**Department of Health  
Bureau of Health Services Financing**

**Professional Services Program  
Physician Directed Treatment-in-Place Ambulance Services  
(LAC 50:IX.Chapter 13)**

The Department of Health, Bureau of Health Services Financing proposes to adopt LAC 50:IX.Chapter 13 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health, Bureau of Health Services Financing promulgated Emergency Rules which allowed reimbursement, to qualified ambulance providers, throughout the duration of the Coronavirus Disease 2019 (COVID-19) public health emergency for initiation and facilitation of physician directed treatment-in-place services via telehealth. The services are provided on site without transport, within established treatment protocols, and under the direct supervision of a qualified provider (*Louisiana Register*, Volume 46, Number 7 and Volume 47, Number 11). The U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) waived requirements in order to expand the types

of health care professionals eligible to bill for telehealth services provided from a distant site.

As a result of the CMS waiver, the department promulgated an Emergency Rule which adopted provisions in the Professional Services Program to continue to provide reimbursement for physician directed treatment-in-place ambulance services after the COVID-19 public health emergency ended on May 11, 2023 (*Louisiana Register*, Volume 49, Number 5). This proposed Rule is being promulgated in order to continue the provisions of the May 12, 2023 Emergency Rule.
