the final rule. The numbers reflected above are based on a blended Federal Medical Assistance Percentage (FMAP) rate of 64.67 percent in FY 18-19 for the projected non-expansion population, and an FMAP rate of 93.5 percent in FY 18-19, 91.5 percent in FY 19-20 and 90.0 in FY 20-21 percent for the projected expansion population.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

This proposed rule repeals and replaces the Rules governing inpatient hospital services in order to adopt an all patient refined diagnostic related group (APR-DRG) reimbursement methodology and to revise the remaining provisions for inpatient hospital services to ensure that these provisions are appropriately promulgated in a codified format for inclusion in the Louisiana Administrative Code. It is anticipated that implementation of this proposed rule will result in a net increase in programmatic expenditures for inpatient hospital services by approximately \$20,625,238 for FY 18-19, \$94,784,299 for FY 19-20 and \$86,594,029 for FY 20-21.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

This rule has no known effect on competition and employment.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

The following information is required in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberations on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

This proposed rule repeals and replaces the Rules governing inpatient hospital services in order to adopt an all patient refined diagnostic related group (APR-DRG) reimbursement methodology and to revise the remaining provisions for inpatient hospital services to ensure that these provisions are appropriately promulgated in a codified format for inclusion in the Louisiana Administrative Code.

- B. Summarize the circumstances that require this action. If the action is required by federal regulations, attach a copy of the applicable regulation.

The Department of Health, Bureau of Health Services Financing proposes to repeal and replace the Rules governing inpatient hospital services in order to adopt an all patient refined diagnostic related group (APR-DRG) reimbursement methodology and to revise the remaining provisions for inpatient hospital services to ensure that these provisions are appropriately promulgated in a codified format for inclusion in the Louisiana Administrative Code.

- C. Compliance with Act 11 of the 1986 First Extraordinary Session.

- (1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

Yes, this proposed rule will result in a net increase in programmatic costs by approximately \$20,632,042 for FY 18-19 \$94,784,299 for FY 19-20 and \$86,594,029 for FY 20-21. In FY 18-19, \$6,804 is included for the state's administrative expense for promulgation of this proposed rule and the final rule.

- (2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

- (a) _____ If yes, attach documentation.
(b) X If no, provide justification as to why this rule change should be published at this time.

Act 2 of the 2018 Second Extraordinary Session of the Louisiana Legislature allocated funds to the Medical Vendor Program for payments to providers and the operation of the Medicaid Program, and thereby, authorizes the expenditure of these funds. This proposed Rule should be published at this time to ensure that hospitals are accurately and equitably reimbursed by using a more modern reimbursement methodology that is being used by many other state Medicaid programs.

FISCAL AND ECONOMIC IMPACT STATEMENT
WORKSHEET

I. A. COST OR SAVINGS TO STATE AGENCIES RESULTING FROM THE ACTION PROPOSED

1. What is the anticipated increase or (decrease) in cost to implement the proposed action?

COST	FY 18-19	FY 19-20	FY 20-21
PERSONAL SERVICES			
OPERATING EXPENSES	\$6,804	\$0	\$0
PROFESSIONAL SERVICES			
OTHER CHARGES	\$20,625,238	\$94,784,299	\$86,594,029
REPAIR & CONSTR.			
POSITIONS (#)			
TOTAL	\$20,632,042	\$94,784,299	\$86,594,029

2. Provide a narrative explanation of the costs or savings shown in "A.1.", including the increase or reduction in workload or additional paperwork (number of new forms, additional documentation, etc.) anticipated as a result of the implementation of the proposed action. Describe all data, assumptions, and methods used in calculating these costs.

The expenses reflected above are the increases in estimated programmatic expenditures in the Medicaid program for inpatient hospital services. In FY 18-19, \$6,804 is included for the state's administrative expense for promulgation of this proposed rule and the final rule.

3. Sources of funding for implementing the proposed rule or rule change.

Source	FY 18-19	FY 19-20	FY 20-21
STATE GENERAL FUND	(\$2,635,367)	(\$4,713,209)	(\$5,430,031)
SELF-GENERATED			
FEDERAL FUND	\$23,267,409	\$83,412,356	\$79,838,338
OTHER (Specify) <i>Medicaid Assistance Trust Fund Premium Taxes used as an offset to the State General Fund</i>	\$0	\$16,085,152	\$12,185,721
Total	\$20,632,042	\$94,784,299	\$86,594,029

4. Does your agency currently have sufficient funds to implement the proposed action? If not, how and when do you anticipate obtaining such funds?

Yes, sufficient funds are available to implement this rule.

B. COST OR SAVINGS TO LOCAL GOVERNMENTAL UNITS RESULTING FROM THIS PROPOSED ACTION.

1. Provide an estimate of the anticipated impact of the proposed action on local governmental units, including adjustment in workload and paperwork requirements. Describe all data, assumptions and methods used in calculating this impact.

This proposed rule has no known impact on local governmental units.

FISCAL AND ECONOMIC IMPACT STATEMENT
WORKSHEET

2. Indicate the sources of funding of the local governmental unit that will be affected by these costs or savings.

There is no known impact on the sources of local governmental unit funding.

II. EFFECT ON REVENUE COLLECTIONS OF STATE AND LOCAL GOVERNMENTAL UNITS

- A. What increase or (decrease) in revenues can be expected from the proposed action?

REVENUE INCREASE/DECREASE	FY 18-19	FY 19-20	FY 20-21
STATE GENERAL FUND			
AGENCY SELF-GENERATED			
RESTRICTED FUNDS* <i>Medicaid Assistance Trust Fund Premium Taxes used to offset the State General Fund</i>	\$0	\$16,085,152	\$12,185,721
FEDERAL FUNDS	\$23,267,409	\$83,412,356	\$79,838,338
LOCAL FUNDS			
Total	\$23,267,409	\$99,497,508	\$92,024,059

**Specify the particular fund being impacted*

- B. Provide a narrative explanation of each increase or decrease in revenue shown in "A". Describe all data, assumptions, and methods used in calculating these increases or decreases.

The amounts reflected above are the estimated increase in the federal share of programmatic expenditures for the Medicaid program. In FY 18-19, \$3,402 is included for the federal expense for promulgation of this proposed rule and the final rule.

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS

- A. What persons or non-governmental groups would be directly affected by the proposed action? For each, provide an estimate and a narrative description of any effects on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.)

This proposed rule repeals and replaces the Rules governing inpatient hospital services in order to adopt an all patient refined diagnostic related group (APR-DRG) reimbursement methodology and to revise the remaining provisions for inpatient hospital services to ensure that these provisions are appropriately promulgated in a codified format for inclusion in the Louisiana Administrative Code.

- B. Also, provide an estimate of any revenue impact resulting from this rule or rule change to these groups.

It is anticipated that implementation of this proposed rule will increase programmatic expenditures for inpatient hospital services by approximately \$20,625,238 for FY 18-19 \$94,784,299 for FY 19-20 and \$86,594,029 for FY 20-21.

IV. EFFECTS ON COMPETITION AND EMPLOYMENT

Identify and provide estimates of the impact of the proposed action on competition and employment in the public and private sectors. Include a summary of any data, assumptions and methods used in making these estimates.

This rule has no known effect on competition and employment.
