SUMMARY

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. The following summary statements, based on the attached worksheets, will be published in the Louisiana Register with the proposed agency rule.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (SUMMARY)

*It is anticipated that implementation of this proposed rule will have no programmatic fiscal impact to the state other than the cost of promulgation for FY 18-19. It is anticipated that \$972 will be expended in FY 18-19 for the state's administrative expense for promulgation of this proposed rule and the final rule.*

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

*It is anticipated that the implementation of this proposed rule will not affect the Department's revenue collections, but will increase revenue collections by the Louisiana State Board of Nursing and the Louisiana State Board of Practical Nurse Examiners by an indeterminable amount due to the collection of licensing fees for individuals that opt to practice nursing under the multi-state licensing compact.*

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

*This proposed rule, in compliance with Act 577 of the 2018 Regular Session of the Louisiana Legislature, adopts provisions governing the Nurse Licensure Compact, a multi-state compact for nurses to obtain multi-state license privileges, in order to decrease redundancies in the consideration and issuance of nursing licenses and to provide an opportunity for interstate practice by nurses who meet the Department of Health's uniform licensure requirements. This proposed rule may result in economic costs to providers for additional background checks required by the Louisiana State Board of Nursing (LSBN) and the Louisiana State Board of Practical Nurse Examiners (LSBPNE) for nurses that seek to practice under a multi-state license issued by a state with less rigorous background check standards than Louisiana, but will be beneficial by providing clear Nurse Licensure Compact participation requirements. It is anticipated that implementation of this proposed rule may result in indeterminable costs to providers of nursing services in FY 18-19, FY 19-20 and FY 20-21, since there is no way to determine the number of nurses that will elect to participate, and any revenue generated from additional background checks is speculative and will be used to defray any expenses incurred by the LSBN or the LSBPNE while performing these checks.*

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

*This rule has no known effect on competition and employment.*
