The Department of Health, Bureau of Health Services Financing proposes to amend LAC 50:XV.703 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Bureau of Health Services Financing adopted provisions to establish coverage and reimbursement for applied behavior analysis (ABA)-based therapy services under the Medicaid State Plan in order to ensure continued, long-lasting access to ABA-based therapy services for Chisholm class members and other children under the age of 21 (*Louisiana Register*, Volume 41, Number 5).

Number 12). This proposed Rule is being promulgated to continue the provisions of the January 1, 2017 Emergency Rule.

Implementation of the provisions of this Rule may be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), if it is determined that submission to CMS for review and approval is required.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed Rule on the family has been considered. It is anticipated that this proposed Rule will have no impact on family functioning, stability or autonomy as described in R.S. 49:972.

In compliance with Act 854 of the 2012 Regular Session of the Louisiana Legislature, the poverty impact of this proposed Rule has been considered. It is anticipated that this proposed Rule will have no impact on child, individual, or family poverty

in relation to individual or community asset development as described in R.S. 49:973.

In compliance with House Concurrent Resolution (HCR) 170 of the 2014 Regular Session of the Louisiana Legislature, the provider impact of this proposed Rule has been considered. It is anticipated that this proposed Rule will have no impact on the staffing level requirements or qualifications required to provide the same level of service, but may increase direct or indirect cost to the provider to provide the same level of service due to the realignment with commercial rates which may reduce Medicaid payments for these services. The proposed Rule may also have a negative impact on the provider's ability to provide the same level of service as described in HCR 170 if the reduction in payments adversely impacts the provider's financial standing.
