(LAC 50:II.20003)**

The Department of Health, Bureau of Health Services Financing proposes to amend LAC 50:II.20003 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health, Bureau of Health Services Financing proposes to amend the provisions governing reimbursement for nursing facilities in order to establish guidelines for submitting amended cost reports and to ensure that costs in the rate and floor component are classified appropriately.

**Title 50**

**PUBLIC HEALTH—MEDICAL ASSISTANCE  
Part II. Nursing Facilities  
Subpart 5. Reimbursement**

**Chapter 200. Reimbursement Methodology**

**§20003. Cost Reports [Formerly LAC 50:VII.1303]**

A. - A.3. ...

B. Cost reports must be prepared in accordance with the cost reporting instructions adopted by the Medicare Program using the definition of allowable and non-allowable cost contained in the CMS Publication 15-1, Provider Reimbursement Manuals, with the following exceptions.

1. - 2. ...

3. Amended Cost Reports. The department will accept amended cost reports in electronic format for a period of 12 months following the end of the cost reporting period. Cost reports may not be amended after an audit or desk review has been initiated; however, the department maintains the right, at their discretion, to supersede this requirement and allow a cost report to be amended after the desk review or audit has been initiated. When an amended cost report is received by the department, it will notify the submitting facility if a desk review or audit covering the submitted cost report period has been initiated and that the amended cost report cannot be accepted. Amended cost reports should include a letter explaining the reason for the amendment, an amended certification statement with original signature, and the electronic format completed amended cost reports. Each amended cost report submitted should be clearly marked with "Amended" in the file name.

4. Rate Warning. While the Medicare regulations may allow more than one option for classifying costs, Medicaid will only recognize costs in a rate and floor component based on the case mix cross-walk shown on the case mix cross-walk tab of the Medicaid Excel cost report template. If a facility chooses to classify cost on their Medicare cost report in a manner that excludes that cost from their direct care or care-related rate component and floor, then the cost will forever be excluded from the direct care and care-related rate and floor, unless adjusted at audit or desk review.
